

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 507

They could only see if Old Master Jiang could think of a way to communicate privately with the Wei family. Would they let this matter go lightly on account of the two families?

Of course, they would definitely compensate when they needed to. They would also apologize when they needed to. As long as Wei Ying could let them off easily, any conditions could be negotiated!

He was just afraid that the Wei family wouldn't give him face!

Old Master Jiang didn't look well. If not for the fact that his body had become much stronger than before, he would have collapsed from anxiety tonight. At this moment, he was relying on his mental strength to support himself. When he heard this, he said with an ugly expression, "No. I didn't see anyone."

"You went out at nine. How could you..." Jiang Zongnan was halfway through his sentence when he saw his tired expression and swallowed his words. Anxious and angry, he said furiously, "What does the Wei family mean? Nian Nian hit someone, but I know her personality. She's not the kind of person who would cause trouble for nothing. There must be a reason why she hit Wei Qi. He might not be innocent. You went personally to apologize, but they didn't even want to meet you. What's the meaning of this attitude?"

Old Master Jiang waved his hand, indicating that he should stop talking. He said unhappily, "No matter why she made a move, the Wei family only focuses on one thing—she hit someone! We have nothing to say. Moreover, Wei Qi is still lying in the hospital bed. There are both witnesses and material evidence. The Wei family has the confidence to pursue the matter, but we're still standing our ground."

Jiang Zongnan held his breath and felt a little helpless. His hands hung weakly by his sides as he looked at him. "Then, what should we do? We can't just watch as Nian Nian is locked up in the police station..."

"Brother is still holding a seminar overseas and doesn't know about this. If he finds out, this matter will probably blow up even more."

He was referring to Qiao Nian's father.

Jiang Zongjin had never given up on searching for his daughter all these years. When he finally found Qiao Nian, he couldn't wait to give her the best things in the world.

If he knew about this, he would probably go all out to protect her.

Jiang Zongnan was his biological brother and had grown up together with him. Although he didn't treat Qiao Nian as his biological daughter, he at least treated her as his biological niece. He took care of her from the bottom of his heart. Frowning, he said in discomfort, "... Before Big Brother comes back, we can't just watch as his daughter is locked up."

"One more thing."

Jiang Zongnan didn't know if he should say it or not, but with the situation being like this, he had to say it. He said in a deep voice to Old Master Jiang, "I just heard from Jiang Li that Nian Nian's student status has been revoked by Wei Dongshan."

"What?" Old Master Jiang's reaction was huge. His expression changed immediately. "What happened?"

Jiang Zongnan said in a low voice, "I heard that the police station is delaying the case, and Wei Dongshan has found a way to cancel Nian Nian's school records..."

Old Master Jiang's eyebrows twitched violently as he said anxiously, "If she's disqualified, she won't be able to take the college entrance examination. She won't be able to apply for university..."

Wasn't it a joke that Qiao Nian had been expelled with her perfect grades?!

Tang Wanru was wearing a buttoned velvet dress today. The weather was getting colder, so she had a shawl over her shoulders, making her look elegant. When she heard this, her eyes flashed with disdain.

Qiao Nian's grades weren't good enough to get into university. Was there a difference if she was disqualified?
