

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 426

When Qiao Nian invited them for lunch previously, Shen Jingyan also didn't want to go. Now that Qiao Nian had failed the examination for Qing University, Shen Jingyan was even more unwilling to waste time on her.

Wei Ling didn't reply. She put her cell phone away and glanced at Qiao Chen, intending to scold her. "Chen Chen, you should learn to be more far-sighted. Don't be like your mom, only looking at things in front of you. If you do that, you will have very limited room for growth! Now that you're in Beijing, everything is different from before. If you're still so petty, even if your uncle and I have the heart to support you, you won't be successful."

Qiao Chen was initially full of joy. But after hearing her words, her face turned white. She clenched her hands and lowered her head in humiliation, not daring to look into her eyes. "I understand, Aunt Wei Ling."

"Okay." Wei Ling only reminded her and did not have the intention of humiliating her. It didn't matter if she listened to her teachings or not.

She tidied up her clothes and said, "Come on, we should head back in. We shouldn't let your uncle and Professor Cheng wait too long."

"Okay."

When Qiao Chen thought of Qiao Nian failing to get into Qing University and that she was about to return to Rao City, her mood improved and her face started to glow. She took a deep breath, straightened, and let go of Wei Ling's hand. She followed behind her and walked into the private room.

...

It was 10:00 PM when a new message was suddenly updated on the portal.

All of a sudden, it became a trending and widely searched topic.

Zhui Guang, who had never appeared in public before, had participated in the recording of a television program. Unlike other guests, Zhui Guang wasn't there physically and had made a video recording instead.

According to the audience who participated in the recording at the site, the video had been technically edited to cover Zhui Guang's face. But from Zhui Guang's voice and facial contours, it could be deduced that Zhui Guang was a girl!

Zhui Guang wasn't only a girl acting as a boy, but from her voice, it seemed as though she was very young. She seemed to be younger than 20 years old!

As soon as the news came out, public opinion started to spread like wildfire across the Internet.

It was against the rules to bring recording devices like cell phones into the recording site, but some people always disobeyed the rules. In order to take pictures of their crushes, a few girls would normally team up and hide a cell phone, which would then be used to record the video.

Their seat was in a remote position, with a lot of heads in front of them, blocking their view. They were also not very good at taking videos. It was probably due to the tension, but in the process of the recording, the lens kept shaking and aimed at different places from time to time.

Even so, sharp-eyed netizens were able to deduce the general content that Zhui Guang had given to the program from the poorly taken video.

It was a daily selfie vlog introducing traditional music.

Traditional music had long been associated with being old-fashioned and boring in the eyes of young people, and few people paid attention to news on traditional music.

But when this video was posted, it became the hottest search item on the Internet.

Several hot searches occupied the hot search list. Among the top 10 hottest searches, three of them were related to the sneakily taken video.

In addition to putting traditional music in the spotlight, Zhui Guang was also widely searched by girls and continued to occupy a spot on the hot search list. A note at the end of the search even showed that the discussion about Zhui Guang was not inferior to any other star!

When the discussion box was opened, it was filled with comments expressing shock.
