

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 534

At this point, his hands were in his pockets, and the 1.80-meter tall guy was looking down at everyone at the table.

His gaze was rather intimidating.

“Sister Nian scored full marks, 650 points. She’s the top scorer of Qing University’s examinations this year.”

“... Qiao Nian topped the examinations?”

How could that be?

How could there be a 650-pointer for the Qing University examinations? She had done the questions, they were much harder than the practice questions outside. She did her best and only scored 500 points. As such, when she learned that Qiao Chen scored 588, she was full of admiration.

But now she learned that Qiao Nian had scored full marks!

Wu Jie felt as if she had been slapped twice. It grew quiet around her, and she saw the girl standing in front of her almost expressionlessly. Around that girl was the group of Class A students.

Liang Bowen, Shen Qingqing, Jiang Tingting, and the rest looked at her as if she was a traitor. Their gazes were so cold and distant.

Some of them didn’t even bother to conceal their disgust.

Their adverse reactions felt like a stab to her heart. She couldn’t say a word as everything now felt unreal.

Qiao Nian was first?

She was so sure that Qiao Nian didn’t make it, that was why she bootlicked Qiao Chen. Now, she had offended her entire class and had to tell Qiao Chen that she had gotten it wrong. Qiao Chen, whom she had praised sky-high over her score of 588, was actually such a joke to them.

She wasn’t even worthy of such praise.

The other party had scored full marks, and here they were talking about how she couldn’t qualify for Qing University.

Wu Jie refused to believe it. She denied it as she grabbed her cup so tightly that the cup shook. “Impossible. How could she possibly be first, what would that make Chen Chen?”

She just remarked without thinking too much, but these words offended Qiao Chen. Her face went red.

What was wrong with Wu Jie, why was she dragging her into the picture?

Liang Bowen glanced at the person who went red and burst into laughter. "How do I know what that would make her? She wasn't anything much to begin with, it's you who thinks she's impressive. None of us ever thought anything of her."

He couldn't be bothered to go on with Wu Jie, and he knew that Qiao Nian only spoke up because she couldn't tolerate the awful things that Wu Jie and the group continued to spew. Now that Qiao Nian had made things clear, he didn't see a need to look at Wu Jie and the rest anymore. He said to the girl beside him, "Sister Nian, let's go. We'll find another place to dine at."

"After all, people don't eat with dogs!"

The Class B students were surely upset at him calling them dogs, but none of them spoke up.

What could they do, they brought it upon themselves.

They simply had to accept it.

Moreover, Qiao Nian scored 650 marks, this was... way too high for any student. Nobody had ever thought about achieving such a score. Hence, at this point, they were truly speechless.

Since their opponent was so weak, Liang Bowen saw no fun in saying anything more to them. He turned to say to Qiao Nian, "There's a grill restaurant nearby, we can have some grilled meat for lunch."

Qiao Nian was very easygoing. She simply nodded and agreed to the suggestion.

"Let's go, let's go." He hurriedly waved the Class A students out of the restaurant.

Everyone couldn't be bothered by a person like Wu Jie. They were already mentally excluding her from the class as they walked out.

The next moment, the huge group was out the door, leaving Qiao Chen and the rest at their table.

The atmosphere was very much different from before.

Qiao Chen had almost scratched the skin off her palms. She tried to act as if nothing had happened as she said, "Didn't Qiao Nian beat someone up? How is she alright?"
