

Chained By A Possessive Mafia's Love by TSI Chapter 9

* Anna's Pov *

I don't know yet. I was already crying while sending some punches to his chest, he silently bore that, but the most shocking part is why the hell I am hugging this b*****.

I must be crazy, "Anna, have you lost your mind? You promised you would never shed drops of tears for this heartless b*****, yet you are hugging this b*****; you are such a double standard person." I cursed myself for being so fooled.

"Let me go. "I put my hands down from his waist and tried to get rid of his hands from my abdomen, but this stubborn cow is too much; he even hugged me more tightly, as if he didn't hear my words.

"you let me go right now " at first, I was too emotional, so I did not care for anything, but now when he tightened his hug,

I felt how hard his body was like a stone; it was nothing like five years ago, really it seems everything was showing me the reality that my Blaze and this Blaze have nothing alike after all time changed everything.

once I loved him, and now suddenly our relationship turned to love and hate relationship,

"Let go of right now, Blaze, I hate you, I hate you, why are you doing this to me, what sin I committed in my past life that I met you " my heart is already weak in front of him now he is forcing me to be helpless.

” shh, no love, you did nothing, it was me who failed my woman, please just this time, love, I will never let you go, please give me a chance ” he is almost begging me, but I don’t want to be a fool anymore, he was the one who walked away from this relationship, no one forced him, it was his choice.

” No, I will never,” I said, still trying to get away from him, his manly scent hitting my nose, which was very attractive. I need to stay away from this man; otherwise, I don’t know if I can trust my overconfidence level.

Blaze suddenly grabbed my chin and made me look at his face.

” Anna Swan, do you know why I was so gentle with you? I thought after five years, your stubbornness level lowered, yet you became more and more strong-headed?

So there is no point in holding myself back just thinking that you will give me a chance, so get ready for our marriage, and I mean it, I’ll take no for an answer in this matter, you can do whatever you want, but you’re going to marry me, that’s final.”

Blaze said dominatingly, and I froze like frozen ginger.

What the hell, what he just said, whose marriage, I will not marry this b*****, I need to

Go back and marry Dylan; otherwise. Who will take my father’s treatment expenses?

I looked at him like he was joking with me.” Do you have a severe delusional disorder? “I asked him straight, looking at him bravely.

His face turned a little sour. ” no, I don’t have this kind of disease, but I have a severe illness called Anna Swan. ” He said with a smirk on his face. If possible, I want to punch him in the front and wipe that evil smirk from his devilish face.

” We’re going to be a married couple soon, so I put it aside, but see how I punish you for calling your husband a person with a mental health condition. I will give you freedom for today; the head maid will show you around to help you know this place better,” Blaze said as if he didn’t hear what I had just said. He didn’t take my words seriously.

” Are you deaf or dumb?” I said I need to go back; I hate you, I don’t want to stay here with you, marriage is seven lives away, which is not possible in this life,” now I screamed at him. He might have lost his mind, but I’m fully conscious.

My family needs me; my father doesn’t have time for his childish play.

Blaze’s eyes turned cold and red; I gulped hard because I know this look very well; his eyes change when he gets beyond angry; he grabbed my waist and swapped me from my feet and pushed me against the wall;

I wrapped my hands over his neck and legs around his waist, fearing I would fall; before I came back to my senses, he grabbed my face with his hand and raised my face roughly.

“I said we’re getting married; you are not going anywhere, you will not leave me, Love, just as I said I would bear every demand of yours, but you are mine, and I will never let you leave me, so accept this reality already.

” His eyes were so scary that my tears started coming because even though I saw his angry look, I never saw this look. This look of his can kill any person with a heart attack.

I shivered in fear. ” I- ~ I,” my words also froze in my throat.

“Anna, answer me,” Blaze said once again. “What answer does he want from me? I am not his doll or robot. I will give every answer as yes.

But I don’t have the guts to say no on his face because I know it was not safe for me to be stubborn while we are in such an awkward position.

“Love? This time it was full of warning, and as I looked at his eyes, his action caught me off guard; he roughly sealed my mouth with his. It was like a life-s***ing kiss, so rough that my lips started bleeding and might be bleeding. I tried to push him, but he was too strong compared to me; my strength was? Never? Never limited to my tongue.

He bites my lips, and I hissed in pain; taking this chance, he slipped his tongue inside my mouth—this cheater.

He grabbed my head and pushed toward him and depended more on the kiss.
