

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 250

Qiao Nian didn't know that Master Nie was here and even went to the wrong booth.

She informed someone and went to the washroom after she was bored of the booth.

Waterside Loft's washroom was built like a garden as well. It was furnished in pastel shade wood and had a classy look.

There was a brown statue next to the sinks and a porcelain bowl with some goldfish swimming in it...

Qiao Nian turned on the tap and water poured out from it.

Before she started to wash her hands, she heard heavy footsteps behind her.

Judging from the sounds, the person was angry.

She didn't care about it.

But the person was looking for her.

Qiao Chen's pale face turned angry when she saw Qiao Nian. She rushed towards her and stood in front of her, asking, "Qiao Nian, did you do it on purpose?"

She was about to go crazy!

“You knew it was my birthday today and chose to eat at the Waterside Loft on purpose. You invited so many guests on purpose so that you could humiliate me...”

Not just that.

She never expected Qiao Nian to ask someone to pretend to get the wrong booth and humiliate her even more!

At a loss on how to explain it to her guests, Qiao Chen suddenly ran off to the toilet. She just felt angry and wronged.

She screamed. “Qiao Nian, do you have a point in doing it?”

“Whose attention are you trying to catch? My parents, or Brother Fu? Don’t even think about it! Let me be frank, no matter what you do today, you will never change who I am in their hearts. You’re just trash that they didn’t want. Unwanted trash...”

Before she could finish her sentence, someone slapped her. The sound echoed in the washroom.

Qiao Chen held her cheek.

Qiao Nian kept her hand, looked at her coldly, and asked nonchalantly, “Have you woken up already?”

Qiao Chen’s face was numb from the pain. However, the pain angered her more as she lifted her hand and wanted to hit back.

However, Qiao Nian held her hand and flung it away!

Qiao Chen was wearing a pair of high heels today, which made her unstable as she stood on the smooth ceramic floor. Qiao Nian threw off her balance and she almost fell.

Qiao Chen's eyes widened in anger as she held onto her face. She screamed. "I'm telling my parents!

"I'm telling Brother Fu as well. I'm telling them everything that you did!"

Qiao Nian finally saw how vicious she really was underneath the kind persona she put on for everyone. She crossed her arms as she backed off a distance, looked down on her, and said, "That's fine."

Did Qiao Chen really think she cared about what the Qiao Family and Fu Ge felt about her?

Qiao Chen felt that she didn't care about it as well. She gritted her teeth in anger. She hated how she couldn't get a reaction from Qiao Nian.

She had bullied her for 18 years. But after leaving their house for a few months, she became someone superior to her.

There was nothing she could do about it.

Even though Qiao Nian hated her, she pouted and suddenly asked, "How do you know Aunt Yuan, anyway?"
