Chapter 2504

When David saw that Huofeng was also shot down, he was extremely anxious.

"We must not let him stop Mr. Shi, otherwise the whole secular world will suffer..."

David roared, and was about to break free from Sonya and rush towards Haotian!

At this time, the sword spirit Zhongli appeared instantly, and went straight to ask Haotian!

"David, you are seriously injured now, I'll go..."

Sonya also jumped up after handing David to Wu Meier!

"I'll go too..." Yu Jiameng also jumped up!

After all, David saved them, so of course Yu Jiameng can't ignore it at this time!

"Daughter..."

Seeing this, Yu Qian yelled, and then said, "Several, the matter has come to this point, even if we fight our lives, we can't let the secular world be destroyed..."

After finishing speaking, Yu Qian also rushed up , Fengjingyan, Yao Qisheng and others also followed!

“Let’s go too, this guy has imprisoned us for so many years, and it’s time for us to take revenge.”

After finishing his speech, the Great Elder of the Artifact Refining Sect rushed forward with a few brothers, and the others responded one after another!

At this time, only the members of the Demon Heart Sect were left staring at each other, looking at each other at a loss!

“Brothers, we have been deceived for so many years, and now we need to seek an explanation. If the secular world is destroyed, we will die without a place to die .

“

The people of Xinzong also jumped into the air!

These people formed a human wall in front of Mr. Shi, blocking Wen Haotian’s approach!

Wen Haotian looked at the people in front of him, and said coldly, “It’s just a bunch of ants, can you still imagine it?”

Wen Haotian didn’t pay attention to the people at all, no matter how many ants there are, they are still ants!

The sword spirit Zhongli was the first to slash out with a sword, and the others also attacked Wen Haotian one after another!

Countless spells, spiritual power, and various weapons were thrown at Wen Haotian’s body!

Wen Haotian snorted coldly, and then a faint light shrouded his body, instantly dispelling all the attacks.

Then with a light wave of the palm, a vast air blew towards everyone.

The formed human wall was instantly blown away by this vast air, and many people fell from midair one after another, losing their lives instantly!

Although there are many of them, they are really like ants in front of Haotian!

Although the great elders of the Artifact Refining Sect are quite strong, after all they have been imprisoned for so many years and their bodies are still injured, they can't show their full strength!

At this time, Mr. Shi was still quietly blocking the light, but Mr. Shi's complexion had become very ugly, and the aura on his body was also disappearing at a speed visible to the naked eye!

"As I said, no one can stop my plan..."

Wen Haotian's eyes narrowed slightly, and he slapped Mr. Shi with a palm!

But when he asked Haotian to make a move, his eyes suddenly went dark, and then a huge bell came upside down towards him!

Wen Haotian's body was directly locked inside, and he fell to the ground rapidly!

Boom...

The Dragon Pattern Clock fell to the ground, suppressing Wen Haotian and He in it!

"Dragon Pattern Clock..."

Yu Qian and the others were shocked when they saw the Dragon Pattern Clock appearing, and then looked at David!

I saw a red flame mark on David's forehead flickering, and at the same time, the dragon crystal in his body was also flickering!

David's eyes were red, holding a hammer in his hand, he quickly walked towards the dragon bell!

"This David actually started to burn blood, does this mean he doesn't want to live?"

Seeing David burning blood essence, several elders of the Artifact Sect were all stunned!

David walked to the Dragon Pattern Clock in three steps and two steps, and knocked it down with a hammer!

Buzz...

The dragon pattern clock made a huge buzzing sound, even Yu Qian and the others who were far away couldn't help covering their ears!

It is conceivable how much shock it will suffer inside the Dragon Pattern Clock!

"Hahaha, although this dragon pattern clock is good, it's a pity that you can't use his full power."

Inside the dragon pattern clock, Wen Haotian actually laughed out loud, obviously the hammer didn't affect him in any way!
