Novel

Chapter 2485

Yu Qian took David directly into the secret realm of the Demon Heart Sect, and then told him, "The dungeon is in the back mountain, but to go to the dungeon, you have to go through three formations. You have to find a way to control a member of the Demon Heart Sect." , let him take you in."

"We can't get close to this dungeon, and it's up to you to rely on yourself. Now the power is not in the Demon Heart Sect, but you can't be careless. If there is any change in this formation, then Da Neng will sense it."

"I'm going to the secret realm of Dao Sect, or I will be suspected by Da Neng, so you have to act fast."

Yu Qian left after finishing speaking, and he tried to find a way to hold Da Neng back. Yes, Da Neng cannot find David for the time being!

After Yu Qian left, David observed the terrain of the Demon Heart Sect!

I saw a courtyard at the foot of the mountain, so David concealed his breath and walked over. There must be people from the Demon Heart Sect in this courtyard!

Now David is not familiar with the place of life here, let alone where the three formations are, so he dare not rush to save people!

When David came outside the courtyard, he heard a familiar voice coming from the courtyard!

"Hahaha, today is the day when the spirit energy recovery array will be launched. After the spirit energy recovery, we will no longer have to be trapped in this small secret place. Then the whole secular world will be our world."

A loud laugh came from the courtyard. out!

"Master Demon Envoy, when the spiritual energy recovers, will Da Neng really give those purple-robed emissaries a territory and a king?"

"I think those people's status in the Demon Heart Sect is much higher than yours now... .."

a member of the Demon Heart Sect asked.

"Hmph, those few people are nothing more than the resources of Da Neng. How could Da Neng confer kingship on them? After the spiritual energy recovers, they will become Da Neng's cultivation resources."

"We are the members of the Demon Heart Sect The core members, we are Da Neng's confidants..." The

Demon Envoy said with a cold snort!

David listened to the demon envoy's words, and understood that Yu Qian was not a liar. It seemed that Da Neng really didn't regard these purple-robed envoys as his own!

David knew that time was running out, so he didn't continue to listen, but walked directly into the courtyard!

With David's current skills, it is more than enough to deal with the demon envoy and several members of the Demon Heart Sect in front of him!

"Who? Dare to break into my Demon Heart Sect?"

David had just entered the courtyard when he was spotted by a member of the Demon Heart Sect and yelled at David!

Hearing this, the demon envoy hurriedly got up and looked over. When he saw David clearly, he was stunned!

"David?" The emissary was full of surprise!

The other members of the Demon Heart Sect were also shocked when they heard the word David. They didn't expect that David would dare to come to the secret realm of the Demon Heart Sect!

"Your wishful thinking is very good, but if you treat others as fools, are they really stupid?"

David sneered!

"David, you...how did you appear here? Shouldn't you be in the secret realm of Daoist sect?"

"Your girlfriend is still there, don't you want to leave her?" the magician asked very strangely road.

"Of course I will save, but it's not now. I have more important things to do now..."

After David finished speaking, a terrifying aura erupted from his body, and this aura instantly overwhelmed everyone in the courtyard. Don't be angry!

Feeling the terrifying aura from David, the Demon Envoy and those members of the Demon Heart Sect were terrified. They never expected that David's current strength would be so terrifying!

"You stop him, I'll inform Da Neng immediately..." The

Demon Envoy ordered more than a dozen members of the Demon Heart Sect to stop David, and he was going to inform Da Neng!

But just as the demon envoy turned to run, a light flashed across David's body, and then the sword spirit Zhongli appeared!

"Zhongli, I'll leave these little ones to you..."

After David finished speaking, he jumped up and stopped in front of the demon envoy!

Chapter 2486

Zhongli fought with those members of the Demon Heart Sect!

Zhongli's strength is not comparable to those of the Demon Heart Sect!

"You still want to run? You can't run away..."

David looked at the demon envoy and said with a sneer.

"David, what are you going to do in my Demon Heart Sect?" "Now Da Neng and Ning Zhi are not in the secret realm of the Demon

Heart Sect. Are you here just to kill us unimportant people?"

Asked David.

"I didn't come to kill you, as long as you take me to your dungeon now, I can let you go..."

David said to the demon envoy!

"Go to the dungeon? What are you doing in the dungeon?" The emissary looked surprised!

"You don't need to worry about it, you just need to take me there!"

David said impatiently!

"It's impossible for me to take you there, even if you kill me..." The

Demon Envoy knew the powerful means, if he took David to the dungeon now, his life would be worse than death afterwards!

"Whether you want to go or not is up to you..."

After David finished speaking, he shot out a brilliance!

This brilliance instantly entered the body of the demon envoy, instantly making the envoy's body freeze!

Immediately afterwards, the demon envoy's body seemed to be burning with flames, and the internal organs seemed to be roasted on the fire!

But at this moment, the demon envoy couldn't move, and couldn't even make a sound, so he could only bear the pain of the flames!

The severe pain made the Demon Envoy's forehead instantly covered with cold sweat!

The face of the demon envoy became big and hideous. He looked at David in disbelief. He didn't expect that in just a few months, David's strength surpassed him by so much!

In front of David, he didn't even have the ability to fight back. One must know that a few months ago, he didn't take David seriously!

David flicked his fingers, and a ray of light instantly hit the demon's Adam's apple, allowing the demon to make a sound!

"Ah..."

"Ah..." The

demon envoy screamed in pain, and the other members of the Demon Heart Sect heard the screams of the demon envoy, and they had long been unwilling to fight and wanted to escape, but they were all defeated by Zhong Li. Kill!

"I... I'll take you there..." The

magician finally couldn't take it anymore, so he had to compromise!

Seeing this, David waved his hand, and a flash of spiritual light flew out from the Demon Envoy's body, which made the Demon Envoy let out a long breath!

The feeling just now was like being thrown into the 18th floor of hell and being burned at the stake. It was too painful!

The magician was panting heavily, and it took him a long time to recover!

"Don't waste time, take me to the dungeon..."

David said to the demon envoy!

"I can take you there, but I can't break the formation. Only those who are Demonic Heart Sect and have the brand of great power on their bodies can pass through the formation. Otherwise, passing through the formation will definitely cause trouble. The formation is activated." The

demon envoy said to David!

"Just lead me the way, you don't have to worry about the formation..."

David said!

Hearing this, the emissary could only nod his head, and led David out of the courtyard!

David put a mark between the demon's eyebrows, so that the demon would not dare to play tricks!

Zhongli turned into a dragon-slaying sword and returned to David's body.

With the magic envoy in front and David in the back, they walked towards the back mountain!

After walking a certain distance, the demon envoy said, "The first formation is in front of you. If you want to pass through, you must break the formation."

David looked at the empty space in front of him, even if his consciousness spread out, David also couldn't detect the location of the formation, which made David feel very strange!

"Why can't I feel the formation in front of me?"

David asked in surprise.

"This is the array laid by Da Neng himself. You can feel it when I pass through it." The

magician said, and walked straight forward. Soon there was a wave of spiritual energy, accompanied by a flash of light, and the magician passed through. That formation!
