

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 811

The policemen didn't know his identity, but they didn't think that he was an old fox that they couldn't interrogate. If it was anyone else, they would have been able to interrogate him easily.

Before Cai Gang could finish, Ye Wangchuan placed his hand on the table and tapped the edge with his fingers. His cold gaze landed on the few hooligans sitting opposite him.

It was an extremely shocking gaze!

Although the few of them boasted of being experienced in society, they were still frightened by his gaze.

However, they had accepted the money and knew the rules. They decided not to say anything.

"Gu San."

Ye Wangchuan seemed to sense guilt from their gazes. He called out lazily.

"Master Wang, please instruct me." Gu San rubbed his fists eagerly.

Ye Wangchuan said simply, "The one in the lead, remove his right arm first."

His tone was calm as if he was talking about eating or drinking soup first.

"Yes." Gu San seemed to be used to it. He didn't even blink as he walked toward the few stunned gangsters.

A scream suddenly sounded.

The muscular man's face contorted in pain. He struggled desperately on the chair, shouting, "There are surveillance cameras here. You can't touch me. I'm going to sue you! I'm going to sue you for breaking the law!"

Meeting the man's bloodthirsty gaze, his shouts stopped abruptly.

This gaze was too terrifying!

"I heard you were wielding a steel pipe?" The man took out a box of cigarettes from his pocket and placed one between his lips. He was extremely ruthless. "Tell me, who's instigating you from behind?"

The red light of the cigarette butt was extinguished. He flicked the cigarette butt casually, and the ashes fell. He still had the appearance of a young master, but his usual good temper was nowhere to be found, showing that he wasn't to be trifled with. "I only give you one chance. The one who speaks first

can be judged lightly. The rest of you will get ten years."

Cai Gang didn't display any special reaction. He only looked coldly at the few hooligans who didn't know the immensity of heaven and earth. It wasn't wrong for them to squat in jail for ten years after provoking this person.

This was still because Qiao Nian was not injured. If she was... Ha! It would be wishful thinking for them to go in and squat for ten years!

"Nian Nian, how did you provoke those people? Who are they? I heard that they came straight for you from the van and wanted to teach you a lesson the moment they arrived. There's clearly a problem here! They were most likely instructed by someone. Otherwise, they wouldn't have looked for you."

Qiao Nian slowly found a cell phone and took it out. She lowered her head and played with it. She had taken it from Brother Hu when she dealt with the hooligans.

If it was someone else, it would be difficult to handle. But in Qiao Nian's eyes, this level of verification system was trash.

In the blink of an eye, she had unlocked the phone's passcode. She opened the call history and message history, but both were empty.

Qiao Nian restrained the coldness in her eyes and smiled. They were light and wild. Not sure what method she used, but in a few seconds, a Beijing number appeared in the call history.

She casually checked the number and looked up to answer Jiang Li's question. "Zhou Wei."
