### Chapter 306

Because the middle-aged man's voice increased, David couldn't help but look there.

"Mr. Zhao, we can still talk about it. This ginseng is indeed a top grade, but the price of 20 million is indeed a bit high. Otherwise, if you are going down a little, I will transfer money to you right away!"

He Zhigang said with a smile.

"Twenty million, even less is not enough. Since you don't want it, then I'll leave!"

The middle-aged man said, got up directly, picked up the wooden box and was ready to leave!

"Mr. Zhao, don't worry, don't worry, I want it, our Renhetang wants it, not for anything else, just to make you a friend!"

He Zhigang hurriedly stopped the middle-aged man, and then took out his mobile phone: "I will transfer money to you now. If there is another high-quality ginseng, and it is brought to our Renhetang, I will definitely give it a high price!"

"Hahaha, good to say good to say..."

When the middle-aged man heard it, he suddenly laughed, his face full of excitement!

"Brother He, wait a minute..."

Just when He Zhigang was about to transfer money to the middle-aged man, David suddenly walked over and stopped He Zhigang!

"Brother David, what's wrong?" He Zhigang asked suspiciously.

"Sir, can I take a look at this ginseng?" David asked the middle-aged man.

The middle-aged man did not speak, but looked at He Zhigang with an inquiring look.

"Oh, this is one of my brothers!"

He Zhigang said hurriedly.

"My ginseng, Mr. He has already seen it just now, is there any problem?"

The middle-aged man looked at David and said with a wary expression!

"I suspect your ginseng is fake!"

David sneered.

As soon as David's words came out, the middle-aged man jumped up like he had been stepped on his tail: "What did you say? You dare to say that my wild ginseng is fake? You haven't even looked at it. , just say my wild ginseng is fake? Besides, Mr. He has already inspected the goods, how could it be fake, if you want to find trouble, I am not easy to bully.

"

He Zhigang hurriedly said with a smile: "Mr. Zhao, don't be angry, my friend likes to joke!"

After comforting the middle-aged man, He Zhigang frowned slightly and looked at David: "Brother David, I have experienced this mountain ginseng, there is no problem, and you haven't seen it, how can you say it's fake!"

"This ginseng is fake. If you don't believe it, we can open it for verification. If you don't dare to open it, it's fake!"

David looked at the middle-aged man coldly, and felt a little nervous about the middle-aged man!

"If you say open it, open it. What if it is true?"

The middle-aged man pretended to be brave and challenged David, but he didn't dare to look directly into David's eyes!

"If it's true, I can pay you ten million!"

David looked confident.

At this time, Sonya and Gu Yufei also came over. They didn't expect David to bet with someone!

Only Lin Tianhu was still sitting and drinking tea with a sneer on his face. He knew that the middle-aged man in front of him was going to be unlucky.

David's confident look shocked the middle-aged man, and then turned his eyes to He Zhigang!

"Mr. Zhao, since Brother David wants to see it, let him see it, so that he can give up. When the time comes, I can mention the purchase price to you!"

He Zhigang also didn't believe that the mountain ginseng was fake. After all, he had read it carefully, but David insisted on watching it, so let him see it, so that he could give up!

"Okay, since Mr. He said so, I'll let him see it and convince him!"

The middle-aged man gritted his teeth and nodded.

Slowly, the wooden box was opened, and a ginseng plant lay quietly inside.

The wild ginseng is huge and the ginseng whiskers are also very long. The main ginseng is thicker than two thumbs!

## Chapter 307

“Have you seen it, such a good mountain ginseng is rare even in Yuncheng!”

The middle-aged man looked at David with a sneer: “Now that you lose, where is the 10 million? I don’t think you look like someone who can give 10 million!”

David did not pay attention to the middle-aged man, but directly reached out and grabbed the ginseng!

“Hey, what are you doing...”

The middle-aged man’s expression changed, and he reached out to stop it, but it was too late, and the mountain ginseng had already reached David’s hands.

David picked up the wild ginseng and broke it with both hands!

“Brother David, what are you going to do?”

He Zhigang’s face changed greatly. You must know that wild ginseng is only valuable when it is intact. Even if a ginseng whisker is broken, the price will be greatly reduced. If you directly break the wild ginseng, it will be worthless!

click

But as soon as He Zhigang’s voice fell, the wild ginseng in David’s hand had already been broken into two pieces!

He Zhigang closed his eyes, and the anger on his face rose up. This was 20 million, and it was gone in one fell swoop!

Sonya and Gu Yufei also looked at David in shock, not understanding what David was doing!

On the other hand, the middle-aged man, seeing David breaking the ginseng, his face instantly turned extremely pale, he turned around and ran out, and he didn't even want the money.

"Want to run? Can you run away?"

The corner of David's mouth slightly raised!

Just as the middle-aged man was running out, Lin Tianhu, who had been sitting and drinking tea, moved and kicked the middle-aged man back!

"This...what the h3ll is going on here?"

As soon as the middle-aged man ran away, He Zhigang was a little stunned and couldn't understand what was going on!

"Brother He, are you looking to see if this ginseng is real!"

David handed the broken ginseng to He Zhigang!

He Zhigang took the mountain ginseng, and when he saw the broken part of the mountain ginseng, he was stunned for a moment, and then burst into anger: "Damn, you dare to trick me into Renhetang, you are courting death!"

He Zhigang stepped forward, kicked the middle-aged man in the abdomen with a ruthless kick, and then roared, "Someone, take him down to me and teach him a good lesson!"

Soon, the middle-aged man was taken away, followed by a burst of screams!

"Brother David, thanks to you today, otherwise we will lose a lot, and we can earn more money when we run out of money. It doesn't matter, but what face will I have in Yuncheng in the future, it's just too embarrassing!"

He Zhigang followed David with a look of shame.

"It's normal when everyone is careless!"

David smiled slightly.

"Brother David, I want to know how you know this ginseng is fake? You haven't even seen it!"

He Zhigang wondered how David knew about it.

"It's very simple, I'm a natural nose, so I can tell when I smell it!"

David lied, of course he couldn't tell He Zhigang that he was sensed by the fluctuation of aura. If it was a century-old mountain ginseng, David could easily capture the aura in the mountain ginseng.

And this time David didn't feel the aura fluctuations in the wooden box, so he concluded that it was not wild ginseng, or it was not a hundred-year-old wild ginseng, it must be fake!

He Zhigang looked at David in shock, and said incredulously: "I've lived so much, and I've never seen it before smelling it with my nose, so I can tell whether the medicinal materials are true or false. I've seen it, I really saw it today..."

"Sister Sonya, does your boyfriend still have this stunt? It's better than a dog's nose!"

Gu Yufei also said in surprise.

But after speaking, I suddenly felt something wrong, stuck out his tongue towards David, and smiled apologetically!

David didn't care either, he knew that Gu Yufei didn't mean it, so he smiled slightly!

"Brother David, you've helped me a lot today, I'll take you to the market, and I'll talk to you about any medicinal herbs you like. In the entire Yuncheng, no matter which medicine store, give me He Zhigang. A bit thin!"

He Zhigang patted David on the shoulder and said!

## Chapter 308

A group of five people went to the largest medicinal material market in Yuncheng, but after a long turn, David was a little disappointed. In the medicinal material market, there are some common medicinal materials, even if there are some hundred-year-old medicinal materials, they have already been squeezed. After drying the ingredients, there is no trace of aura!

"Brother David, don't you like anything in the medicinal herb market?"

He Zhigang looked at David's disappointed look and asked carefully.

David nodded: "The medicinal materials I want must be more than 100 years old, and the medicinal materials of high quality, here are some common goods, there is nothing I need!"

He Zhi just listened, hesitated for a while, and finally said with gritted teeth: "I'll take you to the major pharmacies. They usually have the treasures of the store in their hands, but it's hard to say whether they sell it or not!"

His peers were enemies, and He Zhigang seldom went to other pharmacies. After all, they were competitors, and they would guard against them.

Moreover, the treasures of the store would not be taken out for peers to see, so he hesitated.

But David helped him so much, he could only look down and go to the medicine hall of another family!

“Brother Laohe!”

David said gratefully.

“Let’s go as a family, say two things, let’s go...”

He Zhigang took David to Tongrentang, the largest medicine hall in Yuncheng. This Tongrentang covers an area of several thousand square meters. The front of the store is full of traffic. It seems to be more busy than He Zhigang’s Renhetang!

“Brother David, there are many medicinal herbs in Tongrentang that are more than 100 years old. I heard that the treasure of Zhendian is *Ganoderma lucidum* that is more than 1000 years old. In the entire Yuncheng, only this Tongrentang has medicinal herbs that are more than 1000 years old. Tongrentang’s status in Yuncheng!”

He Zhigang walked in with David and the others as he introduced them!

As soon as he walked into the hall, David suddenly felt a burst of spiritual energy, and he locked the herbs in several directions in the hall in an instant, and couldn’t help feeling strange.

“Brother He, will Tongrentang’s more than 100-year-old medicinal materials be placed in this hall?”

David asked strangely.

"Yes, in the entire Yuncheng, only Tongrentang dares to put medicinal materials over 100 years old in the hall, and 80% of the medicinal materials over 100 years old in the entire Yuncheng are also in Tongrentang's hands..."

When he said this again, He Zhigang's face was a little ugly. After all, he was a peer, and he felt a little embarrassed for being so big!

"Yeah!" David nodded and was overjoyed. It seemed that he didn't have to look everywhere. As long as he talked with Renhetang, he would not have to worry about finding precious medicinal herbs in the future.

"Mr. He, what a rare customer, why do you have time to come to my shop?"

At this time, a slightly bloated old man with glasses and glasses came over!

The old man is bloated, but his steps are light, and at a glance, he knows that he is a trainer, and his strength is not bad!

"Old Zhou, I took my friends today and took the liberty to disturb me!"

Seeing this old man, He Zhigang hurriedly said respectfully!

"Don't disturb, don't disturb, let's have tea later!"

The old man laughed and made a gesture of invitation!

He Zhigang nodded, and the group followed behind the old man towards the backyard!

On the way, through He Zhigang's introduction, David learned that this old Zhou's name is Zhou Zhigan, and he is not a native of Yuncheng. He came to Yuncheng when he was young. Medicinal market!

However, with the growth of age, Zhou Zhigan stopped fighting and killing, and also opened up the entire Yuncheng market. Only then did Yuncheng have so many medicine halls and scenes of flowers blooming, but like those

precious medicinal materials, most of them Still being controlled by Tongrentang!

After taking a seat in the backyard, He Zhigang said straight to the point: "Elder Zhou, this brother of mine wants to buy a batch of medicinal materials over a hundred years old. I know that in Yuncheng, Tongrentang has the most medicinal materials over a hundred years old, so I brought it here. !"

## Chapter 309

"One batch?" Zhou Zhigan's eyes lit up: "Hahaha, it's easy to say, it's easy to say, President He is thinking about my Tongrentang, then I can't lose President He, and then the money for tea will always be indispensable!"

In the business field, there are many cases of introducing customers to each other, so giving some introduction fees is also a norm!

"Old Zhou, you're welcome, this is my brother, not an outsider, so the tea fee will be waived, and the price will be reduced at that time!"

He Zhigang said hurriedly.

"Understood, I understand..." Zhou Zhigan smiled, then looked at David and said, "This little brother, do you know how many herbs over a hundred years old you need?"

"As much as you want!" David said lightly.

When Zhou Zhiqian heard this, he was stunned for a moment, and then smiled: "Little brother, you probably don't know the price of these hundred-year-old medicinal materials. One plant costs more than 10 million, and if the quality is good, it can reach tens of millions. Do you know how many such medicinal materials I have here? Do you know how many such medicinal materials are in the entire Yuncheng?"

He Zhigang also whispered in David's ear: "Brother David, you can buy some to see first, this thing is good, but if you buy too much, it's useless to smash it in your hand!"

At this time, He Zhigang didn't know that the medicinal materials David bought were for refining medicine pills, and they were not reselling at all!

David didn't say anything, but looked at Zhou Zhigan and said, "Elder Zhou, I heard that there is a thousand-year-old Ganoderma lucidum in your store, which is a treasure of the town. I wonder if you can take a look?"

"What? Do you want to buy it?" Zhou Zhigan asked.

"If it is really a thousand-year-old Lingzhi, I will definitely buy it, and the price is whatever you want!"

If it is true, David will do everything possible to get it. A thousand-year-old Lingzhi is enough to raise David's strength by a level!

"Hahaha, young people are really hidden now, it seems that I am really old!" Zhou Zhigan laughed: "But since it is the treasure of the town store, I won't sell it for any money, let's talk about it. Let's talk about the medicinal herbs of a hundred years old!"

"Okay, then ask Elder Zhou to take out the medicinal materials and make a price!"

David smiled slightly, but he didn't insist, because he had already sensed that there was not a single medicinal herb in the entire store that was more than a thousand years old. Only in the backyard, there was a single aura that fluctuated greatly, but it was only a few hundred years old. Just medicine!

It seems that this Tongrentang has been calling itself the Millennium Lingzhi Town Store, which is just bragging!

Zhou Zhigan nodded and patted it three times with his hand. Immediately, someone came over with a wooden box. There were five wooden boxes in total, and they were filled with medicinal herbs such as 100-year-old wild ginseng, Ganoderma lucidum, and snake yellow.

“Little brother, here are all hundred-year-old medicinal materials, and they are of high quality. Would you like to take a look first?” Zhou Zhiqian pointed to the wooden box and said.

“No need, Elder Zhou should talk about the price first!”

David shook his head.

Zhou Zhigan was overjoyed, he liked this kind of stunned young man who didn't understand anything, but pretended to be sophisticated, this kind of person is the best to earn money!

“Little brother, feel free, since you can trust me and you are Mr. He's brother, we will sell one plant at a price of 20 million. Mr. He also knows the market price. We will buy 20 million of top-grade medicinal materials of a hundred years of age! ”

Zhou Zhigan squinted his eyes and said with a bold look.

David knew that Zhou Zhigan was not lying, because in Renhetang, He Zhigang also planned to pay 20 million for the high-grade 100-year-old wild ginseng. It seems that the market price is indeed this price!

“Brother David, 20 million is really not a lot for top-grade hundred-year-old medicinal materials!” He Zhigang also said to David.

David nodded, and then asked, “Brother He, what is the current market for this low-grade hundred-year-old medicinal material?”

“The lower-quality ones are much cheaper, at least more than half cheaper, and no more than 10 million at most!”

He Zhigang explained!

## Chapter 310

“Elder Zhou, I’ll give you ten million of these five hundred-year-old medicinal herbs, so that you can earn a lot!”

David followed Zhou Zhigan and said.

“What? Ten million one?” Zhou Zhigan raised his voice immediately: “Are you treating my medicinal materials as inferior? I don’t think you are buying medicinal materials, but more like a troublemaker, don’t even look at them, Dare to treat my medicinal materials as inferior?”

“I don’t need to look at it. You know better than me whether it’s inferior or not. You need to run your business with integrity, so that it can last for a long time. Ten million plants, no more than one cent!”

David looked at Zhou Zhigan without any fear!

Zhou Zhigan stopped talking and stared at David, his face a little ugly!

“Old Zhou, my brother can know the quality of the medicinal materials without looking at it. Otherwise, I’ll take a look and give my brother a thumbs up!”

Seeing that Zhou Zhigan was a little angry, He Zhiqiang hurriedly said peace!

Zhou Zhigan waved his hand: “No need, I’ve seen it today. Sure enough, heroes come out of teenagers, and 10 million plants will be sold to you!”

Zhou Zhiqian didn’t let He Zhigang see it. With He Zhigang’s eyesight, he could see the quality of the medicinal materials at a glance.

David also had no ink, so he directly transferred money to Zhou Zhiqian, which made Zhou Zhiqian start to look at David with admiration!

"I still have some hundred-year-old medicinal materials here, I'll let someone bring them up!"

After Zhou Zhigan finished speaking, as soon as he waved his hand, someone went to get the medicinal materials.

Several people were waiting in the backyard drinking tea.

"Mr. He, do you know that someone in Horendel is selling a kind of medicine pill recently?"

Drinking tea, Zhou Zhigan chatted with He Zhigang.

"Pill?" He Zhigang shook his head: "I don't know!"

"This medicinal pill can strengthen the body and prolong life. I ate one myself, and the effect is really good, but I sent my subordinates to study it carefully for a long time, but I couldn't analyze the medicinal composition, and there was no way to imitate it!"

Zhou Zhiqian said helplessly.

"Is there still such an expert in Horendel?" He Zhigang looked a little surprised!

If it is said that the drug cannot be copied, it is possible, but it is unbelievable that the ingredients cannot be analyzed!

"I'm planning to go to Horendel in a while to meet this expert. If I can take this person for my own use, that would be great!"

Anticipation flashed in Zhou Zhigan's eyes, if such a person could use it for himself, it would be a steady stream of wealth!

Seeing Zhou Zhigan like that, David smiled slightly, and Lin Tianhu also glanced at David, smiling without saying a word!

This master is right in front of them, but they don't know it!

At this moment, a servant walked in in a hurry, and then whispered a few words in Zhou Zhigan's ear, Zhou Zhigan's face flashed with excitement instantly.

"Okay, let's go!" Zhou Zhigan waved his hand to let his subordinates leave, and then said apologetically to David and He Zhigang: "I'm sorry, I suddenly have something, the matter of medicinal materials, we will talk about it in the afternoon, promise Keep it for you!"

Seeing Zhou Zhiqian say this, David and the others couldn't stay away, so they got up and said goodbye!

"This Zhou Zhigan, with such a large amount of business left alone, can he be in a hurry?"

Walking out of Tongrentang, He Zhigang said with a puzzled look.

Just after finishing speaking, He Zhigang's cell phone suddenly rang, and a message came!

When He Zhigang read it, he immediately exclaimed: "A thousand-year-old snow lotus appeared at the auction. It hasn't appeared in Yuncheng for many years, and this time it's still a thousand-year-old snow lotus!"

"Auction?" David was puzzled!

After He Zhigang's explanation, David realized that this auction was mainly for the auction of some medicinal materials. At the beginning, it was okay. There were often some precious medicinal materials auctioned. However, some fake goods often appeared in the auction later. There are fewer and fewer precious medicinal materials, so few people are going to participate in the auction, and He Zhigang is not paying attention.
