## Chapter 1281

...

In front of Ning's house!

David sat quietly, minutes passed, and there were already four dead bodies of the Ning family at David's feet.

Seeing that an hour is almost up.

At this time, everyone in the Ning family was sweating profusely and trembling all over.

Because they don't know which of them David will do when the time is up.

This unknown death is the most terrifying.

In front of Ning's house, more and more people were watching the excitement.

"This Ning Dahai seems to be really cowardly. Their Ning family has died so much, and they dare not show up!"

"It's still a veteran Wuhou, it's not as good as sh!t!"

"This time, David's reputation is about to start. The younger generation is invincible!"

Everyone was talking.

David's face was calm, his eyes were closed, and David didn't seem to hear the discussions of the people around him.

Suddenly, David opened his eyes.

At this moment, those Ning family members were so frightened that they backed away!

Because they know that when the time is up, David is going to kill!

David got up slowly and looked at the Ning family: "Your master doesn't want you anymore, so it's useless for you to live..."

When the Ning family saw this, they fell to their knees one after another, begging David to spare his life!

In the face of life and death, dignity is a f.art!

But there is no pity in David's eyes, he will not pity anyone who opposes him.

His every pity is cruel to himself.

If he fell into the hands of these people, he believed that no one would pity him.

Just when David was about to make his move, suddenly a car came quickly.

Ning Dahai rushed out of the car and shouted at David, "Stop, David, stop me..."

David looked at Ning Dahai and raised the corner of his mouth: "You finally showed up..."

But who knows, Ning Dahai ignored David, but hurriedly turned around, opened the car door, and invited Mr. Shi down.

Seeing that Mr. Shi actually came, David frowned slightly.

And those onlookers were also surprised.

There were discussions.

"Damn it, this Ning Dahai wouldn't be cowardly to rescue soldiers, right? Do you want Mr. Shi to come forward?"

"Mr. Shi is the backer behind David. Why did Ning Dahai invite Mr. Shi? Do you want to make peace with David?"

"The patriarch of the dignified Ning family, the veteran Wuhou, was forced into such a situation by a hairy boy..."

The discussion was loud, and Ning Dahai could hear it clearly, all mocking him.

But Ning Dahai doesn't care about these at this time, what he needs is to preserve his strength!

"Mr. Shi, why are you here?"

David asked Mr. Shi.

"Ning Dahai invited me here because he wanted me to persuade you to give up challenging him. He wants to make peace with you!"

"Whatever you want, the Ning family can promise you, as long as you don't trouble the Ning family!"

Mr Shi said.

“Make peace with me?”

David sneered: “When I broke my dantian and my bones and bones, why didn’t you say you want to make peace?”

“Why didn’t you say you want to make peace when you killed dozens of people in the Valley of the Wicked?”

“Want to make peace with me now? It’s too late...”

“David, what I did in the past, there is something wrong with my Ning family, especially what my son does to you, I will strictly control him, as long as you promise not to trouble my Ning family, you need I can give you any resources!”

Ning Dahai lowered his posture and said to David in front of many people.

“I don’t need anything, I want your life, I want your Ning family to disappear from the capital...”

David exudes a strong killing intent.

Ning Dahai frowned and gritted his teeth: “David, do you really want to die with me? That is, if the two of us really fight, it’s uncertain who will live and who will die, but it’s definitely other aristocratic families who will benefit. !”

## Chapter 1282

“Don’t worry, it must be you who died...”

David said firmly.

Ning Hai's face was flushed, but he was speechless, so he looked at Mr. Shi, hoping that Mr. Shi could help him speak.

"David, what if I don't allow you to challenge the Ning family now?"

Mr. Shi asked David.

"Then I won't challenge, but I will still kill everyone in the Ning family, even if they suffer official repression..."

David said murderously.

As soon as David's words came out, everyone was shocked at once. This is a blatant challenge to Mr. Shi's majesty!

Provoking the majesty of the official, and asking who dares to follow the official against the official, is simply tired of living!

"Aren't you afraid I'll kill you?"

Mr. Shi's face was slightly cold.

David shook his head: "Before you kill me, I will send everyone in the Ning family to hell..."

Everyone looked at Mr. Shi, and David said all the words here, so they looked at Mr. Shi's reaction.

However, David dared to speak like this, and everyone admired it!

After a moment of silence, Mr. Shi suddenly turned his head to look at Ning Dahai: "Well, I said it, this kid is very stubborn, he may not listen to my words, you have seen it, I can do nothing..."

After speaking, Mr. Shi turned around and left, seemingly taking two steps gently, but soon his figure disappeared.

This time, Ning Dahai's face was extremely ugly, and he did not expect that David would dare to show no respect to Mr. Shi in front of everyone.

Mr. Shi represents the official majesty, so wouldn't the official majesty be damaged?

But after this incident, everyone knew more about David's status in Mr. Shi's heart!

If it were someone else, Mr. Shi would have been slapped to death long ago.

"David, are you really going to die with me?"

After Mr. Shi left, Ning Dahai also had no lobbyist and could only speak to David.

"Who said that the fish will die and the net will break, you are no longer qualified to talk to me on an equal basis!"

David's eyes were full of contempt!

After Ning Dahai heard this, he furiously said: "David, you are deceiving people too much, don't think that you are not really afraid of you."

"If it wasn't for fear that other sect families would take the opportunity to attack, I would have called you long ago!"

David sneered: "No one will attack, because I will make your Ning family disappear, and your Ning family's resources are also mine, whoever dares to rob me, that is my enemy!"

David's words can be described as domineering, this is to challenge the entire martial arts world in Kyoto!

"Okay, I'll see how talented you are today, so mad..."

I saw the breath of Ning Dahai began to rush out, and the terrifying energy began to permeate!

Seeing this, the people around stepped back one after another. The two Marquis started to do it. It was like bombing the scene. Anyone who got close would be unlucky.

Ning Dahai made a sound with both hands, and then his figure disappeared in a flash, grabbing towards David's chest fiercely.

David looked at Ning Dahai, not moving at all, the golden light on his body flickered, and scales began to quickly cover his body.

At this time, the color of the scales on David's body was even brighter.

Ning Dahai's speed is very fast, but when Ning Dahai grabbed David's chest with one claw, David was able to quickly activate his golden body.

You must know that a few days ago, David didn't even have a chance to react.

stab...

Ning Dahai's five fingers are as hard as steel, but they grabbed David's chest at once, but they didn't hurt David at all, not even the undamaged golden body was broken!

The gleaming scales neatly covered David's body, and none of them fell off.

"how so?"

Ning Dahai's face was full of surprise. He had to know that with a blow a few days ago, the undamaged golden body on David's body almost collapsed, a large number of scales fell off, and the luster also dimmed.

# Chapter 1283

But today, his blow didn't cause any damage to David, and he didn't even break the undamaged golden body!

"You can't even break my body protection magic, how can you kill me?"

David sneered.

Ning Dahai gritted his teeth and shouted angrily, blood began to fill the sky, and then the blood condensed on Ning Dahai's palms.

Ning Dahai's palms were as bright red as if they had just been fished out of fresh blood!

This is Ning Dahai's stunt bloody hand!

Then Ning Dahai jumped up and slapped David with a palm.

When David saw this, golden light began to flash on his hand, and the power of the dragon was all gathered on his palm.

After all, Ning Dahai is also a veteran Wuhou. David, who has just been promoted to Wuhou, has not yet ignored Ning Dahai's strength.

"Holy Light Fist!"

David shouted angrily, followed by a dazzling light from David's palm.

Compared with the sun in the sky, this light is even worse!

boom!

A bloody fog filled the air, and Ning Dahai's figure retreated a few steps.

Looking at David, he didn't move, not even shaking.

This time, the strength of the two people was immediately distinguished.

Everyone looked at David in surprise, and their eyes were full of incredible!

"Hey...Isn't David too terrifying?"

"It's incredible to have completely crushed the veteran Marquis at such a young age!"

"Genius, this David is indeed a genius!"

Everyone was talking, they didn't expect David's strength to completely crush Ning Dahai.

Originally, they thought that the two were of equal strength, and there would be a century of war!

There are always hundreds of rounds of battle, and it is only when the sky is dark that the winner can be determined!

But now, you can see the level of strength with just one palm.

Ning Dahai's face was ugly. With the palm of his hand, he could really feel the improvement of David's strength.

This is not a slight improvement, at least dozens of times.

The improvement of a big realm will increase the strength exponentially.

Ning Zhi, who was not far away, watched his father get knocked back by David's palm, and his face became unspeakably ugly.

He didn't know when he would reach David's strength.

"This kid is really a genius, but with me here, don't worry, I will make you a genius too..."

At this moment, a hoarse and old voice sounded in Ning Zhi's mind.

Hearing this voice, Ning Zhi raised the corner of his mouth, and a smug look appeared on his face.

Ning Dahai stared at David with an ugly face, but he was not in a hurry to make a move, he seemed to be waiting for something.

And David saw that Ning Dahai would not attack, so he wanted to attack first!

But David just moved, but he felt abnormal.

I saw that the golden scales on David's body began to be dyed red by a burst of blood!

David's body was also infected by this blood, and soon David's body turned red!

Everyone was stunned when they saw this sudden change.

Ning Dahai laughed: "David, although your strength has become stronger, but you have been poisoned by my blood, and you will die soon..."

It turned out that the blood mist condensed on Ning Dahai's hands just now was poisonous. Although the real challenge was not to use poison, but now it was a battle of life and death, who would care about that.

David stared at Ning Dahai, he didn't expect Ning Dahai to use poison.

"You don't have to look at me like this, weren't you very confident just now? Didn't you say I couldn't kill you?"

Ning Dahai became more and more complacent.

David didn't speak, and the Heart Condensation Technique started running quickly, and the blood poison on David's body began to be absorbed into his body.

Ning Dahai watched the blood poison enter David's body, and he was secretly relieved!

Blood poison entered the body, Daluo Jinxian came, and he couldn't save it!

It's just that Ning Dahai didn't know that those blood poisons had already become David's resources.

At this moment, the blood poison was transformed into spiritual power under the action of the Heart Condensation Art, which was stored in David's dantian.

## Chapter 1284

Seeing that the blood red on David's body was getting lighter and lighter, Ning Dahai couldn't be more happy.

Soon, David died of drug poisoning, and he wanted everyone to witness this moment!

The golden light on David's body slowly flickered, and the blood poison was completely absorbed.

"You blood poison, it's really a good thing..."

David's eyes were greedy, and the breath on his body exploded.

This time, Ning Dahai was stunned, and everyone was stunned!

No one understands what is going on here. He clearly saw that David's body was invaded by blood poison. How could there be nothing wrong?

At this time, David's breath in his body was even more surging and raging.

"You...Aren't you afraid of blood poison?"

Ning Dahai looked at David in shock.

David smiled coldly: "I forgot to tell you that I am the valley owner of Medicine God Valley. Do you think I am afraid of your so-called blood poison?"

David's words shocked Ning Dahai.

Ning Dahai didn't know David's relationship with Yaoshengu.

Ning Dahai doesn't know, but some people do. After all, Yaoshengu has always obeyed David's orders!

"We have forgotten the identity of David, the owner of Yaoshen Valley, where is Yaoshen Valley, how could he be afraid of poisoning!"

"This is really playing a big knife in front of Guan Gong, planted..."

"David, I don't know how many identities he has."

Everyone was talking quietly.

But no one knows that the reason why David is not afraid of this blood poison has nothing to do with his identity as the owner of the Medicine God Valley.

David simply did not want everyone to know the secret of his Concentration Secret.

Ning Dahai's face was gloomy, he knew that today's affairs were not easy to handle.

Even David is not afraid of blood poison, it looks like he is going to work hard!

“What else is there to do?”

David clenched his fist, and golden light flashed on his fist.

A golden dragon was wrapped around David’s arm, which was the ultimate display of the dragon’s power.

“Holy Light Fist...”

David shouted angrily, and then he punched out.

Jinlong let out a dragon roar, and then charged straight towards Ning Dahai.

A gust of wind instantly blew on the ground, and endless terrifying spiritual power, like sharp knives, instantly surrounded Ning Dahai’s whole body.

There was panic in Ning Dahai’s eyes, and the energy in his body was continuously released, forming a protective shield around his body!

The tinkling sound is endless!

Ning Dahai gritted his teeth and resisted.

But suddenly, a huge and incomparable force slammed into Ning Dahai’s chest, and Ning Dahai’s body instantly flew out.

boom...

Ning Dahai slammed heavily on the ground, instantly smashing a deep hole into the ground.

Everyone looked at David in horror, his face full of incredulity, this punch, just one punch, the power that erupted was so amazing!

“dad...”

"master..."

Ning Zhi and the Ning family all rushed over and helped Ning Dahai up.

There was blood on the corner of Ning Dahai's mouth, and his face was very pale.

"You all get out of the way..."

Ning Dahai's anger was also forced out, and he pushed Ning Zhi away.

After taking two steps forward, Ning Dahai glared at David, took a deep breath, and slapped his palm on his chest.

Immediately afterwards, a mouthful of blood spurted out of Ning Dahai's mouth.

Ning Dahai then quickly waved his hands in the air, as if he was using some kind of magic!

In an instant, terrifying breaths rose up, and the blood spurted by Ning Dahai turned into a cloud of blood.

And these blood mists were suddenly inhaled into the body by Ning Dahai!

"David, you forced me, I'm going to fight with you..."

Ning Dahai glared at his eyes angrily, his whole body began to skyrocket!

Soon, Ning Dahai's body turned blood red, like a blood man.

## Chapter 1285

Ning Dahai waved his hands, and soon his hands saw a huge red mark!

"Even if I exhaust my life skills, I will kill you..."

Ning Dahai's face was extremely gloomy, and the mark on his hand became brighter and brighter.

"Is Ning Dahai crazy? He actually started to burn his own blood?"

"It is estimated that Ning Dahai knows that if he does not do this, it will be difficult to deal with David!"

"Anyway, everyone will die, is Ning Dahai planning to die together?"

Seeing Ning Dahai like this, everyone was very surprised.

After all, it is not easy to cultivate to Wuhou, especially for a veteran Wuhou like Ning Dahai, it is even more difficult.

It is impossible for many people to burn off their own blood and energy in this way.

"This is Ning Dahai's blood demon seal. He is using his own blood to summon the blood demon to fight!"

"But after he casts this technique, I'm afraid he won't die, and he will become a crippled person."

"David is in danger now..."

Someone saw Ning Dahai's technique and said lightly.

When everyone heard it, their eyes widened in a hurry, for fear of missing a wonderful picture.

David looked at Ning Dahai like that, and saw brighter and brighter marks on his hands, and frowned slightly.

David seemed to be able to feel the strong aura of death from the mark.

It was as if there was a demon in that mark, breaking through the mark at any time and rushing over.

Soon, the blood-red mark became bigger and bigger, and in the end, the whole person's mark was as bright as a mirror!

And in this mark, a beast full of fangs is roaring.

Everyone looked at it in surprise, and their eyes were full of incredulity. No one had ever seen Ning Dahai cast the Blood Demon Seal.

"I would like to sacrifice blood to give me infinite power..."

Ning Dahai yelled at the beast in the mark.

Soon, the mark broke, and the beast full of fangs rushed out.

This shocked everyone, and many were timid and fled in fright.

The beasts kept dripping blood, and the terrifying aura emanating from their bodies made it difficult for everyone to breathe!

"Go kill..."

Ning Dahai pointed at David, then bit his fingertip, and instantly flicked a little blood onto the beast's forehead.

"Roar..."

The beast roared, and looked at David with eyes like copper bells.

Immediately afterwards, the figure rose into the sky, like a mountain, rushing towards David.

rumbling...

The huge body of the beast moved towards David to suppress it.

Bloody aura, murderous aura, permeated the entire sky, and the beast leaped into the sky, bringing an endless storm, and the gust of wind swept the bloody aura from the beast's body, constantly approaching David.

In front of this huge beast, David's body looked so insignificant.

David looked at the huge beast, the golden light on his body continued to flicker, and the dragon crystal continued to emit the power of the dragon.

David condensed all the power of the dragon and radiated it from his body!

The power of the dragon turned into a golden dragon, and then hovered above David's head!

Everyone who saw this strange scene was once again shocked by David.

Seeing the beast rushing over, the golden dragon above David's head uttered a dragon roar, and then suddenly rushed towards the beast.

It can be seen that when the golden dragon rushed towards the beast, the body of the beast obviously paused.

rumbling...

Jinlong's body instantly collided with the beast.

In an instant, the universe shook, the avenue roared, and the world trembled.

You must know that the energy emitted by the collision between the golden dragon and the beast is not something that can be emitted by the battle between two Marquis.

# Chapter 1286

The huge energy spreads around, people who thought they were hiding far away were hit by this sudden energy, and many people flew out one after another, and even some people with low strength, their bodies were instantly shattered by this terrifying energy. !

Watching the hilarity, I put my life in it, so without that strength, I can't even watch the hilarity.

David gritted his teeth, resisting this terrifying energy, while Ning Dahai was blown back again and again!

boom!

There was another explosion, and the body of that ferocious beast exploded in mid-air in an instant, then turned into a little spot of light and disappeared into the air.

And the golden dragon returned to David's body instantly after uttering a dragon roar.

David let out a long sigh. He didn't expect that after breaking through Yuan Ying, even the power of the dragon has been enhanced a lot.

Everyone looked at David in stunned eyes, and some people swallowed their saliva unconsciously.

You must know that this blood demon seal of Ning Dahai is displayed by burning blood essence and even spending his whole life.

And that beast represented Ning Dahai's craziest and peak state of strength.

But it is such strength, but it is unbearable...

“How is it possible, how is it possible...”

Ning Dahai was completely desperate at this moment. He tried all means, but he still couldn't shake David!

The current David is not the David of a few days ago.

The strength of a big realm improved, so that the two people formed a gap.

This disparity in strength made Ning Dahai no longer have any hope of winning.

“That's all you can do?”

David looked at Ning Dahai coldly!

Ning Dahai didn't speak, but the aura on his body quickly wilted, and he soon became an ordinary person.

His hair was instantly gray, like an old man who was dying!

The current Ning Dahai has long since lost the appearance of the head of a martial arts family, nor the arrogance he used to be!

Seeing this, everyone knows that Ning Dahai was defeated, and the defeat was completely...

And those Ning family members were already extremely frightened at this moment, because the defeat of Ning Dahai also heralded their death.

puff, puff...

The Ning family knelt down, they were kneeling for David, begging David to save his life, and they were also kneeling for Ning Dahai, hoping that Ning Dahai could save them!

At this moment, after seeing his father's defeat, Ning Zhi's eyes flashed coldly, and his figure quietly slipped into the yard.

After passing through the secret passage of the Ning family, he had already escaped!

Ning Dahai looked at the Ning family who were on their knees, and his face was full of ending and helplessness!

"David, I am defeated, you can do whatever you want with me. I hope you can let them go, let go of my son..."

Ning Dahai had already understood that he could not survive, and he only hoped that David would let the Ning family go!

"Do you think it's possible? Did your Ning family let go of the wicked man?"

"Dozens of people in the Valley of the Wicked, all of them have died tragically, their bones are not cold, and they all died for me, and I have the responsibility and obligation to avenge them!"

David's eyes were full of killing intent, he would not let anyone in the Ning family go, because these people had blood from the Valley of the Wicked on their hands.

Kindness towards the enemy is cruelty towards oneself.

Especially in the martial arts world, there are only life and death, no mercy.

David is not the Virgin, all those who provoke him will die...

"I can give you all the treasures and resources of the Ning family. In my secret room, there are quite a few magic tools. I will give them to you together. I just ask you to let my son go..."

At this time, Ning Dahai didn't even know that Ning Zhi had sneaked away long ago, and he was still worried about Ning Zhi.

## Chapter 1287

"Ning Dahai, you are still worried about your son. Your son abandoned you and ran away, and now he has run away..."

At this time, among the crowd watching the battle, someone shouted loudly.

It was only then that Ning Dahai noticed that Ning Zhi had already disappeared, and David had just discovered it.

At first, David's attention was on Ning Dahai, but he didn't pay attention to Ning Zhi, but he didn't want this guy to escape.

When Ning Dahai saw his son escaped, not only was he not angry, but he laughed out loud: "Hahaha, this time, my Ning family will not die..."

"Even if your son escapes to the ends of the earth, I will still take his life..."

David's eyes narrowed slightly, and his voice was cold.

"You can't kill my son, you can't kill it, because everyone here will die..."

Ning Dahai roared fiercely.

Immediately afterwards, I saw Ning Dahai's breath start to applaud, and a ray of light from his chest pierced his skin and shone out.

This is the golden elixir in the martial artist's body. Only when you reach the realm of Marquis, will the golden elixir be generated, but for the warrior, there is only one in a hundred that can give birth to the golden elixir.

A force that destroys the sky and destroys the earth is constantly condensing in the golden elixir of Ning Dahai's chest!

"This Ning Dahai turned out to be the Marquis of Jindan, he is going to explode himself, run quickly..."

At this time, among the people watching the battle, some people saw that Ning Dahai was about to explode, and began to flee desperately!

Soon, those watching the battle all ran away, and the self-destruction of a Marquis Wu was probably more powerful than hundreds of tons of explosives.

"David, this time, I want to die with you..."

Ning Dahai roared at David.

Just now, Ning Dahai would rather be killed by David than self-destruct, because there is Ning Zhi and everyone in the Ning family.

If he blew himself up, then the Ning family wouldn't even want to survive, and Ning Zhi wouldn't survive either.

Therefore, even if Ning Dahai dies, he will not blow himself up and die with David!

But it's different now. Since David didn't plan to let the Ning family go, and Ning Zhi had escaped, Ning Dahai had no worries.

"To perish with me?"

The corner of David's mouth evoked a sneer: "I will not stop you from self-destruction, I just want to test whether my body can resist the self-destruction of a Marquis of Wu!"

David did not stop Ning Dahai. Now he is in the realm of Yuan Ying. As long as Yuan Ying is not destroyed, David will not die!

Even if the flesh is blown to pieces, it will not die.

This is David's confidence, that's why he dares to try!

David's body shone with dazzling golden light, and the undead golden body was exerted to the extreme at this moment, and all the muscles in the body were contracting together.

"Master, don't, don't..."

Those Ning family members panicked when they saw that Ning Dahai was about to explode!

They blocked Ning Dahai, not because they didn't want Ning Dahai to die, but because they didn't want to die.

If Ning Dahai blew himself up, none of them would survive...

The butler of the Ning family stepped forward, preparing to stop Ning Dahai from self-destructing.

But who knew that the Ning family's butler had just stepped forward, and was slapped on the head by Ning Haihai.

"As the Ning family, how can you be so greedy for life and fear of death..."

Ning Dahai was like a madman at the moment, his eyes were scarlet.

Seeing this scene, everyone in the Ning family was shocked. After looking at each other, they all rushed towards Ning Dahai.

They want to stop Ning Dahai from blowing himself up, because Ning Dahai blows himself up, they are sure to die!

And if Ning Dahai is dead, they may still have a glimmer of hope in the face of David!

It seems that they are planning to kill Ning Dahai to perform in front of David in exchange for a chance to live!

Looking at the Ning family members who rushed over like crazy, Ning Dahai trembled in popularity.

Extreme anger has already left him speechless...

## Chapter 1288

"what..."

Ning Hai roared loudly!

The body instantly burst into countless rays of light, followed by a huge explosion!

The ground shook and the surrounding buildings instantly turned into powder!

And those Ning family members who had not rushed to Ning Dahai's side were instantly swallowed up by the air waves, and their bodies also turned to ashes!

David gritted his teeth, only to feel an endless force coming towards him!

His whole body was blown away directly.

The scales on the body began to fall off in a large area, and in the end, the undamaged golden body completely shattered.

David's body was under tremendous pressure, and he quickly passed out.

I don't know when, David slowly opened his eyes, and there were already scars on his body.

However, it is not life-threatening, and within 100 meters of Ning Dahai's self-destruction, there is already nothing and everything has turned into powder!

"Marquis Wu's self-destruction is really powerful..."

David looked at the scarred body and muttered to himself.

At the same time, the Kyoto Budo Alliance!

Zhu Zhishan was having a meeting with several noble families, and in front of them was a big screen, which played the scene of David fighting with Ning Dahai.

"Did you see that in just a few days, David has broken through Marquis Wu and has undergone earth-shaking changes. If you don't kill him, it will be a trouble later!"

Zhu Zhishan said solemnly.

"I really didn't expect that David's strength has improved too fast. Will this guy learn any evil skills?"

Long Jingguo couldn't believe that David, whom they had completely looked down on in the past, dared to fight against the veteran Marquis Ning Dahai in just a few months.

"Yes, I also doubt that this David has any evil powers!"

Another homeowner said.

"Impossible, this David must have other secrets..."

Zhu Zhishan shook his head.

Because he knew that David had no evil powers, if there was, he would have discovered it long ago.

"I thought that Ning Dahai really killed David, but it turned out to be bragging..."

A homeowner said with a disdainful face.

"Since David isn't dead, let's do it. Fortunately, the killers I prepared didn't leave."

Zhu Zhishan's eyes narrowed slightly: "But Mr. Shi is behind David, so we have to do everything we need to do. If Mr. Shi pursues it, we are grasshoppers on a rope, and we must advance and retreat together!"

"I wish the alliance leader, you can rest assured, since we chose to stand together, of course we will advance and retreat together."

A homeowner assured.

"That's good, I can guarantee that it won't take long, the entire Kyoto martial arts world will be the sphere of influence of our martial arts alliance!"

A sly smile appeared on Zhu Zhishan's face!

rumbling...

At this moment, the ground suddenly shook, as if there was an earthquake!

"what happened?"

Zhu Zhishan was stunned, and frowned.

The others also hurriedly looked outside, wanting to see what was going on.

"Leader, Ning Dahai blew himself up..."

At this time, an elder of the Martial Arts Alliance ran in and said.

“Blow yourself up?”

This time, Zhu Zhishan and everyone were stunned.

They knew what the power of a Wuzong self-destruction was.

“How are the casualties?”

Zhu Zhishan asked.

A Marquis Wu blew himself up, with great power, and those who watched the battle were afraid that they would all be affected.

If so many people were killed or injured in the Kyoto martial arts world at once, he, the leader of the martial arts alliance, would also be responsible.

“It’s not clear yet, but those who watched the battle have already left. It is estimated that Ning Dahai and David died together, and the Ning family is afraid that it will be over...”

The elder replied.

“Go check it out now...”

Zhu Zhishan roared.

The elder hurried to check it out.

And Zhu Zhishan sat on the seat with a cold face.

## Chapter 1289

He didn’t expect that David would force Ning Dahai to blow himself up, knowing that a Marquis of Wu would not easily blow himself up even if he died.

After all, Marquis Wu also has a family. If he blows himself up, it means that the entire family will disappear from the world.

"This time, David is afraid that he will definitely die..."

A homeowner said lightly.

Marquis Wu blew himself up, and there could be no living creature within a radius of 100 meters.

"Let's wait until it's clear, I always feel that David didn't die so easily..."

Long Jingguo spoke slowly.

Long Jingguo knew David's true identity, and David's strength had grown so fast. It wasn't because he was cultivating evil arts, so it was related to the secret he wanted to know.

He imprisoned his sister for more than 20 years and never killed Long Ruotong, just wanted to know the secret.

And this secret may be hidden in David's body.

"Yes, let's check it out, you go back first..."

Zhu Zhishan waved his hand, and several martial arts family patriarchs left.

Just after leaving, seven men in black walked in.

The seven people were all dressed in black, even their heads were covered by black scarves, and only a pair of eyes were exposed, but these people's eyes were dull, and they didn't even blink, just like dead people, silent!

Facing the seven men in black, Zhu Zhishan took out David's photo, squeezed it lightly in his hand, and the photo instantly burned.

"The goal of the seven of you is this person, to bring me back alive..."

Zhu Zhishan ordered to the seven men in black.

The seven men in black nodded and walked out without saying a word.

The reason why Zhu Zhishan didn't kill David and wanted to bring him back alive was because he also wanted to get the dragon crystal in David's body.

When fighting against Ning Dahai again, the golden dragon hovering above David's head deeply shocked Zhu Zhishan.

So he changed his plan and planned to capture David alive, then take out Longjing and kill him.

At this time, David looked at Ning Dahai, who had already turned into powder, and the Ning family, who had disappeared, and felt a little pity in his heart.

Ning Dahai is a Marquis of the Golden Elixir. If he can get the Golden Elixir, it will definitely be of great help to David's cultivation.

But now Ning Dahai has become a powder, and the golden pill no longer exists.

The next step is to find a way to find that Ning Zhi, Ning Zhi is the culprit!

"No matter if you escape to the ends of the earth, I will find you..."

David's eyes were full of determination.

The Ning family has solved it, but there is one more thing, and that is the huge industry and resources of the Ning family in Kyoto.

This requires someone to take over and take care of it. David himself has no time and must find talent.

However, the Shadowless Villa has been relocated by David as a whole to the Valley of the Wicked. The distance is a bit far, and there is no way to take over the Ning family's huge industry.

It is not appropriate for the Bai family to take over. After all, the Bai family is just a simple business family, taking over the industry of the martial arts family, let's not say whether the Bai family has the strength to defend, there are many things the Bai family does not understand at all!

Just when David was thinking, a person, Dong Jiahao, suddenly appeared in his mind!

The Dong family is also a famous martial arts family in Kyoto, and Dong Jiahao is a more righteous guy, and he has a good relationship with him!

Therefore, David hoped that the Dong family would take over and take over the huge industry of the Ning family.

As for Dong Liqun, David believed that he would never dare to hurt his heart again.

Thinking of this, David walked towards Dong's house, and just took two steps, but found that someone seemed to be watching him secretly.

David's consciousness emanated, and he immediately discovered that not far away, an elder of the Martial Arts Alliance was secretly watching him.

The corner of David's mouth raised slightly, but he did not turn around, but said coldly: "Sneaky, not like the style of the Martial Arts Alliance, since you are here, get out..."

David's words shocked the elders of the Martial Arts Alliance, but they walked out cautiously.

"Are you here to see if I'm dead?"

David looked at the elder of the Martial Arts Alliance and asked.

The expression of the elder of the Martial Arts Alliance became a little ugly, but he still nodded.

In front of David, he did not dare to conceal the slightest.

David just killed Ning Dahai, and if you want to kill him, it is just a matter of one palm.

The David at this time is no longer the David he was a few months ago.

A few months ago, David followed Long Xiao, and the elders of their martial arts alliance completely looked down on David, but now, when facing David, they have to bow their heads cautiously.

This is strength, in the face of strength, you have to bow your head!

"Go back and tell Zhu Zhishan that I, David, are doing well, let him get ready, and I will personally go to the Martial Arts Alliance..."

David looked at the panicked appearance of the elders of the Martial Arts Alliance, and smiled coldly.

After finishing speaking, David turned around and left without doing anything to the elders of the Martial Arts Alliance. David still needs him to go back and report to Zhu Zhishan!

Looking at David's back, the elder of the Martial Arts Alliance let out a long sigh of relief.

"call..."

"This child is too terrifying, too terrifying..."

The elder of the Martial Arts Alliance wiped the cold sweat from his forehead and hurriedly turned and left.

...

Dong's house in Kyoto!

At this time, the Dong family has lost its former prosperity.

The Ning family and the Dong family were enemies. After Ning Dahai left the customs, all the families that were originally attached to the Dong family had all left the Dong family.

Dong Liqun sat in the hall, looking at the somewhat desolate Dong family, his expression was indescribably lonely.

"Dad, Ning Dahai died and was killed by Brother David..."

At this time, Dong Jiahao walked into the hall and said to Dong Liqun.

When Dong Liqun heard this, his expression was slightly shocked.

He is very clear about Ning Dahai's strength. Even if he fights against Ning Dahai, the outcome is unpredictable, but Ning Dahai has a better chance of winning.

Now it seems that Ning Dahai has been killed by David, so he is no longer David's opponent.

Dong Liqun is very regretful now, regretting his own interests, and even wanted to kill David in order to get the treasure on David's body.

This is probably the most regretful thing he has ever done in his life.

He knew that if it wasn't for Dong Jiahao's reasons, the next person David would kill would be their Dong family.

Although the last time David killed the Ning family, they had a brief cooperation with the Dong family.

But Dong Liqun still regrets it a lot. If it wasn't for his greed, with the relationship between David and Dong Jiahao, their Dong family would definitely be able to get David's help!

The current David is no longer the former David. Being able to kill Ning Dahai makes David the most promising star of the younger generation.

And their Dong family missed the opportunity to follow David because of his greed!

Dong Liqun knew that in the near future, David would definitely be able to look down on the entire Kyoto martial arts world, and even the entire Daxia martial arts world.

"Master, Mr. Chen is asking to see you outside..."

Just then, a servant of the Dong family came in and reported.

"Mr. Chen? Which Mr. Chen?"

Dong Liqun asked suspiciously.

"It's David, the one who has a good relationship with the young master!"

The next man replied.

Hearing David's sudden arrival, Dong Liqun stood up abruptly, and his heart began to beat a little!

Because he didn't know what David's purpose was.

David had just killed Ning Dahai, and he immediately arrived at their Dong's house. Would he also come to kill himself?

Dong Liqun's face became a little ugly.

"Dad, let's go out and see, I believe Brother David won't do anything to you..."

Dong Jiahao said with confidence.

Dong Liqun nodded, and now he can only go out and take a look. It's a blessing, not a disaster, it can't be avoided...

Dong Liqun followed Dong Jiahao out.
