

Magic Doctor:CEO Lady's Humble Husband

Chapter 1106

"Special drillmaster of the headquarters, this is too much boasting!"

"Less than 30 years old prefecture level master, it is enough to blow, also said that it is a special instructor, I feel not very credible."

Fu Yong gently frowned, looked at several people around him, and said: "don't say it. Now, these crazy guys won't believe it. We'll see. Whether it's true or not, it will come out sooner or later. "

Then, Chen Fei saw two men and a woman, three young people dressed in fashion came over.

Mention friend, Su Mo Mo's facial expression can't help but slightly a change, turn round to point to behind, way: "they are there!"

Although separated by the clothes, Chen Fei still felt a burst of softness. He couldn't help beating in his heart. He quickly picked up the luggage for the little girl and put it in the back box. "I'll take the luggage. By the way, Mo Mo, where's your friend? "

"Brother in law, long time no see." The little girl came up and gave Chen Fei a big hug. She didn't care about other people's eyes.

Then Su Mo quickened his pace and trotted towards Chen Fei.

Su Mo, dressed in a fashionable and lively way, can't help smiling and waving when he hears Chen Fei's voice and says, "brother-in-law, I'm here."

Chen Fei stood beside the car and waved to Su Mo, who came out. He called out, "Mo Mo, I'm here."

Before long, the plane arrived on time, and then they left the airport.

At 1:45 PM, Chen Fei arrived at the airport ahead of time.

However, Chen Fei does not care about these people. I didn't think so much. I drove this Infiniti and set off.

The price of about 500000 yuan is a good car for the general public. But for the guests living in such high-end hotels, it seems a bit shabby.

Because of the urgency, it was not so easy for the hotel to find a car for a while, so it arranged a seven seat SUV of Infiniti qx60 for Chen Fei.

Then, Chen Fei called and asked the hotel to help arrange a bigger car. After all, I usually drive a car, but I don't have a big car by my side.

However, there were not many questions on the phone, so I hung up immediately.

Chen Fei felt strange when he heard Su Mo's tone.

Hearing this, Su Mo Mo's tone was a little gloomy and said: "friend, this is OK. All in all, there are three people besides me. We came together. "

"Someone else, you came with your friends?" Chen Fei was a little surprised and said. After all, at the beginning of the call, Su Mo said that he was playing alone.

"Mm-hmm!" Su Mo Mo said, and then he thought of something, and said, "by the way, brother-in-law, there are still several people with me this time. So, you can drive a bigger car

"Well, my brother-in-law will be ready to drive to pick you up."
Chen Feilian is busy.

"It's my brother-in-law who arrived at two o'clock early in the

afternoon." Su Mo Mo said.

"Of course not. I just didn't expect you to move so fast." Chen Fei said in a hurry, "what time is your plane? I'll drive to pick you up."

"Brother in law, why are you so surprised?" Su Mo Du mouth dissatisfied way, "a few days ago, I didn't call to brother-in-law you said? I have a winter vacation. I'm going to Xiangjiang for a few days. Why, brother-in-law, have you forgotten all my words? "

"Pick you up?" Chen Fei a Leng, immediately surprised a way, "Mo Mo you come to Xiang Jiang?"

"That's a similar attitude." Su Mo on the other end of the phone snorted, and then said, "since my brother-in-law welcomes me, please come to Xiangjiang airport to meet me."

As soon as Chen Fei heard the voice, he suddenly changed his face and said with a smile: "Mo Mo, it's a misunderstanding. It's definitely a misunderstanding. I didn't say that to you. How can my brother-in-law not welcome you? "

On the other end of the phone, I heard Chen Fei's voice, then I heard an angry voice, "brother-in-law, what are you doing? Don't you welcome me when you talk to me like this? "

Chen Fei suddenly a face speechless, connect the phone, a little angry way: "who ah!"

Just as Chen Fei is about to move in his heart and is thinking about how to make love with his wife after work in the evening, a hasty telephone ring wakes Chen Fei from his intoxication.

After spending a few days with a group of big men in the mountains and forests, Chen Fei suddenly feels a little hot when he sees his wife Lin Qiuhan's graceful body.

So, the task of supervision to wanlei they, Chen Fei himself is back to the city.

After all, he has taught the content of training. The next step is to supervise the training every day. Chen Fei doesn't have to stay in the base every day.

On Chen Fei's side, after spending the first few days, the following days are relaxed.

After all, this guy himself is a martial arts maniac who respects martial arts and pursues strength. Now seeing the strength of Chen Fei, I admire him deeply. This kind of stimulation makes the rest of the team members more excited, more trust in Chen Fei, and train harder one by one. Among them, Qibei peak is the most.

The body has been strengthened at a visible speed, and there are three team members. Under the high-intensity training, they have directly broken through and reached the middle level of Xuanji.

In this way, the training time of the little dragon group is not high.

At the moment, he finally understood why the old man would laugh so happily when he saw that he was practicing hard.

Looking at the Linglong players who have been trained to complain endlessly, Chen Fei finds some of the old man's feelings of training himself on tianwu mountain.

After training every day, the elite members of this group of nearby cities were trained like dead dogs, paralyzed to the ground and almost unable to move.

Chen Fei's special medicine contains various effects of stimulating the body and enhancing Qi and blood. Coupled with Chen Fei's various training methods that are almost to the limit of the human body.

The next thing about training, for Chen Fei, is a piece of cake.

Chen Fei solved the emotional problems of the team members.

.....

"Yes, Captain Fu." Several people nodded to deal with Yongdao.

Three people came over, looked at Chen Fei for a while, eyes, with a touch of examination.

One of them, a man with long hair about twenty-four or twenty-five years old, did not hide his disdain. He looked at Chen Fei with a cold hum, then shook his head, looking disappointed.

The other man, with his inch head, didn't have such obvious action, but his eyes were fierce and arrogant, as if everyone was not in his eyes.

Chapter 1107

They didn't have a good face for Chen Fei, but the last woman, who was smiling at Chen Fei, shook her curvy and graceful figure, waved to Chen Fei and said hello.

Chen Fei looks at three people, the vision twinkled for a while, then the face takes to doubt of see to Su mo.

Su Mo quickly in Chen Fei's ear, whispered up: "brother-in-law, that long hair man, called Su Hao. It's my cousin, the son of my aunt Su Yunlan. "

"Talk business with the Li family, the richest man. Ha ha, do you think I will believe it?" Su Mo did not give Su Hao any face.

Now he was directly poked by Su Mo Mo, which made Su Hao look very ugly. He blushed, forced to explain: "who said I have no job, who said I eat, drink and play, this time I come out, is with the family business, to Xiangjiang and the richest man Li's business."

He is indeed a dandy. In the Su family, he has no right of inheritance anyway. In addition, Su Yunlan's doting from childhood developed this temperament. But usually in Su's home, or even in Nan'an City, no one dares to say that about him.

This words say very heavy, let Su Hao's facial expression ugliness rise.

But without waiting for him to finish, Su Mo said again, "what's wrong with me? Feige's car, no matter how much it costs. It's all his own money. How about you? It's been two or three years since I graduated from university. If I have no job, I'll depend on my aunt to give me money to eat, drink and play. What's the difference with parasites. What do you have to say about Feige? "

"Mo Mo, how can you --" Su Hao looked a little ugly.

Su Mo Mo is not polite to his cousin. He says, "if you don't want to sit, go down and take a taxi."

If he had not been born in such a big family as the Su family, and his character was outside, he would have been killed long ago.

Smell speech, Chen Fei can't help but a burst of frown, secret way this Su Hao, completely is nothing to hide the dandy.

"Not to mention lengthening Lincoln, at least a million level Mercedes Benz GLS. This is really - tut tut - "Su Hao looks disdainful.

"Mo Mo, I listen to my mother. You, my friend, came up with tens of millions of checks. As a result, hundreds of thousands of cars will come to pick us up? "

Several people get on the bus one after another, but it's su Hao's turn. This guy started a problem again, looked at Chen Fei's car with disdain, sneered and said: "this car, Infiniti. It's out of class! "

Su Mo immediately said, "OK, let's get on the bus."

But Liu Yue, standing aside, didn't come forward to say hello.

"Me too. I've heard a lot about Miss Yao." Chen Fei said a casual greeting.

Looking at the smiling and enthusiastic Yao Xia. Instead of feeling happy, Chen Fei narrowed his eyes and felt a touch of danger. This woman seems to be easy to get along with, but in fact, she is much more difficult to deal with than Su Hao's lengtouqing who writes everything on her face.

With that, Yao Xia looked at Chen Fei with a smile and said, "is this Mr. Chen in Mo Mo's mouth? I've heard so much about you

But at this time, Yao Xia said with a smile: "Hao Shao, don't care so much. It's all in the modern society, not so much. Besides, Mo Mo has his own sense of propriety. "

Su Hao's face sank when he heard the speech, and he still wanted to speak.

Smell speech, Su Mo immediately want to fry pot, stare at Su Hao, displeased way: "Su Hao, my business, don't need you to manage, you manage yourself enough."

Su Hao, with long hair, saw that Chen Fei and Su Mo had such a close relationship. He could not help but look cold and said in an unhappy voice: "Mo Mo, as a cousin, I have to remind you. You are engaged to young master Yao Haiyao now. You should pay attention to it at ordinary times. "

And at this time, the opposite three people also came.

Su Mo nodded, and her face improved a little.

Chen Fei patted Su Mo on the shoulder and said with a smile, "it's OK. We play our own games well. We don't have to worry about them."

"Originally, I was going to come here alone this time. But when the

family got the news, Su Hao decided to pull them together, and I couldn't help it. " Su Mo murmured.

Su Mo Xiu eyebrow light Cu, way: "is that Yao family.". Yao Xia is Yao Hai's cousin. "

Suddenly, Chen Fei asked, "is that Yao Hai's Yao family?"

"Yao family!" Hearing this, Chen Fei remembers that Su Mo's aunt Su Yunlan came to longan city to find her in order to get Su Mo engaged to Yao Hai, the son of the Yao family.

At this time, Su Mo Mo also introduced, "her name is Yao Xia. She is from another Yao family in Nan'an City."

Of course, these are of little significance to Chen Fei. After looking at Liu Yue for a few minutes, Chen Fei turned his eyes to the last charming woman who was about twenty-six or twenty-seven years old.

Liu Yue's surname is Liu. Maybe he is the son of Liu Guanghai.

Moreover, Chen Fei vaguely remembers that when he was in longan City, he fought against Xu Gang and Xu Shao who invaded longan city. At that time, Xu Gang called out Liu Guanghai, director of Ling long organization in Nan'an City, to suppress himself. As a result, he was directly beaten in the face as a special instructor. After all, the elite of Linglong organization in Annan City, such as captain Qi Beifeng, were selected to participate in the training exercise. This guy didn't make it. I'm afraid that's the strength.

"What dragon, spirit dragon? Nanan Linglong team member Hearing this, Chen Fei couldn't help looking at Liu Yue. If he was really a member of the Ling long organization in Nan'an City, I'm afraid he wasn't too strong.

Su Mo looked at the man with a serious face and said, "this poker face is called Liu Yue. It's a warrior. It's said that he is a member of an organization called Dragon. His father is the director."

Mention this, Chen Fei is to think of that time in Long'an City, Su Mo's aunt Su Yunlan came to see her, Su Mo Mo pulled himself disguised as a boyfriend.

It was Yao Xia, who made a sound at the moment and helped Su Hao make a comeback, "Mo Mo, if Hao Shao, it's really true. This time, haoshao and the Li family, as well as the Smith consortium of the United States, also participated in the business of our Yao family. When I come to Xiangjiang, I have to be responsible for these things."
"

Yao Xia is only 26 years old. She has been in charge of the Yao family for a long time. She controls three companies in her own hands and is responsible for more than one billion yuan of business every year. It's really a business elite, not a dandy like Su Hao.

Since Yao Xia opened her mouth to give Su Hao face, Su Mo didn't want to go on. She snorted and said nothing.

Chapter 1108

He patted Su Mo's eyes to comfort him.

Then, Chen Fei asked aloud, "ladies and gentlemen, do you want to have a rest in a hotel or have a meal in a hotel?"

Su Mo looked back and asked.

The waiter came quickly and respectfully, "Sir, what can I do for you?"

He put down the tableware, frowned and waved, "waiter, come here!"

But just when everyone was eating happily, Su Hao pretended to be forced again.

Even Su Mo Mo and Yao Xia, who had eaten a lot of high-end restaurants in Shanshan, nodded at this time.

When people eat, they have to say that the taste of Michelin two star restaurant is really good.

Chen Fei ignored him, just a faint smile, and then called everyone to eat.

"The price is up, but I don't know how it tastes! After all, some seemingly high-end places don't taste as good as street stalls. " Su Hao didn't take advantage of the money. Now he just talks about the price.

Fortunately, at this time, the waiter came. This just let Su Hao have the opportunity to ease the embarrassment, quickly changed the topic and said: "when the food comes, you'd better eat it first."

"I -" Su Hao was too embarrassed to speak.

When Su Hao was embarrassed, Su Mo did not forget to add fuel to the fire and said: "cousin, I remember that my grandfather told aunt Yunlan last time that he wanted to reduce your allowance, up to 300000 a month. This restaurant needs 10 million yuan to reserve. Have you saved enough money, cousin? "

Even if he is the second generation of the Su family, even if Su Yunlan dotes on him, it is unlikely to give him 10 million yuan for a meal.

"Ten million, this --" Su Hao's face turned red and he couldn't speak.

With that, Chen Fei looks at Su Hao.

"I heard that Li Fuhua, the richest man, was the last one to take care of this restaurant two years ago. At that time, I came to the private market temporarily, and it didn't cost much, about 10 million. "

Chen Fei smelled the speech and laughed again. He took a glass of water and took a sip. He said faintly, "it's OK to wrap up this

restaurant."

However, Su Hao, who was embarrassed at the moment, obviously didn't notice anything else. He was angry and continued to say: "I can't open the private room. That's a big deal. I'll just wrap up the restaurant. Isn't it just about money? I, Su Hao, have never worried about money? "

Thinking of this, Yao Xia couldn't help but smile at Chen Fei and said, "well, it's thanks to Mr. Chen that we can eat here."

And now, Chen Fei can directly bring them to arrange the location, does not mean that Chen Fei's status is not general, and can eat directly in this kind of restaurant where stars need to make an appointment.

Chen Fei this words is very indifferent, but the words export, but let Yao Xia eyes slightly bright. It takes three months to make an appointment for this kind of restaurant. And their party came to Xiangjiang, just a week ago, a temporary decision. It is obviously impossible for Chen Fei to make an appointment to the restaurant in advance.

When Chen Fei heard the speech, he laughed again and said in a voice: "the usual appointment of this restaurant is three months later. Many famous stars and entrepreneurs of Xiangjiang come here for dinner. So if you want to open a private room, I'm afraid it's not very realistic. "

So Su Hao blushed and continued to force: "if there is no private room, it's not a matter of money. I can't give them enough money, and there are private rooms that can't be opened."

This words a, immediately let Su Hao face a heavy, expression some ugly. Is this not to say that he has too little knowledge to accept for a moment.

Chen Fei looked at Su Hao and said with a faint smile, "Hao Shao may seldom come to Xiangjiang. He doesn't know that there is no private room in this Michelin restaurant."

Su Mo smelled the speech, and his cheek was so angry that he was one of the drums.

"After all, we're not short of that. What we want is the best enjoyment. "

While waiting for the dish to be served, Su Hao couldn't sit still any more. He glanced around. Listening to the not so noisy comments in the restaurant, he frowned and said, "Michelin two stars, it's OK. But the environment is a little bad. There are no private rooms. It's really - if some people want money, just ask for it, and we'll pay for it ourselves. "

Then, several people began to order.

"Yes, Mr. Chen, this way, please." The waiter took Chen Fei five people to a round table on the left side of the hall and sat down.

Five people came to the restaurant, Chen Fei waved to the waiter, said: "five people, give us a place."

Chen Fei laughed and said, "don't get excited. You'll have to watch the drama later. Let's go in. "

"Brother in law, do you want to --" Su Mo's eyes lit up, a little excited.

"Isn't it showing off wealth? This is the most unskilled job. Since your cousin likes to show off his wealth, I'll show him what he wants. " Chen Fei said with a smile.

Chen Fei's eyes twinkled and said, "it's OK. I didn't pay attention to this little thing. Besides, Mo Mo, don't you know if I need money from your brother-in-law? ""But, brother-in-law, my cousin, he --" Su Mo felt a little wronged for Chen Fei, but also full of apology.

Su Mo smell speech, angry pretty face a sink, Chen Fei quickly once again hold her, "Mo Mo, it's OK."

Su Hao looked up at the restaurant, glanced at Chen Fei again, and said in a strange voice: "ouch, Michelin is not bad. Some people are not fat people. "

In this way, all the way to the door of a Michelin two star restaurant, will stop the car, people get off.

But in the words, there is still a sense of pride and condescending attitude.

Su Mo Mo and Su Hao don't deal with each other. Liu Yue is speechless all the way and looks like no one is looking at him. Only Yao Xia, constantly laughing to make it.

Then the car went on. In the car, the atmosphere was a little dull and tense.

Chen Fei shook her head.

Su Mo smell speech, pretty face gas drum up, will be angry again.

At this time, Su Hao did not forget to show off: "we are in first class. It's very convenient for us to have a rest. Of course, it's normal for some people who drive hundreds of thousands of cheap cars not to understand. "

Su Mo nodded and wanted to turn his head.

Yao Xia laughed and said, "Nan'an is very close to Xiangjiang. We haven't been flying for long. We're not too tired. Let's go to dinner first."

Su Hao frowned and said, "how do you make this steak? Michelin two star restaurant, is that the grade

"Well, sir, if you are not satisfied with the taste of the food. We can redo it for you. " Said the waiter.

Su Hao waved his hand and said, "redo? Is this something that can

be solved by redoing? Let your chef come here, I'd like to see how this kind of cooking guy has a foothold in Michelin II. "

Chapter 1109

"This -" the waiter was a little embarrassed.

"Not yet, shall I do it myself?" Su Hao yelled.

The waiter had no choice but to turn around and call someone.

Then, Chen Fei took the initiative to get on the car.

So he nodded and said, "if you want to compete, you can! Let's go

However, now that he has beaten his face to such an extent, Chen Fei doesn't mind showing his hand again. Let Liu Yue know what a real warrior is.

This Liu Yue, also is the yellow class peak strength, compares oneself before two days training's many elite spirit dragon team member to be inferior. This kind of goods, but also a confident look to challenge themselves. Chen Fei feels a little speechless.

Chen Fei looks at Liu Yue, the corners of his mouth curl, feeling a burst of speechless ridiculous.

Liu Yue looked at Chen Fei with a defiant look, with a confident smile at the corner of his mouth, and said, "why, don't you dare? Then kneel down and admit your mistake and tell Mo Mo your lie! In that case, I can spare your life. "

When Su Mo heard the words, he could not help but feel angry and his cheeks were bulging.

Yao Xia also said with a smile: "since Hao Shao and Yue Shao are interested, then I want to have a look."

Thinking of this, Su Hao said with a smile: "martial arts competition, I'm quite interested."

Su Hao turned his eyes and muttered in his heart, "Chen Fei, this guy, makes me lose face. Now, just let Liu Yue teach him a good lesson, which can be regarded as giving me face back. "

Su Hao and Yao Xia, who were going to return to the hotel, changed their faces.

With that, Liu Yue stares at Chen Fei with burning eyes.

"I told you it's impossible, but you don't believe it. And now, I'm going to prove to you that he is a liar. The so-called defeat of prefecture level experts is a complete lie. "

Liu Yue looked at Su Mo and said, "Mo Mo, didn't you always say in front of me that you are a strong friend, and you can even defeat the prefecture level experts?"

Su Mo couldn't help getting angry. He glared at Liu Yue and said angrily, "Liu Yue, what do you mean?"

This kind of provocative words and posture made the scene tense.

Liu Yue glanced at the corner of his mouth, raised a confident and proud smile, raised his index finger to Chen Fei, shook in the air and said: "it's not a martial arts contest. Because I'm here to crush you and expose your lies. "

Needless to say, Chen Fei knows what's going on. He turned to look at Liu Yue and said faintly, "do you want to compete with me?"

Su Mo quickly explained to Chen Fei, "brother-in-law, Liu Yue is a warrior. In Nan'an City, he has always been the first martial artist of the younger generation. I saw some of them before, but I said in front of him, brother-in-law, you are very good at martial arts and

beat many experts. He may be a little unconvinced, so - "

seeing this, Chen Fei was a little surprised.

With that, Liu Yue looks at Chen Fei, eager to challenge.

But at this time, Liu Yue, who had not talked much, suddenly said, "I'm not busy going back to the hotel. I want to find a martial arts museum and have a good fight with Mr. Chen."

Yao Xia also nodded.

If before, Su Hao also wants to pretend to force Chen Fei to attack. As a result, now that I'm losing face, I don't have the heart to continue to be forced. I said in a cold voice: "I'm tired. Go back to the hotel and have a rest."

Su Mo took a look at Chen Fei and asked them in a voice: "now, do you want to go back to the hotel to have a rest?"

When he came to the door, Su Hao had already got into the car. He was so embarrassed that he didn't want to come out to see anyone.

Chen Fei nods and checks out.

Yao Xia also got up and said, "we've had enough, so let's go together. Thank you for your hospitality

Suddenly, Su Hao couldn't eat the meal. He got up and said, "I'm full. I'm gone."

He didn't expect that he was forced to hit the iron plate and was slapped in the face.

At the moment, Su Hao's face was red, and he wanted to find a way to get in.

All of a sudden, leaving Su Hao with a face full of embarrassment, as well as the laughter of theft around.

With that, the chef bowed to Chen Fei, then turned and left.

"mainland China, there are only two Michelin 3-star restaurants, one in Shanghai and one in magic capital. As for Nanan, I have never heard of a Michelin 3-star restaurant. If this gentleman has been cheated, I'd like to remind you not to be cheated again next time. "

The chef stood up straight at the moment, and said to Su Hao in a cold voice: "Sir, do you have any objection to my cooking skills? I know for myself. However, I would like to remind you of one thing - "

seeing this, Su Hao taught the chef: " see? Everyone has different opinions about your cooking skills! "

As a result, as soon as he said this, not only a few people at this table, but also other customers at the table looked this way.

When he said this, Su Hao also deliberately looked at Chen Fei, meaning that Chen Fei's hospitality was too low."Or has the whole catering industry in Xiangjiang fallen to such a state? Ah, "Su Hao's feeling," I wouldn't say anything else. When I was eating at Michelin 3-star restaurant in Nanan, cooking was not something you could compare with, but it was really too bad. Such a shop is too bad. Next time, I won't come. "

"No, you cook. No matter what I tell you, that's all Su Hao shook his head, a very disappointed tone, "I really don't know how you become the chef of Michelin two star restaurant."

The chef felt a little cold when he heard this, but he still held back his anger and said, "Sir, if my steak is not to your taste. You can ask, and I'll cook as you tell me. "

"Cook yourself!" Su Hao snorted coldly and said, "this is the result of your cooking. Look for yourself. Can I have this steak? "

The chef nodded and said, "I'm the chef here. I heard it was Mr. Chen's guest, so I cooked the steak myself for some of you. "

Su Hao looked at the middle-aged chef and said, "are you the chef of the restaurant? You made our steak just now? "

Then, not long after, a middle-aged chef with a chef's hat came up and said, "Sir, what can I do for you?"

Liu Yue saw this, slightly surprised, but still smile on the corner of the mouth of the car.

Chen Fei drove to the nearby wudaoguan of flame gate and borrowed the site of flame gate.

When Wan Heng, the leader of flame gate, sees Chen Fei coming, he respectfully greets him. He takes Chen Fei to his special training ground, arranges everything, and serves him respectfully.

Chapter 1110

In the eyes of Su Hao, Yao Xia and Liu Yue, they were slightly surprised by this situation.

Yao Xia took a look at Chen Fei and said in a joking tone, "Mr. Chen is doing well in Xiangjiang! Just now I took us to eat in the Michelin two star restaurant, and now I can arrange a place in the martial arts hall

Chen Fei light way: "it's just a small matter, not worth mentioning."

Such a scene, see full of excitement of Su Hao and Yao Xia, can't help but be stunned, some dull looking at two people, a time is not know what to say.

Just when Liu Yue exclaimed, Chen Fei blocked Liu Yue's right hand on his calf, grabbed Liu Yue's ankles, and then swung Liu Yue up with a little force. After a few circles in the air, he flew out and landed heavily on the ground. Liu Yue showed his teeth in pain.

The strength of the rebound, with a strong pain, made Liu Yue show his teeth for a while, and his face was full of incredible color, "how

can it be, he -"

but just when Liu Yue was very confident, Chen Fei's right hand blocked him. Then, Liu Yue felt that he had kicked his leg against a wall, a very hard and heavy wall made of reinforced concrete.

Leg with the wind, throw over, momentum.

"Hoo Hoo

"Block my leg with my arm and look for dead things!" Liu Yue sees this, the corner of the mouth peeps out a self-confident sneer, "your arm, prepare to break."

Just when Liu Yue's attack was about to hit Chen Fei, Chen Fei put his right hand down and blocked Liu Yue's leg.

But there's no need for Su Mo to worry.

In addition, Liu Yue has been boasting that he is the first person of the younger generation in Nan'an City. This makes Su Mo unable to judge Liu Yue's strength.

It is Su Mo Mo, a little nervous at the moment. After all, Chen Wu is very good at beating her. But she didn't know much about the strength of the warrior.

Su Hao and Yao Xia looked at the scene with excited color, clenched their hands, almost couldn't help jumping up to celebrate.

"Pick me up!" Liu Yueli drank, and the offensive came.

With a big drink, Liu Yue's sweeping legs roared to the hall. The speed was even stronger than just now, and the momentum was very strong.

"Originally, I was going to save some strength. But now, you have angered me. I want to show you the strength of a real warrior. "

In an instant, his expression became cold and he glared at Chen Fei. He said in a cold voice, "what do you mean? Look down on me? "

Chen Fei shakes his head and sighs. In Liu Yue's eyes, he becomes a mockery of himself.

Thinking of this, Chen Fei sighed, shook his head and whispered to himself: "next time I go to the training base, I'll give it to the Linglong people. Let Nan'an City have the inspection personnel cleaned up. Otherwise, if all kinds of goods are mixed in, it will really damage the prestige of Linglong. "

Such goods, even selected the Nanan City Linglong organization. It seems that he may have relied on his father as the director.

But this arrogance and arrogance is ridiculous. Moreover, the foundation is not reliable at all. And when attacking, he talked with other people and didn't notice the opponent's movement. This kind of fighting experience is too immature.

Seeing this, Chen Fei shook his head gently. This Liu Yue, can enter the spirit dragon organization, also has a yellow class peak strength, originally was good.

Liu Yue also takes back his eyes at this time. His eyes turn back to Chen Fei again. His sweeping legs come to him, and Chen Fei's waist is rarely seen.

"Yes, yes! They're rubbish. You're a warrior. Liu Yue, hurry up and teach some bravado a lesson. " Liu Yuechu shouts, and then looks at Chen Fei.

Liu Yue smelled the speech, looked at Su Hao and said, "don't compare me with those airs in Taekwondo Hall. I'm a real warrior. In my eyes, they are just a pile of rubbish."

Su Hao also said with a smile: "the wind, whistling. It's much more

powerful than the instructors I saw in the Taekwondo Hall. "

"It's worthy of yueshao, and his strength is really extraordinary. It's a great leg. " Yao Xia said with a smile.

When Yao Xia and Su Hao saw this, they couldn't help but brighten their eyes and look a little excited.

This leg speed is good, with the whir of the wind, momentum is not vulgar.

"Let me attack first! You, arrogance is enough, just don't know your strength enough? " Seeing this, Liu Yue hums coldly and attacks Chen Fei.

With that, Chen Fei stood in the same place and waved to Liu Yue to attack him.

Chen Fei waved his hand and said, "nothing. Don't you want to compete with me? Then let's start! "

"What are you laughing at?" Seeing Chen Fei shake his head and smile, Liu Yue's expression is cold and displeased.

Chen Fei appreciates this guy's love and admiration for martial arts. But on the other hand, this guy's vision is too small, and he is too proud. This feeling of being a frog in the well makes Chen Fei feel funny. Chen Fei looks at Liu Yue and feels speechless.

Liu Yue sneered, "don't think you flatter me. I'll be merciful later. I've never been able to keep my hands on those who are not worthy of the name. "

Chen Fei smell speech, faint smile, "you this viewpoint, I still agree with.". Indeed, compared with their own strength, other things are just subsidiary. "

"So it's useless for you to show off these things in front of me. Because I only fear those who are strong in martial arts. " Liu Yue's face was full of pride.

"My strength is strong enough. Other money, power and status are all things that come at a beckon. They are not worth mentioning."

Liu Yue's eyes narrowed slightly and looked at Chen Fei. With a cold hum, he disdained to say: "money, status, in my eyes, are just accessories. A person's real strength is only reflected in himself. "

Su Mo Mo stares at his cousin and doesn't say much.

Su Hao's face was a little gloomy in an instant. He muttered: "isn't it just a restaurant and a martial arts hall? These days, if you have money, you can arrange it. It's nothing

This appearance, in the eyes of Su Hao and Liu Yue, became a deliberate show off.

"This, how can --"

"Yue Shao is defeated, won't it --"

Liu Yue got up from the ground, his face was very gloomy, his eyes glared at Chen Fei fiercely, gritted his teeth and said: "that was my careless move just now, come again. I don't believe it. I'm not your opponent. I'm Liu Yue, but I'm a young generation warrior in Nan'an City. I won't lose - "

"
