

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 504

Not denying it, she then explained briefly, "I asked someone to help me look into an interesting thing that I found."

This was as good as admitting that she had something against Wei Qi in her possession.

Ye Wangchuan's eyes were very deep, and it was hard to decipher what he could be thinking about. His deep eyes were dark and beautiful.

"Can you send it to me so I can take a look?"

Qiao Nian didn't think that it was such a big deal and agreed without much consideration. "Okay, I'll send it to you later."

Ye Wangchuan briefly acknowledged and changed his posture. "I'll arrive in Rao City at one o'clock in the morning. Do you want me to send someone to pick you up first?"

He wanted to pick her up in person. However, the plane would arrive in Rao City very late. The nights in Rao City were very cold, and he didn't want Qiao Nian to suffer in the police station.

The way he did things was always very direct. In recent years, as he matured, his temperament had mellowed a little and he had restrained his temper. However, his sense of oppression still remained.

If he were to pick her up personally, even if Wei Ling was given ten times the courage, she wouldn't dare to hold Qiao Nian back from leaving.

However, Qiao Nian said, "You don't have to rush back on my account. I have already found someone else to pick me up. He's already on his way here."

"As far as I know, Chairman Yuan is overseas on a business trip." It wasn't that Ye Wangchuan doubted her, but he was mainly worried that she chose to not tell him about her problems.

Qiao Nian was very stubborn sometimes. After interacting with her for such a long time, he knew that she was unwilling to trouble people unnecessarily. She was used to solving everything by herself. Even if she got hurt in the process, she wouldn't want to bother other people.

Ye Wangchuan's thin lips closed into a thin line. He couldn't decide if Qiao Nian's character was considered good or bad. Everyone had their own personality. He respected her strengths and weaknesses. He was hoping that she could lower her guard and put her trust in him a little bit more.

Qiao Nian didn't expect him to be aware of Yuan Yongqin's itinerary. Her eyebrows raised up in surprise, but she was not angry. She also didn't realize that Ye Wangchuan's behavior was actually an invasion of her privacy. She spoke calmly. "I didn't look for Aunt Yuan. I called Old Master Su.

"If there are no problems, he should be here in an hour."

Standing by the side, acting as though he was part of the background, Gu San's lips twitched violently when he heard this.

When someone like Su Huaiyuan went to Beijing, even people from the top circles would treat him with great care and attention.

Why was Miss Qiao addressing him like he was her neighbor?

Ye Wangchuan didn't expect her to ask Su Huaiyuan to pick her up. Furthermore, he didn't expect him to agree to a high school student's request.

Although he didn't know the relationship between the two of them, he was completely relieved to hear that Su Huaiyuan was picking her up. He spoke briefly to Qiao Nian before hanging up the call.

...

In the car.

Gu San was waiting for him to end the call.

After holding in his words for such a long time, he was finally able to air his thoughts. He patted his chest and said in a panic, "Master Wang, what's the relationship between Miss Qiao and Old Master Su? Old Master Su is even willing to pick her up. The weather is very cold. If two people have an ordinary relationship, they may not be willing to go out in this weather."

However, the main point was that the person picking her up was Su Huaiyuan!

He was a very influential and powerful man. Unlike Master Nie, he held onto real authority. Many people wanted to get to know this man, and many others were also interested in talking to him.

Miss Qiao...
