

A Man Like None Other

Novel

Chapter 2171

Yue Buqun and David followed closely. The matter has not been discussed yet, and David and the others have to go over and continue to talk!

Soon the three of them returned to the Alchemy Sect!

It's just that the Medicine Refining Sect was in a mess at this time, and the entire Medicine Refining Sect was filled with a strong smell of medicine!

"What happened?"

Yue Buqun asked in confusion, looking at the mess.

Bao Yukun just had a gloomy face, without saying a word, his body was already full of murderous aura!

David just glanced at it with a smile on his face, and followed Yue Buqun to explain in a low voice, "The pill furnace has exploded..."

When Yue Buqun heard this, his face was full of disbelief, "The pill furnace has exploded? This means that the alchemy failed. ?"

David nodded!

Soon, four or five people from the Medicine Refinement Sect ran over, and they threw a Sheng knelt down in front of Bao Yukun!

"Sect Master, the pill furnace was blown up, the Ascension Pill was destroyed..."

One person said following Bao Yukun with a trembling body.

"Trash, it's just a bunch of trash. I've been refining the medicinal pill for three years, and it's about to be successful. I'll let you all see how hard it takes for a while, but it's all ruined for me..."

Bao Yukun was full of anger, in his eyes Full of murderous aura, "What's the use of keeping you rubbish, what's the use of it..."

As he spoke, Bao Yukun exuded brutal murderous aura, and strangled directly towards the hurried disciple in front of him.

This time, several disciples of the Refining Medicine Sect were terrified!

"Even if you take care of this pill, this pill furnace will still explode."

David said slowly at this time!

Hearing David's words, Bao Yukun's hand stopped instantly, and the disciples of the rushing alchemy sect in front of him were already scared to pee!

"What do you mean? Are you questioning my alchemy skills?"

Bao Yukun narrowed his eyes slightly!

"It's not a question, it's a fact. You have even blown up the alchemy furnace. Do you still dare to say that your alchemy technique is invincible?"

David said with a smile.

After Bao Yukun heard this, his face flushed with anger, "This is an accident, it doesn't mean that the old man's level is not good, and this Feisheng Pill is a

sixth-order medicinal pill, do you understand the meaning of the sixth-order medicinal pill?"

"No matter what medicinal pill, you The pill recipe is wrong, and the herbs are not in the right mix, so it's normal for the pill furnace to explode!"

David still said calmly!

"You are talking nonsense, I found this pill recipe from an ancient pill book."

"Boy, don't think that the pill furnace has exploded, that is, my pill concocting skills are not good, the old man is now better than you, and I am not convinced. By comparison, I want you to know what a real alchemy master is!"

Bao Yukun roared in anger!

He wants to compare with David and let David know his greatness, otherwise David will spread out and the pill furnace of the Medicine Sect will explode, wouldn't it ruin the reputation of his Medicine Sect!

"Okay, I can compare with you, but what if I beat you?"

David looked at the furious Bao Yukun with a smile on his face.

David was deliberately angering Bao Yukun and asked Bao Yukun to propose a competition with him!

In this way, David took the initiative, and at that time, he could use the aggressive method to make Bao Yukun lend himself the regeneration spring!

"You can't beat me, no one in the entire martial arts world can beat me in alchemy..."

Bao Yukun was full of confidence in himself!

"I said if, if I win, what should I do?"

David asked!

"If you win, you can use the regeneration spring as you like, and the old man will never stop it!"

Bao Yukun said.

"Okay, then let's make a promise!" David smiled, knowing that the old guy Bao Yukun was fooled, and then asked, "Then how do we compare?"

"And the efficacy of the medicine must be strong, starting from the selection of herbs, you must do it yourself."

"But it takes too long to refine the high-level medicine pill, how about we make the third-order medicine pill to ward off evil spirits?"

Bao Yukun asked.

Chapter 2172

"I have no problem..." David nodded!

"Okay, then, I'll order someone to prepare a furnace for you..."

Bao Yukun said, he was about to order someone to bring a furnace to David, but David stopped him!

"No, I have brought the cauldron myself..."

After speaking, David directly took out the Shennong cauldron in the storage ring!

When the Shennong Ding appeared, Bao Yukun was stunned for a moment, his eyes were wide open, and he looked at the Shennong Ding in disbelief!

"This... is this the Shennong Ding from the legendary Alchemy God Venerable?"

Bao Yukun asked, trembling slightly because of his excitement.

"It's just fake, you don't have to be so excited..."

David explained casually, looking at Bao Yukun like that!

"Fake?" When Bao Yukun heard this, his excitement disappeared instantly, and then he waved his hand and a cauldron flew in front of him.

"How can you say that your dignified Yaoshen Valley Master uses a fake cauldron, do you expect to beat me with this fake cauldron?"

Bao Yukun said disdainfully.

David just smiled and didn't explain, just said "Then let's start?"

"Yes!" Bao Yukun nodded!

But at this time, Yue Buqun stopped him and said, "No, this is too unfair for Brother Chen. You still need to find the herbs yourself. How does Brother Chen know where the various herbs in your alchemy sect grow?"

"And you As the sect master of the Medicine Sect, you can know where the medicinal materials you need with your eyes closed, which will be beneficial to you from the beginning!"

"Then I can leave half an hour later, so it's always fair, right?" Bao Yukun said.

"No, you set off half an hour late, and I've already practiced all the medicinal herbs. What's more?"

David waved his hand and said.

"Hmph, I'm not ashamed to say it, even though it's only a third-order medicinal pill, how could it be possible to practice it in half an hour!"

Bao Yukun snorted coldly.

"You can't, but that doesn't mean others can't..."

After David finished speaking, he said directly to Yue Buqun, "Sect Master Yue, you are a referee, time it now!"

Yue Buqun wanted to persuade David, but seeing David Ping looked confident, thinking of the explosion of the Three Lives Stone, Yue Buqun knew that David was an extraordinary person, so he also wanted to see what kind of stunt David still possessed!

"Let's start..."

Yue Buqun glanced at the time, and then said!

After the start, Bao Yukun jumped and ran directly to the mountain peaks on both sides of the Refining Medicine Sect, which were covered with medicinal herbs.

David did not move, but stood quietly, closed his eyes slightly, and sniffed the smell in the air!

After a while, David suddenly opened his eyes, and then his figure disappeared like lightning!

Soon, David and Bao Yukun came back almost at the same time, and they brought back the herbs they needed for alchemy, and they were exactly the same!

Seeing this, Bao Yukun showed a bit of surprise on his face. To know that David didn't know where the herbs were grown, and the time was the same as when he fetched the herbs, which was a bit incredible!

However, the surprise on Bao Yukun's face was only fleeting. Then he put all kinds of medicinal herbs into the pill stove, and flames burned on the palm of his hand. Then he pushed hard, and the flames burst into flames and began to burn vigorously under the pill stove. !

Bao Yukun gave David a disdainful look, but it was this look that instantly made Bao Yukun stunned!

I saw that after David put the herbs into the Shennong Ding, a light blue flame jumped up in his hand, and then threw the flame directly into the furnace!

The medicinal herbs began to burn violently under the light blue flame. At the same time, Shennong Ding radiated golden light.

It only took a moment for the medicinal herbs in David Shennong Ding to emit bursts of aroma.

The fragrance filled the air, which also proved that the refining of the medicinal pill was almost completed, which surprised Bao Yukun!

"The real Shennong Ding, how dare you say it's fake?"

Bao Yukun's eyes were full of greed when he looked at the Shennong Ding!
