

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 954

Half an hour later, the car stopped steadily at the entrance of the Imperial Mansion.

Qiao Nian got out of the car with earphones in her ears. She was quite cold, but when she stood there, she was very eye-catching. Many people looked in her direction. Her eyes were lowered and dark.

“Miss Qiao, tell me in advance after dinner. I’ll pick you up.” Gu San lowered the window and spoke to her.

At this moment, Qiao Nian’s phone rang. She took it out and saw that it was Shen Yugui calling again. Probably to ask if she had arrived.

She acknowledged Gu San calmly and walked into the Imperial Mansion.

Shen Yugui told her that they were on the second floor. It was a small private room. Not many people came, and they were all friends of Mr. Huang.

There were also a few people from the Medical Association.

Qiao Nian wasn’t wearing a cap today. She was wearing a white sweater and black pants that wrapped her long legs. She was well-proportioned and straight. Her exquisite face was exposed, and the aura of a big boss around her was very strong. She was cold and distant.

Although people looked at her along the way, few people came over to hit on her.

Outside the second floor.

Qiao Nian received a call from Shen Yugui.

Her cold eyes, which had only rested for two hours, darkened. However, she patiently swiped her phone to answer the call.

“Hello, Teacher Shen.”

The girl’s voice was low and dark. It was hoarse and did not belong to a particularly young girl, but it was very pleasant to the ear and had a special laziness to it.

She didn’t know what was said on the other end of the line, but she looked up and saw the name on the top of the private room. As she walked into the corridor, she said, “Yes, I’m here... Uh, you don’t have to pick me up. I’m already here.

“I’m on the second floor. The private room’s name is Mountain Sea Pavilion?”

She had been looking up and making calls as she walked. She also wanted to look for a private room, so she did not notice the person who had brushed past her.

Until... Shen Jingyan's stunned voice sounded beside her. "Nian Nian?"

Only then did Qiao Nian notice that someone had passed by her. She saw a few familiar faces.

"Why are you here?" Shen Jingyan did not expect to see Qiao Nian here. He subconsciously asked her and frowned.

Wei Ling and Qiao Chen's expressions were not good. They pursed their lips when they saw Qiao Nian.

Wei Ling turned her head away, unwilling to even save face.

Qiao Chen was a little better. Although her fair face was pale and disheveled, and her fingers were clenched tightly by reflex, she did not dodge her gaze. Meeting the girl's impatient gaze, she could still force herself to plaster a fake smile on her face and say, "Sister, you're here to eat?"

She knew that Qiao Nian was with the Ye family.

Previously, she had seen the young man who often appeared beside Qiao Nian in Beijing. Before she left Rao City, she could only see the inch-large sky in Rao City and had no idea about the Ye family.

After coming to Beijing, she gradually understood who the man who often appeared beside Qiao Nian was — someone from the Ye family.

The Ye family was a family that was even more powerful than the Shen and Wei families in Beijing. They genuinely stood at the top of the pyramid. She didn't know who the Ye family had and if the man beside Qiao Nian was from a branch or a direct descendant of the Ye family.

However, after staying in Beijing for so long, she understood from Wei Ling's influence that whoever had the surname Ye had some connections.

Regardless of whether the young man beside Qiao Nian was a direct descendant of the Ye family or a member of the side family, his background was much stronger than Fu Ge's. He was at least from the Beijing circle.
