

## MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 740

“Chen Chen explained to him in private about the misunderstanding of the song plagiarism. He knows that most of the song was written by Chen Chen. He very much approved of Chen Chen’s talent in composition.”

Wei Ling said tirelessly, “Mr. Steven’s status on the international scene is not lower than Master Nie’s. He’s also a master in the field of piano, so he’s more suitable for Chen Chen. Mr. Steven also said before that Chen Chen is very talented. If there’s a chance, he’ll recommend Chen Chen to the piano association. You know that the domestic piano association is only average, but the overseas ones have very high status. The connections they can make are completely different from those in the country. If Chen Chen can enter, she’ll be a fish that jumps over the dragon gate in the future. She’ll be completely different.”

Shen Jingyan finally cast his gaze on her. His expression was not as uncomfortable as before. Pausing for a moment and seeming to think of something, he asked worriedly, “I heard that Nian Nian chose the Traditional Chinese Medicine major. Have you asked around? Will Mr. Huang make a comeback?”

The most inconspicuous thing about Qing University was its Chinese Medicine major. It hadn’t changed for so many years.

It was a joke that the first place of Qing University chose the worst major in the school.

However, Shen Jingyan knew very well that there was still a master presiding over the Chinese Medicine major. If that person was willing to teach her, then the weight of the Chinese Medicine major would be different.

Wei Ling was quite disdainful. “Are you talking about Mr. Huang? Tsk, who is Mr. Huang? How can he come out of retirement so casually? That’s a famous master from an independent continent. He has a good reputation and is different from Master Nie who only plays music. He can’t take in disciples easily.”

The illegal district belonged to an independent continent. Even the top circles in Beijing had heard of these two places.

A place that everyone wanted to go but could not touch.

“That’s true.” Shen Jingyan thought about it and felt that it was as she said. His expression and shoulders relaxed as he leaned against the back of the sofa.

Only then did Wei Ling put her hand on his shoulder and pat him before continuing, “Therefore, if Mr. Huang doesn’t come out, the Chinese Medicine major will be of little value. It’s the same even if she goes to Qing University. She won’t amount to much in the future, and her future development won’t be better than Chen Chen’s. Since you’ve made your choice, don’t think too much about it. Let’s nurture Chen Chen well. She will step on her sooner or later. No one will remember that a student from Qing University once scored full marks. They will only remember Chen Chen’s name!”

“...” Shen Jingyan raised his eyes and silently picked up his phone. He took out the photo on the news again. On it was Qing University’s report card.

Qiao Nian’s name was high on the first row.

No. 1: Qiao Nian, total score of 650. 100 for Chinese, 100 for Mathematics, 100 for English, and 350 for Arts and Sciences.

No matter how one looked at it, this row of results was extremely eye-catching.

Shen Jingyan sighed silently and clicked on another message.

There were still only three messages from him on the screen. The messages were like stones thrown into the ocean, with no reply.

He took a deep breath and did not want to look at it anymore. He exited the message page and deleted the news.

He said to Wei Ling, “I hope so.”

He hoped that Qiao Chen could really work hard and not cause him to invest in the wrong person.

Otherwise, he would regret his choice forever!

...

Early the next morning.

The sun had just risen. It wasn’t even nine o’clock.

Qiao Nian was still sleeping when she heard a knock on the door.

She turned around and buried her head in the pillow. She pulled up the blanket and did not want to get up.

Bang! Bang! Bang!

However, the knocking on the door did not stop.. It seemed like the person wanted to wake her up.
