

Chapter 1901

"Four months ago!" Fade suddenly thought of something. It was not long after he left Capital City. It seemed that without his control, Sawyer had become very daring!

Thinking of this, his expression became serious.

Meanwhile, the surrounding stall owners also looked at him in a strange way.

They were surprised by his skills which knocked down Wilson in just one move. However, at the same time, they were also worried about him. After all, when Sawyer brought more people here, Fade might be in danger.

Therefore, someone advised him to leave immediately.

However, Fade did not pay attention to them at all. Instead, he helped the old man and the girl from the fruit stall stand up, and he treated them on the spot.

About seven or eight minutes later, there was a screeching brake of a car. A luxurious car stopped at the entrance of the street, and the door opened. A tall, middle-aged man in his forties walked quickly towards them with an anxious look on his face.

There were also a few men following that man too. They also quickly caught up with him.

Seeing the person who came, Wilson, who was lying on the ground, suddenly became excited. "Uncle, you are here, you are finally here. I was..."

11:38

"Shut up!" Sawyer glared at him and shouted. Then, he walked quickly to Fade, bowed, and said respectfully, "Mr. Chen, I'm here."

Fade, who was treating the old man, shouted in a cold tone and completely ignored him, "You wait!"

Sawyer immediately stood still and did not dare to make any extra moves.

Among the few men who followed him, a young man in his twenties frowned slightly and said to him, "Mr. Xu, why are you so respectful? Isn't he just a young boy? We can directly..."

"Rendall, don't talk nonsense. This is Fade Chen, Mr. Chen, a famous young Martial Arts Master," Sawyer said to him.

"He's Fade, the young Martial Arts Master?" Rendall did not seem to believe it.

However, Sawyer responded with a serious face, "Rendall, I'll solve the problem later. Don't simply say anything. I'll handle it."

When Rendall heard this, he frowned slightly and his expression was a little dissatisfied. However, when he thought that this was his master's instructions, he still nodded and said, "I understand!"

After about three minutes, Fade had finished treating the old man.

Then, he turned his head and looked over. His gaze fell on Sawyer and he said blandly, "You're here?"

"Yes, yes! Mr. Chen, I'm here. What can I do for you?" Sawyer was very respectful to him.

Fade pointed at Wilson and said, "Explain what he had done!"

Sawyer looked at his nephew, exchanged glances with him, and then looked at the old man and the child. He immediately understood what was going on.

11:38 

There was a layer of sweat appearing on his forehead. He then quickly explained to Fade, "Mr. Chen, this is my nephew. I have not taught him well enough. It is my fault to allow him to do such a thing. I will teach him a lesson later."

"Of course, the loss of the fruit stall will be fully compensated by the Sawyer Gang!"

"Send one hundred thousand yuan to this old man!" Sawyer ordered.

One of his men immediately took out a stack of money and gave it to the old man.

The old man was obviously frightened and did not dare to accept the money. He said, "I-I-I don't want it. I don't need it. I'm fine..."

However, Fade said, "Sir, you deserve it. Just take it!"

Only then did the old man receive the money tremblingly.

Seeing this, Sawyer's face relaxed a little, and he said respectfully to Fade, "Mr. Chen, Wilson's issue has been dealt with. Do you have anything else to order?"

Hearing this, Fade narrowed his eyes and looked at him. "You can't wait to leave? It seems that you are not afraid of me anymore!"

Upon hearing his words, Sawyer's expression changed drastically. He quickly said, "Mr. Chen, I didn't mean that! I absolutely wouldn't dare!"

"It's good that you wouldn't dare!" Fade gave a heavy snort, then pointed to the stalls around and said in a cold voice, "What's with the collection of protection fees in this area?"

"This, this..." Sawyer's face froze. A few seconds later, he opened his mouth and explained, "Mr. Chen, this is a

11:38

misunderstanding. During this half-year, I've handed it over to my subordinates to manage this place. I didn't expect that they would disobey my orders and charge protection fees for everyone. I didn't know about this."

"You didn't know?" Fade snorted and looked at him.

Sawyer's face was covered in a cold sweat, but he still gritted his teeth and said certainly, "Mr. Chen, I really didn't know."

Then, he said, "I will immediately cancel the action of charging protection fees and return the collected protection fees to them and punish all of my subordinates."

Fade looked at him and then glanced at Rendall beside him. There were some changes in his eyes. After a few seconds of silence, he said, "Okay, you can go!"

"Yes, thank you, Mr. Chen. Thank you!" Sawyer felt much relieved and he quickly left with Wilson, Rendall, and the others.

Looking at the car leaving, Lily looked at Fade and said, "Sawyer came to visit the company almost three to four times every month, and he was so enthusiastic. However, in the past half-year, he came to the company less often. There are even people from the Sawyer Gang who have accidentally hurt the employees of our company."

"Are you really going to let them go just like that?" She asked him.

He snorted and replied, "It's not that simple."

"Sister Lily, you go back to the company first. I'm heading out!"

Lily knew what he was going to do, so she nodded and said, "Okay! Be careful."

"Don't worry, a group of ants won't be able to harm me," Fade said, and then followed in the direction that Sawyer left.

11:38 

Meanwhile, Wilson, who was lying in the back seat of the car, was still howling in pain. At the same time, he complained, "Uncle, are you going to just let that guy go like this? He broke my arm and made us lose a lot of money. This..."

"Shut up!" Sawyer shouted with a serious look on his face. "Do you know who he is? How dare you go against him! Do you want to get me killed?"

"Isn't he just a young Martial Arts Master? Is he really as powerful as the rumors said?" Wilson was a little unconvinced.

Then, he looked at Rendall, who was sitting in the passenger seat, and said with a flattering expression, "Besides, even if Fade is powerful, don't we have Rendall and Master Sun? Aren't they a match for Fade?"

"Is he just a master? Do you understand what a Martial Arts Master at the Heaven Level means?" Sawyer shouted angrily.

"He is in the Heaven Level? It doesn't seem like it! He's still so young, so how could he be..." Wilson still couldn't believe it.

Chapter 1902

Sawyer wanted to say something, but at this moment, Rendall snorted coldly. "It's not so easy to reach the so-called master level. After all, a young Martial Arts Master is just a title."

"What's more, if he is a real Martial Arts Master of the Heaven Level, how could he have the energy to care about such small matters? It's unbelievable."

"Rendall, Fade really shouldn't be underestimated," Sawyer warned.

Rendall didn't take it seriously and said, "Mr. Xu, you are thinking too much. My master and I support you, and don't want to see you being so timid and unconfident!"

"This..." Sawyer wanted to explain but found himself at a loss for words. He could only shut his mouth and remain silent.

Not long after, the car arrived at the headquarters of the Sawyer Gang, in the courtyard of a four-story building.

The car stopped in the courtyard, and Sawyer ordered his men to take Wilson to receive medical treatment. Then, he went to the living room with Rendall.

In the living room, there was a middle-aged man in his forties or fifties who was dressed in a suit. From his bulging muscles, it could be seen that he was a martial artist with good strength.

"Master Sun, I'm back!" Sawyer was very respectful to this man.

11:38 

The man, Marshall Sun, nodded and asked, "What happened to you that you had to go out so hurriedly?"

"This..." Sawyer didn't know what to say for a moment.

On the other side, Rendall opened his mouth and said, "Master, we encountered some trouble. A guy named Fade beat up Wilson. He even taught Mr. Xu a lesson, and ordered us to stop collecting the protection fees for that area."

"Mr. Xu, what's going on?" Marshall asked, his face turning serious.

Sawyer quickly explained, "Master Sun, it's the young Martial Arts Master, Fade Chen. He's very strong and we're no match for him. We couldn't fight him, so we had to..."

"Young Martial Arts Master; is he the one who was very popular recently on the news?" Marshall asked.

Sawyer nodded. "Yes, that's him."

"Master, don't be fooled by him. I've seen that guy. He's just a young boy in his early twenties. He looks ordinary and doesn't look like a Martial Arts Master at all," Rendall scoffed.

"Mr. Sun, he's really Fade. Two years ago, I..." Sawyer wanted to explain.

However, Marshall waved his hand and said, "Whether it's true or not, our plans cannot be affected. Now, the protection fees collection has been stopped, and there's no other way to get money. That means that our cultivation cannot continue, and we won't be able to become stronger."

"Mr. Xu, is this what you want to see? Or do you just want to be a mere punk on the street?"

"This. Of course, not. It's just that I'm worried that Fade..." Sawyer hesitated.

11:38

Without waiting for him to finish, Marshall waved his hand and said, "Don't worry, our plan must go on."

"As for the young master whom you mentioned, I don't even know if he's a real or fake one. It's better if he doesn't come and cause more trouble. If he dares to come, I'm not someone easy to deal with either."

Upon hearing this, Sawyer gained a little confidence. He cupped his hands before his chest and said, "I will obey Master Sun's instructions."

"You can leave now. You have to hurry on with the protection fees. The clans have recently entered society, and all types of martial arts cultivation resources have risen in price. If we don't have money, we won't be able to do anything, understand?" Marshall asked.

"I understand!" Sawyer nodded and turned around to leave.

However, at this moment, a cold voice came from the side, "Sawyer, no wonder you dared to do those things. You really found a supporter!"

Hearing the voice, Sawyer was startled. When he saw Fade appearing in the hall with his hands clasped behind his back, his expression suddenly changed and he was shocked. "Mr... Mr. Chen, why... Why are you here?"

"If I didn't come, how would I know that you are actually so ambitious?" Fade asked coldly.

"Mr. Chen, I-I didn't do it on purpose. I just wanted to become stronger. I..." Sawyer tried his best to explain.

Fade rebutted in a cold tone, "It's not wrong that you want to be strong, but you can't become stronger by robbing the innocent. This is bullying the weak."

11:38

"I... I..." Sawyer was speechless and his face instantly turned pale.

Then, Rendall and Marshall turned to look at Fade.

"Are you Fade Chen?" Marshall asked in a deep voice.

Rendall snorted and said, "Brat, how dare you follow us here?"

Fade also looked at them at this moment and said coldly, "Are you Sawyer's supporters?"

"Brat, there is no hatred between us. There is no need to start this!" Fade was able to appear silently in the hall without anyone knowing. Marshall could notice that this Fade was definitely not someone ordinary. Hence, he was also not as aggressive as he was before.

However, upon hearing this, Fade snorted and said, "I'll just kill trash like you who bully the weak. You're not qualified to be my enemy."

"You..." Marshall was furious. He slammed his palm on the armrest of the chair and glared at him. "Young man, do you really want to start this fight? This will do no good to anyone!"

Fade did not respond, but his positive energy surge and his killing intent were terrifying.

When Rendall saw this, he snorted and rushed towards Fade. He launched an attack and shouted, "B*stard, you're looking for trouble!"

In the face of Rendall's attack, Fade didn't even look at him. He casually waved his hand and shot a stream of energy.

"Swoosh!" The stream of energy broke through the air and penetrated through Rendall's positive energy. Then, it continued to

11:38 

move forward and pierced through his chest.

Instantly, Rendall's eyes widened, and he stopped moving. He fell to the ground and he was instantly dead.

Such a scene made Sawyer tremble with fear. Marshall, who was sitting in his seat, became furious and his face sank. "You... You killed my disciple. How dare you..."

"Don't worry, it's your turn now," Fade said calmly and looked at him.

"Br*t, you are too arrogant." Marshall was furious and stood up. He attacked Fade suddenly following a shout.

His attack was much stronger than his disciple's, but still, it was not worth mentioning to Fade.

He gently waved his hand, and a stream of energy burst out of the air. It was sharp and aggressive, breaking Marshall's energy and piercing right through between his eyebrows.

The last expression of Marshall, who was initially furious, became extremely shocked. He stared at Fade and mumbled, "You, really are... Fade... Chen!"

Then, he fell to the ground, dead.

After settling the scores with the two of them, Fade looked away and fixed his eyes on Sawyer.

Sawyer was so frightened that he was trembling all over. He was bowing and begging for mercy. "Mr. Chen, I'm sorry. Please spare my life. I know I'm wrong. I..."

Fade looked at him with a cold expression on his face and said, "Tell me, what's going on?" 

Chapter 1903

Sawyer didn't dare to keep it a secret, so he told him the whole story immediately.

After listening to him, Fade's expression changed slightly and his gaze became deep as he thought about what had happened.

In fact, it was very simple. After he left Capital City, not long after news of the joining of the clans into society started to spread out, everyone began to make their moves. Those who had the qualifications began to pursue martial arts, or enter a clan to learn martial arts, or hired martial artists to protect themselves.

However, it would be very difficult for those without any qualifications.

Sawyer was one of these people. Previously, he was in charge of the Sawyer Gang with a bunch of subordinates. Although he couldn't go too far because of Fade's restraint, he was doing well and quite prestigious.

However, following the clans joining the society and the rising of martial artists, there was an increase in the number of capable people in Capital City. From time to time, there would be news of some ordinary people becoming great all of a sudden after joining a certain clan as a martial artist.

All these had made Sawyer inevitably anxious, and he also wanted to become stronger too.

However, he was too old and his martial arts talents were only ordinary. He would not excel if he took up martial arts. Therefore, he could only find a way to seek connections with those martial arts clans.

11:38 

However, an ordinary punk like him was not on par with those martial artists in the Earth Level or Black Level clans. Even the lowest-ranked clans did not look at him.

Feeling disappointed and helpless, Sawyer then happened to run into Marshall and his disciple.

Marshall had learned martial arts in a small clan in his early years. Later, he left the clan and became a self-learner. His strength was just average and at the middle stage of the Black Level.

However, for Sawyer, he was already considered a martial artist who was precious.

He wanted to be connected with a martial artist and receive his protection. Marshall also needed someone to provide him with money and resources to help him cultivate.

As a result, both of them had a deal to cooperate with each other.

Due to the huge expenditures of a martial artist's cultivation, Sawyer's savings were soon depleted by Marshall. In order to provide for his cultivation, he then looked for ways to make more money. Hence, he had an idea to do something he was already familiar with. In addition, Fade had already left the city, so there was no one to threaten and control him.

Therefore, he started to do the old business of collecting protection fees again, which then led to the scene that Fade saw that day.

After listening to the whole story, Fade looked at Sawyer coldly and raised his right hand.

Upon seeing this, Sawyer's face turned pale with fright. He kowtowed to Fade and begged for mercy. "Mr. Chen, it's my fault. I won't do this again. Please, spare my life. Please, give me another chance. I beg you."

11:38

Fade shook his head lightly and said, "It's not wrong for you to want to become stronger, but it's your fault for hurting the innocent. I can't forgive you for this."

"No, Mr. Chen. No..." Sawyer yelled. When he saw Fade's right hand fall, he turned around and tried to escape.

However, obviously, since Fade had already made his move, Sawyer couldn't escape.

"Boom!" Before he could even scream, Sawyer had already turned into minced meat.

Then, with a flash, Fade disappeared from the room.

.....

He rested in the company for a day. The next day, Fade helped Lily with her work in the company, and at the same time, he learned about the current situation in Capital City.

In the evening, she got off work early, which surprised him a little. "Sister Lily, why are you off work so early today?"

She looked at him strangely and said, "Melanie is having a party today, don't you know?"

"What? Melanie is having a party? What party? I don't know!" He exclaimed.

She suddenly recalled something and said, "I almost forgot. Melanie informed me about this half a month ago. You haven't come yet, so she didn't inform you!"

"You still have time to get ready. Let's go to the party together," she urged him.

He asked curiously, "What party is that? Is it very important?"

11:38

Lily rolled her eyes at him and said, "It's a very important evening party. If Melanie knew that you were in Capital City but did not attend her party, you would be dead for sure."

"Alright, alright. Since it's so important, I'll go get ready then."

Then, Fade changed into a suit and dressed up. They then drove to Emerald Plum Jewels together.

In the car, he finally knew what party Melanie was going to hold that day.

It turned out that it was Melanie's birthday. She held a birthday party and not only did she invite her relatives and friends, but also many business partners and celebrities in Capital City. It was also a chance to promote her jewelry company and products.

After listening, he couldn't help but sigh. "Melanie really is a businesswoman! She didn't even let go of the opportunity to promote her company and products at her birthday party."

Lily rolled her eyes at him and said, "Do you dare to say that in front of Melanie later?"

He quickly waved his hand and said, "Sister Lily, I'm just saying. Please don't complain to her about this!"

.....

It didn't take long for the car to arrive at the five-star hotel Melanie had arranged.

When Fade arrived, many people had already gathered at the entrance of the hotel. There were seven or eight cars lining up. Almost all the men were dressed in suits and leather shoes, whereas the women were all dressed in gorgeous and exquisite dresses. Among them, there were some familiar faces, all of whom could be said to be either rich or noble.

The line up of the cars took quite some time, so Fade directly got out of the car and walked to the door of the hotel.

11:38

At the entrance, the VIPs were holding their invitation cards. After being confirmed by the security guards at the door, they then entered the hotel.

Fade wanted to go in first to give Melanie a surprise, but he stopped and waited for Sister Lily to come in together.

However, just as he stopped walking, he heard a harsh sneer next to him. "Oh, isn't this Mr. Chen, Fade Chen, who had disdain the ticket for the Martial Arts Conference?"

Hearing the voice, Fade turned around and saw Manric in a suit. His eyes narrowed, and then his eyes fell on Sylvia and her family who were standing beside him.

At this moment, Sylvia saw him too. Her face, which was originally gloomy, became excited. She rushed over and said, "Brother Chen, why are you here?"

However, before she did anything, she had been pulled back by her parents.

"You're still young. You can't just jump into a guy's arms. You must behave yourself."

"Have you forgotten what I told you yesterday? I told you not to be friends with these kinds of people. How can you still..."

"Dad, Mom! This is Brother Chen. He's my lifesaver. Why can't I just say hello to him?" Sylvia was dissatisfied and pouted.

Chapter 1904

However, Sylvia still stared at Fade with her big and watery eyes and said, "Brother Chen, are you also coming to Miss Yu's birthday party?"

Fade nodded and chuckled. "Yes!"

However, at this moment, Manric scoffed and said sarcastically, "Sylvia, don't be fooled by him. I just saw that this guy walked to the entrance and retreated because he found out that the party needed an invitation."

"If he's really here for a party, why doesn't he have an invitation card? Why would he retreat? This doesn't make sense at all."

"Thus, he was not invited to Miss Yu's birthday party at all. Perhaps, he wanted to sneak in and do some bad things."

"Manric, don't bullsh*t. Brother Chen is not that kind of person!" Sylvia exclaimed angrily.

Manric smirked as he looked at her and said, "Sylvia, I'm not joking. If you don't believe me, ask him to show us the invitation card!"

After he said that, everyone was looking at him.

Fade looked at her and explained with a smile, "I really don't have an invitation..."

"See, I told you. How could a guy like him be invited by Miss Yu? Sylvia, now you have seen through him. He is just a liar. Don't be fooled by him," Manric said excitedly.

11:38 

Meanwhile, Tony and Moanna were also looking at Fade vigilantly. They held their daughter's shoulders with both of their hands, as if they were worried that she would be abducted by him.

"Brother Chen, you..." Sylvia was also a bit surprised.

Fade smiled and said, "I don't have an invitation card, but who said that I can't go to Miss Yu's birthday party without an invitation?"

"Haha, you're still defending yourself. Do you know who Miss Yu is? Do you know the status of the guests invited to this birthday banquet? Do you know how many people want to get an invitation, but failed?" Manric asked several questions continuously. He looked at Fade with an arrogant and sarcastic look. "And now you're trying to say you want to go to the party without an invitation?"

Fade was about to explain but then a female voice sounded at this moment. "What's wrong?"

In the next moment, everyone saw a graceful and elegant lady coming over. Instantly, everyone's eyes fell on this woman, and there was even a discussion around her.

"That... That is Manager Lily Wei!"

"Manager Wei is the current leader of Fei Enterprises Holdings Inc in Capital City. She is a famous businesswoman!"

"She is not only a businesswoman, but also a beautiful woman. I heard that Manager Wei is still single. There were countless people pursuing her, including young and rich men from the noble families and even disciples in the clans. However, she had refused all of them."

"Manager Wei and Miss Yu are good friends. They are both famous businesswomen in Capital City. I'm so lucky to have the

11:38 

chance to see the two of them today."

.....

In the midst of people's exclamations, Lily walked over.

Sylvia's parents immediately stepped back and took the initiative to make way for her.

Although the Yi family was also a part of the business circle in Capital City, their small business was incomparable with the business managed by Miss Yu and Manager Wei which could value up to billions of yuan.

Therefore, they couldn't help but feel inferior in front of Lily.

Even for Manric who owned a larger scale company, the Montee Company, they were still not as good as Fei Enterprises Holdings Inc.

However, Manric was quite confident. He tidied up his collar, smiled, and took the initiative to greet Lily. "Hello, Manager Wei. I'm Manric from the Montee Company. Nice to..."

He thought that he was polite and well-mannered.

However, to his surprise, Lily didn't even look at him. She walked past him and stopped beside Fade.

"Manager Wei, I..." Manric stepped forward and wanted to say hello again.

However, what happened next stunned him and everyone around him.

That was because the pretty businesswoman walked over and put her arms around Fade's arm. She smiled and asked affectionately, "Fade, what happened?"

11:38

Fade glanced at Manric and the others and said in a soft tone, "Sister Lily, it's nothing. It's just that I don't have an invitation, so I waited for you to go in together."

"Ah the invitation card!" Lily patted her head and said to him apologetically, "I'm sorry for neglecting that. I forgot to give it to you."

"It's okay, just tell Melanie later. It's alright," he said.

Following that, two of them walked side by side towards the entrance.

Manric and the others behind them were still startled. They could not believe what they were seeing.

"He... Does he know Manager Wei? Why is he so close with her?" Manric asked in surprise.

"No wonder. No wonder he said that money is nothing to him. It turns out that he knows a powerful person like Manager Wei!" Sylvia's parents sighed with emotion.

Sylvia, who was standing at the side, pouted. She looked at Lily's body figure and then lowered her head to look at herself. She muttered, "Don't tell me all men like curvier ones?"

.....

Meanwhile, Lily and Fade had gone through the security guards' inspection and were about to enter the hotel.

However, at this moment, Manric thought of something and his face became serious. He shouted, "Wait a minute, he can't go in!"

With this shout, everyone's eyes were attracted to him and they all looked at him.

Manric took a breath, pointed at Fade while he looked around at the crowd, and then said in a loud voice, "The people who were

11:40

invited to the birthday party of Miss Yu today are all famous people in Capital City."

"But I don't even know where this Mr. Chen came from. I don't know his identity or purpose. I'm afraid it's not appropriate for him to participate in the party."

Upon hearing this, Lily frowned and said, "He's with me. Manric, are you suspecting me?"

He quickly waved his hand and said, "Manager Wei, of course I didn't mean that. You are very famous in Capital City, so I naturally won't suspect you, but I'm not familiar with the man standing beside you."

"Generally speaking, Manager Wei, you have the freedom to bring anyone you want to with you. However, on an occasion like today, you were not the only one invited. There are also many other honored guests here."

"If an unknown person was being let into the party, I feel that it is not responsible for everyone's safety. After all, it has not been peaceful in the past few months!"

As soon as he finished his words, many other businessmen's faces suddenly changed and they looked worried.

Indeed, as the martial arts clans entered society, the practice of martial arts was becoming stronger in society as there were more people practicing martial arts. However, it also brought some negative effects.

Fights between martial artists, and even them committing crimes had injured many businessmen in Capital City.

Hence, after hearing Manric's words, they all became worried and looked at Fade, alert.

Chapter 1905

Seeing that many businessmen were supporting him, Manric became even more confident. He looked at Fade, waved his hand, and said to the security guard, "Security, take him away. Otherwise, our safety can't be guaranteed at all."

The security guard hesitated and looked at Lily.

She snorted and looked at Manric. Then, she said in a cold voice, "Don't play tricks in front of me. Let me tell you, Melanie would not send Fade away even if she had to send all of you away. Fade will forever be her honorable guest."

"Manager Wei, your words are quite ridiculous! If you treated this unknown man as someone important, we would not interfere with that. However, you said that Miss Yu also values him very much, that makes no sense."

Lily did not pay attention to Manric at all. She took out her mobile phone, made a phone call, and said, "Melanie, I'm here. I'm at the entrance of the hotel. Fade is also here."

After saying that, she hung up the phone.

Hearing this, Manric's face changed slightly, but when he looked at many other invited guests around him who had the same thoughts as him, his face became more confident.

In less than a minute.

Melanie, who was wearing a gorgeous gown, rushed to the entrance of the hotel.

11:40 

At this moment, everyone's gaze fell on her and their eyes were full of amazement.

After all, her beauty was also very famous in Capital City. Although Melanie and Lily were both pretty businesswomen, there was a difference between them.

Although Lily was beautiful, her personality was not friendly and she always refused all the men around her. On the other hand, Melanie was a much more sexy and charming person, and she always socialized with many rich people with great influence.

Therefore, she seemed to be more attractive to men.

She was used to being the center of attention. She glanced around and saw Fade, who was standing at the side. She then picked up her gown and ran towards him with a smile on her face.

Seeing this, Manric was slightly surprised. However, when he thought that Melanie was close with Lily and maybe she was just running towards her, he felt relieved.

Then, he stepped forward with a smile and said, "Miss Yu, this Mr. Chen doesn't have an invitation for your birthday party, but he insisted on going into the hotel. I am afraid that it will affect everyone's safety, so please..."

Hearing this, she looked at Manric and frowned. Then, she withdrew her gaze and rushed directly to Fade.

"You're here! Why didn't you tell me that you were in Capital City!" Melanie, who had always been charming and sexy, threw herself into Fade's arms at this moment and she spoke in a sweet tone.

Fade smiled gently and said, "Sister Melanie, it's my fault. I didn't inform you in advance."

Then, he looked at her, who was still lying in his arms. He couldn't help but move his body gently as he reminded her, "Sister

11:40 

Melanie, everyone is watching."

She pouted and said, "I don't care about everyone's opinion. I won't let go unless you want me to."

"Sister Melanie, I..." Seeing her charms again, Fade was at a loss for words.

She giggled when she saw this. She took the initiative to come out of his arms and said with a smile, "Okay, I won't tease you anymore. I know that she will always be the first person in your heart."

After that, she took the initiative to hold his arm and said, "Let's go in!"

Seeing such a scene, all the people around were stunned.

No one had expected Fade to be familiar with Melanie. It could even be said that he was not only familiar with her, but even intimate with her.

One had to understand that even though Melanie was known for her charm and sexiness, she was extremely smart. She knew that there were quite a few men who pursued her, but she was extremely careful and didn't allow others to take advantage of her.

However, now, she took the initiative to hug Fade in front of the crowd, which surprised many people at the scene. At the same time, many men were so jealous that their eyes were almost on fire.

As for Manric, he was also in a state of shock, as if his mind had gone blank. He could not help but ask, "Miss Yu, does he not have an invitation?"

Hearing this, Melanie turned around to look at him and said, "His presence is the best birthday gift for me. Everything else can't be compared with him."

11:40 

The meaning of this sentence was very obvious. Fade's status in Melanie's heart was beyond Manric's expectation.

She then took Fade into the hotel, and other guests also entered one after another.

Manric, who was standing at the back, had an unpleasant expression on his face.

The Yi family, who were standing next to Manric, also didn't look good.

Sylvia curled her lips and said to her parents, "Now you know. Brother Chen is not the kind of person you think he is. You're wrong about him."

Tony and Moanna moved their mouths slightly and wanted to say something, but they couldn't. However, the regret on their faces was very obvious.

After all, they were only able to come to this party because of Manric.

As for Manric's Montee Company, it was not at the same level as Fei Enterprises Holdings Inc or Emerald Plum Jewels.

If they didn't treat Fade like that previously, they might have built a certain connection with him from his relationship with their daughter. Then, the Yi family would be successful.

At the thought of this, they became even more regretful. They moved their feet unconsciously and distanced themselves from Manric.

Seeing this, he immediately understood what they were thinking. He then said with a cold expression, "Although Mr. Chen is not someone as I expected, don't be happy too early. There will be some consequence he had to bear later."

Hearing this, Moanna's expression changed and she asked, "Mr. Wu, what do you mean? Is there anything else that's going to

11:40 

happen?"

Manric snorted and said, "You probably didn't know that Mr. Yim has been crazily pursuing Melanie recently. He even prepared a big birthday gift for her, and he is going to give her a surprise tonight."

"Why don't you tell me, when Mr. Yi arrives later and sees Fade and Melanie having such a close relationship, what will happen then?"

While mentioning this, Manric's expression turned gloomy, and there was a hint of sullenness in his expression.

Meanwhile, Tony said with a gloomy face, "Mr. Wu, Mr. Yim you're talking about, do you mean Danilo Yim who is a nephew of the member of the Clan Committee?"

"Which other Mr. Yim would have such influence in the Capital City?" Manric said with a snort.

Sylvia's parents could not help but gasp after confirming the identity with Manric. They looked at each other and their expressions suddenly became serious.

11:40 

Chapter 1906

Although the Clan Committee had just been established for a few months, it was well known that it possessed influential power in Capital City. Any member of the Clan Committee was said to be prominent.

Danilo had managed to become famous in Capital City in a short period of time thanks to his uncle's identity as a member of the Clan Committee.

In comparison with such a famous person, Melanie, Lily or even Fade seemed to be lacking.

Thinking of this, Tony and Moanna, who had just distanced themselves from Manric, then approached him again and tried to put on pleasing and flattering smiles.

Sylvia saw her parents being so easily affected by rich and influential people. She felt dissatisfied and frowned. She snorted and went straight into the hotel.

She wanted to remind Fade to be wary of Danilo's arrival.

However, Sylvia's parents saw through their daughter's thoughts and immediately caught up with her, stopping her.

With the arrival of Fade, the birthday party began.

Initially, Melanie arranged a session for all the business partners to socialize as the main event for the birthday party. After all, her major purpose was to make use of the party to make friends and secure social contacts.

11:40 

However, Fade's presence had made all these initial plans become unimportant.

She quickly briefed through all the sessions and moved on to the final session which was the free time session. After a brief introduction on the stage, she could not wait to step down from the stage. She went to find Fade excitedly and then chatted with him about what had happened recently.

Obviously, the conversation with him had become the main event for her birthday party.

Seeing this scene, many of the guests present couldn't help but be shocked. Meanwhile, they looked at Fade with a bit of jealousy in their eyes.

However, since they could not make friends with Melanie, there were also many other businessmen invited to the party. It was a good chance for them to socialize and build connections.

In such a situation, Manric and the Yi family's status seemed low and insignificant.

However, they didn't care about this. Manric sat in a corner, holding a wine glass. He looked coldly at Fade, who was talking to Melanie affectionately. Then, he muttered in a jealous tone, "The more affectionate you are to each other now, the more miserable you will be when Mr. Yim is here! Humph! Let's see!"

A few minutes later, there was a loud noise of a car's brake and then a series of orderly footsteps approaching the hotel.

Instantly, the attention of all the people at the party was attracted to this and they all looked in the direction of the entrance of the hotel.

Manric's eyes lit up. He stood up, put down his glass, and said excitedly, "Mr. Yim is here."

11:40 

Just as he said this, two rows of people who were wearing suits lined up neatly on both sides of the entrance. Then, a young man in a tuxedo and a bowtie walked in with a smile on his face. As soon as everyone at the party saw the man, they burst into exclamations.

"It's Mr. Yim. Mr. Yim is here!"

"I didn't expect Mr. Yim to come."

"Mr. Yim must be here for Miss Yu. She is really attractive!"

.....

Meanwhile, Melanie's face sank when she saw Danilo.

Seeing this, Fade asked softly, "Sister Melanie, what's wrong? Who is this person?"

She was unhappy and didn't say anything. Lily, who was beside them, then introduced him to Fade in a low voice, "His name is Danilo Yim. His uncle is a member of the Clan Committee and he has a lot of power. Recently, he has been pursuing Sister Melanie very crazily."

"I've been rejecting him, but he.." Melanie seemed to be worried that Fade might misunderstand, so she explained to him in a hurry.

Fade held her waist and patted her gently. He smiled and said, "Sister Melanie, I believe you. You don't have to explain anything. If there is any trouble, I can help you solve it."

She shook her head and said, "I'll make it clear to him so that you won't have to do anything. After all, he's related to a member of

11:40

the Clan Committee, so it's a little troublesome."

"There's no need to be afraid of the members of the Clan Committee either," Fade said confidently.

Then, Danilo walked towards Melanie, and with a smile on his face, he said, "Melanie, happy birthday."

"Thank you, Mr. Yim." Melanie smiled at him politely.

Danilo said, "Melanie, it's your birthday today. I've prepared a birthday present for you. I hope you like it."

As he spoke, he clapped his hands. Then, all his subordinates walked into the hotel with gift boxes in their hands.

As the gift boxes were opened, the guests around them could not help but exclaim.

"It's the Flaming Heart Gem. It's said to be a precious gem from a volcano. It's worth hundreds of millions!"

"The Molissa crown, this is the crown that had been worn by a queen in Europe!"

"Shiber Jade Bracelet. This is a legendary accessory from Central Asia."

.....

When the nine gift boxes were opened, the gifts in them were all valuable jewels and jades, and each of them was worth more than 100 million yuan. The total value of the nine gifts was definitely more than one billion yuan.

A birthday presents worth one billion yuan. All the wealthy businessmen at the party were shocked by Danilo's generosity.

The crowd exclaimed in surprise, which made Danilo smile more brilliantly. He looked confidently at Melanie and said, "Melanie, I have chosen all these nine jewels sincerely as your birthday presents."

11:40 

"The nine gifts indicate that my love for you is going to last forever. I hope you like them!"

Melanie was also a little stunned, but when she saw Danilo walking towards her affectionately, she suddenly came to her senses and said, "Mr. Yim, thank you for your gifts, but I can't accept them."

"You can't accept it? Why? Are they not enough for you? If so, I can get even better gifts for you. As long as you ask, whatever the gift is, I can get it for you," he said.

She shook her head hurriedly and said, "Mr. Yim, I didn't mean that. These gifts are too expensive so I can't accept them."

"Melanie, these gifts are nothing compared to you. In my eyes, you are the most precious gift that God has given me," he said to her with a look of deep affection.

This affectionate effort by Danilo did not only impress ordinary girls; even all the capable businesswomen at the party also felt moved, and their eyes looked like they were also in love.

However, Melanie was not touched at all. Instead, she frowned and became annoyed.

She took a deep breath and looked at him. As if she had made up her mind, she said, "Mr. Yim, I have said it before, but now, I am going to say it again. I am serious and have no intention of joking."

11:40 

Chapter 1907

"Tell me, Melanie." Danilo was still being very affectionate.

She replied, "Mr. Yim, I know that you like me and you want to pursue me. However, I'm sorry, I don't have feelings for you. It's impossible between us, so please take these gifts back."

She refused calmly, which made his face turn unpleasant instantly.

He held back the urge to get angry and took a deep breath. Then, he looked at Melanie and said, "Melanie, I love you with all my heart. I really like you. I hope we can be together."

She shook her head and said, "Mr. Yim, I'm sorry. Love cannot be forced. I already have someone I like, so..."

"What? You..." Hearing her saying that she had someone she liked, Danilo's face suddenly became unhappy and he almost couldn't keep a straight face anymore.

"Who is he? Which part of him is better than me? How can he be worthy of you?" He was a little agitated.

She then said calmly, "Mr. Yim, this is not a matter of who is better than whom. There is no reason for love."

"I don't accept it. I..." His eyes sank.

At this moment, Manric came over and said, "Miss Yu, you were so close to Fade just now, and you even hugged him. Is he the person you like?"

11:40 

As soon as he heard this, Danilo's expression suddenly changed. He looked at Manric and asked, "Who are you talking about? Who hugged Melanie?"

Melanie didn't want to make things troublesome, so she said, "Manric, don't talk nonsense."

He smirked and said, "Miss Yu, I didn't talk nonsense. Just now at the entrance of the hotel, you took the initiative to hug Fade and almost kissed him. So many people have seen it. Do you want to deny it?"

As he spoke, he looked at Fade.

Danilo's eyes also fell on him, and he spoke in a cold voice, "It's you?"

Immediately, Manric added, "By the way, Mr. Fade came with Manager Wei just now. It seems that the two of them are very close too!"

"It seems that Mr. Chen is so charming that he has attracted both the beautiful businesswomen in Capital City."

His words were like a heavy hammer, pounding hard on Danilo's heart, which made him extremely angry.

He was angry that the woman he couldn't pursue had submitted herself to such a playboy.

Immediately, he became extremely furious and jealous. He glared at Fade and asked, "Are you the one whom Melanie mentioned?"

Melanie wanted to go forward and explain, but Fade reached out and grabbed her waist. He pulled her back and said, "I'll take care of it."

Seeing this scene, Danilo finally confirmed that the person whom Melanie mentioned was Fade. The expression on his face

11:41 

changed instantly and his whole body was full of anger. He glared at Fade with a cold expression and said, "Tell me, how much money do you want for you to leave Melanie?"

Fade looked at him and smiled. "Money? Money can only buy beautiful women, but it can't buy feelings. Besides, I am not lacking money."

Hearing this, Danilo's expression became even more unpleasant. "You don't want money? Fine, then please leave Melanie. Don't make me do it, or you won't be able to afford the consequences."

Fade shook his head. He looked at Danilo and said in a sarcastic tone, "Do you only use money and power to pursue women? It seems that you actually have some self-esteem. If you don't have these two things, women won't like you at all."

"You..." Danilo looked angry and glared at Fade. "Do you know who I am? How dare you speak to me like this?"

Fade smiled and said, "If you're talking about your uncle's identity as a member of the Clan Committee, there's no need to say more. It's not worth mentioning in my eyes."

"How dare you!" Danilo shouted angrily, "Do you know what the Clan Committee represents? If you dare to talk to me like this, I can kill you right away."

"Kill me?" Fade's eyes turned cold. He looked at Danilo and said, "If you dare to do it, the person who will die is definitely not me."

"You..." Danilo was so angry that he almost could not hold back to attack Fade. However, when he saw his cold gaze, he could not help but feel a chill running up his spine, so he took some steps backward.

"If you don't dare to make a move, then get lost!" Seeing this, Fade sneered.

11:41 

Danilo was furious. He waved his hand and ordered his subordinates, "Beat him, now!"

Instantly, the two rows of young people he brought with him surrounded Fade, and they had fierce expressions on their faces.

Melanie stood up and shouted angrily, "Danilo, you've gone too far. How can you..."

"Shut up!" He shouted sharply and interrupted her. He said in a harsh voice and with a fierce expression, "B*tch, it's your honor that I had my eyes on you, but you dare to refuse me. I must get you and use you to the fullest. Let's see how you will act in front of me by then."

"Danilo, you.." Melanie was so angry that she was speechless.

At this moment, Danilo's eyes were full of ferocity, and then his vision went blurry. A figure flashed by, and there was a slapping sound. His face was heavily slapped, and the corner of his mouth was bleeding.

"You... You dare to hit me, you dare to..." Danilo covered his cheek and was full of anger. "Go, kill him, kill him!"

He shouted crazily, and his men immediately rushed to Fade to attack him.

The surrounding guests were all shocked and terrified. They quickly retreated because they were worried that they would be affected.

Among the guests, Manric was smirking. He gritted his teeth and said, "Fade is really asking for death. It's fine if he only offended Mr. Yim, but he even slapped him. He's dead for sure."

Sylvia looked worried and wanted to help Fade so badly. After all, she was also considered a martial artist.

However, her parents were holding her so tightly that she could not move at all.

11:41 

Then, more than ten people attacked Fade at the same time.

However, after a wave of noise, these attackers were all lying on the ground and couldn't move at all.

Meanwhile, Fade stood there with his hands clasped behind his back. His clothes looked as tidy as usual and there was not a scratch on him. It seemed that he hadn't moved at all.

No one had expected such a result. All the guests were stunned and looked towards the center of the venue in shock.

Danilo also did not expect this result. He was stunned and it took a few seconds for him to come to his senses. "How... How is this possible..."

Just as he was still confused, Fade stepped forward and slapped him again.

Instantly, the other side of Danilo's cheeks became red and swollen.

11:41 

Chapter 1908

"You!" Danilo fumed as he wanted to say something.

However, Fade was not being polite at all. He kicked him to the ground and stepped on him with his right foot. He said in an unpleasant tone, "From now on, you're not allowed to disturb Melanie anymore, do you understand?"

"You dare to hit me, I..." Danilo was still reluctant to admit he had lost.

Fade's face sank and his eyes were cold. He added more force on his right foot and said, "If you don't listen to me, I'll kill you."

Feeling the horrible strength from Fade's foot and his gaze, Danilo felt terrified. He could only say, "I-I know. I won't disturb Melanie anymore."

"Get lost!"

Hearing this, Fade scoffed and then kicked Danilo out of the hotel.

Then, he brushed his hands, walked to Melanie and said with a smile, "Sister Melanie, it has been solved. You don't have to worry about it anymore."

However, she still looked concerned. She looked at him and said, "Fade, Danilo's uncle is a member of the Clan Committee. Now that you have beaten him, I'm afraid that..."

Hearing this, Fade smiled and said, "Sister Melanie, don't worry. The people of the Clan Committee are not as powerful as you

11:41 

think. Moreover, Sabriel Khung is an acquaintance of mine. I have dealt with him before, so it doesn't matter."

"In that case, I'm relieved," Melanie breathed a sigh of relief, and then announced that the party would continue.

However, after the incident with Danilo, the focus of everyone's discussion had changed at this moment.

Especially Manric, he smiled and said, "Fade is asking for death. He dared to attack Mr. Yim. He's gonna be dead."

However, on the other side, Tony said, "However, Fade mentioned that he knows Sabriel Khung. Maybe he will be able to solve this problem?"

Manric sneered and said, "It's still unsure if he's telling the truth, and even if he really knows Sabriel Khung, he is just an acquaintance at most. However, Danilo, he is Mr. Khung's nephew. No matter how close they are with each other, how can he be comparable with his own relative?"

Hearing this, Tony and Moanna's expressions changed. They nodded and looked at Fade with different perceptions.

Meanwhile, Danilo, who had been kicked outside, endured the pain and made a phone call with his mobile phone. "Uncle, I'm Danilo. I was beaten by someone..."

Soon, he hung up the phone. Danilo looked at the hotel with a frightful expression on his face. "Fade Chen, you are dead for sure, and Melanie, you're such a b*tch. Just you just wait. Sooner or later, I'll get you into my bed."

About half an hour later, they were almost done talking, and everybody then left gradually.

Melanie couldn't wait to spend more time alone with Fade, so she was ready to end the party.

However, just then, there was a sound of footsteps at the door, and someone came in.

11:41 

Everyone took a closer look and found that the person who entered was none other than Danilo, who had a bruised nose and a swollen face. Immediately, the gazes of the guests couldn't help but change.

Melanie's expression also changed. She looked at Fade, who was next to her, with a worried look.

He gently patted her waist and said, "Sister Melanie, don't worry. I'm here."

Then, he stepped forward, looked at Danilo, and asked, "How dare you come in again?"

Danilo gritted his teeth hard, glared at him, and said, "Fade Chen, do you think you can just escape from the fact that you had beaten me up?"

"It seems that the lesson just now was not enough!" Fade's face turned serious, and the energy on his body surged and he was about to attack Danilo.

Danilo's face suddenly changed because of fear. He shrank his neck, and his expression changed a little. Then, he looked behind him and shouted in a hurry, "Cousin!"

Following his shout, a young man in his twenties and dressed fashionably, strode in with a few strong bodyguards.

The man raised his head slightly, and with undisguised pride in his eyes, he glanced at the crowd and walked to Danilo.

Meanwhile, all the guests at the party were shocked to see this man and they started discussing him.

"That is Irfan, Mr. Khung's son!"

"Irfan is not only the son of Mr. Khung, but he himself is also a member of the Clan Committee. His status is very high too."

"Irfan is Mr. Yim's cousin. Well, things are going to blow up!"

11:41 

"That guy is going to be in trouble."

"It's not just him. Perhaps Melanie and Lily also would be affected by this."

.....

In the midst of the discussion, Manric said with a gloating expression, "I said that Mr. Yim would not let him go. Now that Irfan is here, let's see how that fellow will handle this."

Tony and Moanna looked at each other with fear on their faces. Then, they pulled Sylvia closer to them.

After witnessing Fade's fighting skills earlier, they felt a little regretful for having confronted him. However, now, it seemed that the situation was different again. They rejoiced secretly and they looked at Manric with admiration and appreciation.

Danilo was very excited. He pulled Irfan and told him what had happened. Finally, he pointed towards the direction of Melanie and the others and said, "Cousin, they are the ones who framed me. You must teach them a lesson. You must!"

Irfan nodded, looking arrogant and calm as he said, "Don't worry, I will solve the problem. After all, you are a member of my family. Nobody can simply disturb my family."

As he spoke, he took a step forward and pointed directly at Melanie. He said in a cold tone, "Melanie, right? Now, come here, kneel down, and apologize to my cousin. Then, I will consider forgiving you."

Upon hearing this, all the guests present held their breaths and did not make a sound at all. They were waiting for what was going to happen next silently.

Melanie was furious and agitated. She looked at Irfan and wanted to say something.

11:41 

However, before she could explain, Irfan then said again, "My words are an order, not a suggestion. If you don't kneel down and admit your mistake, you'll have to bear the consequences later!"

While they were talking, the muscular bodyguards brought by him stepped forward and came over with a fierce manner.

Many guests at the party felt suppressed by his arrogant and bossy behavior, so some of them frowned secretly. However, some of them were excited and were expecting a show; they had already had plans to fawn over Irfan later when the issue was settled.

Melanie stood where she was. Her face was looking unpleasant and she did not move.

Seeing this, Danilo shouted, "B*tch, my cousin asked you to come over and kneel down to me to apologize. Didn't you hear that?" 

11:41 

Chapter 1909

"A bad mouth deserves a slap!" At this moment, a cold voice bellowed, and then a shadow flew over. Danilo had no time to react and following a crisp sound, a slap was slammed on his face.

Danilo's face, which was swollen previously, had become even more swollen now. The huge force even made two of his teeth fly out.

He let out a scream as he wailed.

Seeing this, Irfan was shocked, and then his expression changed. He shouted in an icy voice, "How dare you hit my cousin in front of me!"

"Attack, kill them!" Irfan waved his hand and ordered. The bodyguards around him immediately rushed towards them.

However, at this time, a cold voice sounded, "Are you sure you want to fight with me?"

"Why would I not..." Irfan said arrogantly, but halfway through his words, he felt that the voice was a little familiar. Then, he looked towards the direction of Melanie.

He saw a familiar face next to her.

The man was in his twenties. He was not tall, and he was skinny. He seemed to look very ordinary.

However, that pair of cold eyes was unforgettable to Irfan. His whole body shivered, like a bucket of ice water had been poured

11:41 

down from the top of his head, dripping all over his body, and he stiffened all of a sudden.

"You... It's you..." He was shocked because the man in front of him was Fade.

Fade, who threw Irfan out of the office in East Coast City, the one who killed the two Tulkus, Dalai and Panchen in Northern Jusberg, and the one who killed the four martial artists from the Dark List.

Back then, his horrible pressure made him and his father feel scared even when they thought of it.

"Yes, it's me indeed!" Fade looked at him and said softly, "Are you going to kill me?"

Irfan's face froze when he heard that. He quickly waved his hand and said, "No, no, I..."

As he said that, he quickly ordered his bodyguards to hold back.

Danilo, who was lying on the ground, climbed up with his hands covering his cheeks. Seeing this, he was very confused. "Cousin, why don't you attack him? It's him who beat me. Teach him a lesson!"

"Shut up!" Irfan shouted at him.

Danilo was still confused, but he said, "Cousin, what's wrong with you? This guy..."

"I told you to shut up, didn't you hear me?" Irfan's eyes were wide open and fierce as if he was going to kill someone. He shouted at Danilo harshly.

Danilo had never seen him behaving like this before. He could not help but feel a shiver in his heart. He shut his mouth obediently and did not dare to speak.

Then, Irfan turned to look at Fade. His face, which was arrogant earlier, had changed into a fawning expression, and he said in a

11:41 

flattering tone, "Mr. Chen, this... This is a misunderstanding. It's a misunderstanding!"

"Misunderstanding? Your cousin sent someone to disturb my friend, and he even wanted to kill me. Do you think this is a misunderstanding?" Fade asked coldly.

Irfan's face froze, and then he glared at Danilo and shouted, "Kneel down and apologize to Mr. Chen and Miss Yu."

"Cousin, I..." Danilo did not expect things would turn out like this, and his face was full of confusion.

Irfan glared at him fiercely and shouted, "I asked you to kneel down and apologize. Didn't you hear me?"

Danilo didn't dare to resist Irfan. He then knelt down in front of Fade and Melanie, feeling confused and wronged. He kowtowed and apologized, "Mr. Chen, Miss Yu, I'm sorry, I was wrong."

Then, Irfan said, "Mr. Chen, my cousin has learned from his mistake. This kind of thing will never happen again."

"Really?" Fade looked into Irfan's eyes; his gaze was so deep as if he could see right through him. "Is it true that it won't happen now, or is your family going to kill me secretly? I think you're clear about your own thoughts?"

"Mr. Chen, I..." Irfan still wanted to explain.

Fade waved his hand and said, "No need to explain. If the Khung family wants to fight me, you're welcome. No matter what method you use, I will just face it."

"However, you'd better consider the consequences of taking action against me again. I'm not sure if you can handle it next time!"

After that, Fade snorted and said, "Get lost"

Irfan's expression changed. He lowered his head and paused for a few seconds. Then, he kicked Danilo and said, "Let's go!"

11:41 

Then, Irfan took his own people and left the party in disgrace.

At this time, the party was silent. The guests looked at the scene happening in front of them and didn't seem to be able to come back to their senses. They didn't understand how things had turned out this way.

Just now, when Irfan appeared, almost all the guests on the spot came to the conclusion that Fade was going to die.

However, what happened next was completely out of their expectations.

They did not expect that Irfan also gave in to Fade and he even seemed to be very afraid of him. Not only did he give up on avenging Danilo, but he even made Danilo kneel down and admit his mistake, before they left in disgrace.

"How could this be? Is Fade Chen's identity also extraordinary?"

"There must be some stories behind this. Otherwise, Mr. Khung wouldn't have surrendered so easily!"

"I didn't expect this to happen."

.....

Manric, who had been excited and was ready to watch a good show, frowned tightly at this time. He didn't understand why the outcome turned out like this.

Meanwhile, Tony and Moanna looked at Manric carefully and then they looked at Fade. Their hearts were in a mess now. They couldn't figure out who was more powerful. Was it worthwhile for them to have a conflict with Fade?

However, there was no time for them to think too much.

Melanie then announced the end of the party and sent all the guests away from the hotel.

11:41 

.....

Meanwhile, Irfan and Danilo, whose face was bruised and looking terrible, headed towards the Khung family home.

In the car, Danilo was full of dissatisfaction, and even complained, "Cousin, what happened just now? Why did you treat Fade..."

Irfan's face was gloomy and he said coldly, "He's not someone whom you can offend!"

"He's just a kid who knows some martial arts. Why can't he be offended?" Danilo sneered and said.

Irfan snorted and replied, "Some martial arts? Do you know what level of martial arts he has reached?"

"Who cares what level he is in? Now, the martial arts clans have been known by the society, and there are a lot of martial artists. As long as you can pay, you can get anyone capable!" Danilo didn't take it seriously.

"Do you really think money is everything!" Irfan glared at Danilo and said in a deep voice, "Fade is not someone who can be dealt with money. That's because he is a Martial Arts Master."

"What? A Martial Arts Master? That's a Heaven Level master. How... How could this be possible? He is so young. How could he reach such a level? This..." Danilo's face was full of disbelief.

11:41 

Chapter 1910

Irfan then said in a deep voice, "Not only is he a Martial Arts Master, but he is an extraordinary one. He is the famous Young Martial Arts Master, Fade Chen."

"What? He's the Young Martial Arts Master? The one who's been very popular recently? I heard that he even killed foreign martial artists," Danilo said.

Irfan nodded and said, "That's him."

"The ones whom he killed were experts from the Dark List. He alone fought against four people and killed them all. My father and I were also there, and we were almost killed by him."

"It's actually him!" Danilo was obviously aware of this incident and could not help but be surprised.

After a few seconds of silence, he looked at Irfan, whose face was gloomy, and said, "But, Cousin, Fade has been so rude to our family. Are we going to just let it go like this?"

Irfan snorted and said, "Of course, we can't just let it go. As a member of the Clan Committee, my father would not allow himself to be insulted like this."

"However, Fade is a Martial Arts Master, and we are no match for him. Also, as you said just now, we cannot settle this with money either. What should we do then?" Danilo said.

11:41 

Irfan's face was gloomy and his voice was cold. "In this society, you can solve anything with either money or power. If money can't solve the problem, we'll solve it with power."

"Power?" Danilo looked at him.

Irfan said in a deep voice, "Don't forget that my father is a member of the Clan Committee. Besides, my father is Mr. Huang's subordinate."

"My father has already informed Mr. Huang about this, and he has taken notice of it. The Clan Committee will not give up on this issue so easily."

Hearing this, Danilo, whose face was bruised and injured, suddenly became excited and he smiled. "Great! Since Mr. Huang is doing something, even if Fade is a Martial Arts Master, it would be useless. He's dead for sure."

"That's right. So, now, we have to be patient and wait for the right time. What that guy has put us through, we will take revenge," Irfan said in a deep voice.

.....

Meanwhile for Fade, after the party ended, he was with Melanie and a few friends at an after-party to celebrate her birthday again.

Two days later, he received a phone call from Sylvia. She apologized to him on the phone and invited him for dinner. She said that her master had come to Capital City and wanted to thank him.

He didn't have much interest in it, but because of Sylvia's pitiful tone on the phone, he couldn't refuse her, so he agreed.

11:41

After changing his clothes, he went straight out. An hour later, he arrived at a teahouse Sylvia had reserved.

The teahouse was not bad, and its decoration was elegant. At first glance, it was not a low-class place.

When he entered the teahouse, Sylvia was waiting at the door. She walked up to him with a smile, took his arm, and said with a smile, "Brother Chen, you're finally here."

"When you refused me on the phone, I thought you were not going to forgive me! It was my parents' fault. Brother Chen, I apologize to you on their behalf," she said pitifully.

Upon seeing this, he gently rubbed her head and said with a smile, "It's okay. I've already forgotten about it, so it's alright."

"That's great. Brother Chen, thank you very much," Sylvia said with a smile before pulling him inside. "Brother Chen, my master is here. I've told him that it's all thanks to you that I managed to escape the hunt from Bosco of the Tiger Clan and preserve the Rainy Clan's treasure."

"Thus, we are here to show our appreciation for your help, Mr. Chen."

Fade smiled and said, "It's just a piece of cake. You don't have to be so courteous, Sylvia."

While speaking, she walked into the teahouse with him. At a seat by the window, a middle-aged man in his fifties, with a beard and a dark brown robe, was holding a cup of tea, quietly tasting it.

"Master, I have brought Brother Chen here," Sylvia said excitedly.

She took Fade to the seat and then introduced, "Master, this is who I was talking about, Brother Chen. It was he who saved me and our artifact."

"Brother Chen, this is my master, the guardian of the Rainy Clan, Thanford Chan."

Fade looked at the leader of the clan, Thanford, and scanned him thoroughly. He had identified his strength and cultivation level, and it was roughly at the middle stage of the Earth Level. For a clan like the Rainy Clan, it was considered quite good. However, it wasn't enough when compared to the entire martial arts community.

The glance only lasted for a second or two. Fade smiled, gently nodded to Thanford, and said, "Nice to meet you, Master Chan."

Thanford did not respond to Fade's greeting but ignored him and continued to drink his tea. He didn't even look at him.

This contemptuous attitude immediately made Fade frown.

Sylvia's face froze, and she tried to smooth things over. "Master, Brother Chen is greeting you."

Hearing his disciple's voice, Thanford put down the teacup and looked at Fade. He stared at him for a few seconds and asked slowly, "It's you who hurt Bosco and saved Sylvia?"

This arrogant attitude caused Fade to frown slightly, but he still nodded and said, "Yes, it was me."

"Master, let's sit down and talk," Sylvia said. She felt that the atmosphere was not quite right.

Thanford nodded gently. She brought Fade to the seats opposite her master.

Sylvia took the initiative to pour Fade a cup of tea and said, "Brother Chen, the main purpose of me inviting you here today is because my master and I would like to thank you for saving my life and our treasure."

Fade smiled faintly and said, "You're welcome."

After saying that, she looked at Thanford who was opposite her, waiting for him to say a few words of appreciation.

However, Thanford squinted at Fade for a few seconds, and then said, "Tell me, why did you do this?"

Hearing this, Fade could not help but be stunned for a moment. Then, he frowned and looked at Thanford coldly. He asked in an icy tone, "What do you mean by that, Master Chan?"

Thanford raised his teacup and took another sip of tea. Then, he said, "You clearly know what I mean. Tell me, what is your objective? Are you after the Rainy Clan's treasure, or are you after something else?"

His words immediately made Fade's expression turn to ice.

Sylvia, who was standing beside him, finally came to her senses. With an anxious look on her face, she said, "Master, what are you talking about? Brother Chen is my lifesaver. You said you wanted to thank him, but why..."
