

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 707

The corner of Zhou Wei's mouth pulled down, and a hint of jealousy flashed in her eyes as she said dismissively, "She's just a high school student! She's a boastful girl with no real ability, but she's pretty mad on her own."

Several Ninth Branch members who had never seen Qiao Nian were stunned. They didn't expect her to say such a thing.

Luo Qing couldn't hear her go on anymore and looked at her with a frown. "Leader Zhou, you don't have to say it like that."

He had no idea what was going on in Zhou Wei's mind.

That day when she talked meanly about Miss Qiao in Master Wang's ward, he had not flared up at her. He only told her to copy the Ninth Branch rules and regulations a hundred times over.

The Ninth Branch rules and regulations spanned two full pages. A hundred times that was 200 pages. Zhou Wei had been at it for a few days now.

In addition, a project that Zhou Wei was working on was also handed over to others by Master Wang. This was equivalent to his punishing her.

She had just been punished and had completed her task, and now she was back at it again.

Luo Qing didn't understand. Could she not tell that Master Wang treated Miss Qiao differently, that she was his precious!

Now that Miss Qiao was coming, Master Wang even called Young Master Bo and got him to receive her personally.

This was never before seen in the Ninth Branch!

He couldn't understand why Zhou Wei had to ram her head against the wall!

Bo Jingxing now gave her a warning glance as well. It was calm but meaningful.

Zhou Wei bit her lip in embarrassment, raised her chin, and continued looking arrogant. "I didn't say anything wrong! Didn't she say she could solve the programming issue in two days? Now what? It's been three days, where is it?"

"If she couldn't do it, why brag!"

Luo Qing couldn't speak for Qiao Nian on this matter. He only frowned and quickly said, "Gu San said that Miss Qiao is very busy these days. She's busy getting revision materials for her classmates. Maybe she's too busy and didn't make time for..."

“Haha.” Zhou Wei sneered, a look of disbelief evident on her face.

She really didn’t believe that Qiao Nian could solve the problem of the source code. What she couldn’t solve in three months, could not possibly be solved by a high school student.

Since Luo Qing insisted on speaking up for Qiao Nian, she couldn’t be bothered with him. Anyway, Qiao Nian’s plane would land very soon, and when she arrived, Zhou Wei would see how Luo Qing would be slapped in the face!

Seeing that the atmosphere was tense, the Ninth Branch members tried to ease the situation. Chen Zhu digressed and talked about some gossip he had heard recently.

“By the way, speaking of doctors, I remember one thing.

“Didn’t Old Master Wei fall ill some time ago? There was no improvement even after they looked for many doctors locally and abroad. The situation back then was very similar to that of Master Cheng now, and Liang Lu couldn’t do anything about it either. Everyone thought that Old Master Wei wouldn’t make it that day, but who knew that Young Master Wei appeared with a genius doctor. Then, Old Master Wei woke up without surgery, and it is said that the doctor only used acupuncture and moxibustion according to Traditional Chinese Medicine...”

“So effective? Which miracle doctor is that?” someone asked.

Luo Qing was also very interested and didn’t have any more time to quarrel with Zhou Wei. “Is there any news about this miracle doctor?”

“No.” Chen Zhu shook his head. “I haven’t heard of the doctor before. This person is said to be very mysterious, but there’s news about this doctor on the black market. It’s just that the black market has always kept their information tight, and it is difficult to find people without the help of the middleman. After that day, the Wei family didn’t spread much information about the miracle doctor, but I vaguely heard people say that the miracle doctor seems to have come from Rao City.”

Rao City again?

Zhou Wei was annoyed to hear about Rao City. But upon hearing this, a glint appeared in her eyes, and she revealed a thoughtful expression.

“If only I could find this miracle doctor...”
