

# A Man Like None Other

## Novel

### Chapter 2456

"David?" Yun'er muttered in a low voice, and then asked, "Brother David, where are you from? Look at your skills..."

"I..." David opened his mouth, but for a moment I don't know where to say I am from.

He can't follow Yun'er and say that he is from the secular world, can he?

I'm afraid Yun'er doesn't necessarily know where and what the secular world is!

"I'm from Qingniu Peak..." David recalled the location of the Artifact Sect, so he said!

"Qingniu Peak?" Yun'er's eyes widened, her face full of surprise, "That place is so far away, I didn't expect you to come from there."

"You must have walked for a long time on this road, I have some beasts Meat, you take it, you can replenish energy on the road..."

Yun'er took out a cloth bag, which was filled with cut animal meat!

These animal meats are actually useless to David and the others, but to Yun'er, they are extremely precious, because these animal meats can also be sold for money.

Now that Yun'er took out the animal meat to David, it can be seen that Yun'er knows how to repay her kindness, and she is not the kind of person who forgets righteousness for profit.

In this way, the human beings in the world of heaven and man are not all the kind of selfish people!

David took the cloth bag, put it in the storage ring, and then took out a jade pendant from the storage ring!

A trace of the power of dragon and phoenix was injected into the jade pendant, David handed the jade pendant to Yun'er and said, "Miss Yun'er, I have a jade pendant here for you, you take this jade pendant to kill monsters." Sometimes, it can achieve twice the result with half the effort." You

must know that the dragon and phoenix power that David entered is the power of a divine beast, with the breath of a divine beast, as long as it is not a particularly high-level monster, Yun'er is wearing this jade pendant, those who The monsters dare not get close!

Yun'er declined a few times, but finally accepted the jade pendant.

After bidding farewell to Yun'er, David and the others embarked on the road to Xijiantan. As for Dashi Village, David didn't care too much about it, it was just an episode on his way!

David didn't know that in the near future, it was Dashi Village, a small mountain village, that saved his life...

After

several days of trekking, David and the others finally arrived at the foot of Qingniu Peak!

Looking at the familiar place, Master Hammer's eyes became moist. He hasn't been to this familiar place for more than ten years!

"It's been more than ten years, I don't know if the sect of the Artifact Refining Sect is still there..."

Master Iron Hammer was full of emotion, and then headed towards the mountain!

David and Hu Mazi followed closely behind, for fear of losing the master of the hammer. The two of them will not be reduced to beggars in this unfamiliar world of heaven and man by then?

Not long after, a towering stone gate appeared. The surrounding area of the stone gate was already overgrown with weeds and trees, but the stone gate was still standing tall!

On the stone gate are engraved the three big characters of the Artifact Refining Sect. Although it has gone through vicissitudes, these three big characters are still clearly visible!

Stepping through the stone gate, you can see a piece of rubble. This place has been abandoned for a long time, and its original appearance can no longer be seen. However, judging from the scale of the rubble, this Artifact Refining Sect must have been very brilliant!

Master Hammer looked at the scene in front of him, knelt heavily on the ground, and cried bitterly!

Seeing Master Hammer crying bitterly, neither David nor Hu Mazi said anything, they just waited silently!

After all, no one can control their inner emotions seeing their sect like this!

Master Hammer cried for a long time, then wiped away his tears, and led David and Hu Mazi deep into the Artifact Sect!

Soon a deep pool appeared in front of David and the others, and the water in the pool was bitterly cold!

Although no one has taken care of it for so many years, the water in this pool is extremely clear, without any impurities!

## Chapter 2457

Looking at the clear pool water, Hu Mazi couldn't help squatting down, wanting to wash his face, so as to wash off the dust of the past few days!

"Don't move..."

Seeing this, Master Hammer hurriedly shouted at Hu Mazi!

But it was too late, Hu Mazi had already stretched his hands into the pool, but the moment Hu Mazi touched the pool with his hands, suddenly a series of sharp breaths flew past the pool!

Like a sharp sword, Hu Mazi shot towards Hu Mazi. Fortunately, Hu Mazi was reminded by Master Hammer. When those sharp breaths came, his body quickly retreated and hurriedly landed on the ground. Roll away and dodge this attack!

Hu Mazi stood up in a state of embarrassment, wiped the cold sweat from his forehead and said, "How can there be such a sharp breath in this pool of water, it almost killed me..."

"Master Hu, are you okay?" David Seeing this, he hurriedly asked.

"It's okay!" Hu Mazi shook his head.

"Master Hammer, what's going on?" David looked at Master Hammer and asked!

Master Iron Hammer explained, "The Xijian Lake has been washing and tempering swords for many years. There is already a large amount of sword energy in this pool, and the sword energy has also condensed into a sword spirit. The sword spirit guards Xijian. You can't touch the sword pool at will."

"What? You said there is a sword spirit in this pool? Where is it? Why can't I see it?"

Hu Mazi was shocked and looked into the pool, and can't see the existence of the sword spirit at all!

David was also curious, and carefully observed Xijiantan. He found that although the water in Xijiantan was clear, it could only be seen a few meters deep, and it was white at the bottom, which could not be seen clearly at all. I can't see what's under the pool of water.

However, David could clearly feel that in the pool, streams of sharp sword energy were constantly swimming like fish. If someone jumped into the pool rashly, they would be killed by the sword energy in an instant. kill!

“Master Iron Hammer, what should we do next? You should have a solution, right?”

David asked Master Iron Hammer.

“Of course, I, as the craftsman of the Craftsmanship Sect, have a way to do it in the Jianjian Lake of my own sect.”

Master Hammer nodded, “Give me the Dragon Slaying Sword, and I will throw it into the pool.” Refining it in Jiantan...”

David sacrificed the dragon-slaying sword, and then handed it to Master Hammer.

Master Iron Hammer took the Dragon Slaying Sword and muttered something, then put his fingers together, and a golden light shot out from his fingertips towards Xijiantan!

The golden light instantly submerged into the Sword Washing Pool, and the originally calm water suddenly began to surge, and waves spewed upwards continuously!

Seeing this, Master Iron Hammer threw the Dragon Slaying Sword in his hand into the pool. The Dragon Slaying Sword fell into the pool and disappeared in an instant!

Immediately afterwards, the turbulent pool water also suddenly became calm, and the entire Xijian Pool returned to its previous state, as if nothing had happened!

Master Hammer was stunned when he saw this, and looked at the Xijiantan in front of him in disbelief!

“Master Iron Hammer, what... what’s going on here? Where’s my Dragon Slaying Sword?”

David looked at Master Iron Hammer and hurriedly asked!

"This... how could it be like this? Shouldn't it be?"

Master Iron Hammer was also a little panicked at this moment, and he kept chanting the magic formula in his mouth, and golden lights shot towards Xijiantan!

But the pool was dead silent, there was no more movement, and even the Dragon Slaying Sword was gone!

No matter how Master Hammer casts spells, there is still no movement in Xijian Lake, which makes Master Hammer very anxious!

David was also anxious, his forehead was full of cold sweat. You must know that the Dragon Slaying Sword had already become a part of his body in David's eyes. If it just disappeared like this, David would not be able to bear it!

## Chapter 2458

Just when David and Master Hammer were all anxious and at a loss, huge bubbles suddenly appeared in the pool, and then a white-haired old man slowly rose from the pool!

The old man's body is empty and solid, floating above the pool water, it looks like a spirit body without a physical body!

After seeing the old man, Master Iron Hammer instantly became extremely respectful, stepped forward and saluted, "Tie Hammer, a disciple of the Artifact Refining School, pay homage to Old Jian..."

Master Jian gave Master Iron Hammer a cold look and said, "Ten For many years, I thought that the people of the Artifact Refining Sect were all dead, but I didn't want any disciples of the Artifact Refining Sect to remember this side of Xijiantan."

"Mr. How could Qizong forget Jianlao, just now I had a treasured sword of my friend, I wanted to restore it with the help of Xijiantan, but now it sank to the bottom of the pool, I hope Jianlao can return that sword..."

Master Iron Hammer said Old Jian said!

"Just that dragon-slaying sword just now? That is one of the most proud swords I have tempered, but I don't want it to become such a field now."

Jian Lao said with a very displeased face!

"Old Jian, the Dragon Slaying Sword has been left behind in the secular world for many years because of damage to the sword spirit. I just got the Dragon Slaying Sword not long ago. Now it is difficult for the Dragon Slashing Sword to withstand my power, so it is broken."

"Still Please Mr. Jian repair the Dragon Slaying Sword, I believe that the Dragon Slaying Sword is in my hands, and it will definitely be able to exert its maximum power..."

David pleaded to Mr. Jian!

Jian Lao took a look at David, and said with disdain in his eyes, "With your strength, how could the Dragon Slaying Sword not be able to withstand it? I think it's because you don't cherish it at all, that's why you let an Excalibur It's like this."

"Now that the Dragon Slaying Sword is back in my hands, I won't hand it over again, I want to refine it again, and refine the Dragon Slaying Sword into a more advanced sword."

Old Jian said coldly Said!

"Jian Lao, the Dragon Slaying Sword has become one with David, and the sword spirit has recognized the master. I hope that Jian Lao can return the Dragon Slaying Sword to him."

Master Iron Hammer hurriedly begged!

"The human sword is one, and the sword spirit recognizes its master. That's because the sword spirit of the dragon-slaying sword was damaged. It was picked up by this kid when it was weak. Otherwise, how could it be possible to recognize him as the master?"

"This dragon-slaying sword is like My child, I don't allow my child to marry a powerless person, seeing this guy's aura, he is just a transformation, he is not worthy of having the Dragon Slaying Sword!"

Jian Lao said, his body was like ripples Start shaking, start slowly disappearing!

Seeing this, David frowned, and then the power of the dragon condensed on his right fist.

"Holy Light Fist..."

David threw his fist towards Xijiantan, and the huge golden light fist enveloped the entire Xijiantan!

Since the sword never handed over the Dragon Slaying Sword, David could only do it. The Dragon Slaying Sword was already a part of his body, and no one could take it away!

"David, stop..."

Seeing that David was attacking Jian Lao, Master Iron Hammer hurriedly shouted!

However, David's punch had already smashed hard on the pool of Xijian Lake, and the huge force caused the pool to rise into the sky!

Jian Lao, who was slowly disappearing, became solid at this moment!

"You are so brave, you dare to attack me..."

Jian Lao's face turned cold, and with a wave of his sleeves, countless sword qi shot out, piercing through David's golden fist of light in an instant!

"The Artifact Refining Sect has been destroyed for more than ten years, and no one dares to easily touch the old man's Xijiantan, but I don't want you, a brat, to dare to do it to me..."

Jian Lao's face was full of anger, and the fierce sword energy was all over the sky. All the way to David!

David's punch was shattered by the sword energy, and accompanied by raindrops of sword energy, it enveloped David. Hu Mazi and Master Iron Hammer around David were all so frightened that their faces were extremely pale!

## Chapter 2459

Facing Jian Lao's overwhelming sword energy, David's expression also became extremely dignified. Although Jian Lao was only a spirit body, the sword energy emitted was extremely condensed.

David didn't dare to be careless in the slightest, and hurriedly activated the Indestructible Golden Body, his whole body was covered by golden scales, and then David took out the God King Bow!

Pulling the bow of the god king suddenly, on the bowstring of the bow of the god king, countless light spots began to flicker continuously, and arrow feathers appeared shining with golden light!

David shouted loudly, let go of the bowstring, and countless arrow feathers went towards the sword energy!

Bang, bang, bang...

In mid-air, bursts of explosions sounded, and all the sword energy of Jian Lao was stopped by David with the God King Bow!

And Jian Lao frowned, staring at the God King Bow in David's hand, in a daze!

"You still have such a magical weapon in your hand, it seems not easy..."

Jian Lao said with some emotion!

"Jian Lao, I just want to get back the Dragon Slaying Sword. I don't want to fight you. I also hope that you can hand over the Dragon Slaying Sword."

David said to Jian Lao in a neither humble nor overbearing way!

Jian Lao looked at David, and said after a while, "I can give you the Dragon Slaying Sword, but you need to go to the bottom of the pond to get it back yourself. I wonder if you have the guts?"

"?"

After David finished speaking, he was about to jump into the Sword Washing Pond!

Although the sword energy in the Sword Cleansing Pool was overwhelming, David seemed to have a physical body with an indestructible golden body, so it wasn't impossible to resist the sword energy in the Sword Cleansing Pool!

"David, there are countless sword puppets in this Sword Washing Pool. Once an elder of our Artifact Refining Sect jumped into the pool to take a bath after being drunk, and never came up again..."

Master Iron Hammer said to David!

David was taken aback. He didn't expect that apart from the old sword master, there would be sword puppets in Xijiantan. You must know that the strength of these sword puppets is enhanced with the sword energy.

Now that there is so much fierce sword energy in the Sword Cleansing Pool, the strength of the sword puppet inside must not be low!

"Boy, don't you dare to get it?" Jian Lao smiled contemptuously, "If you can get the Dragon Slaying Sword, I can promise you, not only repair the Dragon Slaying Sword, but also improve the quality of the Dragon Slaying Sword."

David heard, nodded immediately and said, "Okay, then it's a deal..." After finishing

speaking, David plunged into the Xijian Pool without hesitation. David just entered the pool, and instantly felt The fierce sword energy is constantly slashing across his body!

It's just that these sword qi couldn't hurt David, so David went all the way to the depths of the pool!

As David went deeper, the originally bright pool of water began to become extremely dark, and the figure of Hu Mazi and Master Hammer could no longer see David at this time!

David radiated all his spiritual consciousness, while resisting the sword energy, while searching for the whereabouts of the dragon-slaying sword!

Soon, David seemed to have encountered an enchantment, and as he was going downstream, the resistance doubled, and accompanied by a huge anti-shock force, he was pushing David's body backwards!

David burst out with strength, and his body suddenly rushed forward. After a huge squeeze, David's body suddenly loosened, and his whole body quickly fell down!

With the acceleration of David's falling speed, the light curtains in front of him also lit up. At this moment, David realized that there was no water around him at the moment. Looking up, he found a light curtain above his head to isolate the pool water. on top!

There turned out to be a huge hollow below, and David's body was suspended in the air, constantly falling down!

As David's body fell, gusts of violent aura surged upwards from below. David looked intently and found that there were sword puppets densely packed underneath. Each of these sword puppets held a sword in their hands. A sword, wandering aimlessly!

## Chapter 2460

David saw that his Dragon Slaying Sword was surrounded by these sword puppets!

If he wanted to get the sword, David had to destroy these sword puppets, or lure them away!

These dozens of sword puppets, and each of them has a violent breath, are all above the strength of transformation realm, David is not capable of dealing with so many sword puppets at once!

If it was one or two sword puppets, David would not be afraid, but for these dozens of sword puppets, David knew that if he went down to get the dragon-slaying sword, he would definitely be hacked to death by these sword puppets in an instant!

David's body was suspended in the air, quietly observing the sword puppets under his feet, frowning slightly, thinking of a way!

Fortunately, these sword puppets didn't have spiritual consciousness, so David was floating above their heads, and these sword puppets couldn't find them at all, otherwise David would have been very embarrassed!

After observing for more than ten minutes, David knew that there was no way to continue wasting like this, so David's body slowly fell down, approaching those sword puppets!

David tried his best to restrain the aura in his body, not to let these sword puppets find him!

But after David's body fell for a certain distance, the sword puppets under his feet suddenly stopped moving, bursts of light erupted from each of them, and a terrifying aura enveloped David!

These sword puppets raised their heads, and then quickly rushed towards David. Seeing this, David quickly backed away, trying to distance himself from those sword puppets!

But those sword puppets chased after David, never giving David a chance to escape.

Looking at the sword puppets chasing after him, David saw that the other sword puppets didn't seem to notice him, and were still wandering around.

"Could it be that only by getting close to a certain distance can you attract the attention of these sword puppets?"

David stopped, looked at the chasing sword puppets, flipped his palms, and slapped David with sharp breaths. out!

bang bang bang.....

David slapped a few palms, and instantly slapped the bodies of the sword puppets chasing after him, turning them into a sword qi, which slowly dissipated!

"This is a good way..."

David looked at the few sword puppets he had eliminated, and his heart suddenly became happy!

He can lure those sword puppets over little by little, and then eliminate them one by one, so that when the number of sword puppets decreases, David can take out the dragon-slaying sword!

David wanted to do it, and started to approach the group of sword puppets slowly. Soon, the aura on David's body attracted the attention of several nearby sword puppets, and then they chased after David!

David was overjoyed. After leading those sword puppets away, they were quickly wiped out!

David used this method to kill more than a dozen sword puppets very quickly. Although this method was a bit slow, it would take a long time to eliminate these dozens of sword puppets, but now David couldn't figure out There is a better way!

Just when David was slowly approaching those sword puppets again, he suddenly felt something was wrong. He always felt that there were streams of aura constantly coming down from the pool above his head!

David raised his head suddenly, and upon seeing it, David took a deep breath in an instant!

I saw more than a dozen sword puppets waving the swords in their hands, breaking through the light curtain from the pool, and coming straight to David!

"What's the situation? Could it be that those sword puppets I just killed are alive again?"

David was so shocked that he was sweating profusely!

The sword puppets that David beheaded just now turned into sword qi and dissipated after the beheading, and then floated into the pool water, and then these sword qi formed sword puppets again.

That is to say, David hadn't killed a single sword puppet for a long time. Now that these sword puppets rushed from top to bottom, David didn't even have a place to hide!
