

## MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 897

If the two of them were friends, there must be a reason he didn't know about.

He tapped the glass with his fingers and did not question her anymore. He was smart and had a hunch.

There was a person in the domestic stock market who was on par with Ji Nan. That person was called SN.

The logo of the Red Alliance was the letter 'S'. Qiao Nian's code name was 'SUN'. Qiao Nian's other identity was Zhui Guang.

Her code names all had relations to light.

Furthermore, SN could be seen as an abbreviation for the word sun.

He remembered that when he followed Zhui Guang's account, both the avatar and personal information of that account were as clean as white paper. There was nothing on the account.

There was only one sentence on the account. It was that no matter how dark the world was, there would always be light.

His eyes darkened and he softened up. He stopped delving into the question of who SN was, and instead whispered to the girl next to him, "Where do you plan to stay tonight? Have you thought about it?"

Old Master Jiang and her second uncle loved her. However, Tang Wanru and Jiang Xianrou were in the family and she felt uncomfortable living with them.

If Tang Wanru and Jiang Xianrou sincerely welcomed her, they wouldn't have made a fuss about the banquet.

He didn't care about others. However, this was his girlfriend, and she had an important place in his heart. Naturally, he couldn't bear to see her getting bullied.

Qiao Nian had blood relations to the Jiang Family, and it was not his place to say anything. However, she definitely couldn't stay with them.

"How about you stay there?" He paused for a while. His eyes were bottomless. He smiled as he said, "I'll bring Chen Chen over and we can stay together."

The girl glanced up at him, and it seemed as if she was thinking about it.

Ye Wangchuan knew how to convince her. He tapped on the glass in front of him. The white porcelain cup was beautiful, and its appearance was eye-catching. Naturally, this feeling was amplified when it was set in front of Qiao Nian. "You're going to Qing University soon. You should find a place to live. You cannot possibly be thinking of living alone. It would be more convenient to live with me."

“You have stayed there before, so you don’t need to adapt to a new environment.”

He lowered his voice again. His voice was low and mellow. He stared at the girl and said, “Nian Nian, how about you come and live with me?”

There were many people from the top circles in the Imperial Mansion.

The buzz about this event was so huge that everyone in Beijing noticed.

Many people inquired about this event in private. They were all wondering about the event being held at the Imperial Mansion. However, they were shocked. The Jiang Family was organizing a banquet for their granddaughter who came from a rural place!

It was said that she came from a rural place in Rao City.

Her College Entrance Examination results were very good.

She had scored 750 points, the full score!

She had set the highest score in the history of the College Entrance Examination.

However, that was all.

In addition, the most eye-catching information about Qiao Nian was that she was Master Nie’s student.

At that time, she stole the limelight at Master Nie’s birthday party and embarrassed Jiang Xianrou, making her lose face.

Apart from these, they were unable to find any other information on her.

However, what they couldn’t understand was how she could influence so many people to attend her banquet. Whether it was on account of the Jiang Family or Nie Mi, how could a girl from Rao City create such a buzz with her banquet?

Furthermore, they also found out that the Ye, Wen, and Wei families were also attending the event. It was also said that Ji Nan, who was usually very mysterious, showed up at the banquet.

Not to mention, people from the younger generation like Qin Si and Zhang Yang also attended.

In addition, people like Yuan Yongqin and Su Huaiyuan, who were well-known in Rao City, also attended. They were at the top of their fields in Rao City.

How did a girl from Rao City get so many connections? So many well-known people turned up for her banquet.

Although these Beijing people did not understand the reason, Qiao Nian’s name quickly spread around the Beijing circles.
