Novel

Chapter 951

If David wants to destroy the Long family and rescue his mother, he is afraid that he will have to go a long way.

What's more, the Long family has a huge influence in Kyoto, and the network of relationships is intricate. Even in the martial arts alliance, the Long family has the right to speak, so if David wants to deal with the Long family, it may be the entire martial arts world in Kyoto. .

The five guardians left, and only Long Jingguo followed a few elders from the Long Family. Long Xingxu did not dare to raise his head in front of these people, nor did he have the qualifications to raise his head!

"Patriarch, if there is nothing to do, I will go down and prepare.

"

Long Xingxu thought about leaving, it was too depressing here.

"Don't leave yet!" Long Jingguo stopped Long Xingxu, and then continued:
"Long Xingxu, what is your current strength?"

"Going home, I already have the strength of the third-rank Martial Sect. With more time and practice, when the trial is over, I have the confidence to break through to the fourth-rank Martial Sect.

“

Long Xingxu said confidently.

“Fourth-Rank Martial Sect, it’s really good, there are not many people who are the same age as you who can achieve this strength.

“

Long Jingguo praised Long Xingxu.

“Thank you for your compliment!” Long Xingxu looked smug.

You must know that Long Jingguo rarely praises people, even his own son Long Xiao, he will not praise.

“Don’t thank me first, with your current strength, if you run into that David, can you capture him alive?”

Long Jingguo asked a very sharp question.

After being taken aback for a moment, Long Xingxu shook his head: “Patriarch, I can’t do it, since David can kill that Watanabe Ichiro, his strength should be higher than mine.

“

Long Xingxu is very sincere and will not hide it. His strength is indeed inferior to David.

“What I’m most worried about now is that with your strength, you will suffer a lot during the trial, and in the end, you will not get any resources, and you are taking your own life into it.

“

Long Jingguo said with a worried look on his face.

After listening to Long Xingxu, his heart sank for a while, he knew that his beautiful job might be ruined.

“Patriarch, for the Long family, I am willing to give everything, including my life.

”

Long Xingxu began to swear to God.

“Long Xingxu, you don’t need to be so excited, I will arrange for you to go to the trial this time, but I have already asked Xiaoer to come back, then the two of you will form a team to participate in the trial.

”

Seeing Long Xingxu like that, Long Jingguo said with relief.

When Long Xingxu heard this, he was stunned, but he had no right to refuse. In the Long family, he was just a side member. Although some servants called him Young Master Long, in the eyes of the senior members of the Long family, he was just a side member. Nothing.

However, Long Xingxu also breathed a sigh of relief. Although the protagonist of the trial has become Long Xiao, after all, he can also follow him. What Long Xingxu needs now is a chance.

“Everything follows the arrangement of the owner...”

Long Xingxu said respectfully, not daring to show a trace of displeasure on his face.

“Well, go down, get ready!”

Long Jingguo waved his hand.

Long Xingxu stepped back, but at the moment of going out, the bowing on Long Xingxu's face disappeared, replaced by a cold look, and a stern look flashed in his eyes.

As the most talented person of the younger generation, Long Xingxu has cultivated to the realm of Wuzong with limited resources. He has been working hard so that one day, he can make their lineage become the master of the Long family. looked down upon.

Now, he is sometimes not as good as a servant, and he lives very carefully, for fear of annoyed Long Jingguo by any words, he will be abolished directly.

Long Xingxu knew very well how Long Jingguo became the head of the family. He knew that as long as he kept forbearance, that day would appear sooner or later.

Chapter 952

.....

Horendel, Pinerest Villa.

This is the tenth day, and the golden light in David's room has never stopped, and at this time, David is still impacting the final breakthrough.

The endless spiritual energy roamed around David, and David exerted the Condensation Technique to the extreme. The misty spiritual energy in his dantian began to form frost and dew, and turned into tiny mists of water, and above the dantian. , a thing only the size of a grain of rice, exuding light.

This is the prototype of Jindan. Now David has reached the critical moment of impact. At this time, he is the most vulnerable. If someone attacks David at this time, David will fall short and be killed by backlash.

While David's body was changing, his body was also changing quietly. Every inch of David's skin gave birth to countless golden scale-like things, like wearing a layer of armor, but soon this layer of things grew. It will disappear again, and then it will appear again, and so on...

"Uncle Long, it's been the tenth day. Will something happen to David?"

After Sonya knew that David was in retreat, she had been guarding the villa. This was the tenth day, and she was very anxious.

"Don't worry, nothing will happen, but David is at the critical moment of breakthrough, and no one can disturb it..."

Long Wu said.

"Well, with us guarding, no one can disturb David, not to mention the small Horendel, even in the entire Jiangbei, few people can beat us, not to mention we still have Xiaobai..."

Gu Linger said confidently, and with a wave of his hand, he brought Xuelang to his side and stroked Xuelang's head.

Now Xuelang's strength is comparable to that of a fifth-grade Martial Sect, and no one in Jiangbei is afraid that no one can beat a wolf!

Long Wu didn't speak, but frowned slightly and said: "I'm not worried about Jiangbei, now David is on the cusp of the martial arts world, there are many people who want to trouble him, and now David has been selected for the trial again, Perhaps for others, the trial is an opportunity, but for David, it is full of danger.

"

"Uncle Long, the trial is three days away. I wonder if David can break through?"

Wu Meier asked.

"That can only depend on good fortune!" Long Wu was not sure whether David would be able to break through the realm and sober up within three days.

"Ow..."

Suddenly, Xuelang screamed, and then quickly rushed outside the villa.

Everyone was stunned for a moment, but their expressions soon changed.

Because they felt a few powerful and terrifying breaths that enveloped the entire villa.

In a small town like Horendel, this kind of terrifying aura suddenly appeared, which was obviously unreasonable. Several people quickly followed Xuelang and rushed out of the villa.

Outside the villa, five people wearing black robes and masks were standing quietly outside the villa.

These five people are the five guardians sent by Long Jingguo to arrest David.

"Second child, do you feel the aura in this villa?"

At this time, the great protector standing in the middle asked.

"Brother, I feel it, this aura is very strong, but very unstable, sometimes strong and sometimes weak.

"

The second guardian replied.

"Then you know, when will such a breath appear?" The Great Protector continued to ask.

The other guardians were stunned for a moment, but soon the second guardian said: "Big brother, you can only have such a breath when you break through the great realm. Now there should be someone in this villa breaking through, and it has reached a critical moment. .

"

The five guardians then glanced at each other, and then blurted out, "Could it be that David?"

But at this moment, Long Wu and the others had already rushed out, and Xuelang grinned at the five guardians.

Chapter 953

Seeing the snow wolf appearing, the five guardians were all shocked. They did not expect that there would be such a powerful beast here.

"Who are you?"

Long Wu frowned slightly and asked as he looked at the five people in front of him.

Long Wu felt that the breaths of these five people were very familiar, but he couldn't think of who they were. After all, he had lost all his skills and passed it on to Sonya and Gu Ling'er, so he couldn't scatter his spiritual sense.

"Long Wu?" Suddenly, one of the five people blurted out.

After shouting, the man may have sensed something was wrong and hurriedly covered his mouth.

Long Wu's eyes lit up, and he immediately guessed the number of people in front of him, so he said: "It turns out that the five guardians of the Long family have arrived, no wonder the breath is so familiar.

"

Seeing that Long Wu recognized himself, the five guardians no longer covered it, so he took off the mask.

The Great Protector looked at Long Wu and said, "Long Wu, the breath on your body has disappeared, what about your skill?"

Long Wu smiled lightly: "It's gone, I'm just an ordinary person now.

"

Seeing what Long Wu said so easily, the eyes of several guardians were full of surprise. The skill that they had finally cultivated was said to be scattered. This is not something ordinary people can do.

"Long Wu, why did you say that you betrayed the head of the family in the first place, and now you are at such a level!" The Great Protector looked at Long Wu with regret in his eyes, and then continued to ask, "Where's the housekeeper Long?"

Seeing that the Ervin was mentioned, a loneliness flashed in Long Wu's eyes, and then he said with some sadness: "Butler Long is dead..."

"Long Wu, when things have come to this point, you should turn around. You now hand over that David to us. After we go back, we will ask the owner of the family for mercy and let him spare you. You are just an ordinary person now, so you should find it yourself. A place to live in peace!"

The great protector persuaded Long Wu.

"Since you found it, you must already know that David is the son of the eldest young lady. Butler Long has lost his life for David. How could I give David to you? Do you know that Long Jingguo poisoned his hometown? Lord, conspiracy to usurp the throne, if you help him now, you are helping Zhou to abuse him.

"

Long Wu said angrily.

"Brother, don't talk nonsense with him, just take that David away.

"

San Hufa shouted angrily, and his huge fist smashed at Long Wu.

This punch doesn't have much energy, but if it hits Long Wu, it can also smash Long Wu into flesh. Now Long Wu is just an ordinary person, and he can't stand this punch at all.

And these three guardians are the ultimate move. They don't care about the affection that Long Wu has worked with in the Long family for many years. It seems that he is a ruthless person.

"Ow..."

At this critical moment, the snow wolf roared and bit the arm of the three guardians fiercely.

"what..."

The three guardians screamed, and the figure was staggered and was thrown down by the snow wolf.

When the other guardians saw this, they hurriedly shot and smashed towards Xuelang ruthlessly.

Xue Langsong opened his mouth, using his hind legs, he suddenly jumped into the air, dodging the blows of several guardians.

"Third, are you alright?"

The big protector hurriedly pulled the third protector up.

San Hufa looked at his bloody arm, his anger rose instantly, and the rampant murderous aura instantly enveloped Long Wu and the others.

Sonya and Gu Linger hurriedly stepped forward and protected Long Wu behind them, while Xiao Lan was tightly protecting Wu Meier.

It's just that apart from Sonya and Gu Linger, who can barely support a few tricks, Xiaolan's strength is afraid that even a single trick can't be resisted.

And that Snow Wolf had no chance of winning in the face of five such powerful Wu Zongs.

But even so, none of them flinched. At this moment, David was at a critical moment of breakthrough. If he was disturbed, David's cultivation would be destroyed, and he might even lose his life.

Chapter 954

"Long Wu, hand over David now. I think it's okay to hurt you because of your previous affection, but if you don't know what's good or bad, don't blame me for being rude."

The Great Protector looked at Long Wu, his eyes threatening.

"Needless to say, I will not hand David over to you."

Long Wu's face was firm.

"court death..."

The great protector was also angry, and his body swishly walked towards Long Wu.

"Ow..."

Xuelang suddenly rushed towards the great protector, all the white hair on his body blew up, revealing his long fangs.

"Hmph, the beasts who are over-comprehensive..."

The Great Protector snorted coldly and slapped Xuelang with his palm.

Xuelang's flexible body directly dodged the Great Protector's palm, and his sharp claws slid across the Great Protector's shoulder.

A few bloodstains appeared, instantly filling the Great Protector's eyes with anger.

"What a beast, I will kill you today and take your beast pill..."

The great protector clenched his fists tightly, and a dazzling light condensed on the fists, and the terrifying strong wind moved towards the snow wolf.

"Brother, let me help you..."

The three guardians, who were bitten by Xuelang, also attacked directly at Xuelang.

"We're going too..."

As soon as the second guardian waved his hand, he followed the remaining two guardians and grabbed directly towards Long Wu.

Seeing this, Sonya and Gu Linger shot at the same time, blocking Long Wu's body.

"Two little girls, I didn't expect their strength to be pretty good..."

Seeing Sonya and Gu Linger, the second protector raised the corner of his mouth, his face full of disdain.

Sonya and Gu Linger did not speak, but attacked the second elder angrily.

"Unbelievable..."

As soon as the second guardian raised his hand, he directly slapped Gu Linger out.

Gu Ling'er's figure was still in the air, but she was grabbed by the Four Guardians and held directly in her hands.

Although Gu Linger and Sonya obtained the skills of Long Wu, they have too little actual combat experience, especially in the face of such people who have been in Wuzong for many years, both in terms of experience and strength, they are still very lacking.

The four guardians carried Gu Linger, and then took a strong breath through the nose, and a faint body fragrance spread into the nose.

"Well, it's so fragrant!" The fourth protector's eyes were full of light, and then he said to the second protector: "Second brother, you don't know Lianxiangxiyu too much. If such a little beauty is broken, where can I find it!"

As the Fourth Protector spoke, he gently lifted Gu Linger's chin with his hands, with a lewd smile on his face.

Gu Linger glared at the four guardians, but was controlled and could not move.

"Linger..."

Seeing this scene, Long Wu gritted his teeth angrily: "Quickly let Linger go, let her go..."

"Long Wu, I just gave you a chance and you don't want it. Now you want us to let go, it's too late..."

The Four Guardians were full of pride.

"Ling'er..." Xiaolan held a long sword and stabbed the four guardians directly, trying to save Gu Linger.

But as soon as they moved, the five guardians moved, slapped the long sword in Xiaolan's hand with one palm, and reached out to take Xiaolan into her arms.

Xiaolan's strength is too far behind these people, and there is no room for resistance at all.

"Hahaha, the fifth one, we are one by one, there are still two chicks left, let the second brother and them divide it..."

The Fourth Protector saw that the Fifth Protector took Xiaolan into his arms and burst into laughter.

"Then I'm welcome!"

The Five Guardians smiled lewdly, and looked straight at Xiaolan in her arms.

But at this time, Xiaolan did not panic or resist. Instead, she looked at the five guardians with affection in her eyes, and said shyly: "You are so bad, you hurt everyone..."

Looking at Xiaolan's appearance, the eyes of the five guardians gradually became empty, and then a smirk appeared, and the hala was about to flow out.

"You still don't let me go?"

Xiaolan said to the Five Guardians.

Chapter 955

The five guardians obediently let go of Xiaolan, and still stared at Xiaolan.

"Do you like me?" Xiaolan asked with a wink at the Five Guardians.

"Like..." The Five Guardians nodded stiffly.

"Since you like me, then you have to listen to me, now you kill the guy who grabbed my sister..."

Xiaolan pointed at the four guardians and said.

"Okay!" The Fifth Protector still smirked, turned and walked towards the Fourth Protector.

"The fifth, the fifth..."

The Fourth Protector looked at the Five Protectors who came over and felt something was wrong, so he shouted twice.

It's just that the five guardians seem to have not heard it, and they still walk straight towards the four guardians.

call...

Suddenly, the five guardians smashed towards the fourth guardian with one punch, the force was enormous, and the terrifying strong wind directly gave the air a sonic boom.

The Fourth Protector carried Gu Linger and suddenly avoided the attack of the Fifth Protector.

"Five, you're fcuking crazy..."

The Four Protectors cursed loudly.

However, the Five Protectors still did not stop, and continued to attack the Four Protectors.

The Fourth Protector had no choice but to throw Gu Linger out, and then kept resisting the attack of the Five Protectors.

"Linger, are you alright?"

Xiaolan hurriedly stepped forward and helped Gu Linger up.

"I'm fine..."

Gu Linger shook his head.

At this moment, the second guardian who was fighting with Sonya, saw that the fourth and fifth guardians were actually fighting, and suddenly said angrily: "Fourth, fifth, you two are fcuking crazy, fighting for women..."

The second guardian thought that the two were fighting for a woman.

"Second brother, the fifth is crazy, and I don't know why he attacked me..."

The four protectors said loudly while resisting the attack of the five protectors.

The second guardian's face sank, and he suddenly pushed his hands, and a surging energy rushed towards Sonya like an overwhelmed sea.

Sonya's face changed, and her figure hurriedly retreated, but the second guardian did not take the opportunity to attack Sonya, but didge directly, clasped the wrist of the fifth guardian, and controlled the fifth guardian.

The five guardians have dull eyes. Although they are controlled, they are still struggling, like crazy, and they don't know anyone at all.

"Second brother, do you see if the fifth is crazy?"

The four guardians said with anger on their faces.

So good, how can you not be angry when you are suddenly attacked by your own brother.

The second protector frowned slightly, but he couldn't see what happened to the five protectors.

"Brother, come and see what happened to the fifth?"

The second protector said to the big protector.

At this moment, the Great Protector and the Third Protector are fighting against Xuelang. With its flexible body, Xuelang constantly roams and attacks, but facing two fifth-grade Wuzong attacks, Xuelang is obviously not an opponent. There are already many wounds on the wolf.

The blood has dyed its snow-white hair red, but Snow Wolf is still struggling to support it. It also knows that as long as it falls, Long Wu and the others will definitely not be their opponents.

The Great Protector heard the call of the Second Protector, and slapped the head of Xuelang with a palm.

But this hit the big protector's trap, and I saw that the big protector's palm was just a false move, followed by a fierce kick.

It happened to kick on Xuelang's body, and the huge Xuelang was kicked and flew out, hitting the ground heavily.

"noob..."

When Sonya and the others saw this, they all ran over. Seeing the scars on Xuelang's body, several people's eyes became wet.

At this moment, the great protector did not pay attention to the snow wolf who was kicked away, and went directly to the five protectors.

Chapter 956

Looking at the dull eyes of the five guardians and the constantly struggling body, the great guardians put their fingers together, and a little golden light flashed on the fingertips, and suddenly clicked on the eyebrows of the five guardians.

The golden light instantly disappeared into the head of the five guardians, the struggling body of the five guardians instantly became quiet, and the dull eyes began to have color.

"Brother, you... why are you looking at me like this?"

The five guardians saw that the other hurried guardians looked at him with strange eyes, and asked in a panic.

"You've fallen into other people's charms, you don't know it yourself, how many times have I fcuking told you, when you're on a mission, don't be tempted by women..."

The Great Protector looked at the Five Protectors with a serious face and roared.

This sentence made the Fifth Protector and the Fourth Protector all bow their heads. Among the five, they were the two most lustful. It was just because of this that the Five Protectors fell into Xiaolan's charm.

"Damn, this b!tch fcuked me, I killed her..."

The five guardians became angry, and he did not expect that he would be overcast by Xiaolan.

The great protector stopped the five protectors, and then looked at Long Wu and the others.

At this time, Long Wu was taking Sonya and the others and hurriedly bandaged Xuelang. Now Xuelang's body was very weak.

"Xiao Bai, hold on, hold on..."

Sonya's face was full of tears, and a soft red light began to appear in the palm of her hand, which tightly wrapped the snow wolf.

Gu Ling'er, Wu Mei'er, and Xiao Lan looked at Xuelang like that, and their tears couldn't stop flowing.

Even Long Wu's eyes became red. During this time, they had developed a strong relationship with Xuelang.

"Long Wu, you hand over David now, and I can give you a chance to live..."

The Great Protector looked at Long Wu and said in a cold voice.

Long Wu red eyes, gritted his teeth, and said viciously: "Don't dream, unless we are all dead, otherwise you don't want to step into this villa..."

Although Long Wu's skills were completely lost, the momentum on his body at the moment contained a monstrous killing intent.

"Since you're obsessed, don't blame me..."

The guardian's eyes narrowed slightly.

As soon as the words fell, the five guardians couldn't wait to jump up and attacked Xiaolan. She was just overwhelmed by Xiaolan, which made him too embarrassed.

The second protector, the third protector, and the fourth protector also shot together. The terrifying energy of the four people completely surrounded Long Wu and the others, and there was no way out.

"Sister, if I die, you must not be caught by these people, or you will be better off dead..."

Xiao Lan handed a dagger into Wu Mei'er's hands.

Wu Meier held the dagger and nodded vigorously, her eyes were full of determination, she would never let these people be captured alive.

After Xiaolan glanced at Wu Meier again, she drew out her sword, turned and walked towards the Five Guardians.

At this time, Xiaolan has already regarded death as her home. She is not afraid of death. She only hopes that she can use her life to delay David for a while.

But before Xiaolan's body was in front of the Five Guardians, she was hit by a terrifying force and flew out and fell directly in front of Wu Mei'er.

"elder sister..."

Wu Meier squatted down, not only wiping the blood from the corner of Xiaolan's mouth.

Gu Linger glanced at Xiaolan, who was vomiting blood, with anger in her eyes, and after shouting angrily, she directly attacked several guardians.

bang...

With the same result, before Gu Ling'er's body reached the front of several guardians, he was directly knocked back by the terrifying energy.

A mouthful of blood spurted out, and Gu Linger's body slammed heavily on the ground, directly smashing a deep pit into the ground.

"Linger..."

Long Wu stepped forward and checked Gu Linger's injury.

Chapter 957

At this moment, only Sonya was still squatting in front of Xuelang, constantly healing Xuelang.

Xuelang stood up slowly, but the wound on his body was still bleeding.

One person and one wolf, facing five martial arts masters.

Sonya glanced at Xiaolan and Gu Linger who were seriously injured, and there was a blazing flame in her eyes, and then Sonya's whole body was wrapped in flames, and her whole body was like a burning man.

Soon the raging flames broke away from Sonya's body, and turned into a phoenix in mid-air, constantly hovering above Sonya's head.

Seeing this, the five guardians all widened their eyes, their faces full of surprise.

"Xiao Bai, it's up to us next..."

Sonya gently stroked Xuelang's head.

Xuelang seemed to understand Sonya's words and kept nodding his head.

Sonya took out a dagger and cut a wound on her palm with force, blood flowed out instantly, and then brought her palm to Xuelang's mouth.

Xuelang raised his head and glanced at Sonya, then stuck out his tongue, licking the blood that Sonya shed.

The five guardians looked stunned and did not understand what Sonya was doing.

After licking Sonya's blood, Xuelang's eyes slowly turned red.

"Ow..."

Xuelang raised his head and barked wildly, and the hair on his body exploded!

"Be careful, this girl is a little weird..."

The great protector told the other hurried protectors.

The other guardians hurriedly nodded, and then the five of them attacked Sonya and Xuelang together.

The fire phoenix above Sonya's head screamed and fluttered a pair of wings, heading towards the five guardians.

Snow Wolf showed his fangs and jumped up!

"Second, you take someone to deal with that girl, this beast is handed over to me..."

After the Great Protector finished speaking, he slapped Xuelang's body with a palm.

The second guardian nodded and led the other hurried guardians to attack Sonya.

The fire phoenix was in the air, its wings flickered, and rounds of flames blocked directly in front of the four guardians.

The raging flames seemed to wrap the four guardians.

Seeing this, the four guardians suddenly slapped their palms together, forming a wind wall, and the raging flames could not move forward at all.

Immediately after that, the four guardians suddenly jumped up and shot at the same time again, constantly slapping the palm wind forward, the terrifying palm wind collided, and began to form one after another tornado, and several tornadoes actually surrounded the fire phoenix.

The flames on Fire Phoenix were carried directly into the air by tornadoes, and finally the entire Fire Phoenix disappeared without a trace.

Sonya's face was extremely pale at the moment, she gritted her teeth vigorously, her eyes were wide open, and flames began to rise again from her body.

But before the flames on Sonya's body took shape, the terrifying breath of the four guardians had already enveloped Sonya, and several breaths hit Sonya, causing the flames on Sonya's body to go out instantly, and the whole person fell heavily to the ground.

Even with the fire spirit body, Sonya was unable to resist the attack of the four Wu Zongs, and the difference in strength was too great.

On the other side, the mad Snow Wolf kept attacking the Great Protector. Even if the Great Protector slapped it with his palm, the Snow Wolf would not dodge or dodge, and directly grabbed the Great Protector's chest with his sharp claws.

Xuelang was planning to exchange his life for his life. Just as the Great Protector slapped Xuelang's body flying with one palm, Xuelang's claw also caused bloodstains to appear on the Great Protector's chest.

If it weren't for the strong body of the guardian, Xuelang's claws would have ripped him open long ago.

Now, only Long Wu and Wu Mei'er are still standing, but looking at the few people lying on the ground, Long Wu's body is shaking with anger.

Wu Mei'er pulled out the dagger, her eyes full of tears: "Uncle Long, I'll take a step first, if there is an afterlife, I'm repaying your kindness of upbringing..."

Chapter 958

Long Wu looked at Wu Mei'er. He didn't stop him, but closed his eyes helplessly. He knew that at this time, suicide might be Wu Mei'er's best destination.

But just as Wu Meier was about to commit suicide with a dagger, there was a sudden noise of footsteps, and then the ground began to tremble.

"kill..."

Countless roars came, and then they saw Lin Tianhu and Chifeng surrounded with thousands of people.

These people surrounded the entire villa, and then formed a human wall in the villa area.

Several guardians looked at these people who suddenly appeared, and suddenly all laughed.

In their eyes, these people are afraid that they are not even as good as ants.

“Protect Mr. Chen, and don’t allow anyone to step into the villa...”

Lin Tianhu glared angrily at several guardians, and suddenly shouted loudly.

“Protect Mr. Chen, protect Mr. Chen...”

Thousands of people, armed with weapons, shouted loudly.

“A bunch of unreasonable things...”

The big protector’s eyes narrowed slightly, and then his hands pushed forward.

A huge energy directly knocked all the dozens of people in front of them into the air. In mid-air, the bodies of these dozen people couldn’t bear the energy and exploded!

The blood was mixed with the broken limbs, making the scene gory immediately.

Seeing this scene, everyone’s expressions changed greatly, and Lin Tianhu and Chifeng also trembled slightly, but none of them retreated.

“Get out of here now, I don’t want to commit more murders today...”

The Great Protector said with a gloomy expression when he saw that these people did not retreat.

Although these people were all terrified, none of them flinched, all of them gritted their teeth and stood in place.

“Okay, let’s see if your bones are hard, or my fist is hard...”

The Great Protector was furious, and suddenly punched out from the air!

boom...

There was a thunderous sound, and then a dozen people blocking the door of the villa fell into a pool of blood in an instant, but soon someone blocked the gap.

"Damn, do it..."

Upon seeing this, the Great Protector uttered foul language.

As Wu Zong, how could he be stopped by a group of small foreign warriors.

Soon, the five guardians exuded auras from their bodies at the same time, and the terrifying aura spread out, instantly covering a radius of hundreds of meters.

The five people didn't do it, but it was such a breath that no one could bear it.

In front of five Martial Sects, let alone a thousand little warriors, even 10,000 would be of no use at all, it would be nothing more than procrastination.

"Kill me..."

Lin Tianhu gritted his teeth. He knew the opponent's strength and knew that he was going to die, but he didn't have the slightest fear or retreat.

Even if you can buy David an extra minute, it's worth it...

"kill..."

Everyone shouted and rushed towards the five guardians.

It's a pity that these people couldn't rush to the front of the five guardians at all, and before they touched each other, they were harvested by the energy radiating from the other party's body.

But the people in the back were still holding their weapons, and no one flinched.

Soon, the blood flowed into a river in front of the villa, and the corpses were almost piled up into a hill.

This kind of slaughter made the five guardians start to feel a little timid, but they did not stop. They came to take David away. This was an order given by Long Jingguo himself, and they had to complete it.

Looking at the corpses on the ground, Long Wu's eyes were red, and he turned to look at the villa: "David, if so many people die for you, your life is worth it..."

More and more people died, and the thick bloody smell caused countless crows to appear in the sky, covering the sky and blocking the sun directly.

All of a sudden, the sky instantly darkened, but the killing continued.

Chapter 959

Suddenly, a golden light shot up into the sky in the villa, and the dazzling golden light directly dispelled the crows in the sky, and even many crows fell to the ground under the illumination of this golden light.

Seeing this dazzling golden light, everyone stopped.

Boom...

Suddenly, the whole earth shook for a while, followed by a big hole in the roof of the villa, and David's body slowly floated into the air!

David's whole body was wrapped in golden light, like a fairy falling from the sky.

Everyone was stunned by the scene in front of them, looking up at David in midair.

"Brother, this..."

The second guardian looked at David in mid-air, and for a while he didn't know what to do.

"This kid broke through..."

The Great Protector frowned: "Brothers, do your best, you mustn't let him break through completely.

"

After the great protector finished speaking, he stepped down, and his body rose directly into the air, and then he punched out a white energy that was visible to the naked eye.

This energy was like a fast-moving cannonball, hitting David ruthlessly.

rumbling...

After a deafening sound, David, who was wrapped in golden light, did not move at all, still maintaining a posture of floating in mid-air. The big protector's punch did not cause any damage to David at all.

Upon seeing this, the great protector clenched his fist again, and after shouting angrily, bursts of light condensed on the huge fist, and terrifying energy came across.

The aura on the guardian's body climbed to the extreme, and he punched David's chest fiercely.

But just when the big protector was about to smash David's chest with a punch, suddenly, David opened his eyes, and two golden lights burst out from David's eyes, followed by the overwhelming terrifying spiritual power. was released.

boom...

The great protector only felt a gust of wind swept across his face, followed by a tyrannical aura that rolled over him.

At this moment, the aura on the guardian's body collapsed when it was crushed, and the body of the guardian also flew out, hitting the ground heavily, smashing the ground into a large pit of nearly ten meters.

The Great Protector's chest was sunken, his ribs were obviously broken, his face was extremely pale, and the blood from the corners of his mouth began to drip continuously.

"Big brother..."

When the other guardians saw this, they hurried over and helped the great guardian.

David slowly fell from the air. When he saw the blood on the scene, his face became extremely gloomy, and his murderous aura shrouded the entire Pine Bay.

"David..."

"Mr. Chen..."

Long Wu and Lin Tianhu were all excited when they saw that David completed the retreat and broke through.

David's eyes swept across Sonya, Gu Linger, Xiaolan and other people on the ground, and the murderous aura on his body became even more intense.

Sonya and the others were helped up. Although they were seriously injured, they were not fatal.

"Are you all right?"

David waved his hand, and three spiritual powers instantly penetrated into Sonya and the others.

"You can't die, just wake up..."

Sonya smiled palely.

"David, go and see Xiaobai, it's going to die..."

Gu Linger said to David.

Although she herself was seriously injured, she was still worried about the safety of Xuelang.

David glanced at Xuelang who was lying on the ground, covered in injuries and dying, crouched down, and gently stroked Xuelang's head.

A wave of spiritual power entered Xuelang's body, and David's brows furrowed.

Xuelang's internal organs have been shattered, and there is no possibility of being rescued.

Xuelang looked at David and whimpered twice. It also seemed to know that it was going to die, opened its mouth, and suddenly spit out a crystal clear bead from its mouth!

Chapter 960

David knew that this was Xuelang's beast pill, and just after Xuelang spit out the beast pill, he slowly closed his eyes and no longer breathed.

David's eyes were scarlet, he slowly picked up the warm beast pill, and looked at the Great Protector and them with stern eyes.

"Mr. Chen, our people...our people..."

Lin Tianhu walked to David's side, his voice choked, and tears could not stop flowing.

There were corpses all over the ground, and many of them were brothers who had been with Lin Tianhu for many years. This made Lin Tianhu a man and couldn't help shedding tears.

David patted Lin Tianhu on the shoulder: "I will use the blood of these five beasts to pay homage to my brothers..."

After David finished speaking, he stepped towards the five guardians, and the terrifying killing intent on his body instantly locked the five guardians.

Several guardians felt the terrifying killing intent on David's body, and all had a solemn look on their faces.

"Who sent you?"

David walked up to the five guardians and asked in a cold voice.

"David, they belong to the Long family!" Long Wu said loudly behind him.

Hearing the words of the Long family, David's eyes twitched a few times, and he gritted his teeth and said, "I will have a fight with the Long family eventually, so I'll take the five of you today..."

"David, we didn't intend to hurt anyone, we just wanted to take you to the Long family. If you follow us obediently now, we will never do anything to you..."

The great protector stared at David.

"Go?" The golden light on David's body suddenly appeared, and the terrifying aura began to erupt: "Today none of you can leave, I want your lives..."

Seeing that David's killing intent had been decided, the Great Protector said with a solemn expression: "We will start together in a while. If we can't catch him alive, then kill him. This son must not stay here..."

Several other guardians nodded, and at the same time burst out the breath.

At the same time, the five guardians shouted angrily at the same time, and then the five paths of strength shot out from their hands. The five paths of strength criss-crossed and turned into a colorful dragon. David attacked.

But when the five people attacked David at the same time, they suddenly found that David's figure had disappeared, and the five people were stunned.

The next second, David's figure appeared in front of the Great Protector, and he swung towards the Great Protector with a punch.

"Today, I want to make your life worse than death..."

The incomparably fierce fist was smashed out fiercely, and the Great Protector saw this and rushed towards it with a hurried punch.

The fists collided, and the Great Protector's arm instantly became twisted, and the bones of the entire arm were all shattered.

The Great Protector was startled, and hurriedly stepped back, because he felt that the power of David's punch was enough to break the bones of his whole body. pile of mud.

"Hands on..."

The other hurried Dharma protectors saw this and shot at David together.

David stretched out his right hand, and the Dragon Slaying Sword instantly appeared in David's hand. At this time, a golden liquid was flowing on the body of the Dragon Slaying Sword.

This is David's blood, and David's blood has turned golden at this moment.

At the moment when the Dragon Slaying Sword appeared, a dazzling golden light filled the entire sky.

"Nine Shadow Swordsmanship, Sword Qi is like a rainbow..."

David held the Dragon Slaying Sword and started to use the Nine Shadows Sword Technique he got from Ichiro Watanabe.

At the same time, David's figure began to be divided into two and four, and the last four phantom clones and David's body, five identical David facing the five guardians.

The five figures raised the Dragon Slaying Sword in their hands at the same time, and the sword body exuded a terrifying aura.

In desperation, the four guardians fought one against the other, moving toward David's four phantom clones, while David's body was facing the great guardian.
