Chapter 2490

The minotaur looked at Zhongli in shock, "Sword spirit? How could there be a sword spirit condensed from the Xijian Lake here?" The

minotaur's words made David instantly sure that this minotaur definitely came from the world of heaven and man. Otherwise, it would be impossible to know about Xijiantan!

At this time, Zhong Li instantly had a long sword in his hand, and he slashed at the Minotaur with one sword!

"Don't kill him..."

David stopped Zhong Li, because he had something to ask the Minotaur!

This is the secret realm of the Demon Heart Sect, which belongs to the secular world. This Minotaur is a monster from the world of heaven and man, how could it come here? How did he become the guard of the Demon Heart Sect's dungeon?

Could it be that the Demon Heart Sect is still in contact with the Heavenly Human Realm?

Thinking of this, David had a bad premonition in his heart. If the Demon Heart Sect had a connection with the Celestial Realm, it would be even more difficult for David to eradicate the Demon Heart School!

David walked towards the Minotaur, looked down at the Minotaur coldly and said, "Did you come from the world of heaven and man? Why did you appear here, and what is your relationship with this Demon Heart Sect?"

David walked towards the Minotaur one after another. The Minotaur throws several questions, and he wants answers from the Minotaur!

But who knows, the Minotaur grinned, "Since you know the Celestial Realm and that I come from the Celestial Realm, you should know that the Demon Heart Sect is just..." The

Minotaur seemed to want to say something, but it didn't finish. , suddenly trembling violently, and then the body burned!

In an instant, the Minotaur was burned into black charcoal, and he couldn't die anymore...

Seeing this scene, David frowned tightly!

David looked back at the demon envoy who had already been frightened, and asked coldly, "How many monsters like this do you have in the Demon Heart Sect?"

" The existence of monsters."

The Envoy shook his head desperately!

It was also the first time he had seen such a monster with a bull head and a human body today!

"Aren't you the Demon Envoy of the Demon Heart Sect? You can also be regarded as a high-level figure of the Demon Heart Sect, but you don't know anything?"

David asked in disbelief.

The demon envoy said with some embarrassment, "Although I am the demon envoy of the Demon Heart Sect, Da Neng has the final say on many things alone, and I have never entered this dungeon. Da Neng does not allow us to enter!"

"It seems There are hidden secrets in this dungeon, I'll go and see..."

After David finished speaking, he walked directly into the dungeon.

The magic envoy looked at David who walked in, and after hesitating again and again, he also walked in. The magic envoy was also very curious about the dungeon!

After David walked into the dungeon, a damp and cold breath came over his face, and it had an unpleasant smell!

On the top of the dungeon, water dripped from time to time, making the dungeon extremely humid!

The stone walls on both sides are covered with moss, and the environment is very poor!

Looking at such a harsh environment, David understood why Yu Qian and the others would seek cooperation from him to rescue his family!

No one can accept that their own family members are locked up in this kind of place!

David walked down the dark tunnel of the dungeon. To David's surprise, there were no organs or guards in the dungeon, only the Minotaur at the door guarded it!

"Is this dungeon unimportant? Otherwise, why would there be no guards and formations inside?"

David muttered in a low voice, and continued to walk forward while talking!

Jianling Zhongli followed closely beside David, his eyes were full of vigilance, protecting David's safety at all times!

And the demon envoy followed behind, even if David turned his back to him, he didn't dare to have the slightest evil intentions!

Soon, David was blocked by a bronze door. Looking at the bronze door, David knew that this was the first floor of the dungeon, and Yu Qian said that their family members were on the third floor, so David and the others had to wear clothes. Just pass here!
