

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 991

After the first scene was played, he immediately clicked on the second...

Qiao Chen's heart was about to skip a beat. Her eyes were dark and she almost fainted. She bit her lips tightly and stared at the girl standing in her ward with red eyes. She wished she could eat her flesh and drink her blood!

However, at this moment, Qiao Chen couldn't care less about this. Her heart was about to beat out of her throat, and she only wanted to stop everything immediately.

"Teacher, listen to me. I've never heard these songs. She found these to slander me. I had no idea..."

Qiao Nian raised her beautiful eyes and looked quite ostentatious. Compared to Qiao Chen's panic, she was scarily calm. She hit the nail on the head. "You didn't know? Why don't we compare the release time of the songs?"

"Qiao Nian!" Qiao Chen looked at her as if she wanted to eat her. Panting heavily and extremely flustered, she turned around and looked at Mr. Steven sincerely. "Teacher, believe me. I wrote the arrangement myself. I've never heard these songs. She's jealous of me, so she's trying to splash dirty water on me..."

Her hands were already crippled and she could no longer play the piano. If there was anything else to be thankful for, it was only the quota to study at the Music Academy.

It didn't matter if she couldn't play the piano. She wasn't going out to learn the piano. She only wanted to rely on it to enter the upper class overseas.

She had completed the withdrawal procedures.

At this moment, she couldn't lose her overseas study qualification from the Curtis Institute of Music. Otherwise, she wouldn't be able to go to university!

The surging music in the ward continued.

Qiao Chen's heart raced. When she saw that her teacher was ignoring her completely, she turned her head again and stared at the girl standing lazily in the ward with hatred.

Qiao Nian!

She understood.

She knew what Qiao Nian wanted to do. Because she had revealed the matter from seven years ago to take revenge on her, she wanted to destroy her completely!

Her greatest dream was to climb up the ladder and become a person above others.

Qiao Nian wanted to personally cut off her ladder in front of her!

Qiao Chen was almost out of breath. After figuring it out, her vision kept turning dark, and she couldn't calm down at all. Her fingers were in so much pain that her bones hurt. It was no joke that her hands had almost broken into pieces. Even though the effects of the anesthesia had not completely passed, Qiao Chen still felt excruciating pain, but this pain was completely incomparable to the fear in her heart.

She had done similar things in the past, but Qiao Nian had never gone too far. This time, she was going to go too far.

Qiao Chen's mind was a mess as she desperately wanted to defend herself. "Teacher, she found these from somewhere. She must have pieced these together after seeing my award arrangement. Believe me, I don't know what she's talking about."

During her defense, Mr. Steven had already finished listening to the seven or eight audio clips on Qiao Nian's phone.

After listening to her, he took a deep breath and returned the phone to the girl with a serious expression. His attitude was still considered gentle as he asked, "Miss Qiao, please allow me to ask you this presumptuously. The clips you showed me are..."

Qiao Chen saw the girl raise her hand and pull down the brim of her cap. Looking up slightly and revealing her jealous face, she replied calmly, "I wrote them."

Dong!?

Her heart thumped violently as if she had returned to her senses. Afraid that if the other party continued, her reaction would be intense, she couldn't care less and immediately shouted, "You're talking nonsense! I wrote that arrangement. You just helped me change it. If you changed it, it's yours?"
