

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 219

In Jiang Li's villa, Gu San was still whispering gossip in the ear of a man who had just woken up.

"Master Wang, you really destroyed the Tang family's reputation this time. I initially thought they would disappear for a few days. Who knew they would actually attend that Qiao something's birthday party?"

"I really don't understand the Tang family's Old Lady. She seems so old, yet she's so strong. She just got out of the hospital, but now she's going to attend a party. Isn't she tired?"

"By the way, Master Wang, Mayor Yuan asked you what you're going to do with Liang Heng. They have already investigated him. That kid is good at currying favor. Over the years, he intervened in Zhao Jingwei's case just because he wanted to rise the ranks by pleasing the Tang family."

"Who knew he would clash with Miss Qiao?" The key was that he clashed with a big Buddha, Master Wang, who would protect his family in the short term.

They wanted to use public opinion to suppress Miss Qiao, but this was like plucking the hair of the tiger, Master Wang. It would be strange if they weren't dealt with properly.

Look at how Master Wang let his daughter-in-law stay in his villa just because he wanted her.

How long had she been staying with Young Master Jiang?

Now, even the Young Master was staying here... It seemed like they had formed a "family of three" with Miss Qiao.

In the end, Young Master Jiang was still the most pitiful one.

He kept whispering in Ye Wangchuan's ear. The long-legged man played with his phone as if he wasn't listening.

His dark eyes were extremely focused.

His fingers tapped the screen, and he constantly replied to messages.

He seemed to be chatting with someone.

"Morning." At this moment, Jiang Li came downstairs with two huge dark circles under his eyes. He yawned, opened the fridge, and took out a cup of water. After drinking it, his dizzy mind was a little more awake.

"Do you know when Qiao Nian's birthday is?"

As soon as Jiang Li put down the cup, he immediately became awake and asked him vigilantly, "Why are you asking this?"

Master Wang was too dodgy!

He said he would wait until Nian Nian started university before chasing her, but in the end, he used the child as an excuse to approach his sister.

He was a big liar!

Ye Wangchuan looked at him in amusement and raised his sharp eyebrows domineeringly. "The Qiao Family is celebrating Qiao Chen's birthday, and they invited many people."

“What does that have to do with Nian Nian’s birthday?” He asked in a daze. After some thought, he immediately looked at Ye Wangchuan and didn’t realize he was misinterpreting it. “Are you saying that Nian Nian will feel sad that the Qiao Family’s celebrating Qiao Chen’s birthday?”

Ye Wangchuan recalled the girl’s arrogant look. His thin red lips curled up as he replied faintly, “I didn’t say that. Qiao Nian doesn’t care about these things. I just think that since others can have something like that, she should have that too.”

For example, a birthday surrounded by friends and family.

For example, a birthday gift she always dreamed of.

Most importantly, there weren’t people like Qiao Chen who wanted to step on her.

Jiang Li was swept away by the thought. “Wait. I will ask Uncle. They must know when Nian Nian’s birthday is.”

Soon, Qiao Nian, who was still in school, was bombarded by news from her family.

Jiang Li: [Nian Nian, has school ended? Do you want me to pick you later?]

Jiang Zongjin: [Nian Nian, I’m back. Is there anything you want to eat? Your dad will bring it for you (excited emoji)]

Qiao Nian looked at the emoji, and the corners of her mouth twitched fiercely.
