

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 928

“How do you know?” Qin Si blinked. “Young girls nowadays quite like the entertainment industry. What if Sister Qiao wants to enjoy the feeling of being chased by tens of thousands of people? Then, won’t Jiang Li help her?”

“She doesn’t know how to, so there’s no reason.” Ye Wangchuan took out a piece of gum from his pocket and pinched one between his fingers. He didn’t eat it as he glanced at him and said, “Perhaps you’ll know one day when she...”

If Qiao Nian wanted to enter the entertainment industry, she could have done so three years ago. Zhui Guang’s popularity was no joke. She didn’t even show her face, so it was obvious that she didn’t want to enter the entertainment industry.

However, this depended on whether Qiao Nian was willing to tell Qin Si.

“Maybe one day, she what?” Qin Si heard half of it and did not understand.

Gu San reminded him softly from behind, “Young Master Qin, the competition has begun.”

Sure enough, Qin Si’s attention was attracted by the competition.

...

The first round was to do the papers, and the total score was 60.

On the LED screen, the results were updated.

The student’s name was followed by the school’s name, and then it was the score this student had obtained.

The score would be refreshed every three minutes.

The atmosphere in the stadium was very tense and heated.

The results that were refreshed in the first three minutes were similar to what everyone had expected. Jiang Xianrou and Qi Lanyin were very tight on their scores.

Jiang Xianrou scored 8 points.

In the second place, Qi Lanyin scored 6 points.

The others basically scored 2-3 points. It was obvious that Jiang Xianrou and Qi Lanyin were clearing questions much faster than the others.

When the results were out, Gu San and Qin Si stared at the refreshed ranking on the LED screen. They updated a few pages before seeing Qiao Nian’s name on the last row.

66th place: Qiao Nian, Qing University's Chinese Medicine Faculty, 0.

0 points.

The last place.

Although this result "did not disappoint," Gu San and Qin Si still couldn't hide their disappointment.

Ye Wangchuan raised his eyebrows in surprise, but he only looked at the girl on the stage to see what she was doing.

...

At the judging panel, the results for the first time were refreshed.

Liang Lu was the happiest person. Her student was in the first place and firmly suppressed Qi Lan Yin. Seeing that she got a good start, she couldn't help but smile.

Especially when she saw that Qiao Nian was in the last place, she smiled even wider.

The others looked in her direction.

Some were envious, while others felt that this result was only natural.

In the front row, Master Carlos did not seem to have any reaction because his student was in second place. He was very calm as if victory was in his grasp.

However, Nie Mi was the first to lose her cool. He turned to Mr. Huang and said, "What's wrong with Nian Nian? Isn't 0 points too..."

Mr. Huang did not speak.

When Ye Maoshan heard this, he took a small sip of tea. His dignified eyes were extremely dark and spirited as he said, "Don't be anxious. Look again."

As the results for the second time were refreshed, the results for the third time were refreshed.

Qi Lanyin's marks began to overtake Jiang Xianrou.

Qiao Nian was still on the last page. It was not a zero, but it was not much. The second-last place had accumulated 16 points, but her score was still in the single digit.

Many medical students came to watch the competition.

Other than watching the fight for the first place, they were also paying attention to the last place.

Qiao Nian's name steadily occupied the last place. Gradually, a hubbub of discussion spread. It was all about Qiao Nian!

"It's better not to give up the competition like in the past."

"What is Qing University doing this year? Why did they look for a new student? It has been ten minutes, but she only got eight points. She placed last in the first round."
