

A Man Like None Other

Novel

Chapter 2507

But before they ran to David, a black hole appeared in the sky, and a huge suction force came, and David's body was sucked into the black hole!

"David..."

Sonya rushed towards the black hole without hesitation!

"Master..."

Huofeng also rushed towards the black hole!

The Great Elder of the Artifact Refining Sect and the others, looking at the black hole that suddenly appeared, were immediately excited, "The passage has opened, let's go quickly..."

After the Great Elder of the Artifact Refining Sect finished speaking, he rushed into the black hole first!

Several other elders, as well as the prisoners from the Heavenly Human Realm, also rushed in!

When these people rushed into the black hole, no one noticed that where Ning Zhi fell, a ball of light was instantly sucked into the black hole.

Yu Qian and others looked at the passage leading to the world of heaven and man, and were stunned for a moment!

The Celestial Realm is the place they yearn for, but now that the passage is in front of them, they hesitate. They don't know if they can survive in the Celestial Realm with their abilities?

And now that the aura has recovered, perhaps practicing in the secular world is also a good choice!

Just when Yu Qian and the others were hesitating, Yu Jiameng jumped into the black hole while Yu Qian was not paying attention!

"Daughter..."

Seeing this, Yu Qian chased after him instinctively, trying to catch Yu Jiameng, but it was a pity that after Yu Jiameng entered the black hole, the black hole disappeared instantly, and Yu Qian failed to catch it!

Looking at the disappearing black hole, Yu Qian was very worried. He was worried about Yu Jiameng's safety!

But now that the black hole has disappeared, it's useless to worry about it!

So Yu Qian and the others looked at each other with the people from the Demon Heart Sect, and then they all left!

The demon envoy was worried, David's life and death were uncertain, the imprint in his mind could not be removed, and he didn't know how long he could live!

Soon, the demon envoy also left with the people from the Demon Heart Sect!

"Xiaoru, let's go home and tell Sister Ruxue and the others..."

Wu Meier called to Xiaoru, and hurried back to Longmen, Kyoto.

Kyoto Longmen!

The return of Wu Meier and Xiaoru caused chaos in Longmen of Kyoto!

After knowing that David was sucked away by the black hole and that Sonya also jumped into the black hole to save David, Ji Ruxue and the other girls were very anxious.

“Sister Ruxue, what should we do? We must find a way to rescue David!”

A group of girls all looked at Ji Ruxue.

When David was not around, these girls all listened to Ji Ruxue. After all, Ji Ruxue had been the palace master herself and had more experience in handling things!

“We can’t panic now, we can’t be anxious, we have to be steady, don’t tell our mother about this in advance, so that she won’t be anxious when she knows!”

Ji Ruxue said quickly, spinning her brain!

Ever since David became husband and wife with them, all the girls changed their tune and called Long Ruotong their mothers!

“What we need to figure out now is, where does the black hole lead to? There is no purpose, and we have no way to find it!”

Ge Yuhan said!

“I don’t know where the black hole leads to, but I’ve heard what they say about the world of heaven and man, and I don’t understand it very well!”

Wu Meier didn’t know about the world of heaven and man, this was the first time she had heard of it!

“Heavenly Human Realm?” Ji Ruxue frowned slightly. “When I was practicing with Mr. Shi, I heard him mention this place once or twice!”

"The monks in the secret realm all go out to the heavenly and human realm, but I don't know how to get there!"

Ge Yuhan is a person in the secret realm after all, so he still has some understanding of the heavenly and human realm!

"I don't know how to get to the world of heaven and man, so how can I save David?"

Xiaolan said!

"Now that Mr. Shi is gone, who should we ask?"

Ji Ruxue looked solemn, not knowing what to do. If Mr. Shi was here, they could ask Mr. Shi for advice!
