

# **A Man Like None Other**

## **Novel**

### **Chapter 2481**

#### **Chapter 2481**

Chen Ping was refreshed, and when he opened the door and walked out of the room, he was taken aback.

It turned out that Hu Mazi was standing at the door.

“What are you doing here? Didn’t you listen all night?”

Chen Ping asked in surprise!

“I don’t have that much free time. If I listen to it all night, I won’t be so mad. You have a really good physique.”

Hu Mazi glanced at Chen Ping enviously, and then continued, “Long Xingxu is looking for you, let me He came here to call you, he was afraid of disturbing your beautiful affairs.”

Chen Ping followed Hu Mazi to the front hall, just as Chen Ping followed Hu Mazi, Long Ruotong brought people to the room!

Looking at the girls lying limp on the bed, Long Ruotong was very surprised, she never thought that Chen Ping would be so brave!

So she hurriedly ordered someone to wait on Ji Ruxue and the others. Now Ji Ruxue and the others are all very expensive. I don't know which belly has Chen Ping's child!

At this time, Chen Ping followed Hu Mazi to the front hall, and as soon as he walked in, Chen Ping was stunned!

Because he saw Yu Qian sitting on one side, as if he was waiting for him!

"Brother Chen Ping, this man named Yu Qian is looking for you again..."

Long Xingxu saw Chen Ping and hurried forward and said!

Seeing Chen Ping coming, Yu Qian also got up, nodded slightly towards Chen Ping and said, "Chen Ping, long time no see, don't come here..."

Chen Ping sneered and said, "Patriarch Yu from the majestic Tianmen Secret Realm, Zi Zi from the Demon Heart Sect Messenger of the robe, why do you have time to come to the secular world to find me? Seeing you like this, resisting the laws of heaven and earth is very painful, right?"

At this time, Yu Qian's face was a little ugly, and his breath was also very disordered. Chen Ping knew that Yu Qian was being raped. Caused by the suppression of the law of heaven!

Yu Qian smiled wryly, then glanced at Long Xingxu and Hu Mazi, followed Chen Ping and said, "Chen Ping, can I talk to you alone?"

Chen Ping glanced at Yu Qian, then said to Hu Mazi and Long Xingxu, "You two go out first..."

"Chen Ping, they are from the secret realm, and they are members of the Demon Heart Sect. You stay with him alone." , it will be very dangerous..."

Hu Mazi reminded Chen Ping.

But who would have thought that Chen Ping sneered and said, "In the secular world, he is suppressed by the laws of heaven and earth. He wants to touch me, but he doesn't have the ability..."

Chen Ping's self-confidence, with his current strength, even in the secret realm, not afraid of Yu Qian anymore, not to mention that he is still in the secular world, Yu Qian is suppressed by the laws of heaven and earth, Chen Ping believes that Yu Qian can't pose a threat to himself at all!

Yu Qian looked at the confidence on Chen Ping's face, and said helplessly, "He's right. I want to do something to him here, but I'm afraid I'm powerless..."

Hu Mazi and Long Xingxu then left the front hall, and Chen Ping With a wave of the hand, all the doors and windows of the front hall were closed!

"Your big secret realms are empty now, did you come to me because of this?"

Chen Ping asked Yu Qian.

"You know?" Yu Qian was taken aback for a moment, but then he said, "People from several of our secret realms have all gone to the secret realm of the Demon Heart Sect. I came to you for this..."

"I want to cooperate with you. Let's deal with the Demon Heart Sect together..."

"Cooperate?" Chen Ping looked surprised, and looked at Yu Qian in disbelief!

He never thought that Yu Qian actually asked him to cooperate. You must know that Yu Qian and the others are the purple-robed envoys of the Demon Heart Sect, and the core figures of the Demon Heart Sect!

"That's right, it's not just me who is looking for you to cooperate, but our remaining six purple-robed envoys are looking for you to cooperate together."

Yu Qian said!

“Why did you ask me to cooperate? Tell me...”

Chen Ping was very interested in the cooperation proposed by Yu Qian!

If he could really cooperate with Yu Qian and the others, it would be easier for Chen Ping to deal with Moxinzong!

Although Chen Ping’s strength has improved a lot now, he is still lacking in strength to deal with the Demon Heart Sect!

Not to mention whether he can defeat the Almighty, even if these six purple-robed envoys join forces, Chen Ping probably has no chance of winning!

And now if we can cooperate with them and deal with the power of the Demon Heart Sect together, that would be great...

## Chapter 2482

Yu Qian didn’t hide anything, and told Chen Ping what happened recently!

It was also said that Ning Zhi was relying on the disciples of their several great secret realms as resources to continuously improve his cultivation!

Although Chen Ping was already mentally prepared, he was still shocked when he heard that Ning Zhi used the disciples of several great secret realms and living people as resources, absorbing more than a dozen a day!

However, Chen Ping looked at Yu Qian and said, “As the purple robe envoys of the Demon Heart Sect, you should serve the Demon Heart Sect. Since you have joined the Demon Heart Sect, you should have this awareness...”

“We joined the Demon Heart Sect Zong, it’s just a cooperative relationship with the Demon Heart Sect, and Da Neng promised us that when the spiritual energy recovers, he will give us the territory of the secular world.”

"We have been trapped in the secret realm for so many years, and the speed of cultivation is getting worse day by day. Excuse me, if we practice in the secret realm, I am afraid we will never have the chance to step into the world of heaven and man."

"You also know, which monk didn't want to ascend to immortality, that's why we agreed to the great power of the Demon Heart Sect!"

"But now the Demon Heart Sect obviously regards us as cannon fodder. Even if the spiritual energy recovery array is activated and the spiritual energy recovery of the entire secular world is activated, we may not have a place for us!"

"That's why we asked you to cooperate, hoping to rescue our Family members, and then destroy the recovery of spiritual energy and destroy the Demon Heart Sect."

"Even if we have been trapped in the secret realm, we don't want to lose our relatives and many disciples..."

Yu Qian followed Chen Ping very excitedly!

After listening to Yu Qian's words, Chen Ping sighed softly and said, "The world of heaven and man may not be as beautiful as you imagined. That place is far more cruel than this place..."

Yu Qian was stunned, and looked at Chen Ping in disbelief. "Have you been to the Celestial Realm?"

Chen Ping nodded. "To be honest, I just came back from the Celestial Realm..."

After hearing what Chen Ping said, Yu Qian was silent for a long time. They worked hard all their lives and wanted to go to the world of heaven and man, but they couldn't go there!

But Chen Ping is so young, and his level of strength is not very high, he can go to the world of heaven and man, and he can come and go freely!

This is simply comparing people to people, comparing goods and throwing things away...

"Chen Ping, I am under the pressure of the laws of heaven and earth, and I also came to see you secretly. I definitely don't mean to lie to you. You just need to rescue our family. We can help you destroy the Demon Heart Sect with no other thoughts!"

Yu Qian promised solemnly!

Chen Ping looked at Yu Qian, and Chen Ping said for a moment, "I can trust you, but how can I rescue your family?"

"Impossible to get close to the dungeon, I can take you into the secret realm of the Demon Heart Sect, whatever you find an opportunity to release our family members."

"We will meet you at that time, as long as our family members leave, we will no longer have to be afraid of anything Yes."

"After this incident, the few of us also figured it out. We can't abandon our relatives, emotions, and six desires. Even if we can't become immortals, we can't just watch our family members and disciples in danger!"

Yu Qian said at this time Realize that family affection is more important than immortality!

"Okay, I can help you." Chen Ping nodded and said!

"Great, you take a rest first. After I go back and discuss it, I will come to pick you up to the secret realm of the Demon Heart Sect."

Yu Qian was very happy, and left quickly after speaking!

He was afraid that if he left for too long, he would be discovered by Da Neng, and then they would fall short!

After Yu Qian left, Chen Ping fell into deep contemplation. In fact, Chen Ping didn't know the truth of this matter at all, he was just gambling.
