

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 850

At the Shen Residence.

Wei Ling was looking at the comments on the trending searches. Seeing that the Internet was filled with criticisms, she was extremely happy. She combed her hair and happened to look up to see Qiao Chen coming downstairs. She smiled and waved. "Chen Chen, hurry up. Come over. Let me tell you a piece of good news."

Qiao Chen came down the stairs and stood in front of her gently. Seeing the phone on her desk, she already knew what she was talking about.

However, she still asked obediently, "Aunt, what's the matter?"

"It's a good thing!" Mentioning this, Wei Ling couldn't hide her smile. She was extremely happy. "You know that Qiao Nian took the college entrance examination this year?" Qiao Chen's eyes moved. She did not have a special expression and said sweetly, "I know. She... actually doesn't need to take the college entrance examination. Didn't she already get into Qing University?"

She paused for a moment and added casually, "Maybe it's to show off. She wants to get a high score."

"Tsk." Wei Ling smiled. Her brows relaxed as she said ambiguously, "Get a 'high score'. What a joke!"

Qiao Chen feigned confusion. The corners of Wei Ling's mouth rose as she explained proudly, "She got zero."

"Sister scored zero? That's impossible, right?"

Wei Ling felt uncomfortable when Qiao Chen called Qiao Nian "Sister". However, it was quickly washed away by her joyful emotions. She smiled slightly. "What's impossible? It's all over the Internet. Her admission ticket is right there. More than one person has checked it before. She got zero points in all subjects. It's clean, neat, and exciting! Now, many people went to Qing University's official website to ask for an explanation. After all, the first place in their school's joint examination can't even get into the undergraduate college entrance examination. It's a little unreasonable."

Qiao Chen restrained the happiness under her eyelashes and lowered her head to speak up for Qiao Nian softly. "Then, she might not have been serious... The college entrance examination is so important. Since she has decided to participate, she should take the exam well. Zero points are a little too much. I don't know what Qing University has to say."

"What can they say?"

Wei Ling was calm and unruffled. "In this day and age, public opinion is greater than heaven. With her results like this, it's useless even if she has connections!"

So what if Qiao Nian had Ye Wangchuan's support? Ye Wangchuan couldn't control public opinion, either. Everyone could spit on her.

She wanted to see who could protect Qiao Nian this time!

In a good mood, Wei Ling was very easygoing. Even her husband's niece was more pleasing to the eye. She picked up the cup and took a sip. The bottom of the cup hit the table as she asked, "By the way, have you submitted the music arrangement Mr. Steven asked you for?"

"I did." Qiao Chen clenched her fingers tightly, her expression a little unnatural.

She had originally submitted a few arrangements, but the teacher was not satisfied. As a foreigner, he was passionate and straightforward.

Mr. Steven had clearly told her that the arrangements she had submitted were too lousy!

The arrangement was simple and boring. It was not as stunning as her award song.

Steven had been urging her to write a new one. Qiao Chen had no choice. After staying up for a few nights, she thought of someone-Zhui Guang!

She had studied the arrangement Qiao Nian had changed for her. It was very similar to Zhui Guang's style, but her composition personality was even more distinctive.

She had added a part of the old arrangement to the new arrangement. Jiang Xianrou had used this method before, so she didn't feel too burdened when she did it. The only thing she was worried about was that the teacher would be dissatisfied.
