Chapter 2181

Thunder Pie!

At this moment, Tong Youcai was covered with all kinds of tubes, and some green liquid was flowing in the tubes!

In front of Tong Youcai is a glass container, and the green liquid inside is constantly tumbling and boiling!

Tong Youcai frowned and seemed to be in great pain!

Tong Youcai's mother was nervous and watched quietly from the side!

"Pharaoh, are you sure? This is your own son. If you fail, the son will have three strengths and two weaknesses, and I will not finish with you!"

Tong Youcai's mother looked at Wang Defa and asked.

"Don't worry, the technology of this fund is very mature."

After Wang Defa finished speaking, standing in front of the glass container, he gently bit his finger, and a few drops of bloodDropped in that green liquid!

Although it was only a few drops of blood, Wang Defa seemed very tired!

With the continuous input of green liquid into Tong Youcai's body, Tong Youcai's body began to emit a faint green light, and the breath in his body began to expand continuously.

Looking at the situation in front of him, Wang Defa laughed, "Don't worry, within five hours, our son will become a brand new self!"

Tong Youcai's mother nodded happily, and actively invested in Wang Defa. in the arms!

Just when Tong Youcai's mother followed Wang Defa, Tong Yougong, who was in Siguoya, was constantly being washed away by the terrifying atmosphere of Siguoya!

Tong Haiyang slowly walked behind Tong Gonggong, looking at his son in pain, the expression on his face was a little moved!

"Son, can you still persevere?"

Tong Haiyang asked.

Seeing his father coming, Tong Yougong slowly got up, and then nodded, "It's alright..."

"Don't blame me for being cruel, I asked you to come to Si Kuoya to train you and protect you!"

Tong Ocean explained.

"Dad, what do you mean? Protect me? Am I still in danger in the Tianlei faction?"

Tong Yougong frowned slightly and asked puzzled.

"Don't ask so much, just stay at Siguoya, and when your realm improves again, I will let you out."

Tong Haiyang waved his hand and said.

"Dad, are Erniang and Youcai going to deal with me?"

"I know that Erniang has not looked down on me at all over the years, and has always wanted Tong Youcai to take the place of my eldest young master!

" I will not object to Tianlei Pai who will take care of him when he takes care of him."

Tong Yougong expressed his attitude!

"Fart!" When Tong Haiyang heard this, his face suddenly turned cold and he said, "You are the eldest young master of the Tianlei faction, and the son of my Tong Haiyang. From now on, you will be the only one who will take over from the Thunder faction!"

"You are not allowed to be here in the future . Saying such things, from now on you have to learn how to govern the Tianlei faction!"

Tong Yougong was stunned when he saw his father was angry, he just said that just to show his heart, but he didn't want to. Tong Haiyang would be directly angry!

"Dad, I listen to you, I will work hard!"

Tong Yougong nodded and said.

Tong Haiyang looked at Tong Yougong with pity on his face, and sighed softly, "Your mother died early, and you have suffered all these years. I only have a good son like you, and I'm content!"

Tong Yougong was full of surprise. Looking at his father, although he was very puzzled at the moment, he didn't understand why Tong Haiyang was so sentimental today, but Tong Yougong didn't dare to ask!

Leaving from Siguoya, Tong Haiyang forgot to take a look at the southwest direction of Tianlei School. At this moment, in the southwest direction, a green light shot up into the sky.

The green light is reflected on Tong Haiyang's head, as if wearing a green hat!

"Take my Tong Haiyang as a fool, I will play with you slowly..."

Tong Haiyang's eyes were slightly condensed, and his eyes were cold!

Chapter 2182

Rebirth fountain!

David has been soaking in the spring water for three days now, but during these three days, David has been feeling the changes in the spring water all the time!

The consciousness flows with the spring water, and I want to enter the sealed restricted area to see where the spring water is flowing!

In the past three days, David always felt that the spring water was not gushing endlessly, but more like a cyclical flow!

With the full moon on the head, David slowly got up from the spring.

Unconsciously follow the spring to the forbidden land!

But not far away, David only felt a terrifying pressure coming, followed by a severe pain, filling David's mind!

"What a powerful taboo, it seems that the taboo formations set up by several hidden world sects are really powerful..."

Chen PingCan does not help but sigh!

David wanted to forcibly break open the next, and the idea of breaking into the forbidden area was shattered. After all, his current strength is still unable to compete with the formation of several hidden world sects!

David reluctantly returned to the regeneration spring. Looking at the spring water that was constantly flowing from the bottom of the mountain, David felt very curious!

Why is this ordinary spring water so effective?

Looking at the spring water gushing out of the spring, David suddenly had a bold idea!

Since there is no way to probe the flow of the spring water, can we probe it from the source of the spring water?

Thinking of this, David slapped the boulder at the spring with his palm, and the boulder cracked instantly. David was planning to start digging the spring into the depths of the mountain with his bare hands!

Soon, David dugged forward along the spring for more than ten meters. As David continued to dig forward, the stones inside began to become harder and harder, and the color became blood red!

David frowned slightly, because along with his excavation, the blood-red stones in front of him at this moment exuded a strong yin and evil aura.

If it is just an ordinary rock, it is impossible to contain this kind of breath!

“Could it be that there is something weird under this mountain range?”

David was a little surprised, but he didn't stop in his hand, but continued to move forward!

But this time, just after digging a few meters forward, he was blocked by a boulder. David punched it out, and the boulder in front of him did not move at all!

This time, David felt very strange. To know David's current strength, let alone a stone, even a piece of iron can be easily shattered!

David stepped forward and gently stroked the boulder, and suddenly a light flashed in his mind, and the wordless book flashed light!

"Zhenshan Stone!"

Soon, three big characters appeared in David's mind, followed by the introduction of Zhenshan Stone!

Zhenshan Stone, as the name suggests, is the stone guarding the mountains.

Many sects directly choose the address in the deep mountains and old forests, and some even set up their sects in the canyons. In order to prevent the mountains from collapsing and causing unnecessary losses, they will lay down town rocks, which have achieved the purpose of strengthening the mountains!

"Since there is Zhenshan Stone here, it proves that there was a sect in the past, why is there not anymore?"

"Could it be that this Rebirth Spring is related to the existence of a sect here in the past?"

David looked at the Zhenshan Stone in front of him, his brows slightly wrinkled!

Now that this town is blocked by rocks, David wants to continue to drive forward, I am afraid it is a little difficult!

"I still don't believe how hard a stone can be..."

David condensed the power of the dragon on his fist, a dragon roar sounded, and golden light flashed on his fist!

“Holy Light Fist...”

This time, David threw a punch with all his might!

Boom.....

Huge force bombarded the town rock, but the town rock was not damaged in the slightest, but the entire mountain range shook violently a few times!

David looked at the undamaged town rock, an unnamed fire rose, and then he was about to smash it down again!

But at this moment, the tunnel that David had dug began to roll down, and it was about to collapse!

Seeing this, David hurriedly turned around and ran out!
