

A Man Like None Other Novel

Chapter 2547

Chapter 2547

"I'm fine. Fortunately, the bloodthirsty beast entangled Wu Feiyu and the others, so I was able to escape. Let's go quickly. I guess the bloodthirsty beast won't last long!

" Force them to continue to run forward. As David and the others continued to go deeper, the divine power of the immortal became stronger and stronger!

"It's such a strong breath, isn't Agrimony in front?"

Ali also felt the change in the breath, so he said!

"Ahead should be where Agrimony is, let's speed up..."

David couldn't wait to speed up!

A few minutes later, David and the others saw a green plant growing on the pitch-black scorched earth. This plant formed a sharp contrast with the surrounding scenery!

"Agrimony, that should be Agrimony?"

Zhuzi looked at the green plant and exclaimed in excitement!

David walked up to him and found that the agrimony was very ordinary, only half a meter high, with five leaves on it. If this agrimony grew in the grass, no one would be able to tell that it was a fairy grass!

However, on the leaves of the Agrimony, there is a trace of pure white brilliance flowing, and there is a layer of faint mist around the Agrimony, and the sunlight shines on this mist, forming colorful rays of light!

"Is this the fairy grass?" Hu Zhuang looked at the Agrimony in shock. "I heard from the elders in the village that if you can get a fairy grass and refine it into an elixir, your strength will increase by leaps and bounds."

Ali and the others also looked at it. Looking at Agrimony, talking excitedly, everyone's face is filled with smiles!

However, David stared at Agrimony closely, with a dignified expression.

Agrimony is indeed a good thing. With this Agrimony, David might recover his strength much faster!

However, David also knew that his current strength was not enough to refine this kind of fairy grass. If he forcibly refined it, he might destroy the Agrimony in the end!

But if it can't be refined, if David takes the Agrimony and takes it with him, it will undoubtedly be a time bomb. David believes that he will not be able to recover his strength quietly in the future!

After hesitating again and again, David slowly stretched out his hand, picked the Agrimony, and put it in his storage ring!

"Life and death are up to God, he doesn't care so much..."

After David put away the Agrimony, there was a little more determination in his eyes!

"Brother David, let's go, those people will catch up in a while..."

Seeing that David had already picked the Agrimony, Yun'er said!

David nodded, "Okay, let's go..."

David and his party quickly passed through the scorched land. When everyone stepped on the green grass, they felt a lot more relaxed!

But not long after David and the others left, Zhang Biao and Wu Feiyu hurried over, and when they saw that Agrimony had disappeared, they cursed angrily!

"I must find that guy, tear him into pieces, and dare to pick my Agrimony!"

Wu Feiyu roared angrily.

Zhang Biao was also very angry, but at this time the Agrimony was gone, and David and the others were gone, so their trip was in vain!

"Senior brother, what should we do next? We didn't get the Agrimony, just killed the bloodthirsty beast, and wasted so many pills for us. It's a big loss. Master knows that he will definitely blame us!"

Zhang Biao pointed at Wu Fei Yu asked!

Wu Feiyu frowned slightly, thought for a moment and said, "Come on, let's go back, we won't get Agrimony, and that bloodthirsty beast has a lot of treasures on it!"

After finishing speaking, Wu Feiyu rushed back with Zhang Biao, while Ning Can led people to start dissecting the corpse of the bloodthirsty beast!

Chapter 2548

In order to kill the bloodthirsty beast, Ning Can and others are also covered with scars and their breaths are chaotic!

After taking out the beast pill of the bloodthirsty beast, Ning Can sat aside and rested!

When he saw Wu Feiyu and Zhang Biao came back so soon, he couldn't help but wondered, "Why are you back? Where's the Agrimony?"

"The Agrimony was picked away, and those guys disappeared! "

Wu Feiyu said angrily!

Seeing that Wu Feiyu didn't pick Agrimony, Ning Can immediately became vigilant!

"Since you didn't pick Agrimony, why didn't you go after it?"

Ning Can asked Wu Feiyu!

"Where are you going to chase? People have long since disappeared!"

After Wu Feiyu finished speaking, he glanced at the corpse of the bloodthirsty beast on the ground and said lightly, "In order to kill this bloodthirsty beast, my junior brother and I have worked hard, and this If the bloodthirsty beast hadn't been affected by the effect of the Sangong Pill, it wouldn't have been able to kill it at all."

"Now that the bloodthirsty beast is dead, I think we should also have a share of the treasures on the bloodthirsty beast."

Ning Can listened When Wu Feiyu said this, he immediately sneered and said, "Wu Feiyu, when the elders talk, they spit and nail each other. Why do you talk like farting?"

"What are you talking about?" , suddenly roared!

Wu Feiyu stopped Zhang Biao. There were only two of them now, and they had just spent a lot of energy fighting with bloodthirsty beasts. If they fought now, the two of them might not be able to take advantage!

"Ning Can, I did say that the bloodthirsty beast will be given to you at the time, but now that we haven't got Agrimony, we can't let us go back empty-handed, right?"

Wu Feiyu's voice was very low, with a tone of discussion and prayer !

After all, they didn't take anything back, their master will definitely punish them!

"Then I don't care, Agrimony was taken first, you're stupid, what does it have to do with me?" Ning Can's face was full of displeasure, and he raised his eyebrows and said, "This bloodthirsty beast is mine, don't even think about a piece of it from you!" Take it away..."

"If you want to grab it hard, then we can try, at worst, you will be killed and the net will be broken, and they will be called the food of this mountain monster!"

Ning Can put on a desperate posture, he knew Wu Feiyu I will never fight him hard!

Wu Feiyu saw that Ning Can did not give in at all, so he had no choice but to stare at Ning Can with anger all over his face, and then left with Zhang Biao!

For the corpse of a bloodthirsty beast, Wu Feiyu felt that there was no point in going all out.

"Brother, should we just go back like this? If we go back like this, Master will definitely punish us!"

Zhang Biao asked Wu Feiyu unwillingly!

"Of course we can't go back like this. We have to find a way to find out the identity of that kid. As long as we find that kid, we can find Agrimony!"

Wu Feiyu gritted his teeth in hatred when he mentioned David!

"Brother, what if that kid eats Agrimony in his stomach long ago?"

Zhang Biao asked worriedly.

"No, that kid seems to be a pharmacist too. He knows that this kind of fairy grass cannot be swallowed directly, otherwise the power of the fairy grass will make him explode and die in an instant!

" You can only take it after the medicine, but if you want to refine the fairy grass such as Agrimony, with the strength of that kid, you can't do it, so the Agrimony will definitely be on him!"

Wu Feiyu analyzed carefully, he I feel that David has no ability to refine Agrimony at all!

With David's current strength, he really can't refine Agrimony, but when David recovers, refining Agrimony will be as easy as pie!

"Brother, I don't know that kid, but the people who are with him are all from Dashi Village. Let's go to Dashi Village to inquire, and we will probably know the identity of that kid!"

Zhang Biao followed Wu Feiyu Said!

Chapter 2549

"Okay, then let's go to Dashi Village, I want to see who this kid is..."

Wu Feiyu's eyes were slightly condensed, and there was a strong killing intent in his eyes!

At this time, David didn't know that Wu Feiyu and Zhang Biao had already set their sights on Dashi Village. After he led Ali and others out of the scorched earth area, he planned to detour back to Dashi Village!

But when David led Ali and the others on their way, suddenly two figures directly blocked their way!

Seeing someone blocking the way, Ali and the others all became nervous, while David frowned slightly when he looked at the person in front of him, "Lang Feng?" The

one who blocked David and the others was the wolf king Lang who had turned into a human form. Feng, and beside Lang Feng, there is a girl with delicate features!

"It's really not easy for you to escape from Wu Feiyu's grasp and pick Agrimony!"

Lang Feng looked at David and said with a little appreciation!

"What are you stopping us for?"

David asked Lang Feng vigilantly!

As the wolf king who has turned into a human form, Lang Feng's strength is definitely higher than that of Ning Can and Wu Feiyu!

Now that David's strength has not recovered, he has no way to find out Lang Feng's true strength.

"Don't be nervous, I'm not interested in the agrimony in your hand, it's just that our princess is interested in you and wants to chat with you!"

Lang Feng smiled slightly when he saw David's nervous look!

"Princess?" David looked at the girl next to Lang Feng in surprise. He didn't expect that the girl was also transformed from a monster, but David didn't feel the slightest beast aura from the girl!

"That's right, this is our Princess Isa, she is very interested in your divine beast aura!"

Lang Feng nodded and said!

"I don't have time now, I have to hurry, otherwise I won't be able to get out of this mountain range today!"

David didn't want to chat with Princess Isa.

After all, David didn't know about Lang Feng and the identity of the so-called Princess Isa, so he couldn't trust them!

"If we don't give way, are you sure you can get out of here?"

Princess Isa smiled slightly!

David fell silent after hearing Princess Isa's words!

Leaving aside what level of strength Princess Isa is, David and the others are no match for Lang Feng alone!

"What do you want to talk about? Ask quickly, we are in a hurry!"

David said to Princess Isa!

But Princess Isa did not answer David, but looked at Lang Feng and said, "Lang Feng, you send other people out of the mountains. As for this person, I want to stay and talk!"

"Of order..."

Lang Feng nodded respectfully road!

"No, brother David wants to go with us, we will never leave brother David alone."

Seeing that the other party wanted to leave David alone, Yun'er said loudly!

"Yes, we can't leave Brother David alone!"

Zhu Zi also yelled loudly, they wanted to advance and retreat with David!

Hearing Yun'er and Zhuzi yelling loudly, Lang Feng's expression turned cold, and he was about to reprimand, but was stopped by Princess Isa gently raising her hand!

Then Princess Isa looked at Yun'er and Zhuzi with a smile on her face, and said in a calm tone, "You two little boys, do you think you have a place to speak here?"

"I won't hurt your brother David, be good. Go home, it won't be long before your brother David will go back too!"

Yun'er and Zhuzi were reluctant, they didn't want David to be left alone, and they were about to refute Princess Isa, but they were stopped by David. end.

"Yun'er, Zhuzi, go back, I'll be fine!"

After David finished speaking, he looked at Ali and said, "Ali, you have to protect the safety of both of them!"

"Don't worry, I will take care of them both!"

Ali nodded!

Chapter 2550

And Hu Zhuang's face was full of frustration at this time. Originally, he promised Zhang Biao to accompany him in collecting medicines in order to avenge his fellow villagers!

But now that things have become like this, his revenge plan will come to nothing!

David saw what Hu Zhuang was thinking, so he stepped forward and patted Hu Zhuang on the shoulder and said, "Don't worry, as long as I live, I will definitely destroy that Daqing Village, and I will take you with me when the time comes... .."

Hu Zhuang looked at David and nodded heavily. Although he and David had just met, Hu Zhuang believed in David's words. After all, David's strength is obvious to all!

Yun'er and Zhuzi reluctantly bid farewell to David, while David exhorted and exhorted them all!

After all, in this mountain range, all kinds of dangers could happen at any time, not to mention that David didn't know what was going on with Lang Feng, and whether he would attack Ali and the others!

"Don't worry, your friend will be fine!" Princess Isa assured David, and then said to Lang Feng, "Lang Feng, if anything goes wrong with these people, then you will never come back! "

Don't worry, princess, I will guarantee their safety!" Lang Feng promised!

Soon, Ali and the others left under the escort of Lang Feng, and only David and Princess Isa were left in the huge mountain forest!

"Let's go too..."

Princess Isa said to David.

"Where are we going? Don't you want to talk to me?"

David asked in surprise.

"That's right, I want to chat with you, but I'm not here. As for where you're going, you'll know when you get there!"

After Isa finished speaking, she walked straight forward. Seeing this, David could only follow behind. up!

Just like this, the two of them walked one after the other without speaking. After walking for several hours, David felt that the aura around him began to change!

Moreover, in the mountains and forests, the dense fog slowly rose at some point, directly blocking David's sight!

Princess Isa, who was walking in front, radiated her breath actively, and then said to David, "You feel my breath from behind, don't get lost..."

David nodded, and then felt Princess Isa's breath all the way. breath to move forward.

After walking for a while, the thick fog began to dissipate slowly, and David could see the surrounding scene!

But when the dense fog completely dispersed, David was dumbfounded!

Because in front of David, a very large and magnificent city appeared in front of him!

The afterglow of the setting sun shines on the city, adding a bit of mystery to the city!

"This... what is this place?"

David asked Princess Isa in surprise!

"This is my home..."

Princess Isa smiled slightly.

"Your home?" David was stunned. He never expected that Princess Isa's home was actually a city, and it was still deep in the mountains!

But after thinking about it, this Princess Isa is also transformed by a monster, so there is nothing wrong with her home being deep in the mountains!

David followed Princess Isa and walked towards the city. When he got closer, David realized that there were guards guarding the city gate. After seeing Princess Isa, all the guards immediately bowed their heads and knelt down on the ground!

Princess Isa didn't even look at the guards, and walked straight into the city, and David followed Princess Isa, enjoying this high standard of courtesy!

"This city belongs to your family. Could it be that your father is the emperor?"

David asked Princess Isa.

Princess Isa nodded, "That's right, my father is the Demon King Yihe..."

David took a breath when he heard that, Princess Isa's father is indeed a Demon King!

Although David didn't know the realm of the Demon Emperor in the Heavenly Human Realm, it was definitely not within his reach!
