

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 500

If it were anyone else, Wei Ling might have already lost her temper. However, the other party was too calm. Her calmness made her heart skip a beat as if she had something in her hand that could destroy Wei Qi.

An uneasy feeling welled up in her heart. When she realized that she was being led around by the nose by a female high school student, she composed herself and became a little angry. She sneered. "What if I don't consider it? Wei Qi will never apologize to that Chen Yuan or whatever he's called! Not to mention that he didn't do anything. And so what if he did?"

"People are born differently. You grew up in the Qiao family. I don't think I need to teach you this."

There was a sense of superiority in her eyes. Talking about Chen Yuan was like talking about trash on the ground. It wasn't worth mentioning.

"Even if Chen Yuan takes the college entrance examination and graduates from university, he could still see the end of his life. It's impossible for him to cause much of a stir. Wei Qi is different. The same stain will have a greater impact on him, and his ruined life would be different.

"It's all about life. What's the difference?"

Qiao Nian narrowed her eyes. She could tell that she might know what Wei Qi had done to Chen Yuan. Her eyes immediately turned cold. She pursed her lips and said calmly, "I think everyone is the same. They have two eyes, a nose, and a mouth. They also have parents, family, and their own dreams... Of course, Wei Qi might not have this one thing."

She knew that Chen Yuan had a dream. His dream was to get into university and become successful. He wouldn't let Aunt Chen go out to set up stalls every day to earn money. In addition, after he became successful, he would be able to get to know more people and help Uncle Chen find better doctors. He dreamed of Uncle Chen standing up again and having a better life...

These dreams might not be worth mentioning in Wei Ling's eyes, but in her eyes, Chen Yuan's dreams were more important than the dirt on Wei Qi's life.

"Aunt Wei, there's no need to force a conversation if our views are different."

She leaned back in her chair and relaxed her body. There was some fatigue on her face and a trace of bipolarity between her eyebrows. Her attitude was very firm. "I'll repeat. Wei Qi will apologize to Chen Yuan and revoke Chen Yuan's punishment. I'm willing to give you and Uncle Shen some face and call it even. After all, I also hit him. We're half and half. If you're unwilling, we'll go through the legal procedures.

"I believe that in front of the law, everyone is equal."

Wei Ling walked out of the interrogation room with an ugly expression.

She clutched the strap of her bag and couldn't come back to her senses for a long time.

Initially, she had wanted to take Qiao Nian down a notch and let her explain the matter herself. She didn't expect the other party to be a tough nut to crack. Instead of criticizing her, she instead told her to believe in "everyone is equal in front of the law"?

Haha, Wei Ling was about to explode from anger.

However, for some reason, she felt uneasy. She felt that Qiao Nian was too fearless. Even with the Jiang family backing her up, did she really think that there was no one better than her?

The Jiang family was one of the top families in Rao City, but not in Beijing. Only Old Master Jiang was worth being wary of, but this time, he couldn't save her.

"How is it? Did she admit it?" Wei Dongshan asked when he saw her walking out in a daze.

Wei Ling took a deep breath and felt that she was overthinking. Who could Qiao Nian know? The reason why she was so arrogant and domineering was that she was ignorant and did not know what was good for her.

"No, she's very arrogant. She wants Wei Qi to apologize to her classmate." When she said this, her lips curled into a mocking smile.
