

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 668

If not for Mr. Huang, the honorary president of the Medical Association, being around, Liang Lu would not have been able to do well internationally just because she was a member of the Medical Association.

Seeing that Nanjing University came to poach Qiao Nian, Principal Liang was a little nervous. He observed the girl's every move and did not dare to miss any expression. He asked softly, "Nanjing University called you? What did they say?"

"They didn't say much." Qiao Nian had woken up early in the morning. After waking up, she had personally made pig liver soup for a certain person. She was in a sleepy state and had not eaten breakfast. She thought that she could eat directly after finding Nie Mi, but she was blocked here and questioned. Hence, her mood was cold.

However, she did not do anything rude. Even if she was impatient, she still controlled her temper and did not show any signs of displeasure. "Just said that if I go to their school, they can give me a scholarship of 50,000 yuan every semester. They can also let me go overseas for an exchange."

She did not lack either of these.

She did not have such thoughts.

She had chosen to study in university to satisfy Old Master Jiang's wish. Also, she wanted to learn from a true Chinese medicine expert.

She had never lacked money.

50,000 yuan or 500,000 yuan did not make much difference to her.

However, Principal Liang was silent for a few seconds. He gritted his teeth and said, "Qiao Nian, how about this? If you stay in our school, we'll give you a 100,000 yuan scholarship per semester and an additional recommendation spot for the Medical Association. How about that?"

Before Qiao Nian could speak, Nie Mi's eyes lit up and he helped her answer. "This is not bad, Nian Nian."

Qing University offered a recommendation spot at the Medical Association every three years. It was very precious and could be said to be the dream of every doctor.

Qiao Nian did not have a big reaction. She did not seem to be too interested in this precious slot. She sighed and looked up at Principal Liang sincerely, saying in a low voice, "Principal Liang."

"Qiao Nian, tell me." As soon as she spoke, Principal Liang put on a listening attitude and said sincerely, "Other than these two conditions, you can ask for anything else. As long as I can satisfy you, I'll definitely do my best."

He touched the bridge of his nose and looked at Nie Mi first. Then, he turned to look at the girl in front of him and said frankly, "To be honest, this is the first time our Qing University has encountered a student with your results. In order to show my sincerity, I didn't get the teachers of the admissions students to look for you. I just thought that it would be difficult to negotiate with you with just them. It's more convenient for me to do it myself. So, if you have any requests, just ask me. I'll definitely satisfy them if I can!"

This treatment was unique in Qing University.

Qiao Nian looked at him with softened eyes. She shook her head and said, "I don't have any conditions. I never thought of changing schools, either. I've already rejected Nanjing University."

Her phone vibrated again. Qiao Nian stopped for a moment and still did not look at her phone. She turned it to silent mode and looked up to say to the two of them, "It's my choice to choose the university I want to study at. If nothing goes wrong, I won't change my mind. If I do, it's probably because I don't plan to go to university."

If someone else said this, they would probably find it ridiculous and arrogant.

However, it was very casual when it came from Qiao Nian.

She wasn't bragging. She was just telling the truth.

"..." So simple?

The principal was stunned.. He didn't expect it to be so easy, and he didn't react for a moment.
