

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 231

What was Qiao Nian doing here?

He Yujuan and the rest looked over as well.

Qiao Nian's outfit was simple compared to how flamboyant the Qiao Family was. She was just wearing a shirt with jeans, but she was really attractive.

Hence, even though her outfit was simple, it looked good on her and made her stand out.

The jeans showed off her long and slender legs. As she stood there, she looked way better despite how extravagantly Qiao Chen was dressed today!

Qiao Chen saw the pretty face a distance away and her heart skipped a beat. She clenched her fists uncontrollably.

Qiao Nian really came!

She brought friends along, too.

She glanced at the people around her.

Who else could it be but her classmates from Class A?

As Qiao Nian told her classmates that it was just a meal, they didn't dress up and just wore their usual clothes.

Qiao Chen then looked at her friends.

Xu Xu and Cai Yan were wearing brands that were more expensive than what Shen Qingqing was wearing. She felt better.

She was no longer embarrassed by Xu Xu.

He Yujuan didn't feel that way. She never liked Qiao Nian and thought that she brought bad luck to the family.

When she noticed Qiao Nian, her face turned black and she hurried towards her.

"What are you doing here!"

Qiao Nian noticed the Qiao Family's car driving to the Waterside Loft, but she didn't care much about it and just chatted with Liang Bowen.

Suddenly, she realized someone was screaming at her.

She looked up nonchalantly and saw He Yujuan approaching her with the rest of the Qiao Family.

It was as though... they wanted to pick a fight!

She raised her brow and slid one hand into her pocket. Not caring too much about them, she snapped fiercely back at her. "Why? Are only dogs and the Qiao Family allowed here?"

Damn!

Liang Bowen and the others got nervous for Qiao Nian as they saw such a big group of people approaching them. They were getting ready to fight for their Sister Nian.

However, Sister Nian seemed... less forgiving today.

Even though her replies were sharp normally, she didn't like to speak much. It felt as though Qiao Nian never cared that much about Qiao Chen and the Qiao family.

No matter what Qiao Chen did, she didn't care about it.

What did Qiao Chen do, anyway?

It felt as though Sister Nian was really angry this time?

"What... did you say?" He Yujian didn't expect her to speak to her that way, and she didn't know how to react. Hence, she blurted out a dumb question in response.

Normally, Qiao Nian wouldn't bother to reply to her, but she repeated herself patiently this time. "I asked, are only dogs and the Qiao Family allowed here?"

What a response!

It was radical!

He Yujian's face turned pale with anger.

“Wow, such a girl. Qiao Nian, do you have any manners?”

Qiao Nian scoffed. She looked at her with wild eyes as she answered, “I don’t think so.

“I was brought up in a horrible place, after all.”

He Yujuan was speechless.

Shen Qiongzhi was speechless.

Qiao Chen was speechless.

What did she mean by that?

Even though Qiao Weimin was also offended by what she said, he felt they shouldn’t make Qiao Nian angry. He tried to pull them away and said, “Let it slide, Mom. She didn’t mean it.”
