

A Man Like None Other

Novel

Chapter 2539

But who would have thought that Ning Can smiled and said, "Wu Feiyu, do you think I'm a fool? I've worked so hard to get here, so let me go back like this?"

"I can't deal with that bloodthirsty beast, but you may not be able to deal with it either." Yes, I think the two of us can cooperate for the time being."

"When we get the Agrimony, we are discussing the distribution!"

Wu Feiyu snorted coldly when he heard it, "How is it possible, Agrimony and I It is inevitable, so how can we cooperate with you!"

"Wu Feiyu, since you don't cooperate with me, then we will have a dead end, and we will all become the lunch of the demon wolf..."

Ning Can said, going Do it again!

Wu Feiyu frowned, his face extremely ugly, and he said helplessly, "Ning Can, that agrimony is very important to our Jade Cauldron Sect, but your Ning family won't know how to refine it even if you get it."

"We can cooperate, but I can't divide Agrimony, I can give you the body of the bloodthirsty beast, you have to know that this kind of beast pill that protects spirit beasts is also priceless."

Wu Feiyu is very helpless now, besides cooperating with Ning Can, he really
There is no other way, he never thought that this fellow Ning Can would
choose to die together!

When Ning Can heard this, his heart suddenly moved, "Do you really have a
way to deal with that bloodthirsty beast?"

"Of course, if there is no way, what am I working so hard to do here!"

Wu Feiyu said confidently!

After thinking for a while, Ning Can nodded and said, "Okay, I promise you, I
don't need to share Agrimony with you, but I must give you the body of the
bloodthirsty beast!"

"No problem!" Seeing Ning Can, Wu Feiyu agreed , I was very happy in my
heart, and then I stretched out my hand to Ning Can!

Ning Can and Wu Feiyu shook hands together, which means they have
reached a cooperation!

"How do we deal with these monster wolves now?"

Ning Can glanced at the monster wolves around, and then asked!

"We can only rush out, there is wolf repelling powder here, I guess these
monster wolves won't attack!"

Wu Feiyu said, and took some wolf repelling powder for Ning Can and others
and sprinkled it on his body!

This time, the two teams became teammates, but the bloody corpses on the
ground could no longer survive!

Although some villagers who lost their companions could not hide their grief and indignation, there was nothing they could do. In the face of absolute strength, they were ants, ants who could die at any time!

And no one will care about their life and death, these people only care about their own interests!

Looking at this scene, David shook his head slightly. These villagers are really worthless in front of these sect aristocratic families.

The current heavenly and human world is many times more cruel than the secular world.

"Everything is ready, let's rush out of the siege of these monster wolves..."

Wu Feiyu said loudly after seeing Ning Can and others getting ready!

Everyone held weapons, their backs were facing each other, and they looked at the wolf in front of them vigilantly!

Just when Wu Feiyu was about to give the order to attack, a wolf howled suddenly!

"Aww..."

The howling of the wolf was like a huge bomb exploding, generating waves of sound waves that swept around.

Many towering trees were uprooted one after another under the howling of wolves!

Hearing the howling of wolves, and seeing the uprooted tree in front of them, the expressions of Wu Feiyu and Ning Can instantly become extremely ugly!

The others were even more shocked, with deep fear in their eyes!

You must know that the howling of wolves just now made them all feel the breath of death as if the messenger of hell had arrived in front of them!

"It's broken, why is there such a high-level demon wolf?"

Wu Feiyu frowned and said with an ugly face!

Ning Can didn't speak, but the hand holding the knife was trembling slightly!

Chapter 2540

When David heard the wolf howl, he instantly knew it was coming from Na Langfeng's mouth.

"Be vigilant, follow me closely..."

David reminded Ali and the others in a low voice!

David knew that monsters capable of transforming into humans were not low in strength. Then Lang Feng came with a pack of wolves, and they might be in danger!

But just when everyone was extremely nervous and ready to fight, hundreds of demon wolves retreated slowly, and finally went directly into the jungle without a trace!

This time, everyone was a little confused. You must know that the monster wolf is a very fierce monster. How could it retreat when it has an absolute advantage?

"Why are all these demon wolves retreating?"

Zhang Biao asked very puzzled.

Wu Feiyu didn't speak, because he didn't understand why these monster wolves left!

"Could it be that these demon wolves are playing some tricks? You must know that demon wolves are very smart, and I think some of them have enlightened intelligence!"

Ning Can said.

"No matter what scheme we play, we'd better leave as soon as possible..."

After Wu Feiyu finished speaking, he immediately rushed forward with everyone, and he wanted to leave the territory of the monster wolves in the shortest possible time!

Seeing this, Ning Can led people to follow closely behind.

However, the demon wolves who left did not appear again, nor did they pursue them!

But after they all left, Lang Feng slowly appeared, and beside Lang Feng, there was a very sweet-looking girl who looked around twenty and had two shallow dimples when she smiled!

But it was such a sweet and weak girl, Lang Feng was standing next to the girl, but his face was full of nervousness, his head was slightly lowered, and he didn't dare to look at the girl!

"Princess, did you see the man with the aura of a beast just now?"

Lang Feng asked in a low voice.

"Well, I see, he looks quite handsome, but I don't know why he has the aura of a beast on his body. I want to find a chance to take him to meet the father and let the father see what's going on!" After the

girl finished speaking, They chased directly in the direction where David and the others left, and Na Lang Feng followed closely behind, protecting the girl's safety nervously!

At this time, David and the others had already escaped from the territory of the demon wolves after a fast march, and everyone relaxed their worries a little bit!

But here is already deep in the mountains, even if you leave the territory of the monster wolf group, there will still be other high-level monsters haunting!

In front of high-level monsters, these villagers have no room to resist at all, and now they can only rely on Wu Feiyu and others!

"I can already feel the smell of the Agrimony, the Agrimony should be not far away, let's go..."

Wu Feiyu sniffed lightly with his nose, and then ran in one direction!

After another ten minutes, a piece of scorched earth suddenly appeared in front of David and the others.

The whole ground is black, and there is no grass, and even the surrounding trees are very withered and yellow, as if they have been burned by fire!

Moreover, on this piece of scorched earth, there are dense white bones everywhere, and there are many corpses of monsters, but these corpses are complete and there are no injuries, but the corpses are very shriveled, and it is obvious that the blood in the body has been destroyed by something. Absorbed it all!

There is a disgusting smell in the air, and there is a strong evil spirit hovering in the air, which lasts for a long time!

No one knew where the bloodthirsty beast was hiding. Many people were sweating profusely from nervousness, and even more timid, looking at the scene in front of them, they collapsed to the ground!

“How can there be fairy grass growing in this kind of place? No grass can grow!”

Zhu Zi muttered softly, looking at everything in front of him.
