

## MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 996

Ye Wangchuan narrowed his eyes and sneered. He looked up lazily, knowing what he was thinking.

There were surveillance cameras in the hospital ward. Shen Jingyan was indeed a sly old fox. He was trying to provoke her.

As long as Qiao Nian admitted it now, Shen Jingyan could use this “evidence” to negotiate with them later.

Ye Wangchuan crossed his arms and placed his long legs casually. He had no intention of interfering.

Regardless of whether Qiao Nian fell into the trap or not, he was not afraid that Shen Jingyan would get the ‘evidence’. If the Shen family wanted to escape unscathed this time, it was best not to get involved.

If Shen Jingyan insisted on getting involved, he didn’t mind cleaning up the Shen family as well!

Of course, if Shen Jingyan did not interfere, based on what he had said to Qiao Nian earlier, the Shen family would skin him alive this time.

After all... he couldn’t even bear to shout at his girlfriend. What right did an outsider like Shen Jingyan, who was not blood-related to his girlfriend, have to criticize her here?

He didn’t mind pressing their heads against the south wall!

“Qiao Nian, let me ask you. Is the car accident related to you? Also, did you get someone to break your sister’s hand?” Shen Jingyan asked quickly and anxiously, afraid that the girl would come back to her senses. He wanted to suppress her with his aura.

Wei Ling didn’t say anything, but she did look in Ye Wangchuan’s direction. In the car, she had heard it clearly. The burly man in black had said very clearly that it was Master Wang who had wanted one of Qiao Chen’s hands.

She knew the truth, but she chose to remain silent!

Compared to Ye Wangchuan, Qiao Nian was clearly much easier to control.

She knew what Shen Jingyan meant.

Only by controlling Qiao Nian would they have the capital to negotiate with that man!

Wei Ling’s eyes flashed as she tidied her hair. Her expression softened as she softly echoed Shen Jingyan’s accusation. “Nian Nian, the doctor said that Chen Chen’s hand is crippled and she can’t play the piano anymore. You’re again... Sigh!”

How pitiful was she? It was as if she loved and protected Qiao Chen.

Qiao Chen's eyes turned red as she glared at the girl standing in the ward, but she had nowhere to go just by raising her finger. Hatred surged in her chest, and she couldn't react for a moment. She said with a broken expression, "Qiao Nian, are you happy that you made me unable to go overseas?"

The girl narrowed her eyes and looked at her. "Have you heard of this saying?"

Qiao Chen didn't know what she wanted to say, but she knew she would be very stupid if she answered this question!

Silence.

"The one who strikes first is always wrong," Qiao Nian said simply.

These words made Qiao Chen's face turn an inch paler.

Shen Jingyan had finally brought the topic to the car accident. He even wanted to use a small trick to make Qiao Nian admit that she had gotten someone to create a car accident and hit Qiao Chen.

But his little trick had been ruined by his pig teammate before it could succeed. He was frustrated and anxious. However, in front of Ye Wangchuan, he did not dare to show his thoughts too clearly. He could only remind her, "The car accident..."

His original intention was to bring the topic back to the car accident. Unexpectedly, when Qiao Chen heard about the car accident and recalled the series of blows today, her already red eyes reddened further. She glared at the girl standing there and smiled, saying coldly, "Qiao Nian, I know why you came to look for me. Why? Are you very angry that your secret has been exposed?"
