

# A Man Like None Other Novel

## Chapter 2461

David is now being attacked from two sides, there are sword puppets on the top and sword puppets on the bottom, David has no way to escape!

I saw David forming a seal with his palms, and two brilliance suddenly lit up, turning into a barrier above his head, he wanted to block the dozen or so sword puppets from top to bottom!

After a dozen sword puppets touched the barrier, they went berserk and rushed towards the barrier desperately, trying to smash it into pieces!

However, David's barrier is very strong and unbreakable. A dozen sword puppets tried their best to hit it, but they couldn't penetrate it!

Although David temporarily blocked the dozen or so sword puppets above, this is not a long-term solution. If this continues, the barrier will be broken sooner or later!

David looked at the Dragon Slaying Sword at his feet, his eyes gleamed sharply, he gritted his teeth suddenly, and his body rushed down like a shooting star. He wanted to get the Dragon Slaying Sword as soon as possible, and he didn't want to escape at all, or he would wait for more than a dozen sword puppets above his head. After breaking through the barrier, it will be difficult for him to escape!

With David's figure rushing into the camp of sword puppets, dozens of sword puppets were all alarmed, each of them exuded a manic aura, brandishing the weapons in their hands, and rushed towards David!

David grabbed the Dragon Slaying Sword casually, turned around and fled!

And while escaping, David took out the bow of the god king, pulled the bow string continuously, and arrow feathers shot out towards those sword souls!

David couldn't escape upwards, he could only escape to one side. After avoiding this area, David was planning to return upwards to the pool!

Dozens of sword puppets let out bursts of roars, facing David's rain of arrows, and rushed over desperately!

"These unconscious guys are not afraid of death at all..."

David looked at the dozens of sword puppets who had transformed into realms, and felt his scalp tingling. If they were caught up by these dozens of sword puppets, David knew that he might be wiped out in an instant!

Boom...

At this time, more than a dozen sword puppets from top to bottom also broke through the barrier, gathered together with the large army, and rushed towards David. These sword puppets were chasing David, as if they were preventing David from taking the dragon sword !

David pulled the bow string with all his strength, and then let out a low shout. The arrow feathers condensed by the power of dozens of Dao patterns on the bow string shot directly at those sword puppets!

In an instant, several sword puppets were shot, but they were not able to kill these sword puppets, nor could they stop the attack of these sword puppets at all!

Although David shot dozens of arrow feathers at once, the power of each arrow feather was reduced a lot, so hitting these sword puppets did not cause fatal damage!

Just as David fled and attacked those sword puppets to block them, suddenly a terrifying force came from behind David!

David hurriedly turned his head to look, and upon seeing it, David broke out in cold sweat instantly!

Not far behind him, countless sword puppets were coming towards David.

There are hundreds of sword puppets in this batch, and now the two teams of sword puppets are coming towards David, which frightens David!

"Where the hell did this come from?"

David couldn't resist cursing. If so many sword puppets gather together, the power is absolutely terrifying. His breath is enough to crush David!

David could only desperately turn around and escape. At this moment, a strange scene appeared in Xijiantan. David was fleeing desperately in front, while behind him was a mass of sword puppets, chasing David!

David didn't even have time to turn around and attack now, so he could only rely on himself to move flexibly to avoid the pursuit of these sword puppets. Fortunately, these sword puppets had no intelligence and moved slowly, which made David temporarily incapable of attacking. Danger.

## Chapter 2462

On the lake of washing swords!

Hu Mazi looked at the pool with an anxious expression on his face. David has been down for a long time. Logically, he should have taken out the Dragon Slaying Sword a long time ago, but now there is no movement in the pool!

"You guys should go away, don't wait anymore, that kid can't come up alive, there are hundreds of sword puppets under this pool of water, anyone who goes down inside will be torn to pieces."

Jian Lao said coldly Said Hu Mazi and Master Hammer!

"Impossible, David won't die so easily. He is the true body of a golden dragon. He has never encountered any kind of danger. It's not like turning the danger into a breeze. It's impossible for David to be killed by just a small pool of washing swords. !"

Hu Mazi retorted loudly to Old Jian!

"Hahaha, as the so-called Longyou Shoal is being teased by shrimps, even if he is really a golden dragon, he is useless in this pool of washing swords."

Old Jian laughed loudly.

"Don't be happy so early, you will be slapped in the face in a while."

Hu Mazi stared at Jian Lao angrily and said.

"I was slapped in the face?" Jian Lao raised the corner of his mouth, "Then I will let you see the situation of this kid and see if he will slap me in the face..."

After Jian Lao finished speaking, he stroked his sleeve lightly, and Tan Shui There was a ripple in an instant!

Immediately afterwards, under the clear pool water, a scene was reflected, which was the scene of David being chased and killed by hundreds of sword puppets!

Seeing this scene, Hu Mazi immediately raised his heart to his throat!

"Do you think anyone will survive under hundreds of sword puppets?"

Jian Lao looked at Hu Mazi proudly and asked.

Hu Mazi didn't speak, he clenched his fists tightly, his palms were covered with sweat, he was worried about David!

But at this moment, David was only focused on running away desperately, and he didn't even have time to observe the surrounding environment!

"It seems that we have to find a way. If this continues, we will be exhausted."

David frowned.

Although these sword puppets were not fast enough to catch up with David for the time being, David couldn't keep escaping. Sooner or later, the spiritual power in his body would be exhausted!

Before he knew it, David began to circle the bottom of the pool many times, and even he was a little dizzy!

At this moment, David suddenly tripped over something, almost lost his balance and fell to the ground!

When David looked down, he found a protruding bluestone, showing a little bit. It was this bluestone that David tripped over!

David gently swept away the sand on it, and soon a dim brilliance emerged from the bluestone, and with the emergence of this brilliance, light began to shoot out from the sand around the bluestone!

Seeing this, David hurriedly cleared out the entire area. It wasn't until this time that David realized that there was a huge magic circle under the pool of water!

Pieces of bluestones seem to be messy, but they are arranged according to certain rules, and each piece of bluestone emits rays of light!

"It's no wonder that this pool of washing swords can temper swords. It turns out that it is because of this magic circle, not the effect of this pool of water..."

David looked at the magic circle in front of him, and suddenly realized that if this pool of washing swords didn't have the magic trick underneath. After a while, I'm afraid it's just an ordinary pool of water!

Accompanied by the bluestone emitting light, these rays of light formed a large talisman array, which was reflected on the bottom of the pool!

Those sword puppets who were chasing David, felt the aura emanating from this formation, they all stopped in their tracks, and none of the sword puppets dared to step forward!

Seeing this scene, David breathed a sigh of relief, as long as these sword puppets stopped chasing him, David would have time to study this huge formation!

David didn't know, who would have set up such a large formation at the bottom of this pool of water?
