

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 575

Shameless and unreasonable!

Shen Hui was furious. She stood up and spoke up for Qiao Nian. "Madam Liu, I'm their form teacher. I've never heard of Qiao Nian bullying anyone. The students in her class are not threatened, either. They're just telling the truth!"

"Haha." Liu Linuo folded her arms and looked at her coldly. "I didn't believe Wu Jie when she said your school would cover for her. I've finally seen it for myself!"

"Alright, you said she didn't bully her classmates. I'll believe it. Then, what about her breaking the school rules? It can't be that my daughter is slandering her."

"This..." Shen Hui had yet to ask Qiao Nian about the fight. She hesitated and did not answer immediately.

A mocking expression appeared on the middle-aged woman's face as she sneered and said, "Don't say you haven't investigated clearly! You can find out about this at the police station. Besides, she beat someone up. The patient must still be lying in the hospital. You can find out if you want to."

"I'll represent the Home Committee to ask you now. How is your school going to handle her violation of the school rules?"

Without waiting for Shen Hui and the others to speak, she continued, "According to the school rules, she must definitely be punished. Her offense is so serious, and us parents have the same intention. We want her to be expelled!"

The other members of the Home Committee who had come to the office also spoke up. In the end, it meant that they wanted the school to expel Qiao Nian.

Principal Yu was annoyed. When he looked at the young master's eyes that were gradually turning cold, he felt like he was being sandwiched between them. He ignored the parents and turned to ask Qiao Nian gently, "Qiao Nian, have you seen Wu Jie's post on the forum?"

Qiao Nian had her hands in her pockets and her eyes were dark. She admitted bluntly, "I have."

"Then, about the beating..."

Qiao Nian looked up at him and did not answer directly. Instead, she looked at the aggressive woman. Without any expression on her face, she said calmly, "You all asked to expel me if I broke the school rules. If your daughter broke the school rules, would you also get the school to expel her?"

"...What do you mean?" Liu Linna was shocked by the coldness in her eyes and did not answer immediately. After her heart palpitated, she slowly came back to her senses and frowned. She replied, "Of course..."

“Okay.” Qiao Nian nodded and looked at the girl standing in the corner. Her eyes were very calm as if she was looking at a stranger. She said calmly, “I don’t need the school to expel her, either. The college entrance examination is in three months. I’ll just give her the punishment she deserves.”

She spoke indifferently as if Wu Jie had already been punished.

The girl in the corner with thick glasses suddenly looked up. Her eyes were red as she clenched her fists tightly and said indignantly, “Qiao Nian, you don’t have to scare me. It’s a fact that you sent him to the hospital. I’m not framing you!”

“Tsk.” The girl who had been criticized looked sloppy. She pushed down the brim of her hat, and her exquisite face looked quite evil. She smiled faintly and did not continue to look at Wu Jie. Instead, she said calmly, “Whether you’re telling the truth or not, we’ll know when she comes.”

...

Shen Jingyan arrived faster than expected.

Qiao Chen followed him all the way to the principal’s office. The closer she got to the office, the more nervous she became. Her heart was beating rapidly and she kept feeling uneasy.
