

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 671

Qiao Chen scored 589 points on the test, but if Qiao Nian scored less than 400, there was no need to even compare their scores to see who was better.

Both of them applied to Qing University, but it wouldn't be a surprise if they had different outcomes.

"Hasn't she always been having these kinds of grades? It's no surprise that she didn't pass the Qing University entrance examination. In fact, it'd be strange if she passed." Shen Qiongzhi was full of disdain as if it was not worth mentioning.

Third Uncle and all the relatives of the Qiao Family remained silent. They all knew the relationship between her and Qiao Nian, and they didn't want to get involved in the mess.

They continued walking forward.

Shen Qiongzhi suddenly heard Wei Ling, who was walking in front with Cheng Wu, call out in surprise, "Master Nie?"

Everyone stopped in their tracks.

Shen Qiongzhi stopped with the crowd and instinctively looked forward. At a glance, she saw one of the protagonists they had just talked about just now.

Qiao Nian!

She frowned fiercely and cursed in a low voice. "She's seriously everywhere, ugh!"

"Keep it to yourself," Qiao Weimin pulled her arm and said disapprovingly. He also looked forward and felt a sense of anxiety in his heart.

He heard Wei Ling mention the name Master Nie more than once, and he knew that Chen Chen had always wanted to have Master Nie as her mentor, but had failed thus far. Instead, it was Nian Nian who managed to become Master Nie's disciple.

He saw that along with a spirited old man, Qiao Nian was also with another person.

The man was about 50 years old, had a square jaw, short hair, and was in a casual outfit. He was not tall, perhaps about 1.73 meters tall at most. He had on a pair of black-rimmed glasses, giving people a gentle feeling and kind feeling.

From so many years of experience in business, he could tell that this man was definitely not an ordinary person.

However, because he had not seen this person in Rao City, he had no idea who he was.

He was still guessing the man's identity when he saw Cheng Wu walk towards the trio in surprise. He greeted, "Master Nie, Principal Liang, what are you doing here?"

Wei Ling's pupils shook violently as she looked at the Principal of Qing University in shock.

That person was the Principal of Qing University?

She had never met him before.

After Cheng Wu greeted the two of them, he greeted the girl who was wearing a cap and who had her hands in her pockets. "Student Qiao Nian, it's been a while since we met."

"Mm, it's been a long time." Qiao Nian was polite but distant. She simply raised her eyes. A completely different attitude from what she displayed towards the Principal of Qing University.

Cheng Wu remembered what happened on the day of the interview. Knowing that Qiao Nian had a mediocre impression of him, he turned around with a smile and introduced them to the Qiao family. "President Wei, I don't need to introduce Master Nie to you, you're acquainted. This is the Principal of our Qing University, whose surname is Liang."

Qiao Chen looked at the girl standing there and felt her heart race. Her fists were clenched tight as her eyelashes trembled. She felt like she was finished.

The Principal of Qing University, Master Nie, and Qiao Nian were together...

Then, what she had been keeping from Wei Ling...

Frightened, she wanted to cover Cheng Wu's mouth, but she didn't dare to.

She could only watch as Cheng Wu pointed at Qiao Nian smilingly and introduced her to Wei Ling. "And this... this girl is the one I told you about. Our principal came here to fight for her personally. She's the top scorer of this year's Qing University entrance examinations."

Top scorer of the Qing University entrance examinations!

Wei Ling opened her mouth, her eyes fixed on the girl in front of her. She looked like she had seen a ghost!

She remembered that when she received Cheng Wu at the airport this morning, he had told her about dozens of colleges and universities coming to fight for a student. At the time, she hadn't taken it to heart.. She felt that it was just fluke and some luck that Rao City finally had a student with potential.
