

Magic Doctor:CEO Lady's Humble Husband

Chapter 1101

Smell speech, chief executive and director Xu, they ask at the same time: "who is it?"

Chen Fei said a name with a smile, "Xie Yuan."

"Xie Yuan?" For this name, the chief executive and director Xu are all confused and don't know who it is.

"Yes Wan Lei quickly stood up and said to Chen Fei, "instructor Chen, this is what happened."

"Come on, what's up. Don't be squeamish. " Chen Feidao.

Wan Lei scratched his head, looked at Chen Fei and said, "instructor Chen, there's something I want you to do for me. Do you have time?"

"What's the matter, anything else?" Chen Fei stands down, looks at Wan Lei and asks in a voice.

But at this time, Wan Lei called Chen Fei, some embarrassed voice: "instructor Chen, wait a moment."

When things are arranged, Chen Fei is ready to leave immediately.

"I will cooperate." Xie Yuan's attitude is very low.

Chen Fei nodded and said, "well, next, you should communicate with director Xu more to cooperate with director Xu and chief executive."

"Yes, yes, I will do well." Xie Yuan is smiling.

"Just say it! I'll do a good job. Don't be so fussy." Chen Feidao.

Hearing the speech, xie Yuan quickly waved his hand, "no, Mr. Chen, don't change people. I want to be, I want to be!"

"Tell me if you don't want to be. If you don't want to be, I'll replace you." Chen Fei's eyes turned and he said.

Chen Fei patted him on the back and said, "this is not a test for you."

Although he was ecstatic, xie Yuan didn't immediately agree. Instead, he looked at Chen Fei and said with a smile, "Mr. Chen, in this case, I can't follow you and serve you and your wife any more."

As a result, it has become the leader of martial arts in Xiangjiang, an international metropolis. This kind of general change by leaps and bounds was completely unexpected to him.

This was something he had never thought about before. After all, at the beginning, he was just a guy who swaggered and cheated in a small city like Long'an city with a little martial arts strength.

Now, Chen Fei gives him a surprise. Let him be the new soul of Xiangjiang martial arts and take charge of Xiangjiang martial arts.

This kind of speed is much faster than many martial arts talents. It is even greater than his painstaking practice and progress in decades before Xie Yuan, which has benefited him a lot. He has made up his mind, and then he will follow Chen Fei.

As a result, Chen Fei didn't treat his followers as harshly as he imagined. Even during his time with Chen Fei, his strength improved by leaps and bounds with the help of Chen Fei. He was promoted from Xuanshi to the peak of Huang'an.

After all, when he was defeated by Chen Fei in Longan City, he thought that he would become Chen Fei's servant for the rest of his life and live a driven life.

After hearing this, Xie Yuan was naturally overjoyed.

Chen Fei didn't have time, so he called Xie Yuan and told him the whole story.

Immediately, the chief executive began to arrange work.

Listening to Chen Fei's plan, director Xu and the chief executive nodded repeatedly. After a discussion, they decided on the overall plan. They clapped their hands and said, "it's settled. Next, we should start to implement it quickly."

Chen Fei thought a little and said with a smile, "aren't these outsiders coming to Tianjiu pavilion? Then we can take this as an opportunity to attract them, and then..."

”

Director Xu also looked at Chen Fei and said, “Mr. Chen, what do you think about how to do it?”

“If it can be done, nature is the best.” The chief executive nodded.

Chen Fei continued: “at present, these foreign warriors are not welcome by the Xiangjiang government and the local martial arts forces. If Xie Yuan can defeat and drive away these outsiders, he will naturally establish his prestige in the local martial arts circle and take a firm position.”

“Deal with outsiders!” Several people a meal, then eyes lit up.

Chen Fei said with a smile, “that’s what it means, but it’s not a contest with people in the martial arts circle of Xiangjiang. It’s about dealing with the outsiders.”

“If it is a contest to win the championship, it can really rise in a short time.”

“Xiao Chen, do you mean to let Xie Yuan compete in martial arts and make a name for himself?”

Mr. Chen and Mr. Xu look at each other.

“However, in a short period of time, let Xie Yuan play a certain reputation and hold down other people in the martial arts circle of Xiangjiang, I am confident that I can do it.” Chen Fei smiles confidently.

Chen Fei thought a little and said, "in a short time, it's impossible for Xie Yuan to achieve the prestige of Qiu Tianjiu. After all, years of accumulation can't come overnight. "

"It's true that we can't convince the public. This position is unstable. After all, Qiu Tianjiu has been in Xiangjiang for several decades, and then he has a firm position. "

"Yes, that's the point!" Chen Fei understood their concerns and said: "chief executive, director Xu, I understand what you mean. Now, the biggest obstacle for Xie Yuan to take the position of Xiangjiang's martial spirit is prestige. Without prestige, he can't be convincing, can he? "

"But mainly fame. The spirit of Xiangjiang martial arts should be able to hold down all the people in the martial arts circle of Xiangjiang, so that they can unite and resist the invasion of external martial arts forces. If you can't unite the local martial arts forces, even if the strength is good, I'm afraid you can't hold this position. "

"From the later stage of Xuanji to the peak of Xuanji, the strength of this level is not the top, but it's OK to be the soul of Xiangjiang. "

After hearing the speech, the chief executive and director Xu looked at each other and thought about it.

"His current strength has reached the late stage of Xuanji and is not far from the peak of Xuanji. When he becomes the soul of Xiangjiang, I can guarantee that he will never have two hearts and will cooperate with the work of the chief executive and director Xu. "

Chen Fei nodded and said, "that's him. This Xie Yuan is a warrior who was defeated by me when I was in Long'an City, and then followed me. "

But Wan Lei, the leader of Linglong, thought for a while. He seemed to think of something and said in a voice: "this Xie Yuan should be the Taoist priest who follows Mr. Chen?"

"Our Linglong organization will hold a joint training exercise every other time in its own region. Training the combat effectiveness of the team and improving the combat capacity of the team in other places. "

"Well!" Chen Fei nodded and generally understood that Linglong did have such a rule. He gathered at intervals to conduct a training exercise to maintain the combat effectiveness of the team.

Seeing Chen Fei nodding, Wan Lei continued: "in recent days, it's time for training exercises in this area of the Pearl River Delta. "

Chapter 1102

"This time, because of the entry of foreign forces in Xiangjiang, the higher authorities set the training place in our Xiangjiang. Let the elite members of Linglong from several provinces and cities nearby gather together and conduct training exercises here. "

"In this way, we can have normal training, and we can also deter those foreign forces and prevent accidents."

Chen Fei listened quietly and nodded: "indeed, the strength of the

Linglong team can deter those people."

At this time, Fu Yong, who was flying in front of him, couldn't help but curl his lips and show a disdainful smile. He sneered at the bottom of his heart and said, "ha ha, absolutely no problem? When I see those guys, how can you convince the public? No one can be an instructor of the Dragon army

"Well, well, don't flatter." Chen Fei waves his hand to interrupt Wan Lei.

"Hey, this --" Wan Lei said with a smile as he scratched his head. "However, I believe instructor Chen, you have absolutely no problem. After all, you are one of the few special ones in the whole Linglong - "

needless to go on, Chen Fei understood what Wan Lei meant and said, "I understand. I just don't trust my instructor very much and want to give me a bad impression. "

Hearing the speech, Wan Lei couldn't help staring at Fu Yong, and then said to Chen Fei, "instructor Chen, this time we are training the Linglong players from various cities. Because I come from different places, I can't manage some of them. Therefore, sometimes, they may be a little arrogant, and treat instructor Chen you - "

Fu Yong deliberately bites the word "expectation" very hard, with a strange taste.

After flying for about half an hour, the plane came to the sky of a green mountain forest. Fu Yong said in a voice: "it's almost here. The members of Linglong are all below. We are all looking forward to the performance of instructor Chen! "

Wan Lei and Chen Fei sit together and constantly introduce the training and team situation to Chen Fei.

"Still have a little ability, however, this strength, when our training chief instructor, is not enough." Fu Yong gave a cold hum in his heart and drove out.

Originally, he wanted to embarrass Chen Fei, but Chen Fei seemed to be nailed to his seat. His body did not waver at all, and he was as stable as a mountain.

Then, he took off with a big angle and tilted.

Fu Yong was slightly surprised to see Chen Fei's steady action. He then manipulated the helicopter and said, "sit down, I'm going to take off."

Wanlei followed closely behind, against the growing wind leaves, into the helicopter.

With that, Chen Fei walked steadily towards the helicopter cabin door. The last step is to step up and enter the helicopter steadily.

However, this kind of small matter, said to Chen Fei, did not care at all, light way: "I understand. Since we are in a hurry, let's go up. "

Hearing this, Chen Fei understood. It seems that he robbed the position of the other party's chief instructor, which made him feel a little uncomfortable, so he came here on purpose to embarrass himself.

Wan Lei explained to Chen Fei in a low voice: "instructor Chen, Fu Yong is the leader of Linglong brigade in Nanjiang city. I don't deal with them very well. Moreover, the instructor originally considered for this training was Fu Zhigang, the general instructor of Linglong in Nanjiang City, and Fu Yong's uncle. So - "

seeing this, Chen Fei frowned slightly.

Although Fu Yong spoke to Wan Lei, his eyes kept glancing at Chen Fei. The expression in his eyes was not good.

Fu Yong didn't care and said, "Wan Lei, why are you so angry. Don't I save time? What's more, you are the leader of Tangtang Xiangjiang Linglong brigade. Can't you even bear this wind? "

Seeing this, Wan Lei couldn't help shouting to the pilot in the cabin, who was about twenty-five years old: "Fu Yong, what are you doing? Don't you see that instructor Chen and I haven't come up yet! "

The huge leaves suddenly roared and turned, setting off a strong wind, which made Chen Fei and WAN Lei's clothes dance disorderly and look a little embarrassed.

When they were still some distance away from the helicopter, the pilot in the helicopter suddenly launched the plane.

"I see. Let's go." Chen Fei nods and walks with Wan Lei towards the helicopter.

Wan Lei explained: "instructor Chen, we Linglong belong to a special team. The training base is built in a hidden mountain forest. It's not so convenient to enter, so the helicopter should go faster."

"By helicopter?" Chen Fei was a little surprised.

"Instructor Chen, please get out of the car! We need to change transportation. " Wan Lei pointed to a helicopter in front of him.

The next day, Wan Lei drove directly to the hotel to accept Chen Fei. Chen Fei got on the bus and drove all the way to a small secluded airport.

"Well!" Wan Lei nodded and watched Chen Fei leave. Then he rushed back to Linglong base and began to prepare for the training exercise.

"Well, you can give me some information about the training." Chen Feidao.

"Ha ha, instructor Chen, I'm just telling the truth. I didn't flatter you, I didn't!" Wan Lei said with a smile.Chen Fei patted him on the

shoulder and said with a smile, "when did you learn to be glib, you big eyed boy?"

"No problem, absolutely no problem. Instructor Chen, if you train for one hour, it will be more than ten hours for others! " Wan Lei said with a smile.

"Well, don't flatter me. I promise you." Chen Fei said with a smile, "I can't spend too much time in the training base. Sometimes when there is an emergency, they will leave temporarily. Is that ok? "

Wan Lei nodded, "yes, that's what it means. This time, I really can't think of any more suitable person except instructor Chen, so - "

don't go on, Chen Fei understood Wan Lei's meaning, " you want me to be the instructor to train the Linglong players in the nearby cities in this exercise. "

"We don't have many people in Xiangjiang Linglong's organization, so we can't find a suitable person for a while, so we would like to invite instructor Chen to --"

Wan Lei continued: "this training is very important, and it is very likely to turn into actual combat. Therefore, the task this time is very critical. We want to find a competent person to take charge of this training exercise. "

Then the plane boomed over a valley.

From a high altitude, you can see that the valley has been built into a flat open space, surrounded by some camouflage color buildings.

In the middle of the open space, there were small black spots. There were more than 100 people. They should be the Linglong team members who participated in the training exercise.

Chapter 1103

"Here we are. Where are we going to land?" Fu Yong spoke out.

"Just land in position one," Wan Lei said.

But the words have not finished, directly interrupted by Chen Fei, light way: "don't land, hover here."

"Straight out of the plane, what's that for?"

"Ah

With this action, Fu Yong and WAN Lei in the cabin, as well as the Linglong team members below, were all shocked and gave out a cry.

But at this moment, the figure standing in the cabin suddenly took a step forward.

Seeing this, some of the Linglong players in Nan'an City immediately turned around and wanted to follow the pace of Beifeng and leave directly.

People are still talking and sighing. Qi Beifeng does it more simply. He turns around and walks towards the camp with great strides. "I'm gone!"

.....

"Don't wait. Get ready to pack up and go back. Don't waste your time here. "

"It's really a guy without strength. It's ridiculous to use this childish way to deter us."

"Demonstration! Ha ha, standing on the helicopter to demonstrate to us, what does this show? To scare us with helicopters? "

.....

"I think he wants to demonstrate to us and build up his prestige."

"That fellow, dare not come down?"

"What's the matter? What's the meaning of not moving at all?"

Suddenly, the following dissatisfied with the spirit of the Dragon players, is waiting for some impatience.

At this time, the helicopter has been hovering overhead for a while, hovering in place, without landing or leaving.

Smell speech, many people immediately shake their heads more than, Qi Beifeng is full of disdain, way: "really is a waste of my time."

"It seems that he is really a young man!"

"What's this for, inspecting us in the air?"

"Look, there's a man standing there."

The helicopter stopped at the height of about 100 meters above their heads. Looking up from below, the Linglong team members could see a figure standing at the door of the cabin.

However, in the eyes of most of the Linglong players, they are all disappointed and have no expectation at all.

All of a sudden, all the Dragon players looked up and looked at the sky.

Someone pointed to the helicopter roaring in the air and said in a voice: "look, the helicopter is coming. The new instructor is coming."

A noise interrupted the quarrel.

"Boom!"

.....

"Forget it. This time, Captain Wan Lei messed up. Don't make excuses."

"And that's not the way to brag about big people from the headquarters? Which of the big men in the headquarters didn't start at the age of 40 or 50? "

"Less than 30 years old, how powerful can it be?"

However, the refutation of Xiangjiang Linglong's team members, to other team members, is nothing more than words of shame.

.....

"Yes, and he seems to be a big man in the headquarters. Don't be unkind."

"You don't talk nonsense. Our team leader Wan said that the instructor this time is very powerful."

listened to a piece of Tucao around him. The local dragon players in the Xiangjiang River suddenly make complaints about it, and some voices make a retort.

.....

"Add me one."

"Yes, I am."

make complaints about the sound of the Tucao, Qi Bei Feng frowned, and the cold voice said, "I am not wasting my time. If this new instructor does not teach us strength, I will pack things back immediately."

.....

"Speechless, this training, can only be a waste of time."

"Ha ha, our special forces like Linglong have to be gilded by the hidden rules and make up for the number. They are degenerate."

"So it is. No wonder there is a temporary replacement on it."

Hearing this, many Linglong players suddenly wake up.

.....

"Well, I guess it's probably the second generation of some big people who want to come here to gild. If you don't think about it, this Xiangjiang training exercise is likely to take part in actual combat, so the chance of meritorious service is naturally greater than the usual training exercise! "

"Damn, what can we do with such a recruit!"

"What's more, I heard that the instructor is still very young, even less than 30 years old. He may not be as old as us."

"Xiangjiang Linglong suddenly got a new man. He didn't know what he was doing. Did he fool us?"

.....

"That is to say, Fu Zhigang, our deputy director of Nan'an City, or our general instructor of Nanjiang City, is not a top-notch instructor, but he is absolutely qualified."

"I don't know what happened this time. I heard that Xiangjiang has brought us a new man, but the chief instructor really doesn't know what he's doing." "Captain Qi is right. We have come to participate in training exercises to improve our strength."

Listening to Qi Beifeng's words, many Linglong players immediately began to talk.

Qi Beifeng with self-confidence color, light way: "meritorious service is secondary, mainly, this training, I want to get strength progress, not a waste of time."

This is what they call the captain of Qi, Qi Beifeng, the leader of the Ling long brigade in Nan'an City. He has the strength of the medium-term Xuanji level. Among the Ling long, he is very powerful.

Laughter, a group of people's eyes, looking at a flat head, bright eyes of young people.

"Ha ha, our team leader Fu Yongfu of Nanjiang city is not inferior to your team leader Qi!"

"In terms of meritorious service, our captain Qi of Nan'an must be a first-class player."

"In that case, it is not possible for us to take part in actual combat. In that case, we will have a chance to make contributions. "

"I've heard that it's related to the recent invasion of martial arts forces in Xiangjiang."

"Isn't it? Even if it's not Nan'an City, Nanjiang city is almost the same. How can we come to Xiangjiang? "

"This time I came to Xiangjiang for training, it was a bit out of my expectation. I thought it was to train in our Nan'an City."

At this time, more than 100 elites of Linglong organization from nearby cities gathered in the valley and talked about it.

.....

"Either way, it's too weak. This kind of person doesn't know how to become the instructor of this training exercise. I really don't know what the people above think. Why don't you let my uncle Fu Zhigang come? " Fu Yong was secretly upset.

Seeing this, Fu Yong can't help but curl his lips, and secretly disdains him in his heart, "ha ha, I'm scared by Wan Lei's words just now, don't dare to go down? Or do you want to use this way to give

yourself prestige

At this time, Chen Fei, as steady as a mountain, stood up and went to the door of the helicopter cabin. He just stood and looked down at the Linglong team members below.

"Hover here?" Fu Yong frowned, puzzled, but still in accordance with the requirements of speculation operation helicopter hovered in the valley above the open space.

"Instructor Chen, don't --"

"it's a hundred meters high!"

.....

Chapter 1104

In the cry of surprise, Chen Fei stepped out without warning, and the whole person fell down from the height of 100 meters.

Now, Wan Lei and Fu Yong in the helicopter are all scared.

"Instructor Chen --" Wan Lei exclaimed, rushing to catch Chen Fei, but it was too late.

"If it wasn't for captain Qi, you would have taken the lead. I might have left in a fit of anger, not to be angry with that guy."

"Yes, instructor Chen is young. But the attitude is too arrogant. As soon as we come, we will be punished for doing push ups. "

Around, there are Ling long members of Nan'an City, who are puzzled and ask, "Captain Qi, what happened just now? How can you be so easy to be soft? It's not your character

However, Qi Beifeng nodded, but his face was red at the moment,

and his eyes were staring at Chen Fei's barracks.

At this time, Qi Beifeng and others, who were punished outside, finally completed a thousand push ups, panting and tired.

In the barracks, Wan Lei once again introduced to Chen Fei the training content and the team members who participated in the training.

But the result arrived at the scene, Chen Fei directly bright hand, instantly shocked him.

At the moment, Fu Yong, caught a glimpse of Chen Fei, his face was gloomy, ashamed and angry, and he didn't know what to say. After all, when he was on the plane just now, he openly and secretly mocked Chen Fei for his poor strength and complained about his uncle Fu Zhigang.

"Let them practice first. Let's go to the barracks." Chen Fei and WAN Lei walk side by side, and their eyes sweep past Fu Yong, saying nothing.

Chen Fei patted him on the shoulder and said, "don't worry, I have my own discretion."

Wan Lei looked anxiously at Chen Fei and said, "instructor Chen, your hand just now is about to scare my heart out. I --"

with that, Chen Fei directly turned his back to Wan Lei, who had just landed from the helicopter.

"I'm wrong!" Chen Fei's eyes narrowed slightly and said, "I'm willing to be punished. Well, push ups, a thousand. It's the same with other people who know their mistakes. Those who don't know their mistakes can leave. "

Qi Beifeng didn't explain much. He stood upright and looked at Chen Fei and said, "report to instructor, I'm wrong. I'm willing to be

punished. "

"Didn't you just leave? How did you change your mind now? " Chen Fei looks at Qi Beifeng.

At this time, Qi Beifeng stepped forward and said harshly, "report to instructor, I don't want to leave. I'm willing to be trained by you."

Hearing the words, the team members could not help but exchange their eyes with each other. Their expressions were different.

"Now, you can go. I won't stop you." Chen Feidao, then glance at other players, "and you, too, who do not want to be trained by me, can leave, I will not stop you."

Qi Beifeng was stunned for a moment, still nodded and said: "report to instructor, I did say such words."

Finally, Chen Fei's eyes fell on Qi Beifeng and said in a cold voice: "just now, you said that it's no fun to train here. Do you want to leave?"

Chen Fei hears the speech, dodges the step, walks slowly in front of these spirit dragon team members, the vision glides one by one from them.

"No, no!" The team members of the spirit dragon couldn't help swallowing their saliva, and their eyes looked shocked and yearning.

"Do you have any questions about my position?" Chen Fei asked sternly.

Chen Fei's eyes swept over and said harshly, "I'm Chen Fei, the instructor of this training exercise."

"This, this --" for a moment, all the Linglong players were stunned and speechless.

Because the man who appeared in front of them was undamaged. There was no scar on his body. He could not see that he had jumped

from a height of 100 meters.

When the shadow came out of the smoke and came into the eyes of the members of the spirit dragon. They are all stupid.

In the voice, in the smoke and dust around the pit, a shadow appeared and came out step by step with steady and firm steps.

.....

"Captain Qi, are you kidding. People must be dead at this height. How can they come out? "

"No way!"

"What?"

Qi Beifeng's eyes, pointing to the pit, said: "inside, someone came out."

"Captain Qi, what's the matter with you?" Around the Nanan City Linglong team members, see puzzled asked.

People are not only talking about it, but now Qi Beifeng is staring at the deep hole where the smoke is flying, with a serious look on his face.

.....

"Who is it, don't talk about the new instructor. Even if the prefecture level experts come, they dare not jump down at this height! "

"Is that still necessary? It must be dead. It's a hundred meters high. If you fall directly on the hard ground, you can't help it. "

.....

"Who's going to have a look and see what's going on?" "Who fell? Is that the new instructor? "

"Well, what's going on?"

The ground made of special concrete was smashed directly at the moment, and a big pit appeared. The gravel splashed out and almost splashed on the faces of these dragon players.

In an instant, smoke and dust scattered and raised.

Chen Fei, who fell from a height of 100 meters, stood upright in the air, like a shell. With a roar, he fell heavily on the open space in front of the Linglong team members.

But just when people were surprised and questioned.

"What's the matter? Is the new instructor not only useless, but also a fool? " Qi Beifeng frowned and disdained.

Hearing the cry of surprise, he turned and walked out of qibeifeng for a certain distance. At the moment, he could not help but stop, turned and looked at Chen Fei falling from the air.

.....

"Get out of the way, or you'll get hit."

"What is he doing? Has he slipped?"

"Ah, it fell."

At the moment, looking up at the sky on the ground of the Ling long team members, see Chen Fei flying out of the air, the body straight Leng Leng fell down, can't help but scream.

"This guy, what are you doing. Can't stand the stimulation I just had, and come from the end in this way? " Fu Yong's face was gloomy and he didn't know what to say.

Fu Yong, who is dismissive of Chen Fei, is also shocked at the moment. He stands up from the driver's seat, causing the helicopter to shake and almost lose control. He is so scared that he sits down

again and quickly controls the helicopter.

"That is, we stand here, which is not the elite. I can't bear to be humiliated by him."

.....

"A group of stupid people will not go away," he said

Chapter 1105

"Captain Qi, why did your attitude suddenly change so much?"
People don't understand of ask a way.

Qi Beifeng's eyes lit up and said, "I wanted to leave before, because I didn't want to waste time on useless training, because I wanted to improve my strength."

"But you all saw that scene just now. The strength of instructor Chen can't be underestimated. He is a real martial arts master. I don't want to leave if I can improve my strength with this kind of master. "

"Yes, the special instructor of the whole Linglong headquarters can count with two hands. Instructor Chen is so young that he became a special instructor. It's amazing. "

"The special instructor of Linglong headquarters, it's amazing!"

Behind him, the already excited Linglong players are boiling at the moment.

With that, Wan Lei didn't explain much, so he turned and left.

Wan Lei said with a smile: "instructor Chen holds the special Instructor Certificate of our Linglong headquarters."

"And identity? What identity? " The spirit dragon team members are extremely curious.

However, when he left, Wan Lei suddenly thought of something, and finally added: "by the way, let me tell you one thing. In addition to being a martial arts master and a miracle doctor, instructor Chen also has a heavy identity. "

At the moment, Wan Lei waved his hand to let them go back to rest.

"Yes At the moment, the team members of the spirit dragon are completely convinced by Chen Fei. They all say that they are. There is no voice of objection.

"Today, after taking the medicine, you should have a good rest and take good care of yourself. Then, tomorrow, instructor Chen's training will officially begin. "

Seeing this, Wan Lei said, "instructor Chen's medicine uses more than 20 kinds of precious herbs for invigorating qi and blood. It can not only strengthen your body, but also improve your martial arts cultivation."

For a moment, all the people who were suspicious drank the medicine, and licked their lips one by one.

Even those who don't understand can understand the horror of Chen Fei's medical skills when they hear about treating the chief executive and the richest man Li Fuhua. Not to mention, a group of people in their ears popular science, let them understand the magic of Chen Fei's medical skills.

.....

"Professional, it's not professional, it's too professional."

"I know. I've heard about it in Nan'an. Chengyao is in Xiangjiang, but it's too hot. People from Nan'an City come to see a doctor. "

"It turned out to be the owner of Chengyao. That's a real miracle doctor!"

Listen to Wan Lei say so, now of spirit dragon team member, immediately fried open pot.

Wan Lei said: "instructor Chen is also the boss of our recently hot Chengyao pharmacy in Xiangjiang. He once gave the chief executive and the richest man in Xiangjiang, Li Fuhua. They all got sick. Do you think such a person is professional? "

"What?" A lot of people are curious.

Listening to their call for questioning, Wan Lei smiles. Then he first looks up and drinks all the medicine in his hand. "You are totally in bliss. Instructor Chen has another identity. Do you know what it is? "

.....

"Yes, professional things should be done by professional people."

"We believe in the strength of drillmaster Chen, but I'm afraid the dispensing is --"

"was drillmaster Chen personally dispensing it? Can he still dispense medicine? "

Wan Lei said: "this is not an ordinary medicine. It was prepared by instructor Chen himself. It's good for your next training."

.....

"Captain Wan, we are soldiers. The medicine is not very good!"

"Captain Wan, what kind of medicine is this? What's the use of it! "

The team members took the medicine and looked at it suspiciously and curiously, but they didn't speak.

At this time, they all nodded and gave you a piece of medicine

For a time, the team members who had complained and disdained

the new instructor. As if all changed attitude, become respectful and look forward to.

After listening to Qi Beifeng's feelings, the team members of Linglong understood Chen Fei's horror.

"So, don't say a thousand push ups, even ten thousand, I'll stay. It's a rare chance to be specially trained by prefecture level experts in person! "

Looking at the surprised members, Qi Beifeng laughed and said: "now, you know the horror of instructor Chen. With this kind of master, I believe, we can improve our strength. "

What's more, Chen Fei is still so old. He seems to have reached the prefecture level before he was 25 years old. He is absolutely a gifted martial arts master.

From this we can see how terrifying the prefecture level realm is.

For example, they are familiar with Mr. Luo, the general instructor of Ling long in Nan'an City, and Fu Zhigang, the general instructor of Ling long in Nanjiang City, which are just the top level of metaphysics.

To enter the prefecture level realm is absolutely the existence of a big man. Even in the Linglong headquarters in the capital, you can get a position. Hearing these four words, many Linglong players were shocked. After all, they are also martial arts practitioners. Naturally, they understand what these four words mean to a martial arts practitioner.

"Prefecture level realm!"

.....

"Mr. Luo at the top of the Xuan level can't do it. Doesn't that mean that this instructor Chen is more powerful than Mr. Luo, and he has reached the prefecture level?"

"Mr. Luo is a man who has personally gone to war abroad. Can't he do that?"

"What can't Mr. Luo do? He's the top level master of Xuan level! "

Hearing the speech, it caused a cry of surprise.
