

# A Man Like None Other Novel

## Chapter 1161

Looking at the bones all over the mountains and plains, the legs of those cruise ship staff were weak and could only be carried away.

After walking for more than ten minutes, David saw several houses stacked with stones on a relatively flat area.

The pirate with a red skull on his chest walked straight towards a larger house.

David and the others were locked up.

When the pirate entered the largest house, a man with disheveled hair was sitting in the house.

Looking at the man's hair, it seems that he hasn't had a haircut for several years.

The body smelled of blood.

This man is the head of the pirate on Skull Island, called Batu.

Seeing the pirates coming in, Batu frowned slightly.

"Blood Hand, why did you come back so quickly this time? How was the harvest?"

Batu asked the pirate coldly.

"Boss, this time we have a cruise ship, but there are no tourists, only fifteen people!"

Bloody said cautiously.

"What? Fifteen people?"

Batu instantly burst into anger: "What's the use of fifteen people? My magic is at a critical juncture now, and fifty people are necessary!"

"Boss, calm down, I'll take someone to look for it right away..."

Bloody hands trembled in fright.

"Forget it, I'll go to the sea myself in two days!"

Batu waved his hand, and then asked, "Are there any warriors among these fifteen people?"

Bloody shook his head: "No, they are all ordinary people."

Hearing this, Batu frowned even more deeply. After a moment of thought, he said, "Which company does the cruise ship belong to? Find a way to contact them and ask them to redeem them, so that they will be detained together!"

"Got it!"

Bloody nodded and left.

Batu has a depressed look on his face. With the energy of fifty more people, he will be able to step into Wuzong in one step, and his strength will have a qualitative leap!

Originally, Batu and the others were evil cultivators, but they were hunted down and forced to come to this deserted island.

It was later renamed Skull Island, and Batu lived on Skull Island by robbery at sea.

Skull Island is short of materials, and there are almost no resources to cultivate, so the essence of living people has become the only resource for Batu to cultivate.

At this time, David, who was locked in the stone house, spread his consciousness and quickly got a clear picture of the situation of the entire island.

And in a place near the sea in the southwest of Skull Island, where the sky is overcast, there should be a lot of bones buried in the ground.

Just when David's consciousness spread, he moved towards the largest stone house.

Batu, who was originally depressed, suddenly stood up suddenly.

Then he looked around nervously.

Because he just felt an extremely dangerous breath.

Although this breath was fleeting, he was still aware of it.

Batu frowned and his face became extremely ugly.

This kind of breath will never be emitted by his subordinates.

"Blood hand, bloody hand..."

Batu shouted loudly.

Soon, the bloody hand pushed the door and walked in.

“Boss, what’s the matter?”

Bloody asked.

“Where is the person you caught? Take me to see...”

Batu said.

The bloody hand nodded, and then took Batu towards the stone house where David and the others were imprisoned.

At this time, those who were caught were all huddled together, shivering one by one, and some kept praying.

Only David stood by himself, looking at the situation outside through the small window.

The door was pushed open, and the bloody hand walked in with Batu.

Those who were caught saw Batu, who was like a savage, and panicked even more, and some people even screamed in surprise.

“What’s it called? It’ll kill you all if you’re not honest...”

The bloody hand reprimanded loudly.

## Chapter 1162

Sure enough, those people were so frightened that no one dared to speak out.

Batu glanced at it, and finally his eyes fell on David.

At this moment, David has already hidden his breath, and with Batu's strength, he can't see through David.

"Boss, everyone is here..."

The bloody hand said to Batu.

Batu nodded, then slowly walked towards David.

But David didn't panic when he looked at Batu, but when Batu approached, the stench and blood on his body made David frown.

Batu still wanted to approach David, but was stopped by David: "Stop, don't go forward, don't scare people to death, but also kill people."

"There's water everywhere, I don't have to take a shower, it's too smelly..."

David's words made Batu instantly stunned.

Because for so many years, no one has spoken to him like this, and no one has said that he stinks.

"fcuk, what are you talking about? Are you courting death?"

The bloody hands stared, and then a vigorous step came to David, ready to teach David a lesson.

But who knows, the body of the bloody hand has just approached David.

I felt a terrifying force erupting from David's body. David didn't move, and the bloody body flew out instantly.

Then he slammed into the stone wall savagely and vomited blood.

This sudden change made Batu instantly dumbfounded.

How to say the blood hand is the strength of the peak of the master, and he will soon enter the great master.

Now that he hasn't even touched the opponent, he was directly shot and flew out.

This is also outrageous.

Even in the peak state of his great master, he can't do this, unless he steps into Wuzong.

Could it be that the person in front of him is Wu Zong?

Thinking of this Batu's forehead instantly broke out in a cold sweat!

On the other hand, David flashed a faint golden light on his body, and the breath on his body skyrocketed instantly!

Batu, who was standing in front of David, suddenly felt a mountain pressing down on him, and then he bent his knees and knelt to the ground.

At this moment, Batu understood that the person in front of him was definitely a Martial Sect, and he definitely surpassed the strength of the Fifth Grade Martial Sect.

He couldn't understand, why would he capture a Wuzong this time?

"You are the boss of this island?"

David asked Batu, who was kneeling on the ground.

"Yes, yes, I am, my name is Batu, I don't know the name of the high-ranking person?"

Batu nodded again and again.

In front of David, Batu dared not have any thoughts.

The gap in strength made him know that no matter what he thought, it was futile.

Now the only thing he can do is obey!

"My name is David Chen..."

David said lightly.

As soon as David's name was spoken, Nabatu sat on the ground with a puff.

Then he looked at David in horror.

"You...you are David?"

Batu trembled.

"You know me?" David was a little strange.

In this place where birds don't sh!t, and there is no Internet, how can this Batu know himself.

Batu nodded: "I've heard of Mr. Chen's name and beheaded Guo Wei, director of the Kyoto Martial Arts Alliance..."

After hearing this, David was a little surprised. He didn't expect this incident to have such a big impact.

Even in places where birds don't poop, they can also hear their own deeds.

"You've put it all away now..."

David looked at the staff huddled in the corner and said to Batu.

"Okay, let it go now..."

After Batu finished speaking, he said to the bloody hand: "Hurry up and listen to Mr. Chen, let him go..."

The bloody hands climbed up with difficulty, and then called someone to release all the staff.

These are just ordinary people, where have I seen such a scene!

So after being put back on the cruise ship, he started the ship and ran away, ignoring David.

"Mr. Chen, we are also pirates who were forced to be helpless. I hope you can raise your hand and spare our lives..."

Batu begged to David.

## Chapter 1163

"If you are just pirates and have never hurt anyone's life, I want to spare you, but you are evil cultivators who have killed an unknown number of people. How can you tell me to let you go?"

David looked at Batu coldly and asked.

"Mr. Chen has been wronged, we are not evil cultivators, we were just chased by our enemies and had to come to this deserted island..."

"I've never killed an ordinary person, please let Mr. Chen let me go..."

Batu began to complain.

"You say I wronged you?" David's eyes narrowed slightly, and then he said, "Come with me, I think you won't cry without seeing the coffin..."

After David finished speaking, he walked directly towards the southwest.

Batu led someone to follow, and when he saw David's direction, he began to panic.

Because in that direction, many corpses and skulls were buried there.

It's just that Batu doesn't understand, how could David know?

With an uneasy mood, Batu followed David to the place where the bones were buried.

David waved his hand, and instantly two pirates were sucked in front of him by a force.

"Just this place, you two dig for me..."

David said to the two pirates.

The two pirates turned to look at Batu, they had to obey Batu's orders.

Just when the two pirates hesitated, David waved his palm!

The two pirates didn't have time to react at all, and were directly beaten in the head.

David's bloody method surprised all the pirates!

"You two come and dig for me..."

David quickly pointed to two pirates.

This time, the two pirates did not dare to hesitate and began to dig hard.

After a while, one after another, many skulls were dug out.

The yin qi soaring into the sky made the surrounding temperature instantly icy much colder.

Looking at the excavated bones, Batu's cold sweat began to drip continuously.

"What else do you have to say?"

David looked at Batu coldly, his obsidian-like eyes exuding a cold and fierce light, which brought an infinite sense of oppression.

"me..."

Batu stammered, not knowing what to say.

"You evil cultivators are damned, how many people died in your hands? Look at these bones, there are children among them..."

Killing intent erupted from David's body, and he slowly walked towards Batu.

Batu kept retreating, and finally a cold light flashed in his eyes, then he grabbed the bloody hand beside him and threw it towards David.

David waved his hand.

boom!

The body of the bloody hand exploded in mid-air, turning into a cloud of blood.

Taking advantage of this opportunity, Batu jumped up, and then plunged into the sea.

Over the years on this island, Batu's water has been trained very well.

Seeing Batu jumping into the sea, David did not go after him.

In this vast sea, he knew that even if Batu jumped into the sea, he would not be able to escape.

Without the boat, it is impossible to get back to land at all.

David turned his head and looked at the remaining pirates.

Seeing David looking at them, these pirates were terrified one by one, and then they all wanted to escape.

But this small island is so big, where can you escape to?

David's palms flickered with golden light, and then the golden light soared, and endless coercion shrouded the island.

There was no movement, and the pirates who escaped began to bleed from their seven orifices one by one and exploded to death.

They simply couldn't bear the coercion emanating from David.

All the pirates on the island died at the hands of David.

But when David looked towards the sea, he found that Nabatu had disappeared!

"Did this guy drown?"

David frowned slightly.

It is said that with the strength of the great master, it is impossible to drown in the sea so easily.

Just when David was wondering, waves of several meters suddenly exploded on the sea surface, and the entire island was shaken by the waves.

# Chapter 1164

Then a giant beast more than ten meters high showed its head, and above that head, Batu was riding on it.

After the giant beast emerged from the water, it quickly swam in the direction of the landing.

David instantly understood why this Batu jumped into the sea.

It turns out that he still has a hole card, knowing that there is such a giant beast in the water.

It is very likely that this giant beast was raised by him.

Looking at Batu who had fled far away, David suddenly took a breath and jumped up.

The body instantly draws a white wave on the sea!

Although the speed of the behemoth was very fast, David quickly caught up.

Seeing David catching up, Batu's eyes were full of horror!

"David, you and I have no grievances, how about letting me go?"

Batu said to David.

"Let you go?"

David sneered: "If you let go of you, the souls of those who died tragically in your hands will never rest in peace..."

With that said, David patted Batu with a palm.

When Batu saw this, he pressed a palm on the head of the giant beast, and the monster's eyes radiated a strange light, which was obviously controlled by Nabatu.

Immediately afterwards, the tail of the giant beast rushed out of the water, then met David, and slapped it at once.

boom!

The power of the monster is great, and after hitting with David, David's body quickly retreated.

David was suspended above the water, looking at the giant beast, his eyes slightly condensed!

The moment the giant beast just touched, David knew that the giant beast had already given birth to a beast pill, and its strength was comparable to the fifth-grade martial arts.

If a martial artist with the strength of the fifth rank Wuzong fights with this giant beast, he will definitely lose.

After all, of the same rank, the power of monsters is far higher than that of humans.

It's just that the monsters have no thoughts, let alone fighting skills.

Batu saw that David was repelled by the monster, and his panicked look disappeared.

"Hahaha, David, you may be very strong on land, but in water, your strength is greatly reduced, and you are not a match for my giant beast at all."

"You let me go now, and I won't care about you anymore, otherwise we will have a lose-lose situation..."

Batu just wanted to escape, he didn't want to really fight David.

"It's just a little monster, you want to talk to me with it? It's not worthy of it at all..."

After David finished speaking, he grabbed his right hand towards the void, and then the Dragon Slaying Sword appeared in his hand.

A raging flame is burning on the Dragon Slaying Sword!

And David's whole body exudes golden light, like a god!

Seeing this scene, Batu's face instantly began to look ugly again.

And the giant beast seemed to be afraid of David and didn't dare to move forward.

"Take your life..."

David jumped up high with the Dragon Slaying Sword in his hand.

The sharp sword energy raised waves several meters high above the sea.

Seeing this, Batu hurriedly controlled the giant beast and leaped out of the water.

Then the tail of the giant beast swept towards David.

With a wave of the Dragon Slaying Sword in David's hand, the tail of the giant beast was instantly cut off, and the blood stained a large area of the sea!

The giant beast wailed for a while, and its body fell heavily back to the surface of the water.

Batu's body fell from the head of the giant beast, and the giant beast wanted to escape from the water!

David's body rushed straight into the water from mid-air, and the Dragon Slaying Sword penetrated the body of the giant beast at once.

The Dragon Slaying Sword then slashed across the body of the giant beast, and a crystal clear beast pill floated in the water!

David opened his hand, took the beast pill in his hand, and then put it into the storage ring.

And Nabatu fled into the distance with desperate luck.

The corner of David's mouth raised slightly, and the Dragon Slaying Sword in his hand came out!

puff...

The Dragon Slaying Sword slid across Batu's body, and then returned to David's hands.

And Batu's body was cut off by laziness, and he fell heavily into the water.

Several sharks came and devoured Batu's body.

Good and evil will be rewarded eventually, it's not that the time has not come...

## Chapter 1165

After beheading Batu, David lived on Skull Island.

It is a good place to practice cultivation.

At the same time, more than a dozen staff members drove the cruise ship to the shore!

Looking at the returning cruise ship, Jin Fusheng looked puzzled.

Because before departure, David had already said that the cruise ship would be allowed to wander overseas for a period of time, and he needed to practice.

But now that he came back so quickly, it seemed very abnormal.

It was only after Jin Fusheng called all the crew together that he understood what had happened.

However, Jin Fusheng knew David's strength, so he was not worried.

Instead, he gave none of the crew members a large sum of money, and then said with a cold expression: "Now you take the money and go on a trip!"

"No matter who asks you, you don't know anything, let alone reveal where Mr. Chen is."

"Otherwise you will never stay in Nanhua City."

"Don't worry, Boss Jin, we won't say anything."

With the money, the staff all left.

Time passed day by day, and half a month passed in the blink of an eye.

In the past two weeks, the discussion on David on the martial arts forum has obviously not been as intense as before.

However, there are still several forces that are secretly investigating David's whereabouts.

In the past two weeks, David's strength has been greatly improved.

The current David has reached the strength of the eighth-rank Wuzong.

After giving him a period of time, it is not a problem to break through the peak of Wuzong and step into the half-step Wuhou.

It is even possible to step into the real Wuzong realm a few years ago!

That is, the Nascent Soul Stage of the Immortal Cultivation World.

If it really reaches this state, then David will become immortal.

As long as the Nascent Soul within the body is not injured, even if the physical body is severely damaged, it can slowly recover.

Now, apart from Jin Fusheng and the crew of the cruise ship, no one knows David's whereabouts.

Jin Fusheng, on the other hand, was tight-lipped and never mentioned David to anyone else.

But on this day!

Jin Fusheng basks in the sun in his yard.

Suddenly, several people in tight clothes broke in, and several members of the Jin family died tragically.

Jin Fusheng was startled and hurriedly got up and looked at the few people in front of him.

"Who are you?"

Jin Fusheng showed panic in his eyes.

Because he can feel it, the strength of the few people in front of him is far stronger than him.

"Where is David?"

One person took a step forward and asked Jin Fusheng.

"What did you say? What David, I don't know!"

Jin Fusheng shook his head.

"Humph!" The man snorted coldly, and then waved, Jin Fusheng's body involuntarily came to the man.

"I'll tell you who I am, I am the Tibetan Qing of Tianshamen!"

"Can you tell me now, where is David?"

Zang Qing was holding Jin Fusheng in one hand, and his eyes were cold.

As soon as he heard the words "Tianshamen", Jin Fusheng's legs instantly softened.

Tianshamen is a sect of evil cultivation. Although it was chased and killed, it has been hidden for the past two years, but the reputation of Tianshamen is outside, and almost everyone in the martial arts world knows it.

Who doesn't know that the evil cultivator's methods are cruel and bloodthirsty, and are not controlled by any martial arts rules at all.

"I...I really don't know!"

Jin Fusheng trembled, but he still didn't tell David's whereabouts.

Zang Qing smiled coldly: "Don't reject me in such a hurry, I'll give you three days back."

"If I haven't seen David in three days, I'll let you guys stay!"

After Zang Qing finished speaking, he let go of Jin Fusheng, then turned and left.

He did not kill Jin Fusheng, because after killing Jin Fusheng, no one would know David's whereabouts.

Seeing Tibetan Qing leaving, Jin Fusheng slumped on the ground instantly, caught in a dilemma!

## Chapter 1166

But after thinking about it again and again, Jin Fusheng explained a few words, and immediately went to the pier, got on the boat and sailed to the sea.

He is going to go to David, after all, he is risking the life of the entire Jin family, and he does not dare to bet!

Just after Jin Fusheng left, in a hotel room.

A disciple of Tianshamen hurriedly reported to Tibetan Qing.

"Sect Master, that Jin Fusheng just went out to sea by boat, so he should be looking for David."

The disciples reported.

"En!" Zang Qing nodded: "I didn't expect David to be quite smart, he even knew to hide at sea, no wonder he couldn't find him for so long!"

During the time when Jin Fusheng went to look for David at sea, Tibetan Qing published the news of killing David on the martial arts forum.

Soon, the news spread in the martial arts world, and everyone was a little puzzled. Why did the Tianshamen, which has disappeared, suddenly show up and kill David?

In fact, Tibetan Qing didn't want to be so high-profile. After all, they were evil cultivators. If they acted in such a high-profile manner, they might be hunted down by other sects.

But there is no way, what Zhu Zhishan asked, Tibetan Qing can only do it!

The reason why Zhu Zhishan wants to do this is to prevent people from doubting their martial arts alliance.

David died, and that was also done by Tianshamen.

Moreover, Tianshamen is an evil cultivator, and has nothing to do with the Martial Arts Alliance.

...

Kyoto Dragon House!

Long Jingguo narrowed his eyes slightly after learning that the Tibetan Qing of Tianshamen was going to kill David: "It's getting more and more interesting, and even Tianshamen popped out."

"It seems that the treasure on David's body really makes people miss..."

Long Jingguo thought that Tianshamen Tibetan Qing was going to kill David, but also for Longjing on David.

Although many aristocratic sects also want the dragon crystal on David, they are all decent and decent, and there is official control on them, so no one dares to publicly publish the news of killing David on the martial arts forum.

Even if these people wanted to kill David, they would act in secret and would not be so high profile.

Otherwise, it will soon be targeted by the authorities, not to mention that David is also a person that Mr. Shi pays special attention to.

But this Tianshamen is different. They are evil cultivators themselves, and they are not officially recognized at all.

So it doesn't matter to say that David was killed in such a high-profile manner.

"Patriarch, this Tianshamen is so high-profile, is there something behind the scenes?"

Long Xingxu asked Long Jingguo in confusion.

After all, Xie Xiu is like a mouse crossing the street, everyone shouts and fights, and all the evil Xiu sects are hidden.

At this time, Tianshamen acted in a high-profile manner, there must be a reason.

"There may not be a backstage, maybe this Tibetan Qing has stepped into Wuhou."

"I remember that two years ago, this guy was already at the peak of Wuzong. Now that we count the time, it is very likely that he will enter the realm of Marquis!"

"But this guy is indeed a bit high-profile. Even if he steps into the realm of Marquis Wu and acts in such a high-profile manner, he will inevitably be killed."

Long Jingguo said lightly.

"Then what should we do? Do we still need to send someone to deal with David in secret?"

Long Xingxu asked.

Long Jingguo waved his hand: "No need for now, even if we don't take action, then David will definitely not be able to live!"

...

Kyoto Guardian Pavilion!

The high-profile appearance of Tianshamen Tibetan Blue made Mr. Shi quite annoyed!

The evil cultivators are so high-profile, that is their dereliction of duty.

Seeing that Mr. Shi's face was ugly, Zao Wou-Ki and a group of people didn't dare to speak.

"Zao Wuji, don't you know the whereabouts of David now?"

Mr. Shi looked at Zao Wou-Ki and asked.

Zao Wou-Ki shook his head: "Mr. Shi, I really don't know where David is hiding."

"Mr. Shi, since David came to Kyoto, he has turned the world of martial arts in Kyoto upside down and made a mess."

"I think he should be driven away. Now many martial arts families secretly want his life."

"Tianshamen and these evil cultivators have emerged, and it will be difficult to clean up the capital in the future."

Xing Jun, who was beside Mr. Shi, said.

## Chapter 1167

As the law enforcement captain, Xing Jun has been very busy during this time, especially after David killed Guo Wei, many people began to be dissatisfied with their law enforcement team!

After all, Guo Wei was the director of the Martial Arts Alliance. David killed him in a high-profile manner, but the law enforcement team did nothing.

However, when Mr. Shi spoke, Xing Jun did not dare to go against it.

"You don't understand, the reason why I protect David everywhere is to make him mess up the entire martial arts world in Kyoto!"

"Only in this way will some big fish hidden in the depths surface!"

"The Tianshamen suddenly appeared, such a high-profile act is the best example!"

Mr. Shi narrowed his eyes slightly and said lightly.

Neither Xing Jun nor Zao Wou-Ki understood what Mr. Shi meant, so no one spoke.

"Captain Xing, you lead someone to track down the current location of Tianshamen Tibetan Qing, and lead someone to arrest these guys!"

"These evil cultivators are so high-profile, this is a provocation to our officials."

Mr. Shi ordered.

"Follow the order!" Xing Jun led the order to leave.

...

Skull Island!

David was immersed in his practice, but a person suddenly broke into the island, causing David to wake up from his practice in an instant.

However, when he saw the person coming, David frowned slightly.

"Jin Fusheng, what are you doing here?"

David asked Jin Fusheng.

"Mr. Chen, please save my family..."

After Jin Fusheng finished speaking, he knelt in front of David.

David raised his palm lightly, lifted Jin Fusheng up, and then asked, "Please explain first, what happened?"

Jin Fusheng told David about the threat of Tibetan Qing.

Listening to Tianshamen and this navy blue, David felt very unfamiliar.

After all, when Tianshamen disappeared, David never came into contact with the martial arts world.

"Mr. Chen, these evil cultivators have no humanity. Now only Mr. Chen can save my family!"

Jin Fusheng now puts all his hopes on David.

"Don't worry, I won't let anyone hurt your family, I'll go back with you now!"

Since the Jin family is in danger for themselves, David will not sit idly by.

David got on the boat and rushed back to Nanhua City with Jin Fusheng!

Just when David and the others were on their way back, Zang Qing led someone to bloodbath the Jin family!

Dozens of people were killed, and the girl from the Jin family many years ago was humiliated before she died!

For these evil cultivators, killing people is a normal thing.

The entire Jin family was shrouded in blood, like a purgatory!

Just as Tibetan Qing was about to leave Jin's house, several people in uniforms approached.

"The law enforcement team?"

Seeing the person coming, Zang Qing frowned instantly.

And Xing Jun looked at the corpses of the Jin family, his face became ashen, and his eyes burst into anger.

"Zang Qing, I let you escape a few years ago. I didn't expect you to dare to show up and kill people unscrupulously."

"Today I must take you back and sentenced to capital punishment..."

Xing Jun gritted his teeth and said word by word.

And the other law enforcement members are also furious!

"Xing Jun, I haven't seen you for many years, but your strength has not increased. You hurt me back then, but now I just want to take revenge!"

After Tibetan Qing finished speaking, his aura instantly surged, and then he punched Xing Jun!

Seeing this, Xing Jun frowned, and then a halo began to flash around his body!

The silver halo, like a wave of light, continued to spread.

At the same time, the other law enforcement team members threw a golden rope in their hands!

Several ropes were instantly woven into a large net in the air, shrouded in the dark blue.

As long as it is covered by this big net, no matter how powerful the evil cultivator is, there is no way to escape.

## Chapter 1168

After seeing the big net, Zang Qing suddenly retreated, and said with a look of disdain: "Xing Jun, don't you dare to fight me one-on-one? You actually used this net to catch me?"

"I'm a law enforcer. What can I do with you, this evil cultivator, my mission is to catch you back!"

The halo on Xing Jun's body flew towards the Tibetan blue one by one.

A halo covered the dark blue body.

"If that's the case, then I won't play with you..."

Tibetan Qing's figure shrank suddenly, escaped from the halo, and then jumped up and fled towards the wall.

But just as Zang Qing jumped up, a figure suddenly appeared in front of him.

Immediately afterwards, he kicked the body of Tibetan Qing fiercely.

Tibetan Qing's figure instantly fell to the ground, and then smashed a huge pit on the ground.

Zang Qing stared at the figure that suddenly appeared, his eyes slightly condensed.

"David?"

When Zang Qing saw the person coming, a trace of solemnity flashed on his face.

If he was asked to deal with Xing Jun and David at the same time, he would definitely not be an opponent.

"Wife..."

"son..."

Jin Fusheng entered the yard, and after seeing the corpses in the yard and the tragic state of his relatives, he rushed up crying.

Jin Fusheng was holding the corpses of his wife and children in his arms, crying up to the sky!

David's face was extremely gloomy, and his murderous aura instantly enveloped the entire Jin family.

At this time, Xing Jun looked at David who suddenly appeared, and the expression on his face was a bit complicated.

He still remembered the first time he saw David, at that time David was still an insignificant guy in his eyes.

If Long Wu hadn't rescued David, David would have been killed long ago.

But look at David today, just a few months.

David's strength has grown to the point where he takes it seriously.

Jin Fusheng cried bitterly, his whole person seemed to be insane.

"Zang Qing, I killed you..."

Jin Fusheng suddenly charged towards Tibetan Qing.

At this time, Jin Fusheng was no longer afraid, and his only thought was to avenge his relatives.

"don't want..."

Seeing this, David hurriedly wanted to stop Jin Fusheng.

But it was already too late, Jin Fusheng rushed in front of Zang Qing, but before he could make a move, he was slapped on the head by Zang Qing, instantly smashing his head!

Seeing this, David clenched his fists tightly, his teeth rattling.

"Zang Qing, you are too presumptuous. You dare to hurt people in front of me. If I don't take you back today, I'm not fit to be the captain!"

Xing Jun was furious, his body flashed silver light, and then he drew a silver whip from his waist.

But when Xing Jun was about to attack Tibetan Qing, he was stopped by David.

"what are you doing?"

Xing Jun frowned and asked David.

"He's mine, none of you can kill him..."

David's eyes were cold and he said coldly.

"Bold, this Tibetan Qing is an evil cultivator. I was ordered by Mr. Shi to arrest him."

Xing Jun did not expect that David would dare to talk to him like this.

David's eyes flashed coldly: "I said, only I can kill him, if anyone dares to do it, don't blame me for being rude..."

The killing intent on David continued to rise, and his eyes began to turn scarlet!

As if enchanted, the six relatives do not recognize it!

Seeing David like that, Xing Jun was startled for a moment, but he retreated.

Seeing this, the azure blue immediately showed smugness on his face!

If he is alone, he is not afraid of anyone here.

"Today I'm going to kill you to avenge the dozens of Jin family members..."

David looked at Tibetan Qing and said indifferently.

"Hmph, it's up to you..."

After Tibetan Qing finished speaking, his aura suddenly exploded.

Immediately afterwards, like a gust of wind, the tiles on the roof kept rolling and flying.

## Chapter 1169

The strength of the half-step Wuhou was instantly revealed. Although it was only one step away from the peak of Wuzong, the half-step Wuhou's breath was obviously much stronger.

But this powerful aura had no effect on David.

At this moment, David's momentum was like a rainbow, and he remained motionless.

Seeing this, Zang Qing's aura soared again, and David's body was also shocked at this moment, and a majestic golden light erupted from his body.

In an instant, the two breaths collided together, producing a violent explosion.

At this moment, the sky and the earth changed color, the sun and the moon were dull, the whole earth was shaking, and the Jin family's villa began to collapse!

Everyone was affected by this huge energy, and they started to retreat one by one.

And Xing Jun waved his hands, and a huge force surrounded him, making the scope of the explosion as small as possible.

"David, don't fight here, or the entire Nanhua City will be destroyed by the two of you..."

Xing Jun's face became very ugly, he gritted his teeth, and tried to wave a wave of light, offsetting the aftermath of the collision between David and the Tibetan blue breath.

Seeing this, David hurriedly put his hand away, and then looked at Zang Qing coldly: "If you have the ability, let's go to the suburbs, how dare you?"

"Hmph, I'm here to kill you, why don't you dare?"

Tibetan Qing snorted coldly.

David jumped in an instant, and then saw an afterimage heading straight to the barren hills in the suburbs.

Tibetan Qing followed closely, and the speed was also extremely fast.

Xing Jun let out a long sigh, and then led someone to chase after him.

At this moment, David and that Tibetan Qing had already reached the barren mountain.

As soon as the Tibetan Qing arrived, he immediately launched an attack!

With endless coercion on him, he headed towards David like a mountain.

The terrifying aura made the rocks fly across the barren mountain, and the entire mountain began to crumble.

Immediately afterwards, the endless coercion condensed on the top of David's head.

An unparalleled giant hammer appeared above David's head!

The giant hammer seemed to fall from the sky, shining with golden light.

Above the giant hammer, one after another lightning flashed across, and then slashed down.

In an instant, there was a rumbling sound on the ground, rocks and trees were destroyed, and David's body seemed to be scorched at this moment, giving off a smoky smell.

Xing Jun at the foot of the mountain, looking at the scene in front of him, his face instantly condensed.

"The strength of this Tibetan Qing is so fast, it's too strong..."

Xing Jun did not expect that the growth rate of Tibetan Qing in the past few years was obviously much faster than his.

Evil cultivators practice qigong, and their strength grows rapidly. Otherwise, why would there be so many people who would take the risk of not chasing them and practise evil qigong.

“Captain, I’m afraid this David is not the opponent of that Tibetan Qing at all, right?”

A law enforcement member looked at the scene in front of him and asked Xing Jun.

“It’s hard to say now. Although David has an indestructible golden body, the strength of this azure blue is almost close to Marquis Wu. It’s hard to say who is better!”

Xing Jun stared at the battle on the top of the mountain.

At this moment, David’s body began to flash with golden light, and pieces of golden scales grew out of David’s body, like an armor on David’s body.

rumbling...

Another flash of lightning struck David, and David jumped up under tremendous pressure.

Immediately afterwards, David made a fist with his right hand, and the entire fist was wrapped in golden light.

“Holy Light Fist...”

David smashed it out with a punch, and smashed it hard on the giant hammer that had condensed out!

When David’s fist touched the giant hammer, the condensed giant hammer instantly shattered, turning into a little white light and disappearing.

And David’s figure is in mid-air, like a goddess descended from the earth, looking down at all things in the sky!

Xing Jun looked up at David, his eyes full of horror: "This David's strength is really hard to fathom, he is indeed a genius, no wonder Mr. Shi values him so much!"

## Chapter 1170

"It's no wonder that so many people want to kill you if you have practiced such a good golden body."

Zang Qing stared at David: "If you let you develop, the martial arts world will probably be reshuffled!"

After Zang Qing finished speaking, a dazzling golden light began to flash from his chest. This golden light followed David, and there was even a fight!

Afterwards, Tibetan Qing's entire body seemed to be enveloped in golden light armor.

"Look at my holy body art, or your indestructible golden body..."

After Zang Qing finished speaking, his body began to exude endless power, and the rolling energy began to rise. After an angry shout, he rose into the sky.

Tibetan Qing's body was like a rocket that was launched, with a tail flame behind him, rushing towards David extremely fast.

I thought the speed was too fast, so that there were bursts of breaking sounds in the sky, and the sound was incessant, so that others hurriedly covered their ears.

David looked at Zang Qing who was rushing over, his body fell rapidly, and he even collided with Zang Qing.

The two of them will rely on speed and strength to make their body harder than the other.

clang...

The sound of metal collision came out, and the stones on the entire mountain were instantly turned into powder by the sound waves emitted.

But Tibetan Qing was dizzy, and his internal organs began to tumble.

Pieces of golden light fell from the air, and pieces of scales were mixed with the golden light!

But these golden lights and scales disappeared instantly after falling to the ground!

"Come again..."

Zang Qing shouted angrily, and then slammed into David fiercely.

clang...

clang...

The two people turned into two golden streamers, colliding and separating in mid-air, colliding...

Seeing this scene, the others were all dumbfounded.

They have never seen such a competition before, where is this fight, it is simply the most primitive collision.

Xing Jun is more and more frightened. He is thinking, if it is himself at this moment, can he resist the collision of Tibetan Qing or David alone?

In the end, the answer Xing Jun got was no.

With such a collision, Xing Jun estimated that he would not be able to hold on at all, and his physical body was not so indestructible.

Soon, the golden light on Tibetan Qing's body dimmed, his face became a little ugly, and he was panting heavily.

Such a collision is too exhausting.

"David, at such a young age, he has such strength. He is really a genius. I can just use your skills to help me reach the realm of Marquis..."

Zang Qing panted heavily, looked at David and said.

He wants to defeat David, and then absorb David's skills to help himself cultivate.

If you can absorb David's power, it can be hundreds of times stronger than the essence of ordinary people.

"That's exactly what I mean. A strength like yours can just help me cultivate..."

David looked at Tibetan Qing coldly.

David also had this intention for a long time. He wanted to absorb all the cultivation base of Tibetan blue and use it for his own use!

If it is just an ordinary Wuzong, it will not help David's current cultivation.

But for a half-step Marquis like Tibetan Qing, the help would be different.

"You can also absorb the power?" Zang Qing looked at David in surprise: "Could it be that you have not succeeded in cultivating evil power?"

"Hmph, how could I be like you evil cultivators."

David snorted disdainfully: "You evil cultivators, for the sake of cultivation, are no longer human, and you are not even as good as beasts."

"presumptuous!"

Tibetan Qing was furious: "In this world, force is respected, as long as my strength is high, who would dare to speak of me?"

Tibetan Qing waved his palms down, and the gravel and rubble on the barren hills flew into the air one after another.

As if being directly sucked up by the navy blue.

Those gravel rubble began to condense and wrap, directly wrapping the navy blue.

Soon, Tibetan Qing was wrapped into a stone man more than ten meters high.

In this way, David seemed very insignificant at the feet of this stone man.
