Chapter 2173

Thunder Pie!

In Tong Youcai's room, his mother was crying in a low voice, looking at her son with distress!

"Youcai, is it better?"

Tong Youcai's mother asked in a low voice.

"Mom, it's much better, but I can't take this breath. In front of so many people, I was actually injured by an unknown person."

Tong Youcai's face was full of anger, and his heart was always suffocating!

"Don't worry, when you are well, I will make that kid pay the price."

Tong Youcai's mother finished speaking, then glanced at Wang Defa behind her, "I asked you to follow Youcai, what did you do? Don't you feel bad for him to be hurt like this?"

"Sister-in-law, it's all my fault..."

Wang Defa lowered his head, his face full of shame!

"Mom, don't blame Uncle Wang, it has nothing to do with him." Tong Youcai interceded for Wang De, and then said, "I have to modify the genes quickly, and when I have finished modifying the genes, I will kill David with my own hands. "

Okay, you need to recuperate first, and when you are healed, I will let your uncle Wang give you genetic modification."

"It seems that your father can't be counted on. You are so badly injured that he doesn't even come here. " Take a look, he only sees your trashy brother..."

Tong Youcai's mother said angrily.

Speaking of his father, Tong Youcai was also puzzled. He was also a son, but he found that his father was far less good to him than his brother!

He modified his brother's genes, and even brought his brother into and out of major conferences!

As for him, he could only practice silently. Now that he is injured, he doesn't even look at himself!

"Mom, don't worry, when I finish the genetic modification, I will show my father who is the real genius, and I want to step on my brother's trash."

Tong Youcai gritted his teeth and said firmly!

"Okay, Mom believes in you, you take good care of your wounds, and your Uncle Wang and I will go to the next door to talk about something."

After that, Tong Youcai's mother and Wang Defa went to the next door!

As soon as he entered the next door, Wang Defa suddenly hugged Tong Youcai's mother, and then threw himself on the bed!

Soon, a faint sound of gasping was heard in Tong Youcai's ears.

Tong Youcai frowned slightly, tried his best to get up, then got out of bed and quietly walked towards the next door!

Through the gap, Tong Youcai saw the scene in the room!

This time, Tong Youcai was stunned, the whole person was stunned on the spot, his eyes were wide open, as if stupid!

He never thought that how could his mother do such a thing?

Just when Tong Youcai was in shock, everything in the room had calmed down!

"What a waste..."

Tong Youcai's mother said dissatisfiedly.

"I'm old, there's no way..."

Wang Defa sighed!

"I can tell you that when your son is healed, you must genetically modify him, and pass on your strength to him using genetic technology."

"Anyway, he is your son, and the two of you have the same genes. Otherwise, when will we be able to come out like this!"

"I'm afraid that Tong Haiyang will know about our relationship, and then it will be troublesome."

Tong Youcai's mother whispered.

"Don't worry, as long as I modify my genes, I can reach the realm of fifth-rank Martial God or even higher!"

Wang Defa said, hugging Tong Youcai's mother.

Tong Youcai listened to everything that was said from the outside, and the whole person once again seemed to have suffered a heavy blow!

Only now did he know that he was not the son of Tong Haiyang, nor the young master of the Tianlei faction!

Tong Youcai walked back to the bed in a daze, and lay down slowly, with confusion in his eyes...

This sudden change of identity made it difficult for Tong Youcai to accept for a while, and at this time Tong Youcai could only work hard Don't think about it, try to make yourself forget what you just heard.

Chapter 2174

Alchemy Sect!

At this time, in David's Shennong Ding, the aroma continued to overflow, and soon accompanied by a burst of explosions, an evil spirit pill was completed!

Yue Buqun looked at the time, his face full of surprise and said, "Twenty-seven minutes, Brother Chen's Evil Elimination Pill has been completed!"

While looking at Bao Yukun, the fire has just been adjusted, and the herbs in the Pill Stove are still the same as before. !

"Haha, Lao Bao, your skills are not good. Brother Chen has finished refining, and you haven't even done half of it."

Yue Buqun sneered at Bao Yukun!

Bao Yukun's eyes were full of disbelief, and he got up and stepped forward, "Impossible, how could it take less than half an hour to refine the anti-evil pill?"

"Could this be fake, is it the pill you prepared in advance?"

Bao Yukun wanted to see the evil spirit pill in David's hand, but David threw it to him without hesitation!

"This medicinal herb is your herb, so I gave it to you!"

David said generously.

It's just a third-order medicinal pill, and it's not precious. For David, as long as there are medicinal herbs, they can be refined at any time!

Bao Yukun took the anti-evil pill, looked and looked, and then threw it directly into his mouth!

Until this time, Bao Yukun's face was still full of disbelief!

"How is it, is it fake? Your alchemy skills are inferior to Brother Chen..."

Yue Buqun asked.

Bao Yukun didn't speak, the shock in his heart made him not react for a while!

I saw Bao Yukun staring at David with a pair of eyes, and glanced at the Shennongding from time to time!

"It seems that this Shennong Ding is really powerful, otherwise you wouldn't be able to practice the evil spirit pill in half an hour."

Bao Yukun didn't think David's alchemy skills were right, and this should all be due to the Shennong Ding.

Now Bao Yukun likes Shennong Ding even more.

"Old Bao, if you lose, you lose. Don't make excuses. Don't forget that you promised Brother Chen that you would lend him the regeneration spring."

Yue Buqun said to Bao Yukun.

"Hmph, this is considered opportunistic. I just didn't dare to admit that this Shennong Ding is real. Are you afraid that if you don't use the Shennong Ding, you won't be able to refine the medicine pill?"

Bao Yukun snorted coldly.

Seeing Bao Yukun's appearance, David smiled lightly, "Okay, I won't count this time, you continue refining, I will find something to refine again, if my refining speed is slower than yours, I will leave immediately!"

Bao Yukun sees David said this, and suddenly he was angry, "What do you mean? Are you doubting my alchemy ability?"

David shook his head, "I don't doubt you, but look down on you..."

"You..." Bao Yukun's face flushed with anger, "Good boy, I will make you regret it."

After speaking, Bao Yukun pointed his finger at Squeeze, the flames under the Dan furnace are even more vigorous!

"Brother Chen, what are you doing? Obviously you won."

Yue Buqun asked in confusion.

"I will make him completely convinced."

After David finished speaking, he directly found a copper basin and threw it on the ground, and then his figure disappeared in a flash!

After a short while, David found the herbs again and began to throw them into the copper basin to make alchemy!

Yue Buqun was surprised to see that David didn't use a pill stove, but just found a somewhat worn-out copper basin!

And when Bao Yukun saw this, he laughed hahaha, "Boy, you are really crazy, are you planning to use this broken copper pot to compare alchemy with me?"

David looked at Bao Yukun like that, and ignored him, but With a flip of his hand, a spirit fire appeared, then threw it into the herbs, and slowly burned!

Even if the copper basin was used, after ten minutes, the same medicinal fragrance came out from the copper basin, and the aroma was overflowing, making Yue Buqun on the side smell very comfortable.

Seeing this, Bao Yukun was sweating profusely, and he was really panicking.
