

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1494

Qi Yan watched the two of them leave and couldn't calm down for a long time. She retracted her gaze and looked at the mother and daughter. Their faces were each paler than the other. She found some balance in her heart and relaxed her brows, then said, "Let's go back."

Jiang Xianrou had yet to recover from the shock of meeting Qiao Nian in Country M's Pharmacy Association. She nodded haphazardly, her heart in a mess.

Tang Wanru seemed to have thought of something. She grabbed the strap of her bag tightly, her eyes filled with ruthlessness!

"Your godmother is right. Let's go back."

!!

"Yeah, sure."

The three of them were in high spirits when they came to the Pharmacy Association, but they left in a sorry state.

...

Two hours later.

Qiao Nian received the medicine that Su Huaiyuan urgently needed and returned to the hotel.

She contacted Xu Jishen first and told him that she had obtained the CD-3 targeted drug from the Pharmacy Association.

If nothing unexpected happened tomorrow, she would land at the Beijing International Airport at night. Then, she would immediately rush to Rao City.

After making this call, Qiao Nian put the medicine Zhong Yiliu had given her into her shoulder bag, zipped it up, and picked up her phone to check the messages.

Ye Wangchuan still hadn't replied to her.

She was in no hurry. After booking a flight back, she put her phone on the table to charge and went to shower.

...

On the other side, in Rao City hospital.

Mother Su had been taking care of Su Huaiyuan for the past few days.

Xu Jishen would occasionally come over to replace her, lest she tired herself out and fall ill.

As soon as the news of Su Huaiyuan's illness spread, many people who were on good terms with the Su family came to visit them. Xu Jishen was exhausted and had to deal with these people. He had not rested well for the past few days, and his handsome face was visibly tired. His dark circles were thick and heavy.

Fortunately, Qiao Nian's call gave him a shot of adrenaline.

Xu Jishen couldn't hide his joy. He walked back briskly, ready to tell Mother Su the good news.

He had just reached the door of the ward when he bumped into Jiang Yao, who had rushed over from Beijing.

Jiang Yao was travel-worn. He immediately called out upon seeing him, "Young Master Xu."

Xu Jishen stopped in his tracks and finally noticed him. "Why are you here?"

"I heard about Old Master Su." Jiang Yao quickly walked up to him and patted his shoulder comfortingly. He asked with a serious expression, "Are you alright? Old Master Su is... old, after all. Don't think too much."

Ever since Xu Jishen found out that Qiao Nian had received the CD-3 targeted drug, he had been in an extremely good mood. He smiled in high spirits upon hearing Jiang Yao's comforting words. "I'm fine. Don't worry, I'm fine now. I can't be any better!"

He had thought that his grandfather could only accept his fate this time. He hadn't expected Qiao Nian to have a way to get her hands on the medicine. Everything had taken a turn for the better...

"You..." Jiang Yao didn't expect him to be so 'concerned'. Old Master Su was lying in the intensive care unit, but Xu Jishen was still fine.

He was momentarily at a loss. He was stunned for a moment before he composed himself. Then, he pursed his lips and said seriously, "Young Master Xu, feel free to let me know if you need any help. We're friends, and your grandfather is my elder. Old Master Su is currently staying in the hospital, so I want to do my best."

He thought for a moment and thought of Jiang Xianrou. Then, he looked at Xu Jishen and frowned. "My sister went to the Pharmacy Association. She's now a member. If you need anything, I can ask her to ask if there's any medicine that Old Master Su can use."
