

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 469

At the capital's airport, Liang Bowen didn't expect to be on the plane again after just getting off it.

He followed Qiao Nian to the terminal to get their plane tickets and also completed the transfer procedures for the luggage.

After that, they would go to the ticketing counter to check their tickets.

Liang Bowen took his plane ticket and was about to line up at the security checkpoint at the economy class when he suddenly looked down at the plane ticket in his hand and was stunned.

"Uh..."

He looked at the place where the economy class should have been written on the plane ticket and was momentarily stunned. He looked up and asked Qiao Nian, "Sister Nian, we bought a first-class ticket. Why do I remember that we bought an economy class ticket? Is this plane ticket printed wrongly?"

He remembered that there were no plane tickets in the first class at that time. Qiao Nian had bought an economy class seat.

But the plane tickets were clearly printed on them. They had received first-class tickets!

After his reminder, Qiao Nian saw the difference in the tickets. Her eyes moved slightly, but she wasn't as surprised as Liang Bowen. She roughly guessed what was going on and took out her phone to send a message to a certain someone.

[QN: You changed my flight ticket?]

A few seconds after sending the message, her phone vibrated.

Qiao Nian lowered her eyes. He had already replied with a simple message.

[Ye Wangchuan: I got Gu San to check your plane tickets and changed them to first class. It takes three hours to get from Beijing to Rao City. You didn't sleep well last night, you can sleep on the plane.]

Qiao Nian pursed her lips. Her heart felt hot and a little dry. It was an indescribable feeling.

She didn't reply. Instead, she put away her phone and said to Liang Bowen, "Someone upgraded our economy class tickets."

"Was it Mr. Ye?"

He immediately understood. It must be Sister Nian's boyfriend.

Only Ye Wangchuan had the ability to switch their plane tickets from the economy class to first class without buying any plane tickets.

Liang Bowen was now in first class without doing anything. His impression of Ye Wangchuan had now reached a new height.

The big shots were indeed compatible!

He totally agreed with Sister Nian's marriage!

Qiao Nian didn't know what he was thinking. If she knew, she might just abandon him in Beijing and let him fend for himself.

Although Qiao Nian didn't know what he was thinking, his tone was too gossipy. She didn't answer him and went to the first class to settle the boarding procedures.

Similarly, the first class cabin was much more convenient and fast than the economy class. As there was no one waiting in line, Qiao Nian and the others passed the security check in a short while. There was still half an hour before the plane took off.

She and Liang Bowen didn't wait for the plane in the waiting room. Instead, they went straight to the boarding gate. Many people were already at the boarding gate. There were many people and it was noisy. Qiao Nian pulled up her cap and found a quiet place to sit down. Then, she took out her phone and sent a message to Aunt Chen.

Some time passed.

She thought Aunt Chen would reply soon.

Unexpectedly, Aunt Chen still didn't respond when the airport's broadcast started.

Qiao Nian frowned. She didn't know what was going on in Rao City, so she could only get on the plane with Liang Bowen.

At Rao City's police station, Qiao Weimin had just parked his car when he saw Aunt Chen standing at the entrance of the police station looking at her phone.

He walked closer and asked, "What's wrong?"

Aunt Chen quickly put her phone away with a complicated expression. She shook her head. "No, it's nothing."

Qiao Weimin didn't think much of it. He patted her shoulder and comforted her silently. "Let's go in."

Aunt Chen looked at the entrance of the police station and took a deep breath. She put her phone back into her pocket and made herself not think about it. Then, she followed Qiao Weimin into the police station.

She really didn't have the face to tell Qiao Nian that she had found Chen Yuan at the police station. She could only figure out what had happened first!
