

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 841

“What a joke! Does she think perfect scores are so easy to get? She gets perfect scores every time?! If perfect scores are so easy for the college entrance examination, it won't be the college entrance examination!”

Not surprised at all, Qiao Chen said coldly, “Isn't that her character? It would be strange if she didn't say that.”

Shen Qiongzhi knew this was Qiao Nian's character. She was so arrogant and condescending. It would be strange if she humbly said that she would only pass.

However, it was as if a huge rock was pressing on her chest, making her feel so aggrieved that she couldn't breathe. In the end, it was because of the previous joint examination. She thought that Qiao Chen would definitely win and was the only one who could enter Qing University. Unexpectedly, she was suppressed by Qiao Nian instead, causing them to lose all face at the school promotion banquet. So many people had been invited, but none came. The old hag from the Tang family did not give them face and stood them up. Shen Qiongzhi thought of all the things that had happened before. It was like it happened yesterday. She gritted her teeth and said with a fake smile, “Yes, that's her character. She has been like this since she was young. She doesn't listen to me no matter what I say. If I say anything about her, she'll think that someone wants to harm her. After all, she's not my biological daughter. I've raised her for more than ten years. As her mother, I'm a bad person in her eyes in the end. Let her be.”

Qiao Chen's voice was very soft. “Mom, don't think that way. It has nothing to do with you. You didn't do anything wrong. The college entrance examination isn't as easy as she thinks. Since she wants to use the college entrance examination to show off, she can try. It's fine as long as she doesn't regret it.”

Getting full marks for the college entrance examination was easier said than done! If it was so easy to get full marks for the college entrance examination, everyone would have gone to get full marks. Why would anyone fail to get into a university?

Furthermore, although the college entrance examination's difficulty was not as difficult as the joint examination, the last question for each subject was much more difficult.

She had done a mock exam last year and scored 588 on the joint examination. The full score was 650.

When she completed the set of papers from the college entrance examination that day, she scored a total of 568 points. With a perfect score being 750, her results were not as good as the joint examination. It could be seen that although the college entrance examination did not seem to be as difficult as the joint examination, the results might not be better.

It was impossible for Qiao Nian to get full marks in the college entrance examination!

Qiao Chen listened as Shen Qiongzhi told her about how Qiao Nian was arrogant when she was interviewed by the reporters. How bad her attitude was and how she was simply domineering... She smiled slightly and felt even more disdainful.

She was not afraid of Qiao Nian showing off, but she was afraid that she would not. She was still waiting for the results to show that Qiao Nian was a joke!

Qiao Chen chatted with her mother for a while more but was not very interested in this topic. She quickly said, "Mom, I'm done talking to you. I really want to write a melody. The teacher is still waiting for me to hand over the melody to him."

Shen Qiongzhi placed all her hopes on her now. Seeing that she was doing well, her depressed mood became more relaxed and she no longer wanted to nag. "Yes, go on."

"Don't be angry. You have to work and rest. Take care of your body. The arrangement is important, but so is your body. Don't let me worry, okay?"

"I know. I'm hanging up, Mom."

Shen Qiongzhi adjusted her shawl and put on a dignified posture. She instructed her a few more times and then hung up.

She turned on the television again. It was still the same interview. The unruly girl had already disappeared, and the reporter was interviewing another person.

Beijing, in the Ye family's old residence.

Someone was also watching television. Ye Lan happened to see an interview conducted outside an examination hall in Rao City. The person being interviewed was none other than Qiao Nian.
