

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 985

The comments below were dirty.

Qiao Chen savored the pointed comments and was in a good mood. The corners of her lips curled up in mockery.

Xu Xu sent her a new message.

[Chen Chen, I heard that you're going to an overseas music academy to study. Congratulations! I really envy you. I wish you all the best in becoming the best pianist in the future!]

Qiao Chen's gaze landed on the word "pianist" and she snorted.

A pianist?

Haha, she wanted to become someone better in the future!

Being a pianist was not her dream!

The piano was just a tool for her to climb the ranks.

She turned off her cell phone and was about to put it back in her bag.

Suddenly, the car shook. Caught off guard, Qiao Chen was thrown forward and almost hit the seat in front.

She did not hit her forehead, but her arm was hit hard by Wei Ling beside her. It was so painful that her face turned pale on the spot and she gasped.

"What's going on?!" Shen Jingyan was also caught off guard. As the car shook violently, he almost hit the frame. His face was pale.

The Shen family driver was so scared that his face was pale. He pointed at the front and said with a trembling voice, "A-a car suddenly came out from the left. I... I was afraid that I would bump into it, so I stepped on the brakes."

The Shen family driver was still pale and frightened.

It had happened too suddenly. If he hadn't reacted quickly, they would have been in an accident.

Even so, there was a bump at the head of the two cars.

How unlucky!

Before he could get out of the car to argue with the person, there was a knock on the window. It seemed that the person in the other car had come down and was knocking on their door.

The Shen family driver had been with Shen Jingyan for a long time, and this was the first time he had seen such an arrogant person. After he regained his senses, he whispered to the back seat, "Boss Shen, I'll go down and settle it."

The other party would definitely be responsible for this accident!

Shen Jingyan also suppressed his anger. He looked at his wristwatch and opened the door to get out. He said to Wei Ling and Qiao Chen, "I'll also go down and take a look!"

...

Seeing that Shen Jingyan and the driver had gotten out of the car to deal with the car accident, Qiao Chen did not think too much about it.

The car door was suddenly opened forcefully.

A fat, black-robed man outside asked in a low voice into their car, "Who's Qiao Chen?"

Qiao Chen was stunned.

Her instincts told her it was dangerous, and she didn't say anything.

Wei Ling frowned and said subconsciously, "What are you trying to do?! This is Beijing!" Were these people crazy?

Did they know whose car they were blocking?!

The man ignored her tough attitude and locked his gaze on Qiao Chen with a cold glint. "You're Qiao Chen?"

Qiao Chen panicked and her face turned pale. Although she didn't know why these people were looking for her, she could tell that they had come with ill intentions. She subconsciously shook her head. "I'm not."

The man in black looked at her as if he understood her quibbles. He smiled coldly. "It seems that you are."

Before she could speak, he said concisely, "Master Wang wants one of your hands."

Qiao Chen widened her eyes as if she had seen a ghost. Were these people crazy?

The other party didn't care about her shock at all. He smiled as if he was joking and said casually, "But Master Wang didn't tell me if he wanted your left or right hand. There's no choice. I can only take both hands."

"Are you crazy? This is the main road, how dare you!" Qiao Chen was not confident, and her expression was already cracking.

Before she could react, she was dragged out of the car screaming.
