Not to mention the exact number, Ye Lan could guess that Qiao Nian must mean more than one.

She had originally wanted to bring Qiao Nian to watch the show and buy things for her today. In the end, the roles were reversed and she received a gift from Qiao Nian.

Ye Lan was in a complicated mood and could not speak for a moment.

...

On the stage, Yuan Yongqin only introduced Qiao Nian formally and did not reveal any more information.

She spoke briefly on stage and left.

The lights on the stage dimmed.

The music started again.

Was the long-awaited finale jewelry show about to start?

Backstage, when Yuan Yongqin got off the stage, her expression was quite ugly. Her facial features were already stiff and she had a dark expression. When she did not smile, she looked even more fierce!

Coupled with the black suit she was wearing to the formal event today, she looked even more oppressive.

As soon as she got off the stage, she handed the microphone to a staff member and rolled up her sleeves. There was hostility and anger in her eyes as she walked straight to Su Mo.

“Did Tian Siqi really say that? She said that Nian Nian is dating a rich man and is wearing fake goods.”

She couldn't hide her anger. The staff passing by all lowered their heads, afraid that her anger would spread to them.

Su Mo had been with her for a long time and knew her temper very well. Yuan Yongqin seemed to be very difficult to get along with, but it was actually only related to her life experiences. To the people she cared about, Yuan Yongqin actually had a very good temper. He lowered his eyes and followed behind the woman respectfully. He poured her a cup of water and replied, “I heard that she was slandering Miss Qiao with a group of people, saying that her necklace was a fake.”

Yuan Yongqin slammed the cup on the table and laughed in anger. “Hehe! This is the first time I heard that a designer using his counterfeit!”

Su Mo saw this and did not reply. He asked, "Chairman Yuan, how do you plan to handle this?"

Yuan Yongqin took a deep breath and leaned back in the chair. She originally wanted to suppress her anger, but when she thought of the words Su Mo had told her about Tian Siqi gossiping behind her back, her chest rose and fell heavily.

She raised her hand and pressed between her eyebrows. Closing her eyes, she asked, "Nian Nian doesn't know, right?"

Su Mo saw through her worry and immediately replied, "Miss Qiao doesn't know. Tian Siqi said it behind her back. I didn't tell her about this."

"You did well." Yuan Yongqin raised her eyes again. Her expression was extremely cold, and her eyes were also cold. "Don't tell her about this. We'll deal with such a clown in private."

She stood up and picked up her phone. She then turned to Su Mo and asked, "Is that Tian Siqi Yuan Fei's person?"

"Yes, it's your brother's person." Su Mo had already investigated Tian Siqi's background before she asked. Otherwise, it wouldn't have been easy to get the tickets to Lan Pavilion. Tian Siqi was someone who looked lousy at first glance. Logically speaking, it was impossible to get an invitation. Thus, she must have a backer.

Yuan Yongqin's eyes were dark and cold as she smiled. "He's a good-for-nothing who hasn't changed in ten years! His family's business and connections are going to be ruined by him. He still plays with such trash. No wonder the Yuan family is getting worse and worse in his hands. They're just an empty shell."

She had been giving too much face to the Yuan family recently!

How dare he let his mistress behave atrociously in her territory!

"There's no need to save face for him. Drive him out."

With that, she unbuttoned a button of her shirt and walked to the corridor backstage valiantly. She held her phone, planning to call the Yuan family personally.
