

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 878

Qiao Nian narrowed her eyes and took a look. A can of hot coffee was handed to her. She looked up and saw the man's hand slightly lowered holding the can of coffee. They were a little like the hands of the male models in the advertisements. They were slender and had clear knuckles. There was no excess flesh. They were fair and clean, and even his nails were trimmed neatly.

In short, it was quite nice.

She had always liked good-looking people or things. After openly looking at them for a while, she reached out and slowly took the coffee from his hand.

When she took it, she realized that Ye Wangchuan had already opened the can for her. She was only focused on drinking. In a good mood, she pursed her lips and then raised her head and took more small sips. She still looked tired; it was obvious that she had not slept enough.

Ye Wangchuan sat down beside her and glanced at her phone without leaving a trace. Seeing that she was chatting with someone, he looked at the other party's account name.

He recognized it as Qin Si.

This fellow even sent her a game link.

There was another series of nonsense.

He retracted his gaze and raised his hand to help the girl push her messy hair behind her eyebrows. Her eyes were tired and very eye-catching. "You didn't sleep well last night?"

Qiao Nian's back stiffened for a moment when he approached her and brushed her hair away. Smelling his familiar mint smell, her shoulders relaxed again. She exclaimed and answered, "I only slept for three hours. I'm out of sleeping pills and couldn't sleep."

A few years ago, she had the habit of taking a sleeping pill before she slept. When Wei Lou was around the city, it was always him who would get her some medicine.

Later on, Wei Lou's grandpa fell ill and he returned to Beijing. He had been busy taking care of Old Master Wei during this period, and she had not received the medicine for half a year.

The day before yesterday, she had finished the last of it, so she did not have any left last night. It was too late at night when she realized that there was no more medicine, and she was too lazy to go out to buy medicine.

In the end, she couldn't sleep at all last night. She only slept at 3:30 AM and did not sleep well the entire night. It was all a strange dream.

People usually had a bad temper when they lacked rest. It was the same for Qiao Nian. She didn't sleep well last night and had to wake up early in the morning. She frowned slightly. She was quite lazy and did not like to talk.

Hearing her mention the sleeping pills so naturally, Ye Wangchuan pursed his lips and said, "I'll get Gu San to prescribe some for you later."

Qiao Nian glanced at him and said lazily, "Mm."

He looked at the girl's sleepy appearance and pinched her fingers to play with. The girl's fingers were slightly cold, and he felt some thin calluses on her fingers. He wrapped the girl's hand in his palm and thought for a moment before saying in a low voice, "Did you go to the hospital to check on this problem?"

Qiao Nian was so angry from his grip that she wanted to retract her hand, but she didn't manage to. So, she had no choice but to give up. Her shoulders didn't tense up, and she didn't resist. "No."

"I'll bring you to the hospital someday and get a Chinese physician to have a look at your constitution." Ye Wangchuan looked gentle, but his tone was domineering.

Qiao Nian frowned. She didn't want to go to the hospital, but she didn't refuse on the spot. "We'll see!"

Personally, she was more inclined to take sleeping pills. It was faster and less troublesome. If she did, she would sleep. It wasn't that troublesome.

As he spoke, Gu San came over with a bottle of drink. He saw that the two of them were sitting together and felt lonelier than ever. The drink suddenly didn't smell good anymore. The corners of his lips twitched. It was the bitter smell of being single. He had only stood there for a while when he saw his Master Wang looking at him indifferently.
