

## MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 600

Wei Lou didn't expect Jiang Xianrou to be here, either. He gave her a sorry look and shrugged his shoulders, looking helpless.

Qiao Nian retracted her gaze and said slowly, "His identity is not a patient?"

What she said was right. Jiang Xianrou choked on her question.

"Ha." Qin Si found this girl more and more interesting. She was wild, arrogant, cold, and had a vicious mouth.

Young Master Wang really liked that type.

If not for the fact that there were many people around, he would have taken a photo immediately.

After saying that, Qiao Nian didn't want to waste any more time. She turned her head and placed the acupuncture needles on the bed. She casually said to the young man beside her, "I'm preparing to start. When are you planning to clear the area?"

"Clear the scene now."

Wei Lou knew that he had caused her a lot of trouble. He didn't delay and quickly urged everyone in the room to leave.

Wei Mingxuan was taking responsibility.

Wei Ying was speechless.

As the second branch, she did not say anything. Even if the other elders of the Wei family were angry at the eldest branch for causing trouble, they were not willing to stand out.

Although the second family was very active, and Wei Mingxuan was more capable than Wei Ying all these years, most of Old Master Wei's connections were in Wei Mingxuan's hands.

It was just that Wei Mingxuan was more concerned about his family and was soft-hearted. Therefore, after Wei Ying divorced, he brought the two children back to their parents' house and changed his surname to Wei. He then jumped up and down to fight for the inheritance.

These people were all smart. No one would provoke Wei Mingxuan at such a sensitive time.

The group went out and waited for two hours.

For two hours, Old Master Wei's door was tightly shut. There was no movement at all.

There was no movement inside, and the people outside could not leave either.

As Qin Si was quite interested in the person inside, he restrained his temper and waited calmly with his arms crossed.

Zhang Yang, who had come with him, was a little impatient. He turned back and saw that this person, who was usually the most impatient, was able to keep his cool today. He leaned over curiously and said, "It's been two hours and she's still not out. Young Master Qin, do you think Miss Jiang's cousin is capable?"

"It's hard to say." Qin Si glanced at Jiang Xianrou, who had been pacing back and forth with an ugly expression since two hours ago.

Looking at her messages and who she was calling, he shook his head with an unclear meaning. "From the looks of it, this cousin of hers has never studied medicine before."

Zhang Yang opened his mouth in surprise. "Then how come she still dares to chase everyone out and perform acupuncture on Old Master Wei alone?"

If someone died here, she would probably have to go to jail!

The kind where she would sit in prison for the rest of her life.

Qin Si was tired from standing. He changed his position and pouted, letting him look to the other side. He said softly, "But look at Wei Lou and Wei Mingxuan's attitudes. They don't seem to have randomly found someone."

Zhang Yang looked up at the two people he was talking to. Indeed, he was very calm.

"Then..."

"Don't ask me." Qin Si's shoulders drooped. He didn't feel responsible at all as he said irresponsibly, "I just don't know if the person inside is a mule or a horse, so I can't say for sure."

If Gu San was here, he would definitely not be able to help but pull his ear and shout, "She's not a mule or a horse. The one inside is a big boss! A hidden big boss!!"

Wei Ying and Liang Lu had been standing together for two hours and were already a little impatient. She lowered her eyebrows and kept looking at the time.
