

A Man Like None Other

Novel

Chapter 1541

You must know that the higher the realm, the greater the spiritual energy required, and the longer the cultivation time.

But at this moment, David found that his cultivation speed had reached an astonishing speed.

When David and Zhao Chuang were cultivating, they didn't know that this small courtyard had already been targeted!

Such a huge amount of spiritual power, gathered in a courtyard, was foggy all day, how could it not attract the attention of others!

At this moment, two people in uniform and holding a machete were staring closely at David's courtyard!

"It's been ten days, and this spiritual fog has condensed and won't disperse. There must be a gathering spirit formation here. Let's hurry up and tell Du King the news..."

One of them whispered.

The other person nodded, and then the two turned around and prepared to leave!

But just when the two turned around, I don't know when, a masked man appeared behind the two!

Just as the two turned around, the masked man shot instantly!

With both hands in the shape of claws, they directly squeezed the throats of the two of them, squeezing the throat bones instantly.

The two of them didn't have time to struggle, they just died!

After killing the two of them, the masked man looked at David's foggy courtyard, and couldn't help cursing: "Too careless, I really thought it was peaceful here..."

After the masked man finished speaking, his body flashed and he entered the courtyard!

At this time, David was at a critical moment of cultivation. He was like an old monk who was in meditation, and he couldn't even notice what was going on outside!

Entering the room, the masked man looked at David who was cultivating, and suddenly let out a sneer.

"I didn't even set up a defensive formation, I was careless, I was too careless..."

The masked man said, tearing off the black scarf from his face!

A pockmarked face appeared.

This man turned out to be a flax.

Hu Mazi looked at David's body with a faint dark golden light, and couldn't help but smile: "This guy, this is about to break through again."

With that said, Hu Mazi took out a few spells and tossed them at will, and several spells began to surround David.

The rays of light surrounded David, while the beard himself sat leisurely aside, took out a lot of melon seeds and knocked it up.

Another day and night!

The dark golden light on David's body became more and more intense, accompanied by a humming sound.

Looking around, David at this time is like a fairy, extremely mysterious!

"In a small realm, this guy needs such a huge spiritual power, it's too perverted..."

Looking at David, Hu Mazi was speechless!

hum

There was a sudden wave of spiritual power, and David suddenly opened his eyes, his body glowing with golden light.

"Comfortable, it's really comfortable to practice in this place..."

David couldn't help but sighed in admiration!

"You almost lost your life, see if you are still crying..."

Hu Mazi said with a smile.

David was taken aback for a moment, because he had just woken up, he didn't notice the flax seeds.

Hearing Hu Mazi's voice, David's face became a little ugly!

“Master Hu, why are you here?”

David asked in surprise.

“I’ve been here for a few months. If I wasn’t here, you might have been assassinated long ago when you were cultivating.”

“You practiced, and you didn’t even set up a defensive array. Didn’t you stick your head out and be chopped off?”

Hu Mazi reprimanded David!

David’s face was suddenly embarrassed. He was really careless at that time. He felt that there were immortal cultivators here, and it was not unusual for people to cultivate immortals.

In addition, none of these people on Penglai Island knew him, who would kill him!

“Master Hu, you said someone wanted to harm me, what the hell is going on? No one here knows me...”

David asked in surprise.

He didn’t understand why someone would harm him here, just because he was filled with spiritual energy and formed a spiritual fog, would those people kill him?

Chapter 1542

“You set up such a large spirit gathering array, and the aura in a radius of several kilometers was condensed by you. You have generated a spiritual mist here. Do you think it will attract attention?”

"And now the biggest person in charge on Penglai Island is that Duda's younger brother Du Ziteng. If he knew that you were the one who killed his brother, would he take revenge?"

Hu Mazi's series of rhetorical questions made David realize that he had made a very serious mistake!

"broken..."

David thought of Zhao Chuang at this time!

Hu Mazi has been guarding himself, but Zhao Chuang is not guarded, isn't it dangerous!

David hurriedly rushed to the next room and found that Zhao Chuang was practicing with his eyes closed, and there was a faint light on his chest!

Seeing that Zhao Chuang was all right, David breathed a sigh of relief.

If Zhao Chuang had an accident because of his carelessness, David would feel guilty.

"This kid has a good talent. In this environment, breaking through Wuhou is just around the corner..."

David looked at the faint light on Zhao Chuang's chest and smiled slightly.

"Don't worry, here, he will never be able to cultivate in the Marquis Realm in his entire life..."

Hu Mazi on the side said.

David was taken aback: "Why is this?"

"Don't you realize that this Penglai Island is very strange?"

Hu Mazi asked back.

David shook his head: "What's so strange?"

"There is so much spiritual energy here, but there are no real masters. Only Duda cultivated the Nascent Soul, which is the Marquis of the Martial Dao world. The others are at most Jindan realm. Now Duda's younger brother, Du Ziteng, also It's just the pinnacle of the Golden Core Realm."

"People here, no matter how they cultivate, it is difficult to break through to Nascent Soul. I have stayed here for several months, but my strength has not improved in the slightest."

Hu Mazi explained.

"Why?"

David's eyes widened, but he did feel that the strength of the people on Penglai Island was generally low.

In this kind of environment, the strength cannot be improved, which is a bit contrary to common sense.

Hu Mazi shook his head: "I don't know why, but I suspect that this island has been cursed."

"Now basically all immortal cultivators are hiding in seclusion, or hiding in prosperous cities. There is almost no place where such large-scale immortal cultivators live."

"But here is an exception, and the spiritual energy is so abundant, so I suspect that it is cursed here, so the strength of the people here cannot be improved, or the improvement is extremely slow."

"For such a price, these immortal cultivators don't have to go into seclusion and can live and communicate normally..."

David was shocked when he heard it. He couldn't imagine what kind of curse could affect tens of thousands of people on the entire island.

This is outrageous too!

"No, why don't I have any influence at all? In just ten days, I have risen to a small realm..."

David suddenly remembered that when he was cultivating, he didn't notice anything unusual!

And the speed of cultivation is extremely fast, even David is very surprised!

"I don't know that, maybe it has something to do with your physique..."

Hu Mazi knew the identity of Davidlong's son.

"This Penglai Island is definitely not as simple as it appears on the surface, there must be some secrets in it!"

David frowned slightly!

Hu Mazi rolled his eyes: "You still need to say, if there is no secret, I will appear here, but I have been searching for a few months, but I have not found any ruins or tombs."

"Don't worry, let's look for it together..."

David decided to follow Hu Mazi to discover the secrets of Penglai Island!

Whether it's a curse or a formation, a curse or formation that can affect tens of thousands of people on such a large island, the opponent is definitely an expert.

Chapter 1543

...

Penglai Island, inside the highest palace!

Du Ziteng sat on the throne, and since Du Da died, Du Ziteng took over the throne!

Although it is only the peak of the Golden Core Realm, it is also the highest realm in Penglai Island!

In the martial arts world, the peak of the Golden Core is nothing but the peak of the Great Martial Sect, not even Marquis Wu!

However, although Xiu Xian and Xiu Wu were originally fellow practitioners, the pinnacle of the golden core of immortal practitioners, even against the newly promoted Marquis in the martial arts world, would still have the power to fight.

"Elder, can the vision be found out, why did the spiritual mist suddenly appear?"

Du Ziteng asked the Great Elder beside him.

"King Du, the two people I sent to investigate have yet to return. They haven't even heard from them at all. It is estimated that they were killed..."

The elder said in a low voice.

"What?" Du Ziteng slapped the table and stood up: "Could it be that someone dares to move the palace guards, this is courting death..."

"King Du, I suspect that the person who did it is not a citizen of my Penglai Island. It is very likely that he came from outside."

The elder explained Dao.

"Our Penglai Island rarely has conflicts with the outside world. Except for some tourists, there has never been such a wounding incident for so many years. You should go and investigate it yourself!"

Du Ziteng said with a gloomy face.

"As ordered..."

The elder nodded, and then led the way.

Soon, the Great Elder came to the courtyard where David and the others were renting!

Looking at the two guard corpses, the elder's brows instantly wrinkled.

"How dare you dare to kill the palace guards..."

The Great Elder's face was full of anger, and he led him towards the courtyard!

At this time, David and Hu Mazi had already left, but when he left, David set up a defensive formation!

Make sure that Zhao Chuang will not be disturbed when he is practicing.

When the Great Elder led people towards the courtyard, a white light suddenly flashed, followed by a terrifying force that directly knocked the Great Elder and the guards out.

"It turned out to be a formation?"

The elder was shocked. He is also a master of the Golden Core Realm now. He didn't expect that the formation deployed by the other party would directly knock him out.

The person who sets up the formation must be very strong!

The Great Elder slowly drew out a sword, a white light flashed across his chest, and then a sword slashed forward!

He wants to forcibly break this formation!

hum

A huge rebound force made the sword in the elder's hand fly away, and the elder also fell directly to the ground!

"So strong..."

The Great Elder's eyes were wide open, his face full of inconceivable!

At the same time, David, who was eating at a hotel, suddenly changed his face: "It's broken..."

"What's wrong?"

Hu Mazi asked.

"Someone is forcibly breaking the formation..."

After David finished speaking, he disappeared in a flash and left the hotel!

"Hey, wait for me..." Seeing this, Hu Mazi hurriedly shouted at David, but David had long since disappeared.

"Waiter, pack..."

Hu Mazi looked at the dishes on the table, but he hadn't eaten them yet. It would be a pity to throw them away!

Soon, Hu Mazi chased David with the food!

When David returned to the courtyard, he found that a group of people had already surrounded the courtyard.

One of the middle-aged men, holding a sword, looked very ugly.

“Who are you? Why are you surrounding this place?”

Seeing this, David stepped forward and asked the middle-aged man.

The middle-aged man glanced at David, and then said angrily: “I am the great elder of the palace of Penglai Island. I found the bodies of two of our guards here. I suspect that you killed them. Now go back to me to investigate...”

“The Great Elder?” David glanced at it and found that the Great Elder was only in the third realm, while the other guards had lower strength, most of them were only Wuzong, and even the Great Wuzong did not reach it!

“I didn’t kill any of your guards. If you can’t show any evidence, please leave immediately. You are not welcome here!”

David said with a gloomy face.

Chapter 1544

The first elder was stunned, he did not expect David to dare to speak to him like this.

“You’re young and your tone is not too small. It seems that you don’t want to stay on Penglai Island...”

After the first elder finished speaking, he waved his hand gently, and two guards rushed up in an instant.

The two guards shouted loudly, and then slashed the steel knife in their hands towards David.

Looking at the two guards rushing over, David wanted to laugh!

With this kind of strength, David stood still, and he didn't even need to activate the indestructible golden body, and it was impossible to hurt himself.

David's physical strength is now strong enough to resist the attack of the Great Wuzong!

clang clang...

With two crisp sounds, the steel knife fell on David's body, and it broke into two pieces!

The two guards were instantly dumbfounded, and even the Great Elder frowned slightly!

"Just like you, you can't hurt me at all..."

David's face was calm, and then with a slight wave of his palm, a burst of energy sent the two guards flying out.

At this moment, David is like a god in the sky, facing a bunch of mortals.

A proper dimensionality reduction attack!

"Sure enough, there are two brushes!" The elder said with a cold face, "Give it to me..."

The first elder shouted angrily, and a dozen guards rushed towards David instantly.

David's breath spread instantly, and the terrifying coercion caused the guards to kneel on the ground, unable to stand up!

The Great Elder was dumbfounded and looked at David with an incredible face!

"We are from the court. If you dare to hurt us, King Du will not let you go..."

The first elder trembled and threatened David.

David smiled coldly: "You King Du came, and I slapped him to death with one hand. Do you think I would be afraid of him?"

After David finished speaking, all the breath on his body burst out, feeling the terrifying breath on David's body, the first elder knelt down with a puff.

"You...you...you are in the Nascent Soul Realm, but you are actually in the Nascent Soul Realm..."

The elder looked at David like he was looking at a monster.

David was also very strange when he saw the expression of the Great Elder. Logically speaking, the Nascent Soul Realm is a very small realm in the realm of immortal cultivation, and even a half-step immortal cannot reach it.

But looking at this Great Elder's expression, it is obvious that he rarely sees masters of the Nascent Soul Realm. Is it really the same as what Hu Mazi said, only that Duda is in the Nascent Soul Realm, is it impossible for other people to reach it in their lifetime?

Thinking of this, David intends to ask the Great Elder carefully. After all, he has lived here for so long, and he is also a member of the court, so he must know the secret inside.

David took back the pressure on his body, and the first elder and the guards let out a long sigh of relief.

"Get your people back, and I'll ask you something."

David said to the elder.

The first elder did not dare to hesitate at all, and hurriedly waved his hand:
"You all step back..."

Soon, all the guards left, leaving only David to follow the Great Elder.

"I ask you something, you have to answer me honestly..."

David said coldly.

"Don't worry, sir, I promise to know everything without saying anything..."

The first elder was frightened by David's realm, and said with a look of fear.

"I ask you, do you not have any immortal cultivators in the Nascent Soul Realm in your entire Penglai Island?"

David asked.

The first elder swallowed and said: "Yes, but in the entire Penglai Island, only our former King Du Da is a master of the Nascent Soul Realm, but a few months ago, Du Da was invited away and has not returned yet. I heard that he was called by a man called Du Da. David's was killed..."

"The current King Du is Du Da's younger brother Du Ziteng to take over. This Du Ziteng is just the pinnacle of Jindan."

Hearing the first elder mentioning himself, David laughed secretly in his heart. Fortunately, these people on Penglai Island did not know him.

Chapter 1545

"Why is there so much spiritual energy here, and why are you cultivating so slowly? And the realm doesn't seem to be able to break through to Nascent Soul?"

David continued to ask, he couldn't believe it, the entire Penglai Island would be affected by a formation or a curse!

Because of such a huge area and personnel, it is impossible to imagine what realm the people who cast the formation or curse have reached.

The first elder looked embarrassed and shook his head: "I don't know what's going on, only the royal family should know that Penglai Island has been under the control of the Du family for hundreds of years, and King Du must know how to respond. thing..."

"What you said is true?" David frowned, staring at the elder!

As the Great Elder, David decided that it was impossible for him not to know.

"What he said is true, the secret is probably only known to the Du family..."

At this time, Hu Mazi chased up with the food.

When the first elder saw another person, he felt the aura on Hu Mazi. It turned out to be in the Golden Core Realm. Following the realm of Du Ziteng, his complexion changed again!

There are only a handful of golden cores in the entire Penglai Island.

Seeing Hu Mazi say this, David believed the words of the Great Elder, so he waved his hand and said, "Okay, you can leave, don't provoke me in the future..."

"Don't dare, don't dare..."

The elder turned around and fled in a hurry!

Seeing that David had let the elder go away, Hu Mazi asked in confusion, "Why did you let him go? They will definitely come back to make trouble."

"Don't be afraid when you come, that Du Ziteng is only at the peak of Jindan, not my opponent..."

David smiled lightly, but the smile disappeared soon, and his brows were slightly wrinkled: "However, I always feel that the highest realm of Penglai Island is only the peak of Jindan, there must be something hidden behind it, it seems that we need to find time to follow the Du family. people to talk to."

"I don't think the environment here has any effect on you at all. You should hurry up and cultivate. If there is a master hiding behind this Penglai Island, what can we do if we dig it out?"

"I'm afraid that with your strength, I can't deal with it at all, and I'm going to cause trouble for myself at that time."

"It's still my own secret investigation, you can continue to practice, but this time remember to set up a defensive formation!"

Hu Mazi said to David.

"you're right!"

David nodded.

The people who exist here are all cultivators. Unlike the martial arts world, the realm of cultivators is higher, even if it is above the immortals, there are still many realms!

However, after the martial arts world entered the martial arts and entered the realm of transformation, there was no record of it!

And some martial arts, great martial arts and the like, if they are placed in the world of immortals, they are not worth mentioning at all!

In essence, there is no way for a warrior to be compared with a monk!

It's just that the environment has changed now, the spiritual energy is exhausted, and it is not suitable for cultivators to survive, and the martial arts world will become prosperous!

But Xiuwu is Xiuwu after all, and the upper limit of the martial arts world is too low for the Xiuxian world...

David didn't know what kind of masters he would meet on Penglai Island, which is full of immortal practitioners, but those who can control such a large Penglai Island from behind and lay out formations or curses must be powerful!

Even if they dug up the secret now and found the master behind it, it was not something they could handle.

Now it is better to hurry up and cultivate, and when your realm improves and your strength is strong enough, you can crack the secret of Penglai Island!

"We have three months as the deadline. After three months, you come here to find me. No matter what level I can reach, I will check the secrets of this Penglai Island!" David said.

"Okay!" Hu Mazi nodded.

David set up a defensive formation and entered the state of cultivation again!

And Hu Mazi was secretly investigating the secrets of Penglai Island in Penglai Island!

Chapter 1546

...

Penglai Island, in the palace!

Du Ziteng's face was full of disbelief: "You said you met a master cultivator in the Nascent Soul Realm?"

"Yes, and the other party is only in his twenties, very young!"

The first elder followed Du Ziteng to report truthfully.

"A master of Nascent Soul in his twenties? How could it be possible..."

Du Ziteng couldn't believe that there was such a young master of Nascent Soul in the world!

After all, this world is no longer suitable for the existence of immortal practitioners, and it is impossible to cultivate to Nascent Soul at a young age by relying on the barren spiritual energy of heaven and earth, or some medicinal herbs and spiritual stones.

"King Du, this is absolutely true. I definitely didn't lie to you. In front of that person, I didn't even have the chance to move..."

The Great Elder said with oath.

Du Ziteng was silent, and after a while, he said: "Remember, no one should disturb him, and don't monitor that person, so as not to anger the other party, if the other party has no malicious intentions and leaves in the end, we will leave it alone. .."

"If he doesn't leave and stays with us, we're trying to figure out a way..."

"Understood!" The elder nodded!

Then the first elder walked out of the palace, while Du Ziteng got up and walked back.

Du Ziteng went all the way to the end of the back garden, and at the end, he saw a wall blocking his way!

After looking left and right, Du Ziteng walked to an extremely secret place and pressed the switch!

The wall in front of me suddenly faded slowly to both sides, and behind it is an open scene, like another space!

And here, four guards in armor are standing on both sides!

The aura on these guards is not weak, and it is obviously much stronger than the guards outside. These guards are also Du family members!

This is a restricted area, all the people here are descendants of the Du family, not a single outsider!

When the four guards saw Du Ziteng coming in, they immediately saluted!

Du Ziteng didn't even look at the guards, he hurriedly walked inside, and soon a mansion appeared, and a wave of spiritual power visible to the naked eye enveloped the mansion!

These are all taboo powers, and there are dozens of taboo powers, which isolate this mansion from the outside!

I saw a red light flickering faintly on Du Ziteng's left chest, and then the dozens of forbidden powers seemed to have turned on the switch and disappeared instantly!

Du Ziteng stepped in, and after Du Ziteng entered, dozens of forbidden powers recovered again!

Entering the huge mansion, there are still people guarding them. These people have cold faces and dull eyes, as if they are puppets!

However, the fluctuations in the breath of these people can actually follow Du Ziteng's. It can be seen that their strengths are the same, and they are all masters of the Golden Core Realm!

The masters of the Golden Core Realm act as guards here, and it is conceivable what kind of strength the people inside will have!

Du Ziteng entered the mansion and was then taken to a room beside him. When Du Ziteng came out, he had already changed his clothes!

Immediately afterwards, Du Ziteng began to kneel, kneeling in three steps and walking towards the hall!

Entering the hall, on the throne in the middle, there is a monster with a tiger's head and a human body. At a glance, it can scare people to death!

But Du Ziteng saw this monster, but he was not afraid at all, his face was full of piety, and he knelt down heavily!

"What's the matter with me?"

The monster on the throne opened his mouth, and his mouth even spit out human words!

"Great Immortal Huli, a master of the Nascent Soul Realm entered Penglai Island, and he is only in his twenties. I sent someone to inquire, but he was massacred. I asked how Immortal Huli would deal with it?"

Du Ziteng asked respectfully.

Chapter 1547

"The Nascent Soul Realm in his twenties?" Hu Li Daxian was stunned: "If this was in ancient times, it would not be surprising, but in today's society, there are still such geniuses..."

After thinking for a while, Hu Li Daxian said again: "Don't worry about him for now, as long as he doesn't make trouble, let him go..."

"The power of belief during this period is showing signs of weakening. How do you do things? It's far worse than your brother..."

Hu Li Daxian said in a cold tone.

When Du Ziteng heard this, his body trembled with fright: "I'll do it right away, please spare my life..."

"Go, if you can't do this position, then change..."

Huli Daxian waved his hand.

Du Ziteng withdrew with a cold sweat on his face, and then left in a hurry!

And that Huli Daxian came to a valley behind the mansion, and in the middle of the valley, a huge sculpture was placed in it!

This sculpture looks very simple, and has experienced countless years of devastation, with some traces of damage!

But even so, it still can't hide the majesty of the sculpture!

There was a futon in front of the sculpture, and Hu Li Daxian knelt down deeply.

...

After Du Ziteng returned to the palace, he immediately called the elders for a meeting!

"Notice, everyone will participate in the pilgrimage. Anyone who does not participate will be directly expelled from Penglai Island..."

Du Ziteng said with a cold expression.

After the elders took orders, they immediately went to arrange!

For a time, everyone on Penglai Island put down what they were doing and began to go to the nearest temple to worship!

Hu Mazi, who was eating, saw that many people put down what they were doing, and hurried out, so they followed curiously.

I saw a lot of people pouring into a temple, and then left after three worships and nine kowtows!

Hu Mazi also followed in, only to see that there was no deity and Buddha enshrined in the temple, just a stone statue more than one meter high.

Hu Mazi was a little stunned. He didn't understand how these people would kneel and worship a stone statue?

How to say these are also immortals, kneeling towards a stone statue, what's the point?

"Why don't you kneel when you enter the temple? Do you want to be expelled from Penglai Island?"

An old man over seventy saw Hu Mazi standing in a daze, so he yelled at Hu Mazi.

Seeing this, Hu Mazi also hurriedly knelt down and kowtowed twice!

But Hu Mazi didn't know that when he knelt down and worshipped, a trace of white air rose from his body and instantly entered the body of the stone statue!

After kneeling and worshiping, Hu Mazi walked out with the old man!

"Brother, let me ask you something, why don't you kneel to the gods and Buddhas, but you have to kneel to a stone statue?"

"And like they got an order, they all hurried to kneel and worship?"

Hu Mazi took out a cigarette, handed it to the old man, lit it in person, and asked curiously.

The old man smoked a cigarette and glanced at Hu Mazi: "New here, right?"

"Yes, newcomer..."

Hu Mazi nodded again and again.

"Tell you, this is an order from the palace. Everyone must worship today, otherwise they will be driven out of Penglai Island, so people hurried to worship."

The old man explained.

"Brother, why does the court force the worship of this stone statue?"

Hu Mazi asked.

"Then how would I know, anyway, that's the rule, someone will explain it to you when you come to the island, no one will tell you?"

The old man looked at Hu Mazi strangely and asked.

Hu Mazi shook his head: "I've been here for a few months, and I haven't seen anyone say..."

"Then you must have come to Penglai Island, or to play. It's no wonder that you are on the temple and don't know how to kneel. Let me tell you, there are rules on Penglai Island..."

The old man followed Hu Mazi, and Hu Mazi gradually understood!

Chapter 1548

It turns out that the people on Penglai Island are not native residents!

All came to the island one after another.

In fact, many people don't know what kind of immortal cultivators they are. The reason why they come to Penglai Island is because they can prolong their life on the island!

After defecting to Penglai Island, someone will send something similar to a scripture and let everyone recite and practice!

And at the specified time, worship!

Many people found that after reciting and practicing, they could live to be more than 100 years old, and it gradually spread.

This has also allowed the initial dozens of people on Penglai Island to grow to tens of thousands of people from all walks of life!

"Let me tell you, when I came to the island, I was sick all over my body, and now I'm all healed up, I advise you to stay too, this is a fairyland..."

The old man persuaded Hu Mazi!

Hu Mazi smiled: "Brother is right, let me think about it..."

Hu Mazi left, but he had more doubts in his heart!

Who is it, who is behind the control, to let so many ordinary people step into the path of immortality!

"This matter is a bit big, let's talk about it after David finishes practicing..."

Hu Mazi didn't dare to investigate further, so he could only find a place to squint and wait for David to finish his practice!

...

Time flies, time flies!

Three months in cultivation, the time has passed in the blink of an eye!

For three months, David has been cultivating, and the Penglai Island court has not troubled him, everything is very calm!

But at this time, thousands of kilometers away from the Kyoto martial arts world, suddenly there was a black-robed man wanton killing and absorbing strength.

Many people are panicking, and some people speculate that David is back secretly!

"Damn, this guy Long Xiao doesn't know how to restrain himself. If I keep doing it like this, I can't help him anymore..."

Zhu Zhishan was walking back and forth in the hall of the Martial Arts Alliance!

This time, for the murder of the black-robed man, Zhu Zhishan knew that it was not David who came back to take revenge, but Long Xiao, in order to quickly improve his cultivation, he could only choose to take action against other sect families in the martial arts world.

Not only in the Kyoto martial arts world, but also in other places, people often disappear for no reason.

This matter is getting bigger and bigger, making Zhu Zhishan also have a lot of pressure.

He had already sent someone to look for Long Jingguo, and he wanted Long Jingguo to restrain Long Xiao well.

During this period of time, Zhu Zhishan has always been anxious and anxious.

For such a long time, David has not heard from him at all, as if he had evaporated from the world.

But David didn't come to Kyoto to make trouble, and Zhu Zhishan felt a little more relaxed!

But Zhu Zhishan was afraid that David would not know when he would return to the capital and fight against their martial arts alliance!

Zhu Zhishan can only comfort himself every day, imagining that David has become a waste, so he dare not show up!

"I wish the alliance leader, I don't know why you are in such a hurry, why are you bringing me here?"

Long Jingguo hurried into the hall and asked Zhu Zhishan.

"You still have the face to ask, look at these for yourself..."

Zhu Zhishan picked up the document on the table and slammed it on Long Jingguo's face: "You guys are too unrestrained. Recently, people in the Kyoto martial arts world have been reporting, some people in black robes attacked, and even the Zong in the alliance. A family of aristocrats has also been attacked."

"The martial arts alliances in other places have also reported the news of the black-robed people appearing. Are you trying to disrupt the entire martial arts world?"

"I tell you, I have been pressing this matter. If the official finds out, it will be found out at that time, and none of your Long family will want to live..."

Zhu Zhishan roared angrily, and he was originally angry, but it happened to be caused by Long Jingguo.

Long Jingguo, as the head of the Long family, was reprimanded like this by Zhu Zhishan, and he couldn't hold his face.

Chapter 1549

Long Jingguo didn't look at those documents, and said with a slightly displeased expression: "I wish the alliance leader, I will persuade my Xiaoer about this matter, but it is not only my Xiaoer who does this frequently. "

"If you want to chase, then go to Ning Zhi, go to those black copper robes..."

After Long Jingguo finished speaking, he turned around and left without giving Zhu Zhishan any face.

Zhu Zhishan stood there blankly, watching Long Jingguo's back, and took a long time to catch his breath.

"Presumptuous, too presumptuous, what kind of attitude is this talking to me..."

Zhu Zhishan gasped straight at the table.

However, Zhu Zhishan himself knows that his current alliance leader is just a false name, and he has long lost his real power.

As for going to Ning Zhi and those black copper robes, Zhu Zhishan didn't have the courage!

...

Long family, a very secret room!

Long Xiao's body exuded bursts of cold light, and around Long Xiao, there were mummified corpses all over the ground, all of which died after being sucked out of their strength.

Long Jingguo sent people to arrest people everywhere for Long Xiao to practice!

In the past, Long Jingguo disdained this, but now, he supports Long Xiao very much!

In the past three months, Long Xiao has worked very hard, and at this time he has already reached the peak of Wuhou!

This kind of promotion speed, the entire martial arts world is afraid to find few.

But this is also thanks to the soul in his body, otherwise Long Xiao would not have been able to strike so fast no matter how talented he was.

"To find an opportunity to break through the Great Marquis..."

"As long as I reach the Great Marquis, the entire martial arts world, who can be my enemy..."

Long Xiao sneered.

The breakthrough of the Marquis of Great Marquis is not a matter of pure cultivation. I think that Fan Jiang has been trapped in the peak of Marquis Wu for more than ten years and has never been able to break through to Marquis of Great Marquis!

The breakthrough of this kind of big realm requires opportunity and process, and it is also a qualitative leap!

As for the circumstances under which he can break through the Great Marquis, no one can predict.

Some people, maybe in their sleep, their strength has broken through to the Great Marquis, and the whole body seems to be remodeled and entered a higher realm!

Whether it is divine consciousness or the control of all things, it is a new height!

So the higher the realm, the harder it will be to break through!

And if you force a breakthrough, there will be times when you fail. If you fail, you will lose your skills and become ordinary people...

In the past, there were also warriors who failed to break through, couldn't bear the pain of being an ordinary person, and committed suicide!

"I don't know where David is now, maybe he is my chance..."

Long Xiao's eyes were slightly condensed, and the killing intent on his body was vertical and horizontal!

He has always wanted to kill David with his own hands, but this time, David's blows made Long Xiao hate David!

At this moment, Long Jingguo walked in, feeling the killing intent on Long Xiao, Long Jingguo shivered involuntarily!

Since Long Xiao was possessed by a soul, Long Jingguo always felt that Long Xiao was not like his own son.

"Xiaoer, Zhu Zhishan came to me today, and wanted us to stop..."

Long Jingguo said to Long Xiao.

"Stop?" Long Xiao sneered for a while: "I am about to break through the Great Marquis, and I will break through the Martial Saint in the future. Our Long

family will be the first family in the martial arts world in the future, how can I stop...”

When Long Jingguo saw Long Xiao like that, his heart was also infected with enthusiasm!

“Yes, in the future, our Long family will regain its glory and become the first family in the martial arts world...”

Long Jingguo was full of excitement and longing!

“I’m going to find that David, he’s not dead, I always have a knot in my heart...”

After Long Xiao finished speaking, he walked out of the secret room!

He has to find David and kill him with his own hands, so that he can unravel the knot in his heart and break through without any distractions.

Long Jingguo did not stop him, but went directly to the dungeon. Long Ruotong was afraid that he would not be able to escape another beating!

Chapter 1550

...

Penglai Island!

David is as comfortable as bathing in a hot spring. He has never felt such a strong spiritual energy, and he has never absorbed it so recklessly!

You must know David’s condensing heart art, it is a superior method, the speed of absorbing spiritual energy is much faster than other people in the same realm!

Moreover, David's dantian spiritual power transformation is also quite fast, otherwise the spiritual energy enters the dantian and cannot be quickly converted into spiritual energy, and the body will soon become a state of filling, and it will not be able to absorb the spiritual energy.

"Why is this David still awake?"

Outside the small courtyard, Hu Mazi was anxiously waiting for David.

Hu Mazi has been here for many days and has been waiting for David to wake up from his practice!

He didn't dare to disturb him easily. If David was at a critical moment of breakthrough, he would be hurt if he disturbed him easily.

Suddenly, Hu Mazi found that two rays of light shot out into the sky in an instant, followed by a terrifying aura that came out from the small courtyard.

"The breath of the seventh realm of Nascent Soul, this guy has broken through to the seventh realm of Nascent Soul after three months?"

Hu Mazi felt the terrifying aura, and his eyes widened instantly, his face full of incredible!

You must know that the higher the realm of immortality, the more difficult it is to cultivate. Even if there is a huge spiritual energy support, it will take time to absorb so much spiritual energy.

But it doesn't seem to matter to David. The speed of David's strength is many times faster than others!

Hu Mazi rushed into the courtyard and kicked open the door!

"You kid, you're too awesome, and in just three months, you hit the seventh realm of Nascent Soul?"

Flax's face is unbelievable!

David's face did not see the slightest excitement and joy, but his brows were slightly wrinkled!

"I thought I could reach the peak of Nascent Soul, but I didn't want to be so bad..."

David's words almost didn't make Hu Mazi vomit blood!

He has been on Penglai Island for several months, and his strength has not increased at all, but David has grown so much that he is still not satisfied!

"The speed of your cultivation is already very perverted. You are still not satisfied. It's true that people are more dead than others.

Hu Mazi sighed for a while!

"If it weren't for the resistance, I would indeed be able to reach the peak of the Nascent Soul, but during my cultivation, I seem to have encountered resistance and could not take a step forward. Could it be that this Penglai Island can only make people promoted to the Nascent Soul, no way? Are you ascending?"

David's face was solemn, his brows furrowed, thinking about what was going on!

In the beginning, the training progressed very quickly, but the resistance became greater as it progressed to the back. Until the seventh realm of Nascent Soul, David's repair speed actually stagnated, so David woke up!

"So you were also affected?"

Hu Mazi looked surprised, he thought that David would not be affected by the formation or the curse here.

“How has your investigation been in the past few months?”

David asked Hu Mazi.

Hu Mazi quickly told David what he knew. When David heard that there are many temples on Penglai Island, and only one stone statue was enshrined in the temples, he felt that something was wrong.

He felt that there must be something wrong with this stone statue, and that so many temples enshrined the same stone statue, it must have been deliberately done by someone.

“Let’s go, take me to see...”

David couldn’t wait to see it.

“What about your friend?”

Hu Mazi pointed to another room.

“I’m going to wake him up...”

David went to the next door and woke Zhao Chuang from his practice.

In the past few months, Zhao Chuang’s strength has increased every bit, and after a few months of practice, he has cultivated a sense of loneliness.

“Brother Chen, why do I feel that my strength has not changed at all?”

Zhao Chuang looked depressed.
