## Novel

### Chapter 2577

Seeing that Zhang Biao was about to escape, the villagers in Dashi Village became nervous. They wanted to eat Zhang Biao alive, but they couldn't let him escape!

"Brother David, that Zhang Biao wants to escape..."

"We must not let him escape, kill him..."

Zhuizi and Yun'er roared, reminding David!

"Don't worry, he can't escape..."

David looked at Zhang Biao who was about to escape with calm eyes, and the hatchet knife in his hand was still slowly swinging down!

It's just that at this moment, the glow of the chopping knife in David's hand is constantly expanding, just like the sun in the sky, reflecting the entire Dashi Village!

The huge sword light, like a mountain, is heading towards Zhang Biao heavily!

Even if Zhang Biao wanted to escape, he couldn't escape from the scope of this huge saber light at all!

Feeling the huge sharpness, Zhang Biao knew that he couldn't escape, so he stopped and said fiercely in his eyes, "Boy, don't bully others too much, do

you really think that our Jade Cauldron Sect members are so easy to be killed?  
”

As Zhang Biao said, he took out a token from his waist, Zhang Biao forced a drop of blood onto the token, and then the token began to light up, and then this brilliance formed a circle on top of Zhang Biao's head. shield!

This is the order card of the disciples of the Jade Cauldron Sect. It is used in times of crisis. After all, the Jade Cauldron Sect focuses on refining medicine. Compared with other sects in terms of martial arts training, there is a gap between the Jade Cauldron Sect and the Jade Cauldron Sect. Dingzong disciples will each have a security token!

boom!

The soaring sword glow hit the shield, and there was a cracking sound instantly, and soon the shield shattered, and the sword glow disappeared!

However, the aftermath of the sword light cut out ravines in the area around Zhang Biao, and countless trees were cut off in the middle, which shows the power of this sword!

After David cut it, the hatchet in his hand finally couldn't bear it, and it instantly turned into powder. Such a huge power of the dragon was injected into it, and it was difficult for ordinary weapons to bear it!

Seeing that the hatchet in David's hand turned into powder, Zhang Biao laughed arrogantly!

“Hahaha, I'm going to guarantee the card again, what can you do to me, you can't kill me...”

Zhang Biao laughed arrogantly, the laughter was so ear-piercing in the ears of the villagers of Dashi Village!

Looking at Zhang Biao who was laughing arrogantly, David walked towards Zhang Biao with a cold expression on his face!

"I've said it before, even a wooden stick is enough to kill you..."

After David finished speaking, he bent down and casually picked up a branch of a tree!

Seeing that David really wanted to use branches to deal with him, Zhang Biao was furious!

"Boy, although I can't beat you, you forgot that I am a pharmacist!"

After Zhang Biao finished speaking, he swung forward suddenly, and a cloud of red powder instantly scattered, covering David directly!

"This is Xigu powder. As long as you get a little bit of it, your whole body will fester and die immediately. If you inhale a little bit, your internal organs will also rot in an instant!"

Zhang Biao was full of pride. What Zong is best at is prescribing drugs!

Seeing that Zhang Biao used poison on David, everyone in Dashi Village broke into a cold sweat for David!

Zhuizi and Yun'er were so nervous that they couldn't breathe, they were afraid that something might happen to David!

"Ceigusan, a good name..."

David walked out of the red powder step by step with a branch in his hand!

Zhang Biao looked at David in disbelief, and asked in shock, "Why, why didn't you get poisoned?"

"I forgot to tell you, but I'm also a pharmacist. Ancestor!"

After David finished speaking, he waved the branch in his hand!

Snapped.....

With a crisp sound, Zhang Biao's right face was instantly drawn with a deep imprint, and immediately swelled up immediately!

Zhang Biao touched his right cheek, looked at David resentfully, then grabbed colorful poisons from his body, and threw them towards David one after another!

## Chapter 2578

No matter what kind of poison, Zhang Biao used all of them, he did not believe that David could not be killed by poison!

But David didn't dodge or care about the poison thrown by Zhang Biao. The branch in his hand began to lash Zhang Biao's body continuously!

A few minutes later, there was no more poison on Zhang Biao's body, but David was still standing intact!

But he himself was already dressed in rags, and his body was covered in bruises from David's beating!

"I should see you off..."

David looked at Zhang Biao, who had been beaten all over his body, and raised the branch in his hand again!

At this time, Zhang Biao knew that the branch in David's hand was enough to kill him!

"Brother David..."

Just as David was about to kill Zhang Biao, Zhuzi suddenly yelled!

David turned his head to look at Zhuzi, Zhuzi said, "Brother David, can you leave him to me? I want to kill him with my own hands and avenge my fellow villagers!"

David nodded, then grabbed Zhang Biao by the collar and threw himself. He jumped onto the square of Dashi Village!

David kicked Zhang Biao's legs and broke Zhang Biao's legs, so he couldn't escape!

Zhang Biao knelt on the square, his body was covered with scars, his head was lowered, and he no longer had the arrogance of before!

"Kill him, kill him..."

All the villagers in Dashi Village roared out of righteous indignation!

Because on one side of the square, there are still the corpses of villagers killed by Zhang Biao in the past few days!

Zhu Zi took an ax from a villager and walked towards Zhang Biao!

At this moment, the old village chief stretched out his hand and stopped the pillar.

"Zhuzi, you can't do anything. If this sign is killed by the villagers of our Dashi Village, the Jade Cauldron Sect will not let our Dashi Village go."

"Even if this sign dies in David's hands today, I guess the Jade Cauldron Sect will not let it go, and then the disaster of our Dashi Village will come!" The

old village head said to the pillar!

When Zhuzi heard this, he was stunned, and the other villagers also shut their mouths and lowered their heads slightly!

Because what the old village chief said was right, they could kill Zhang Biao to vent their anger and revenge, but behind Zhang Biao was the entire Jade Cauldron Sect, could their Dashi Village follow the Jade Cauldron Sect?

“Hahaha, I am a disciple of the Jade Cauldron Sect. Behind me is the Jade Cauldron Sect. If you kill me, the Jade Cauldron Sect will wipe out your Dashi Village!”

Zhang Biao heard that the old village chief was afraid of the Jade Cauldron Sect. When he didn't dare to kill him, he became rampant again!

Seeing Zhang Biao's rampant appearance, although the villagers in Dashi Village were angry, they didn't dare to say anything!

Zhu Zi's face flushed with anger, his hand holding the ax was trembling, he couldn't help but look at David!

David pulled out a branch suddenly, and it caught Zhang Biao's mouth in an instant, and directly yanked Zhang Biao's mouth, and he couldn't laugh anymore!

“Old village head, do you trust me, David?”

David looked at the old village head and asked.

“Of course I believe you!” said the old village head!

“Well, since you believe me, let Zhuzi kill this guy. Even if he is killed, Jade Cauldron Sect will not seek revenge from Dashi Village.”

David said slowly!

“Why?” The old village head asked puzzled!

"Because it won't be long, there will be no Jade Cauldron Sect in the human world..."

David said with firm eyes!

When the old village chief heard it, his face was full of surprise, but looking at David's resolute eyes, the old village chief trembled slightly and said, "Could it be that you want..." The

old village chief didn't finish speaking, but He understood what David said!

"Zhuzi, let's do it..." The

old village head stepped aside and said to Zhuzi!

When Zhu Zi heard this, he immediately became happy, and went straight to Zhang Biao with an ax in hand!

Zhang Biao looked at the ax in Zhuzi's hand, his eyes were full of fear, he struggled desperately but couldn't move, he couldn't even make a sound!

"Go to hell, you bastard..."

Zhu Zi gritted his teeth, opened his eyes wide, and slammed down fiercely!

In an instant, the target's head was split in half, and blood mixed with brains flowed all over the floor!

"Revenge, revenge..."

Zhu Zi brandished his ax and roared angrily!

The villagers in Dashi Village also yelled, and some people stepped forward to vent their anger on Zhang Biao's body!

# Chapter 2579

Jade Cauldron Sect!

Wu Feiyu stood nervously in front of his master Hu Yixiao, because he had ghosts in his heart, so Wu Feiyu's legs were trembling slightly!

"You said that Agrimony is with your junior brother Zhang Biao? Can you get it back in two days?"

Hu Yixiao asked Wu Feiyu!

"Yes, because the master urged me to go back in a hurry, I didn't meet with the younger brother, but the younger brother said that the Agrimony will be brought within three days!"

Wu Feiyu was still lying to his master, he didn't dare to say The Agrimony was lost and picked by others, if that happened, he would be punished!

Hu Yixiao looked at the disciple in front of him, and suddenly laughed, while Wu Feiyu looked at his master's smile, and suddenly had a bad feeling!

Snapped!

Soon, Hu Yixiao's smile disappeared, replaced by a gloomy face, and he slapped Wu Feiyu on the face!

"If you still want to deceive you as a teacher, the Agrimony has already been picked, right?"

Hu Yixiao roared at Wu Feiyu!

Wu Feiyu was taken aback, and asked with a puzzled face, "Master, you...how did you know?"

"How did I know? I saw it with my own eyes, and the agrimony was refined into a pill right in front of my eyes. " Medicine!"

"You two idiots, you can't even pick a Agrimony, you're just trash, what's the use

of keeping you?" Hu Yixiao roared angrily, wishing he could slap Wu Feiyu to death!

If the Agrimony hadn't been picked by David, he wouldn't have lost the bet to David and would have knelt down to David!

"Master, I... I was wrong..."

Wu Feiyu knelt down in front of Hu Yixiao with a puff, "But master, don't worry, we have already found out the whereabouts of the guy who picked the fairy grass. As long as he returns to the village, the younger brother will definitely catch him." He, if he dares to follow our Jade Cauldron Sect to snatch the fairy grass, he will have to die!"

Wu Feiyu believed that with Zhang Biao's abilities, it would not be difficult to deal with David!

But just after Wu Feiyu finished speaking, Hu Yixiao slapped him again!

"It's so easy to catch, that sign has already been killed..."

After Hu Yixiao finished speaking, he threw out a broken token and said, "I'm sure the token is used up, that sign is already dead."

"Then David, who picks Agrimony, is by no means an ordinary person, who can make Yihe Yaohuang respectful, this guy probably has other backgrounds!"

Hu Yixiao knew that Yihe Yaohuang would not respect a brat for no reason, and David's own level of strength is not high, and if the Yihe Demon Emperor is still like this, it must be because of David's identity.

“Master, this guy has been living in Dashi Village. We have inquired about it, but as for the origin of this guy, the people in Dashi Village don’t seem to know very well!”

“I will go to Dashi Village now. If I can meet Then David, I will kill him and avenge my younger brother!”

Now Wu Feiyu wanted to make up for his mistakes, so he wanted to find out David’s identity!

Hu Yixiao thought for a moment, then nodded and said, “Let your elder brother accompany you. If you really meet that David, don’t kill him. Bring me back. He still has good things we need!”

“Master, don’t worry . , I will definitely bring that David back to you.”

Wu Feiyu nodded, then got up and left!

After Wu Feiyu left, Hu Yixiao looked out the window and thought!

“There is Yihe Yaohuang behind this guy. If I attack him, I need to contact some helpers.” Hu

Yixiao frowned slightly.

, What are your orders?”

A disciple of Jade Cauldron Sect came in and asked!

“Prepare the sedan chair immediately, I’m going to Mingli King City...”

Hu Yixiao ordered!
