Chapter 2472

"David, you... did you know the forging and purification technique before? Otherwise, you just learned it, how could you have such a skilled technique in such a short time?"

Master Hammer asked inconceivably!

David shook his head, "Master Iron Hammer, I didn't understand it before. I just learned it. Maybe it's because I have a better understanding, so I learned it faster..."

"Boy, your understanding is strong. Spirit ore of this level, and there is no one who has just learned the forging and purification technique, who can purify it with a hammer."

"The suzerain of the Artifact Refining Sect was also very enlightened back then, and he had a talent for refining weapons. Even he didn't have such a high understanding. With the refinement and purification technique, you can purify this level of spirit stone ore with one hammer." The

armor-piercing beast said inconceivably!

"Then maybe I have a higher understanding than the master of the Artifact Refining Sect..."

David said with a slight smile!

This time, Master Iron Hammer and the armor-piercing beast were speechless. If they hadn't seen David purifying the spirit ore with their own eyes, they would never have believed it!

"David always surprises people. If you have known him for a long time, you won't be surprised!"

At this time, Hu Mazi spoke, and Hu Mazi had no doubts about David's understanding of weapon refining. Unexpectedly, because he knew that David himself was not an ordinary person, and anything could happen to David!

"Can you take me to purify some high-level spirit ores now? If you only purify this level, I'm afraid it will be difficult to feed these senior armor-piercing beasts in a short time."

David asked.

"No problem, you sit on my back, I'll take you there..."

The talking armor-piercing beast said to David!

David jumped onto the armor-piercing beast, and the armor-piercing beast swayed and galloped forward in an instant!

The speed of the armor-piercing beast in the mine was extremely fast. Even when encountering landslides, the armor-piercing beast would not slow down. It quickly passed through the rocks, and soon sent David to the deepest part of the mine!

At this time, the entire mine is filled with purple light, and the spirit stone mines are everywhere exuding purple light. It is obvious that this place has reached the deepest part of the mine, and the spirit ore here is also the most advanced!

"It's here. Now this is the deepest part of the mine, and this kind of ore is currently the most advanced..." the

armor-piercing beast said to David!

David nodded, without the slightest hesitation, he started to work, and the ore essence was purified in David's hands!

The armor-piercing beast ate greedily, and was soon full.

The full-fledged armor-piercing beast did not sit idle, but continued to mine spirit ore for David from the surrounding rock walls of the mine, and let David purify it!

I don't know how long it has passed, but the ore essence in front of David is like a hill!

Wiping the sweat off his forehead, David said to the armor-piercing beast, "Senior armor-piercing beast, are these ore essences enough for you to eat for a while?"

"Enough, enough..." The

armor-piercing beast excitedly Said!

"Well, let's go back, I don't know how long it has been..."

Because in the mine, David no longer has the concept of time, and he doesn't know how long it has been!

David put the ore essence into the storage ring, and planned to let the armor-piercing beast take him back!

But the armor-piercing beast said, "Young man, you have helped us so much, I have to give you something."

"What are you giving me?"

David asked in surprise.

These armor-piercing beasts have been hungry for more than ten years, what treasures can they give themselves?

After the armor-piercing beast finished speaking, it began to wave its two paws, continuously digging on the stone wall of the mine!

The armor-piercing beast excavated very fast. The mine that was originally at the bottom was dug tens of meters down by the armor-piercing beast. Spirit ores were constantly being dug out along the way!

Looking at these spirit ores, David said helplessly, "Senior armor-piercing beast, I still have something to do, I don't have time to purify these spirit ores..."
